a thousand splendid suns pdf: After Saddam Dina Badie, 2017-07-25 After Saddam: American Foreign Policy and the Destruction of Secularism in the Middle East investigates the manner in which American foreign policy in Iraq artificially shifted the balance of power in the region and brought religious identities to the foreground. Deposing Saddam Hussein resulted in a new regional order that diminished the strength of secular nationalism, elevated Iran and Saudi Arabia as regional rivals, and by implication, established a new ideological paradigm that privileged competing religious factions over secular ideals. The trend first manifested itself in Iraq during the American occupation with Iranian-backed Shiites fighting Saudi-supported Sunnis. A similar dynamic is evident in current regional wars in Syria and Yemen. By elevating particular groups through rhetorical, financial, and military support, civil conflicts in the Middle East reflect the ideologies behind the Saudi-Iranian rivalry. This book therefore looks beyond popular narratives of intractable, long-standing Sunni-Shia conflict to explain the source of current sectarian tension as a product of balance of power dynamics. It also helps to explain the fracturing of the region that created a ripe environment for groups like the Islamic State to capitalize on sectarian grievances. This book relies and builds on balance of power theorizing by looking at the way that traditional competition for power between states and nonstate actors shapes ideological competition. For example, during the Cold War, the two major world powers—the U.S. and the Soviet Union—helped to shape international conflicts so that the narrative of “capitalism vs. communism” played a prominent role in civil and international conflicts—such as in Korea, Nicaragua, or Angola. By meddling in the internal affairs of states, arming rebel groups, and lending support to competing factions, the U.S. and U.S.S.R. shaped not only outcomes, but also the ideas underpinning conflicts. Today, a similar dynamic can be discerned in the Middle East.

a thousand splendid suns pdf: Der Medea-Mythos und die Doppelfigur Mariam/Laila: Figuration in Christa Wolfs 'Medea. Stimmen' und Khaled Hosseini's 'A Thousand Splendid Suns' Oriana Omaj, 2015-01-01 Zwei Bilder: Medea aus der antiken Mythologie und eine verschleierte Kindfrau in Afghanistan. Unterschiedlicher könnten die Kulissen für den Entwurf dieser Arbeit nicht sein, und dennoch treffen sich diese beide Figuren, tauschen sich aus, tauschen permanent Plätze aus und resultieren in einer produktiven Kongruenz, die aus mythologischen und fiktionalen Figureninteraktion besteht. Der Medea-Mythos kommt in einer Zeitspanne von 2.400 Jahren auf eine stolze Zahl von mehr als 300 Über- und Bearbeitungen, und hat sich so bis heute nicht nur einen sicheren Rang in der Mythosbearbeitung in antiken Tragödien, Kunst, Dramen und Literatur errungen, sondern ist zum Mammut-Mythos geworden, der jede Zeit und jeden Raum zu sprengen droht. Für diesen „Medea-Boom“ ist noch längst kein Ende in Sicht. Je markanter der Mythos der Medea, desto weniger manifest zeigen sich die Züge einer kleinen Heroine, einer Kindfrau, in der figurenkompositorischen Gegenüberstellung des komparatistischen literaturwissenschaftlichen Vergleichs. Gegenstand dieser Arbeit ist es, die Kongruenz und die Ergänzungen anzudeuten, die sich in der Figur Medea der Göttlichen in Christa Wolfs Medea. Stimmen (1996) gegenüber der Doppelfigur Mariam/Laila in Khaled Hosseini's A Thousand Splendid Suns (2007) auf einer parallel strukturierten Ebene kaleidoskopisch betrachten lassen, wobei sich die Figuren als Doppelfiguren und „Grenzgängerinnen“ erweisen. Sie soll keine zwanghafte Suche nach dem Mythos darstellen. Auch die Tatsache, dass die Gegensätzlichkeit der Bilder von Medea und Mariam nicht drastischer sein könnte, stellt eine Herausforderung dar. Ist der Kontrast der Figuren zwischen der bedeutenden Medea und der unbedeutenden Mariam zu groß, der Graben zwischen den Kulturen von Korinth und Afghanistan unter den realen Umständen zu tief?

a thousand splendid suns pdf: Quicklet on Khaled Hosseini's A Thousand Splendid Suns Lacey Kohlmoos, 2012-02-24 ABOUT THE BOOK “One could not count the moons that shimmer on her roofs, or the thousand splendid suns that hide behind her walls.” A Thousand Splendid Suns is a gripping story of two women learning how to survive under the thumb of an abusive husband in Taliban-controlled Afghanistan. Mariam grew up as the illegitimate daughter of a Herat businessman raised by a bitter and depressed single mother. Laila was the beloved daughter of a Kabul man who believed in a world where men and women are equal. When the circumstances of war bring them together under the roof of the cruel Rasheed, their only comfort is in the special bond of sisterhood they form during years cut off from the rest of the world. Khaled Hosseini weaves a tale of love and survival that begins during the Soviet occupation of Afghanistan in the 1970s and ends with the American invasion and occupation in the early 2000s. Although ultimately a story of love and friendship, A Thousand Splendid Suns reveals the devastating affects of war on those caught in the middle – particularly women and children. MEET THE AUTHOR Lacey Kohlmoos is a writer, traveler and lover of the arts. After graduating from the University of Virginia with a BA in Drama & the

