Understanding African American Literature

African American literature is a dynamic body of writing that reflects the historical, cultural, and social experiences of African Americans in the United States. This literary tradition encompasses a wide range of genres, including fiction, poetry, drama, memoirs, and essays. The stories, voices, and perspectives found in African American literature offer unique insights into struggles, achievements, and the ongoing quest for identity and equality. Over time, the field has grown to include influential writers whose works address themes of racism, resilience, cultural pride, and social justice. As the medium for reading evolves, african american literature ebooks have become a convenient and powerful way to engage with this rich legacy.

The Digital Revolution: Ebooks and Accessibility

The rise of ebooks has transformed the way readers discover and access African American literature. Digital platforms and devices now make it possible to explore thousands of titles from classic works to contemporary

releases. Ebooks eliminate physical barriers, allowing readers from all backgrounds and locations to delve into African American stories conveniently. Libraries, online retailers, and educational institutions increasingly offer african american literature ebooks, broadening exposure and participation. The digital format also supports features such as adjustable text, instant search, and portability, catering to diverse reading preferences.

Genres and Themes in African American Literature Ebooks

Fiction

African American fiction explores a myriad of narratives, from family sagas and coming-of-age stories to historical epics and urban tales. Through compelling characters and vivid storytelling, these works often address themes of identity, belonging, and societal change. Ebooks make it easier to access both classic novels and emerging voices.

Poetry

Poetry in African American literature is renowned for its emotional depth, lyrical beauty, and social commentary. Ebooks allow readers to experience collections from renowned poets, as well as discover new talents, with features that enhance reading and note-taking.

Memoirs and Autobiographies

Memoirs and autobiographies provide intimate perspectives on personal journeys, struggles, and triumphs. African American literature ebooks in this genre offer firsthand accounts from influential figures, activists, and everyday individuals whose stories inspire and educate.

Essays and Nonfiction

Essays and nonfiction works analyze cultural, political, and historical issues affecting African Americans. Ebook formats make it simple to explore critical essays, scholarly research, and thought-provoking commentaries that foster deeper understanding.

Notable African American Authors and Their Ebook Works

Many celebrated African American authors have contributed enduring works now available as ebooks. Their writings continue to shape literary discourse and cultural awareness. Readers can explore titles across genres, from fiction to poetry, in digital formats for easy access and engagement.

- Toni Morrison - Renowned for novels like "Beloved," "Song of Solomon," and "The Bluest Eye"
- James Baldwin - Known for "Go Tell It on the Mountain," "Notes of a Native Son," and powerful essays
- Maya Angelou - Memoirs and poetry including "I Know Why the Caged Bird Sings"
- Zora Neale Hurston - Celebrated for "Their Eyes Were Watching God"
- Langston Hughes - Influential poetry collections and short stories
- Ta-Nehisi Coates - Contemporary works such as "Between the World and Me"
- Jacqueline Woodson - Acclaimed children's and young adult literature

These authors' ebooks are widely available on digital platforms, making their voices accessible to new generations of readers.

How to Find and Choose African American Literature Ebooks

Finding the right african american literature ebooks involves using digital libraries, online bookstores, and curated collections. Many public libraries offer free access to a wide range of titles through their ebook lending services. Retailers frequently highlight African American literature during Black History Month and other cultural celebrations. Readers should consider their interests in specific genres, authors, or themes when selecting ebooks. Reviews, literary awards, and recommendations from trusted sources can aid in making informed choices. Mobile apps and e-readers also feature user-friendly search tools for discovering new titles and authors.

Benefits of Reading African American Literature in Ebook Format

Reading African American literature ebooks offers several distinct advantages. The digital format ensures instant access, allowing readers to enjoy new releases and classic works without waiting or traveling. Ebooks are highly portable, enabling reading on multiple devices such as smartphones, tablets, and e-readers. Features like adjustable font sizes, integrated dictionaries, and annotation tools cater to individual learning and comprehension needs. The environmental impact of ebooks is also reduced compared to print, supporting sustainable reading habits. Additionally, digital platforms often provide exclusive content and interactive features that enhance the literary experience.

