aa meeting topics bill: *The Oxford Group and Alcoholics Anonymous* Dick B., 2011-09-18 Scholarly, comprehensive, unique A.A. was an integral part of the Oxford Group in the early 1930's, and this book contains the only study of the Oxford Group's contributions to early A.A.'s Big Book, Twelve Steps, and Fellowship. You will find here the Oxford Group's biblical roots, the origin of its ideas, details on its beliefs and practices, its influence on early AAs and their high success rate, and where its concepts can be found in today's A.A. phrases such as the Four Absolutes, the Five C.'s, guidance, surrender, checking, spiritual experience, spiritual awakening, conscious contact with God, restitution, amends, confession of faults, conversion, continuance, soul surgery, inventory, prayer, meditation, Quiet Time, Morning Watch, fellowship, witness, and others--seemingly-unknown in A.A. and recovery circles today--come to light as the very founding principles and practices which Bill W. said he had learned from his mentor, Rev. Sam Shoemaker, an American leader of the Oxford Group, close friend, and rector of Calvary Episcopal Church in New York. These were the principles and practices Bill codified into his title Alcoholics Anonymous (affectionately known within A.A. as the Big Book), published on April 10, 1939. They were a departure from those of the original Akron A.A. Christian fellowship of 1935 and yet clearly were also grounded in the Bible and hence continued the beginning stress on the relationship of the Bible to A.A.

Travel along with Japhy Righter, a 34-year old homeless alcoholic, who now finds himself living on the streets of River City, where the City Council is trying to shut down programs that are striving to help homeless people. At the same time, there's a serial murderer on the loose in River City—who is preying on its homeless residents. Follow Japhy, his companions, and the other citizens of River City on a journey of hardship, and regret; and yet, ultimately: hope... "I saw more and more homeless people, walking the same path. To me, we looked like tattered pilgrims, making our way to a shrine after a long, arduous journey—only without the promise of blessedness." —(From the Introduction) The author's earlier novel, *Work, Death & Taxes*, is an apocalyptic murder mystery of the near future that asks the question, "What would it be like if your JOB became your LIFE?" He is currently working on a non-fiction book.

aa meeting topics bill: The Good Book - Big Book Guide Book Dick B., 2011-07-26 You don't need to leave A.A. or any other 12 Step program or even a treatment program just because you are a Christian. Nor do you need to flee to an exclusively Christian Fellowship, Christian Treatment Program, or Christian-Track Program just to believe or profess your beliefs in connection with your own recovery. You're the boss. You need all the help you can get. We've long needed a guide that will use history to help you in your recovery--whatever your choice of fellowships, groups, recovery programs, or treatment programs. The original Akron A.A. Christian fellowship--with its emphasis on reliance on the Creator of the heavens and the earth, acceptance of Jesus Christ as Lord and Savior, Bible study, prayer, guidance, fellowship, and witness--is nothing to be buried, to be hushed up, or to be afraid of mentioning. It's a part of recovery history--the most important part, the part that set A.A. apart in the 1930's as a cure for the medically-incurable, an alternative to medicine, hospitalization, and clergy-dominated ideas. It embraced them all, but stood for the importance of a Society that took these ideas and let drunks be the message carriers. You can do this too and probably better if you know your history. Include this guide book in your reading. Include it in your recovery. Include it in your fellowship or group. Include it with any other recovery program: secular, Christian, or rational. It's history. It tells you what worked. It tells you how you can choose to use it today if you wish. It will help you understand words and phrases and ideas that came from historical roots. And it doesn't bash other ideas or fellowships. It seeks to inform all and urge them to include history in their curriculum. This is a guide to history that has not been available before. It's a guide that will supplement and not replace. It's a guide for you

aa meeting topics bill: Carrie Fisher: A Life on the Edge Sheila Weller, 2019-11-12 A remarkably candid biography of the remarkably candid—and brilliant—Carrie Fisher In her 2008 bestseller, *Girls Like Us*, Sheila Weller—with heart and a profound feeling for the times—gave us a surprisingly intimate portrait of three icons: Carole King, Joni Mitchell, and Carly Simon. Now she turns her focus to one of the most loved, brilliant, and iconoclastic women of our time: the actress, writer, daughter, and mother Carrie Fisher. Weller traces Fisher's life from her Hollywood royalty roots to her untimely and shattering death after Christmas 2016. Her mother was the spunky and adorable Debbie Reynolds; her father, the heartthrob crooner Eddie Fisher. When Eddie ran off with Elizabeth Taylor, the scandal thrust little Carrie Frances into a bizarre spotlight, gifting her with an irony and an aplomb that would resonate throughout her life. We follow Fisher's acting career, from her debut in *Shampoo*, the hit movie that defined mid-1970s Hollywood, to her seizing of the plum female role in *Star Wars*, which catapulted her to instant fame. We explore her long, complex relationship with Paul Simon and her relatively peaceful years with the talent agent Bryan Lourd. We witness her startling leap—on the heels of a near-fatal overdose—from actress to highly praised, bestselling author, the Dorothy Parker of her place and time. Weller sympathetically reveals the conditions that Fisher lived with: serious bipolar disorder and an inherited drug addiction. Still, despite crises and overdoses, her life's work—as an actor, a novelist and memoirist, a script doctor, a hostess, and a friend—was prodigious and unique. As one of her best friends said, "I almost wish

