american psycho book pdf: *Book Presence in a Digital Age* Kiene Brillenburg Wurth, Kári Driscoll, Jessica Pressman, 2018-06-28 Contrary to the apocalyptic pronouncements of paper media's imminent demise in the digital age, there has been a veritable surge of creative reimaginings of books as bearers of the literary. From typographic experiments (Mark Z. Danielewski's *House of Leaves*, Steven Hall's *The Raw Shark Texts*) to accordion books (Anne Carson's *Nox*), from cut ups (Jonathan Safran Foer's *Tree of Codes*) to collages (Graham Rawle's *Woman's World*), from erasures (Mary Ruefle's *A Little White Shadow*) to mixups (Simon Morris's *The Interpretations of Dreams*), print literature has gone through anything but a slow, inevitable death. In fact, it has re-invented itself materially. Starting from this idea of media plurality, *Book Presence in a Digital Age* explores the resilience of print literatures, book art, and zines in the late age of print from a contemporary perspective, while incorporating longer-term views on media archeology and media change. Even as it focuses on the materiality of books and literary writing in the present, *Book Presence* also takes into consideration earlier 20th-century moments of media transition, developing the concepts of presence and materiality as analytical tools to perform literary criticism in a digital age. Bringing together leading scholars, artists, and publishers, *Book Presence in a Digital Age* offers a variety of perspectives on the past, present, and future of the book as medium, the complex relationship of materiality to virtuality, and of the analog to the digital.

Doch immerhin haben sie die Welt für eine Weile in Atem gehalten. Und sie sind sich selbst treu geblieben, denn wer so richtig »bad to the bone« ist, kann nicht plötzlich zum Wohltäter werden. Schurken faszinieren uns mehr als Helden, denn sie leben aus, was wir nie wagen würden. Aber auch ohne gleich zu Kettensäge oder Atombombe zu greifen, kann man viel lernen von den größten Fieslingen aller Zeiten: für die Karriere, den Alltag oder um endlich effektiv die eigene Position zu vertreten. Und vielleicht klappt's ja doch irgendwann mit der Weltherrschaft!

american psycho book pdf: *Das Nichts und der Schmerz* Sarina Schnatwinkel, 2014-08-15 Die Romane von Bret Easton Ellis erfordern einen starken Magen, lösen Gänsehaut aus – und sind dennoch faszinierend. Nicht umsonst sind sie scharf kritisiert, aber auch umjubelt worden. Was also macht den Reiz der Romane des Skandalautors aus? Sarina Schnatwinkel beantwortet diese Frage, indem sie alle sechs bisher erschienenen Romane von Ellis kritisch unter die Lupe nimmt. Dafür werden erstmals anhand einer emotionshermeneutischen Textanalyse und einer Rezeptionsästhetischen Interpretation die Textstrategien einer anti-emotionalen Erzählästhetik offengelegt, die das Leseerlebnis zu einer schmerzvollen und gleichermaßen packenden Erfahrung machen.

american psycho book pdf: *Lars von Trier Beyond Depression* Linda Badley, 2022-02-15 Lars von Trier built a reputation as a provocateur from the start—but in the late 2000s, he entered an even more inflammatory phase. Amid Cannes controversies, *Antichrist* (2009), *Melancholia* (2011), *Nymphomaniac* (2013–14), and *The House That Jack Built* (2018) brandished the cinematic virtuosity von Trier once banned under the Dogme 95 Manifesto while subjecting audiences to “extreme” cinema. Following von Trier’s experience of clinical depression in 2006 and 2007, these films took an aggressively personal and retrospective turn against the backdrop of the director’s controversy-courting public appearances. Playing against widespread assumptions, Linda Badley takes a reparative approach, offering an in-depth examination of these four films and the contexts that produced them. Drawing on numerous interviews with the director and his collaborators as well as inside access to archival materials, she provides a thorough and comprehensive account of von Trier’s preproduction and creative process. Highlighting a transmedial turn, Badley tracks von Trier’s artistic touchstones from Wagner, Proust, and the Marquis de Sade to Scandinavian erotic

cinema and serial killer genre tropes. She considers his portrayals of mental illness and therapy, gender and sexuality, nature and extinction, shedding light on the thematic concerns that unite these films as a distinct cycle. Offering nuanced readings of these films, the book emphasizes the significance of von Trier's work for current critical and philosophical debates, showing how they engage with notions of the Anthropocene, "dark ecology," and the postcinematic.