1. Convenient access across devices
2. Customizable reading options
3. Enhanced search and annotation features

4. Environmentally friendly format
5. Broad selection from classic to contemporary works

Tips for Enhancing Your Ebook Reading Experience

Maximizing the benefits of african american literature ebooks involves selecting the right device and app for your preferences. Many readers appreciate the adjustable settings for font size, background color, and brightness to reduce eye strain. Using annotation and highlighting tools helps track significant passages and themes. Joining online book clubs or discussion groups focused on African American literature can foster community and deepen understanding. Setting reading goals and exploring recommended lists from libraries or bookstores ensures a steady flow of inspiring content. Consider integrating audiobooks with ebook reading for a multimodal experience.

Conclusion

The digital transformation has profoundly expanded the reach and impact of African American literature ebooks. By embracing the convenience, accessibility, and diverse selection offered by the ebook format, readers can easily explore the works and voices that define African American literary traditions. Whether seeking classic novels, contemporary poetry, or personal narratives, ebooks provide a flexible and enriching way to engage with stories that matter. The ongoing evolution of digital publishing continues to bring new perspectives and opportunities for discovery in African American literature.

Q: What are african american literature ebooks?

A: African American literature ebooks are digital versions of literary works written by African American authors. They cover genres such as fiction, poetry, memoirs, and essays, and are accessible on various devices and platforms.

Q: Which devices can I use to read african american literature ebooks?

A: You can read african american literature ebooks on devices like smartphones, tablets, e-readers (such as Kindle or Nook), and computers using ebook apps or reader software.

Q: Who are some notable African American authors available in ebook format?

A: Notable authors include Toni Morrison, James Baldwin, Maya Angelou, Zora Neale Hurston, Langston Hughes, Ta-Nehisi Coates, and Jacqueline Woodson,

among many others.

Q: Where can I find african american literature ebooks for free?

A: Many public libraries offer free access to african american literature ebooks through digital lending services. Some educational institutions and nonprofit organizations also provide free collections online.

Q: What genres are popular in african american literature ebooks?

A: Popular genres include fiction, poetry, memoirs, autobiographies, and essays. These genres cover a wide range of themes like identity, history, culture, and social justice.

Q: Are african american literature ebooks suitable for students and educators?

A: Yes, african american literature ebooks are excellent resources for students and educators. They offer easy access to important texts and support classroom learning and research.

Q: How do ebooks benefit readers interested in African American literature?

A: Ebooks offer instant access, customizable reading experiences, portability, and a broad selection of titles, making it easier for readers to explore and engage with African American literature.

Q: Can I annotate or highlight passages in african american literature ebooks?

A: Most ebook platforms and apps allow users to annotate, highlight, and make notes directly within the text, enhancing study and personal engagement.

Q: What are some tips for choosing african american literature ebooks?

A: Look for award-winning titles, read user reviews, explore curated lists from libraries or bookstores, and consider your preferred genres or authors to select the best ebooks for your interests.

Q: Are african american literature ebooks environmentally friendly?

A: Yes, ebooks reduce the need for paper, printing, and shipping, making them a more sustainable option compared to traditional print books.

african american literature ebooks: The American Literature Scholar in the Digital Age

Amy E. Earhart, Andrew Jewell, 2011 Amy E. Earhart is Assistant Professor in the Department of English at Texas A & M University.

african american literature ebooks: African American Literature

Hans Ostrom, J. David Macey Jr., 2019-11-15 This essential volume provides an overview of and introduction to African American writers and literary periods from their beginnings through the 21st century. This compact encyclopedia, aimed at students, selects the most important authors, literary movements, and key topics for them to know. Entries cover the most influential and highly regarded African American writers, including novelists, playwrights, poets, and nonfiction writers. The book covers key periods of African American literature—such as the Harlem Renaissance, the Black Arts Movement, and the Civil Rights Era—and touches on the influence of the vernacular, including blues and hip hop. The volume provides historical context for critical viewpoints including feminism, social class, and racial politics. Entries are organized A to Z and provide biographies that focus on the contributions of key literary figures as well as overviews, background information, and definitions for key subjects.

african american literature ebooks: A Kaleidoscope of Digital American Literature

Martha L. Brogan, 2005 This report will be useful to anyone interested in the current state of online American literature resources. Its purpose is twofold: to offer a sampling of the types of digital resources currently available or under development in support of American literature; and to identify the prevailing concerns of specialists in the field as expressed during interviews conducted between July 2004 and May 2005. Part two of the report consolidates the results of these interviews with an exploration of resources currently available. Part three examines six categories of digital work in progress: (1) quality-controlled subject gateways, (2) author studies, (3) public domain e-book collections and alternative publishing models, (4) proprietary reference resources and full-text primary source collections, (5) collections by design, and (6) teaching applications. This survey is informed by a selective review of the recent literature.--CLIR Web site.