the expression 'one of a kind' didn't exist, because it applies to Carrie in a deeper way than it applies to others." Sourced by friends, colleagues, and witnesses to all stages of Fisher's life, Carrie Fisher: A Life on the Edge is an empathic and even-handed portrayal of a woman who—as Princess Leia, but mostly as herself—was a feminist heroine, one who died at a time when we need her blazing, healing honesty more than ever.

aa meeting topics bill: Revelatory Events Ann Taves, 2016-11-08 A leading scholar sheds critical light on the seemingly revelatory events behind new religions and spiritual movements Unseen presences. Apparitions. Hearing voices. Although some people would find such experiences to be distressing and seek clinical help, others perceive them as transformative. Occasionally, these unusual phenomena give rise to new spiritual paths or religious movements. Revelatory Events provides fresh insights into what is perhaps the bedrock of all religious belief—the claim that otherworldly powers are active in human affairs. Ann Taves looks at Mormonism, Alcoholics Anonymous, and A Course in Miracles—three cases in which insiders claimed that a spiritual presence guided the emergence of a new spiritual path. In the 1820s, Joseph Smith, Jr., reportedly translated the Book of Mormon from ancient gold plates unearthed with the help of an angel. Bill Wilson cofounded AA after having an ecstatic experience while hospitalized for alcoholism in 1934. Helen Schucman scribed the words of an inner voice that she attributed to Jesus, which formed the basis of her 1976 best-selling self-study course. In each case, Taves argues, the sense of a guiding presence emerged through a complex, creative interaction between a founding figure with unusual mental abilities and an initial set of collaborators who were drawn into the process by diverse motives of their own. A major work of scholarship, this compelling and accessible book traces the very human processes behind such events.

aa meeting topics bill: A Biography of Mrs Marty Mann Sally Brown, David R. Brown, 2011-06-02 Marty Mann was the first woman to achieve long-term sobriety in Alcoholics Anonymous, and she inspired thousands of others, especially women, to help themselves. The little-known life of Marty Mann rivals a Masterpiece Theatre drama. She was born into a life of wealth and privilege, sank to the lowest depths of poverty and despair, then rose to inspire thousands of others, especially women, to help themselves. The first woman to achieve long-term sobriety in Alcoholics Anonymous, Marty Mann advocated the understanding that alcoholism is an issue of public health, not morality. In their fascinating book, Sally and David Brown shed light on this influential figure in recovery history. Born in Chicago in 1905, Marty was favored with beauty, brains, charisma, phenomenal energy, and a powerful will. She could also out drink anyone in her group of social elites. When her father became penniless, she was forced into work, landed a lucrative public relations position, and a decade later was destitute because of her drinking. She was committed to a psychiatric center in 1938—a time when the term alcoholism was virtually unknown, the only known treatment was drying out, and two men were compiling the book Alcoholics Anonymous. Marty read it on the recommendation of psychiatrist Dr. Harry Tiebout: it was her first step toward sobriety and a long, illustrious career as founder of the National Council on Alcoholism, or NCA. In the early 1950s, journalist Edward R. Murrow selected Marty as one of the 10 greatest living Americans. Marty died of a stroke in 1980, shortly after addressing the AA international convention in New Orleans. This is a story of one woman's indefatigable effort and indomitable spirit, compellingly told by Sally and David Brown.

aa meeting topics bill: The St. Louis Gambler and the Railroad Man Glenn C., 2005-04 William E. Correll (Life Treatment Center) This book describes the way alcoholics actually think better than anything I have ever read. The world of the good old-timers of the early Alcoholics Anonymous movement comes alive in this book. It tells the interlocking stories of seven people from diverse backgrounds--men, women, black, white, wealthy, poor--who lived and taught the A.A. program with such clarity and spiritual depth, that people came from miles away to sit at their feet and be taught by them. This account was originally written for the local intergroups, to tell how A.A. began during the 1940's and 50's in the cities and towns along the St. Joseph river, as it wound its way through Indiana and Michigan to empty into the Great Lakes. But then all across the country, people struggling with alcoholism and addiction began asking for copies, and psychotherapists and counselors too. It spoke to the heart, they said. It made the twelve step program come alive and showed how it really worked. And above all, they reported, they had found that the words of these men and women were filled with a kind of spiritual wisdom and deep compassion which had the power to heal the soul. So this new edition of The Factory Owner & the Convict has now been prepared, with the last half now printed as a separate volume entitled The St. Louis Gambler & the Railroad Man.