Studies of Women and Gender, the only thing she knew for sure was that she wanted to travel. So, she embarked on a 10 1/2 month round-the-world trip, then traveled to Costa Rica where she spent one year teaching elementary school English in a small mountain town. Throughout her two years of travels, she's always kept a blog. EXCERPT FROM THE BOOK At first, Rasheed treats Mariam well, albeit distantly. But, after she has multiple miscarriages he turns abusive. It becomes clear to Mariam that the only reason Rasheed married her was so that she would bear him sons. When she does not give her husband what he wants, Mariam finds herself trapped in a home with a man who believes that husbands should always keep a good handle on their wives. Living just down the street from Mariam and Rasheed is a young Kabul beauty – Laila. Though largely ignored by her mother, she is doted upon by her father Hakim who believes that women should be treated as equals to men. But, the reality of living in Soviet-occupied Afghanistan comes crashing down on Laila when her two older brothers are killed while fighting with the Mujahedeen. She finds comfort in Tariq, a slightly older neighborhood boy who protects Laila from bullies and other harm... Buy a copy to keep reading!

a thousand splendid suns pdf: The Routledge Handbook of Refugees in India S. Irudaya Rajan, 2022-03-10 This handbook marks a key intervention in refugee studies in India—home to diverse groups of refugees, including an entire government in exile. It unravels the various socio-economic, political, and cultural dimensions of refugee issues in India. The volume examines the various legal, political, and policy frameworks for accommodating refugees or asylum seekers in India, including the Citizenship Amendment Act and the National Registry of Citizens. It evaluates the lack of uniformity in the Indian legal and political framework to deal with its refugee population and analyzes the grounds of inclusion or exclusion for different groups. Drawing from the experiences of Jewish, Tibetan, Pakistani, Bangladeshi, Sri Lankan, Afghan, and Rohingya refugees in India, it analyzes debates around marginalization, citizenship, and refugee rights. It also explores the spatial and gendered dimensions of forced migration and the cultural and social lives of displaced communities, including their quest for decent work, education, and health. The volume will be an indispensable reference for scholars, lawyers, researchers, and students of refugee studies, migration and diaspora studies, public policy, social policy and development studies.

a thousand splendid suns pdf: Handbook of Prosocial Education Philip M. Brown, Michael W. Corrigan, Ann Higgins-D'Alessandro, 2012-10-12 Handbook of Prosocial Education is the definitive theoretical, practical, and policy guide to the prosocial side of education, the necessary second side of the educational coin. Academic teaching and learning are the first side of education; however, academic success depends upon the structures and support of prosocial educational efforts from promoting positive school climate to fostering student and teacher development to civic

literacy and responsible and critical citizenship participation. The Handbook of Prosocial Education chapters, written by highly-respected researchers and outstanding educators, represent the wide range of research-based prosocial interventions from pre-school through high school. The chapters explore and explain how prosocial education helps teachers create effective classroom learning environments to support the development of the whole student, principals encourage positive school climate, and superintendents work to improve the health and well-being of their systems. As readers will learn, when done well, prosocial education develops the capacities and competencies of students, teachers, and school administrators that lead to a more autonomous, positive self-concept, greater sense of purpose, more socially responsible behaviors, and increased connections between families, schools, and communities. This book pulls together in one place for the first time the various threads that create the prosocial education tapestry, making a compelling case for the necessity of changing national educational policy that continues to be ever-more oriented to only the academic side of the educational coin, thus jeopardizing the foundational and historic purpose of educating our children for their full human development and participation in our democracy.

a thousand splendid suns pdf: A Thousand Splendid Suns (Play Script) Ursula Rani Sarma, 2018-02-06 The script for the stage production of the bestselling Khaled Hosseini novel A Thousand Splendid Suns, as adapted by playwright Ursula Rani Sarma. Born a generation apart and with very different ideas about love and family, Mariam and Laila are two women brought jarringly together by war, by loss, and by fate. As they endure the ever-escalating dangers around them--in their home, as well as in the streets of Kabul--they come to form a bond that makes them both sisters and mother-daughter to each other, and that will ultimately alter the course not just of their own lives but of the next generation. With heart-wrenching power and suspense, playwright Ursula Rani Sarma reimagines Hosseini's novel to show how a woman's love for her family can move her to shocking and heroic acts of self-sacrifice, and that in the end it is love, or even the memory of love, that is often the key to survival. A stunning accomplishment, this reimagination of A Thousand Splendid Suns is a haunting, heartbreaking, compelling production about unlikely friendship and indestructible love. This adaptation was first performed by the American Conservatory Theater in San Francisco in February 2017.