african american literature ebooks: The Geographies of African American Short Fiction

Kenton Rambsy, 2022-03-25 Perhaps the brevity of short fiction accounts for the relatively scant attention devoted to it by scholars, who have historically concentrated on longer prose narratives. The Geographies of African American Short Fiction seeks to fill this gap by analyzing the ways African American short story writers plotted a diverse range of characters across multiple locations—small towns, a famous metropolis, city sidewalks, a rural wooded area, apartment buildings, a pond, a general store, a prison, and more. In the process, these writers highlighted the extents to which places and spaces shaped or situated racial representations. Presenting African American short story writers as cultural cartographers, author Kenton Rambsy documents the variety of geographical references within their short stories to show how these authors make cultural spaces integral to their artwork and inscribe their stories with layered and resonant social histories. The history of these short stories also documents the circulation of compositions across dozens of literary collections for nearly a century. Anthology editors solidified the significance of a core group of short story authors including James Baldwin, Toni Cade Bambara, Charles Chesnutt, Ralph Ellison, Zora Neale Hurston, and Richard Wright. Using quantitative information and an extensive literary dataset, The Geographies of African American Short Fiction explores how editorial practices shaped the canon of African American short fiction.

african american literature ebooks: The Cambridge Companion to Contemporary African

American Literature Yogita Goyal, 2023-12-21 This book provides a systematic and vibrant account of the range and achievements of contemporary Black writers.

african american literature ebooks: *African American Literature* Meghan Sharif, 2017-07-15 Since the 18th century, African Americans have been contributing important works to American literature. However, their writing has been treated differently than those produced by white authors. Readers discover the challenges black authors have faced in having their work published and being taken seriously by critics and readers alike. Engaging sidebars and detailed photographs augment this comprehensive overview of the racism that still persists in the publishing industry.

african american literature ebooks: *Icons of African American Literature* Yolanda Williams Page, 2011-10-17 The 24 entries in this book provide extensive coverage of some of the most notable figures in African American literature, such as Alice Walker, Richard Wright, and Zora Neale Hurston. *Icons of African American Literature: The Black Literary World* examines 24 of the most popular and culturally significant topics within African American literature's long and immensely fascinating history. Each piece provide substantial, in-depth information—much more than a typical encyclopedia entry—while remaining accessible and appealing to general and younger readers. Arranged alphabetically, the entries cover such writers as Maya Angelou, James Baldwin, and August Wilson; major works, such as *Invisible Man*, *Native Son*, and *Their Eyes Were Watching God*; and a range of cultural topics, including the black arts movement, the Harlem Renaissance, and the jazz aesthetic. Written by expert contributors, the essays discuss the enduring significance of these topics in American history and popular culture. Each entry also provides sidebars that highlight interesting information and suggestions for further reading.

african american literature ebooks: *The Harvard Guide to African-American History* Evelyn Brooks Higginbotham, 2001 This massive guide, sponsored by the W.E.B. Du Bois Institute for Afro-American Research at Harvard University and compiled by renowned experts, offers a compendium of information and interpretation on over 500 years of black experience in America.

african american literature ebooks: *African American Literature in Transition, 1865-1880: Volume 5, 1865-1880* Eric Gardner, 2021-05-13 This volume offers the most nuanced treatment available of Black engagement with print in the transitional years after the Civil War. It locates and studies materials that many literary historians leave out of narratives of American culture. But as important as such recovery work is, *African American Literature in Transition, 1865-1880* also emphasizes innovative approaches, recognizing that such recovery inherently challenges methods dominant in American literary study. At the book's core is the recognition that many period texts - by writers from Frances Ellen Watkins Harper and William Wells Brown to Mattie Jackson and William Steward - are not only aesthetically striking but also central to understanding key socio-historical and cultural trends in the nineteenth century. Chapters by leading scholars are grouped in three sections - 'Citizenships, Textualities, and Domesticities', 'Persons and Bodies', and 'Memories, Materialities, and Locations' - and focus on debates over race, nation, personhood, and print that were central to Reconstruction.