american psycho book pdf: On the Borders of Convention Aleksandra Nikčević Batrićević, 2010-05-11 The research presented in this book is authored by scholars coming from as distant regions as South Africa, the United States of America, Great Britain, France, Italy, Belarus, the Balkans. Needless to say that one of the good things about this international cooperation is that owing to their different socio-cultural backgrounds, these scholars have contributed to producing an extremely varied picture of ways of approaching the challenge of a changing world. The papers on literature and culture collected in this book contribute a further element of rigour into the discussion of numerous and always varying and changing borders of convention in a literary text, literary genre, and literary theory, as well as in general culture and everyday paths of life. Starting with oral cultures, over the classic literary masters, modernist and postmodernist textual and theoretical phenomena, the twentieth century flouting of numerous social and gender convention, through painting, film, dance, contemporary music, as well as graffiti, We have sought to stress that what is most noticeable from the evidence of their studies is that scholars today concern these issues through a dynamic global process and beyond any preconceived design, or any strict set of theoretical prescriptions, which would otherwise lead them to ignore the ever-shifting borders in literature and culture, as well as in global socio-cultural reality in general. The variety and complexity of these essays offer fresh views to the problem posed in the title of the book. Therefore, we trust that they will stimulate intellectual confrontation and circulation of ideas within the field of literature and cultural studies.

american psycho book pdf: Schreibenlassen Hannes Bajohr, 2022-06-23 Alle Literatur ist heute digital, aber nicht jede weiß darum. Die Frage, in welchem Sinne von digitaler Literatur gesprochen werden kann und was daraus für das Wissen über Literatur und Digitalität folgt, animiert die Beiträge dieses Bandes. In ihnen diskutiert Hannes Bajohr Verwandtschaftsverhältnisse zwischen konzeptueller und programmierter Literatur, skizziert Poetologien und Schreibpraxen und stellt sich der Herausforderung, die Künstliche Intelligenz sowie machine learning für das literarische Schreiben darstellen. So dokumentieren die zwischen 2014 und 2021 entstandenen Texte auch die Veränderungen in der Diskussion über Literatur im Digitalen. Sie erheben Einspruch

gegen ein prometheisches Unbehagen, das die Ersetzung des Menschen durch die Maschine fürchtet und daher die Maschine nur menschlich denken kann. Welche Möglichkeiten ergeben sich stattdessen aus einer Literaturproduktion, die nicht mehr an einer anthropologischen Sonderstellung und Begriffen wie Genie oder Kreativität orientiert ist? Denn Literatur, so lässt sich hier erfahren, gibt es ohnehin nur als Verabredung.

american psycho book pdf: *Bret Easton Ellis's Controversial Fiction* Sonia Baelo-Allué, 2011-04-21 Both literary author and celebrity, Bret Easton Ellis represents a type of contemporary writer who draws from both high and the low culture, using popular culture references, styles and subject matters in a literary fiction that goes beyond mere entertainment. His fiction, arousing the interest of the academia, mass media and general public, has fuelled heated controversy over his work. This controversy has often prevented serious analysis of his fiction, and this book is the first monograph to fill in this gap by offering a comprehensive textual and contextual analysis of his most important works up to the latest novel *Imperial Bedrooms*. Offering a study of the reception of each novel, the influence of popular, mass and consumer culture in them, and the analysis of their literary style, it takes into account the controversies surrounding the novels and the changes produced in the shifty terrain of the literary marketplace. It offers anyone studying contemporary American fiction a thorough and unique analysis of Ellis's work and his own place in the literary and cultural panorama.