a thousand splendid suns pdf: Liberal Peace: On Conflict, Gender, and Peacebuilding:

Democratic Republic of Congo Case Study Nkwazi. N. Mhango, Evelyn Birabwa M. Namakula,

2024-08-21 In this book, the authors analyse and offer some insights into the history of the Democratic Republic of Congo (DRC). The story is told within the context of its conflicts, with an exploration of the complex and multilayered conflict causes and the attempts to resolve the conflict based on liberal peacebuilding. The book delves into an examination of gender relations in the country with insight into the gendered dimensions of conflict in the DRC and how liberal peace failed to resolve the conflict because of hidden agendas and interests by the West and other emerging powers as a typical replica of what has been ongoing in many conflict-laden countries / societies. The book is divided into two major parts. The first part, as noted above, delves into and dwells on the historicity and ontology of the conflict. The second part focuses on the various attempts at peacemaking that have taken place in the country, with emphasis on how liberal peace has failed to resolve the conflict. The book analyses various peacemaking strategies that have been employed and the role of women (or lack thereof) in peacemaking and peacebuilding processes; and finally, the failures, strengths, and weaknesses of international intervention strategies.

a thousand splendid suns pdf: Protecting Civilians During Violent Conflict Igor Primoratz,

David W. Lovell, 2016-04-15 There is almost unanimous agreement that civilians should be protected from the direct effects of violent conflict, and that the distinction between combatant and non-combatant should be respected. But what are the fundamental ethical questions about civilian immunity? Are new styles of conflict making this distinction redundant? Eloquently combining

theory and practice, leading scholars from the fields of political science, law and philosophy have been brought together to provide an essential overview of some of the major ethical, legal and political issues with regard to protecting civilians caught up in modern inter- and intra-state conflicts. In doing so, they examine what is being done, and what can be done, to make soldiers more aware of their responsibilities in this area under international law and the ethics of war, and more able to respond appropriately to the challenges that will confront them in the field. 'Protecting Civilians During Violent Conflict' presents a clear-eyed look at the dilemmas facing regular combatants as they confront enemies in the modern battlespace, and especially the complications arising from the new styles of conflict where enemy and civilian populations merge.

a thousand splendid suns pdf: Representing Jihad Jacqueline O'Rourke, 2012-08-09 The jihad has been at the centre of the West's securitization discourse for more than a decade. Theorists constantly use the jihadist as a discursive tool to further their neoliberal, military and market agendas, perpetuating massive gaps of understanding between 'the West', Muslims and jihadists themselves. They are helped by Muslim interlocutors, who all too often play the role of 'good' Muslims explaining the motifs of the 'bad' Muslims. This timely book argues that Muslim theory and fiction has been significantly commodified to cater to the needs of western ideology. It skillfully critiques the ideological contradictions of the debate around the jihadist by offering a comprehensive analysis of Muslim and non-Muslim cultural critics. Ranging from Edward Said to Slavoj Žižek, from Don DeLillo to Orhan Pamuk and from Mohammed Siddique Khan to Osama bin Laden, this vastly heterogeneous discourse produces a multi-dimensional Muslim response. O'Rourke examines some of its critical fault lines in postcolonial theory and literary analysis. This groundbreaking book argues that the temptation to appropriate the figure of the jihadist offers a fertile area from which to launch a discussion about the limits of current theory.

a thousand splendid suns pdf: Narrative Identity Trevor Castor, 2021-11-09 Narrative Identity is the product of seven years of research among Muslim immigrants living in America. This book will help you to understand the role that stories have in shaping how we see the world, ourselves, and others by exploring the process of identity formation for one of the most feared and least understood Muslim peoples in the world--the Pashtun. The Pashtun are most often associated with the Taliban and for harboring Osama bin Laden after the attacks on 9/11. For centuries, these people have been accustomed to war, and ethnic, tribal, and religious violence in the regions of Afghanistan and Pakistan. As a result, the Pashtun are also one of the largest ethnic groups migrating throughout the West. More recently, their identity has been reduced to the violent actions of Islamic terrorism committed by a few Pashtun immigrants living in Western nations. This study explores the various factors that impact identity formation for Pashtun immigrants including transnationalism, social media, and the ongoing negative media attention concerning Islam and Muslims. This book helps readers understand the nuances of identity formation which are critical to consider in order to avoid the crude categorizations so often associated with identity politics.