african american literature ebooks: *The Cambridge Companion to Literature in a Digital Age* Adam Hammond, 2024-11-14 Literature has experienced two great medium shifts, each with profound implications for its forms, genres, and cultures: that from orality to writing, and that from writing to printing. Today we are experiencing a third shift, from printed to digital forms. As with the previous shifts, this transformation is reconfiguring literature and literary culture. The *Cambridge Companion to Literature in the Digital Age* is organized around the question of what is at stake for literary studies in this latest transition. Rather than dividing its chapters by methodology or approach, this volume proceeds by exploring the major categories of literary investigation that are coming under pressure in the digital age: concepts such as the canon, periodization, authorship, and narrative. With chapters written by leading experts in all facets of literary studies, this book shows why all those who read, study, and teach literature today ought to attend to the digital.

african american literature ebooks: *The Digital Black Atlantic* Roopika Risam, Kelly Baker Josephs, 2021-03-16 Exploring the intersections of digital humanities and African diaspora studies

How can scholars use digital tools to better understand the African diaspora across time, space, and disciplines? And how can African diaspora studies inform the practices of digital humanities? These questions are at the heart of this timely collection of essays about the relationship between digital humanities and Black Atlantic studies, offering critical insights into race, migration, media, and scholarly knowledge production. The Digital Black Atlantic spans the African diaspora's range—from Africa to North America, Europe, and the Caribbean—while its essayists span academic fields—from history and literary studies to musicology, game studies, and library and information studies. This transnational and interdisciplinary breadth is complemented by essays that focus on specific sites and digital humanities projects throughout the Black Atlantic. Covering key debates, The Digital Black Atlantic asks theoretical and practical questions about the ways that researchers and teachers of the African diaspora negotiate digital methods to explore a broad range of cultural forms including social media, open access libraries, digital music production, and video games. The volume further highlights contributions of African diaspora studies to digital humanities, such as politics and representation, power and authorship, the ephemerality of memory, and the vestiges of colonialist ideologies. Grounded in contemporary theory and praxis, The Digital Black Atlantic puts the digital humanities into conversation with African diaspora studies in crucial ways that advance both.

african american literature ebooks: Debates in the Digital Humanities 2016 Matthew K. Gold, Lauren F. Klein, 2016-05-18 Pairing full-length scholarly essays with shorter pieces drawn from scholarly blogs and conference presentations, as well as commissioned interviews and position statements, *Debates in the Digital Humanities 2016* reveals a dynamic view of a field in negotiation with its identity, methods, and reach. Pieces in the book explore how DH can and must change in response to social justice movements and events like #Ferguson; how DH alters and is altered by community college classrooms; and how scholars applying DH approaches to feminist studies, queer studies, and black studies might reframe the commitments of DH analysts. Numerous contributors examine the movement of interdisciplinary DH work into areas such as history, art history, and archaeology, and a special forum on large-scale text mining brings together position statements on a fast-growing area of DH research. In the multivalent aspects of its arguments, progressing across a range of platforms and environments, *Debates in the Digital Humanities 2016* offers a vision of DH as an expanded field—new possibilities, differently structured. Published simultaneously in print, e-book, and interactive webtext formats, each DH annual will be a book-length publication highlighting the particular debates that have shaped the discipline in a given year. By identifying key issues as they unfold, and by providing a hybrid model of open-access publication, these volumes and the *Debates in the Digital Humanities* series will articulate the present contours of the field and help forge its future. african american literature ebooks: Before Harlem Ajuan Maria Mance, 2016-03-15 Despite important recovery and authentication efforts during the last twenty-five years, the vast majority of nineteenth-century African American writers and their work remain unknown to today's readers. Moreover, the most widely used anthologies of black writing have established a canon based largely on current interests and priorities. Seeking to establish a broader perspective, this collection brings together a wealth of autobiographical writings, fiction, poetry, speeches, sermons, essays, and journalism that better portrays the intellectual and cultural debates, social and political struggles, and community publications and institutions that nurtured black writers from the early 1800s to the eve of the Harlem Renaissance. As editor Ajuan Mance notes, previous collections have focused mainly on writing that found a significant audience among white readers. Consequently, authors whose work appeared in African American-owned publications for a primarily black audience—such as Solomon G. Brown, Henrietta Cordelia Ray, and T. Thomas Fortune—have faded from memory. Even figures as celebrated as Frederick Douglass and Paul Laurence Dunbar are today much better known for their “cross-racial” writings than for the larger bodies of work they produced for a mostly African American readership. There has also been a tendency in modern canon making, especially in the genre of autobiography, to stress antebellum writing rather than writings produced after the Civil War and Reconstruction. Similarly, religious writings—despite the centrality of the church in the everyday lives of black readers and the interconnectedness of black spiritual and intellectual life—have not received the emphasis they deserve. Filling those critical gaps with a selection of 143 works by 65 writers, *Before Harlem* presents as never before an in-depth picture of the literary, aesthetic, and intellectual landscape of nineteenth-century African America and will be a valuable resource for a new generation of readers. Ajuan Maria Mance is a professor of English at Mills College in Oakland, California. She is the author of *Inventing Black Women: African American Poets and Self-Representation*, which was named a Choice Outstanding Academic Title. Her articles have appeared in the *Journal of African American Studies*, *Callaloo*, and several edited collections.