american psycho book pdf: Rethinking Fiction after the 2007/8 Financial Crisis Mirosław Aleksander Miernik, 2021-03-31 This book provides insight into the impact the 2007/8 financial crisis and subsequent Great Recession had on American fiction. Employing an interdisciplinary approach which combines literary studies with anthropology, economics, sociology, and psychology, the author attempts to gauge the changes that the crisis facilitated in the American novel. Focusing on four books, Elizabeth Strout's *My Name Is Lucy Barton*, Philipp Meyer's *American Rust*, Sophie McManus's *The Unfortunates*, and William Gibson's *The Peripheral*, the study traces how they present such issues as poverty, wealth, equality, distinction, opportunity, and how they relate both to traditional criticisms of consumer culture and the US economy, particularly those issues that have received more attention as a result of the crisis. It also tackles the issue of genre and interpretation in this period, as well as what methods the analyzed novels employ in order to highlight the decreasing social mobility of Americans.

Im Zentrum stehen die Ergebnisse einer über 18 Monate durchgeführten Patientenbefragung an der Klinik für Psychiatrie und Psychotherapie der Uniklinik Freiburg/Br. und Konsequenzen für die Versorgung von Menschen mit psychischen Störungen in Klinikseelsorge und multidisziplinärer Spiritual Care.

american psycho book pdf: *The Feeling of Forgetting* John Corrigan, 2023-07-06 A provocative examination of how religious practices of forgetting drive white Christian nationalism. The dual traumas of colonialism and slavery are still felt by Native Americans and African Americans as victims of ongoing violence toward people of color today. In *The Feeling of Forgetting*, John Corrigan calls attention to the trauma experienced by white Americans as perpetrators of this violence. By tracing memory's role in American Christianity, Corrigan shows how contemporary white Christian nationalism is motivated by a widespread effort to forget the role race plays in American society. White trauma, Corrigan argues, courses through American culture like an underground river that

sometimes bursts forth into brutality, terrorism, and insurrection. Tracing the river to its source is a necessary first step toward healing.

american psycho book pdf: Popliteratur 3.0 Stephanie Catani, Christoph Kleinschmidt, 2023-11-06 Mit der Digitalisierung erfährt der Literaturbetrieb der Gegenwart einen massiven Wandel. Autor*innen schaffen mithilfe der sozialen Medien zusätzliche Kommunikations- und Inszenierungsräume – mit der Konsequenz, dass sich die Literaturwissenschaft in ihrer klassischen Terminologie herausgefordert sieht. Der Sammelband setzt sich zum Ziel, diese Auswirkungen der sozialen Medien auf die Gegenwartsliteratur zu erforschen. Er geht von der Beobachtung aus, dass das Experimentieren mit den ästhetischen Möglichkeiten sozialer Medien vor allem im Bereich der Popliteratur stattfindet, die gegenwärtig eine dritte Konjunkturwelle erlebt. Ob die Literarisierung von SMS- und E-Mail-Messages oder Chatprotokollen einschließlich ihrer Codes der Emojis, GIFs, Memes im zeitgenössischen Pop-Roman, ob Twitter-Literatur, Poetry Bots oder Instagram-Feeds auf den Social-Media-Kanälen: als Pop 3.0 ist die digitale ‚Kultur der Masse‘ in der Gegenwartsliteratur angekommen.

american psycho book pdf: Death is Served Stella Castelli, 2023-02-06 The American cultural imaginary is hungry for death, and thus representations of death are prominently repeated and serialized in US literature and media. Stella Castelli shows how American culture fetishizes death as part of a repetition compulsion which stems from the inability of language to satisfactorily grasp death. Taking an intermedial approach, she investigates the forms and tropes born from this preoccupation with death and conceptualizes its imagination alongside an appetite which manifests as repetitive encoding. These metaphors of food consumption provide a hermeneutic framing for analyzing representations of death across American literature and media.