african american literature ebooks: Beyond the Frontier, Volume II Jill Dahlman, Tammy Winner, 2018-11-08 This collection of essays is a compilation of the latest research in first-year composition, including pedagogy, praxis, debate, and assessment. Originally begun as a collection of panel presentations from the Rocky Mountain Modern Language Association annual conference, it has since evolved to include innovative pedagogy regardless of presentation status. The book is divided into presentation “panels,” in order to present the reader with innovative pedagogy and thought-provoking conversations concerning the first-year classroom, assessment, and pedagogy. It will benefit anyone who studies or engages with first-year composition, including graduate students, instructors, and administration.

african american literature ebooks: Teaching with Digital Humanities Jennifer Travis, Jessica

DeSpain, 2018-11-15 Jennifer Travis and Jessica DeSpain present a long-overdue collection of theoretical perspectives and case studies aimed at teaching nineteenth-century American literature using digital humanities tools and methods. Scholars foundational to the development of digital humanities join educators who have made digital methods central to their practices. Together they discuss and illustrate how digital pedagogies deepen student learning. The collection's innovative approach allows the works to be read in any order. Travis and DeSpain curate conversations on the value of project-based, collaborative learning; examples of real-world assignments where students combine close, collaborative, and computational reading; how digital humanities aids in the consideration of marginal texts; the ways in which an ethics of care can help students organize artifacts; and how an activist approach affects debates central to the study of difference in the nineteenth century. A supplemental companion website with substantial appendixes of syllabi and assignments is now available for readers of Teaching with Digital Humanities.

african american literature ebooks: Editing the Harlem Renaissance Joshua M. Murray, Ross K. Tangedal, 2021-05-01 In his introduction to the foundational 1925 text *The New Negro*, Alain Locke described the "Old Negro" as "a creature of moral debate and historical controversy," necessitating a metamorphosis into a literary art that embraced modernism and left sentimentalism behind. This was the underlying theoretical background that contributed to the flowering of African American culture and art that would come to be called the Harlem Renaissance. While the popular period has received much scholarly attention, the significance of editors and editing in the Harlem Renaissance remains woefully understudied. *Editing the Harlem Renaissance* foregrounds an in-depth, exhaustive approach to relevant editing and editorial issues, exploring not only those figures of the Harlem Renaissance who edited in professional capacities, but also those authors who employed editorial practices during the writing process and those texts that have been discovered and/or edited by others in the decades following the Harlem Renaissance. *Editing the Harlem Renaissance* considers developmental editing, textual self-fashioning, textual editing, documentary editing, and bibliography. Chapters utilize methodologies of authorial intention, copy-text, manuscript transcription, critical edition building, and anthology creation. Together, these chapters provide readers with a new way of viewing the artistic production of one of the United States' most important literary movements.

african american literature ebooks: Research Methods for the Digital Humanities lewis levenberg, Tai Neilson, David Rheams, 2018-11-04 This volume introduces the reader to the wide range of methods that digital humanities employ, and offers a practical guide to the study, interpretation, and presentation of cultural material and practices. In this instance, the editors consider digital humanities to include both the use of computing to understand cultural material in new ways, and the application of theories and methods from the humanities to interpret new technologies. Each chapter provides a step-by-step guide to cutting-edge methodologies so that students can make informed decisions about the methods they use, consider ethical practices, follow practical procedures, and present their work effectively. Readers will develop practical and reflexive understandings of the software and digital devices that they study and use for research, and the book will help new researchers collaborate and contribute to their scholarly communities, and to public discourse. As contemporary humanities work becomes increasingly interdisciplinary, and increasingly permeated by and with digital technologies, this volume helps new researchers navigate an evolving academic environment. Humanities and social sciences students will find this textbook an invaluable resource for assessing and creating digital projects.

african american literature ebooks: Reading Contemporary African American Literature Beauty Bragg, 2014-11-12 *Reading Contemporary African American Literature* focuses on the subject of contemporary African American popular fiction by women. Bragg's study addresses why such work should be the subject of scholarly examination, describes the events and attitudes which account for the critical neglect of this body of work, and models a critical approach to such narratives that demonstrates the distinctive ways in which this literature captures the complexities of post-civil rights era black experiences. In making her arguments regarding the value of popular

writing, Bragg argues that black women's popular fiction foregrounds gender in ways that are frequently missing from other modes of narrative production. They exhibit a responsiveness and timeliness to the shifting social terrain which is reflected in the rapidly shifting styles and themes which characterize popular fiction. In doing so, they extend the historical function of African American literature by continuing to engage the black body as a symbol of political meaning in the social context of the United States. In popular literature Beauty Bragg locates a space from which black women engage a variety of public discourses.

african american literature ebooks: The Bloomsbury Handbook of Modernist Archives Jamie Callison, Matthew Feldman, Anna Svendsen, Erik Tønning, 2024-06-13 Providing a broad, definitive account of how the 'archival turn' in humanities scholarship has shaped modernist studies, this book also functions as an ongoing 'practitioner's toolkit' (including useful bibliographical resources) and a guide to avenues for future work. Archival work in modernist studies has revolutionised the discipline in the past two decades, fuelled by innovative and ambitious scholarly editing projects and a growing interest in fresh types of archival sources and evidence that can re-contextualise modernist writing. Several theoretical trends have prompted this development, including the focus on compositional process within genetic manuscript studies, the emphasis on book history, little magazines, and wider publishing contexts, and the emphasis on new material evidence and global and 'non-canonical' authors and networks within the 'New Modernist Studies'. This book provides a guide to the variety of new archival research that will point to fresh avenues and connect the methodologies and resources being developed across modernist studies. Offering a variety of single-author case studies on recent archival developments and editing projects, including Samuel Beckett, Hart Crane, H.D., James Joyce, Dorothy Richardson, May Sinclair and Virginia Woolf, it also offers a range of thematic essays that examine an array of underused sources as well as the challenges facing archival researchers of modernism

african american literature ebooks: Post-Bellum, Pre-Harlem Barbara McCaskill, Caroline Gebhard, 2006 The years between the collapse of Reconstruction and the end of World War I mark a pivotal moment in African American cultural production. Christened the "Post-Bellum-Pre-Harlem" era by the novelist Charles Chesnutt, these years look back to the antislavery movement and forward to the artistic flowering and racial self-consciousness of the Harlem Renaissance. Post-Bellum, Pre-Harlem offers fresh perspectives on the literary and cultural achievements of African American men and women during this critically neglected, though vitally important, period of our nation's past. Using a wide range of disciplinary approaches, the sixteen scholars gathered here offer both a reappraisal and celebration of African American cultural production during these influential decades. Alongside discussions of political and artistic icons such as Booker T. Washington, W.E.B. Du Bois, Henry Ossawa Tanner, and James Weldon Johnson are essays revaluing figures such as the writers Paul and Alice Dunbar-Nelson, the New England painter Edward Mitchell Bannister, and Georgia-based activists Lucy Craft Laney and Emmanuel King Love. Contributors explore an array of forms from fine art to anti-lynching drama, from sermons to ragtime and blues, and from dialect pieces and early black musical theater to serious fiction. Contributors include: Frances Smith Foster, Carla L. Peterson, Gwendolyn DuBois Shaw, Audrey Thomas McCluskey, Barbara Ryan, Robert M. Dowling, Barbara A. Baker, Paula Bernat Bennett, Philip J. Kowalski, Nikki L. Brown, Koritha A. Mitchell, Margaret Crumpton Winter, Rhonda Reymond, and Andrew J. Scheiber.
