asian american memoirs download: *Among the White Moon Faces* Shirley Geok-lin Lim, 1997-09-01 This “fascinating autobiography” from an award-winning Asian-American female author “reads like a novel” (The Washington Post Book World). With insight, candor, and grace, Shirley Geok-lin Lim recalls her path from her poverty-stricken childhood in war-torn Malaysia to her new and exciting yet uncertain womanhood in America. Grappling to secure a place for herself in the United States, she is often caught between the stifling traditions of the old world and the harsh challenges of the new. But throughout her journey, she is sustained by her “warrior” spirit, gradually overcoming her sense of alienation to find a new identity as an Asian American woman: professor, wife, mother, and, above all, an impassioned writer. In *Among the White Moon Faces*, Lim offers a memorable rendering of immigrant women’s experience and a reflection upon the homelands we leave behind, the homelands we discover, and the homelands we hold within ourselves. “What sets *Among the White Moon Faces* apart is that Lim writes with such aching precision, revealing and insightfully analyzing her changing roles as woman, immigrant, scholar, and Other.” —San Francisco Chronicle Book Review “Lim’s descriptions are both lyrical and precise.” —Publishers Weekly “Evocative writing bolstered by insights into colonialism, race relations, and the concept of the ‘other’. . . . This is an entrancing memoir.” —Kirkus Reviews

asian american memoirs download: *Nimble Tongues* Steven G. Kellman, 2020-02-15 *Nimble Tongues* is a collection of essays that continues Steven G. Kellman's work in the fertile field of translingualism, focusing on the phenomenon of switching languages. A series of investigations and reflections rather than a single thesis, the collection is perhaps more akin in its aims—if not accomplishment—to George Steiner’s *Extraterritorial: Papers on Literature and the Language Revolution* or Umberto Eco’s *Travels in Hyperreality*. Topics covered include the significance of translingualism; translation and its challenges; immigrant memoirs; the autobiographies that Ariel Dorfman wrote in English and Spanish, respectively; the only feature film ever made in Esperanto; Francesca Marciano, an Italian who writes in English; Jhumpa Lahiri, who has abandoned English for Italian; Ilan Stavans, a prominent translingual author and scholar; Hugo Hamilton, a writer who grew up torn among Irish, German, and English; Antonio Ruiz-Camacho, a Mexican who writes in English; and the Universal Declaration of Human Rights as a multilingual text.

asian american memoirs download: *Contemporary Asian American Activism* Diane C. Fujino, Robyn Magalit Rodriguez, 2022-01-28 In the struggles for prison abolition, global anti-imperialism, immigrant rights, affordable housing, environmental justice, fair labor, and more, twenty-first-century Asian American activists are speaking out and standing up to systems of oppression. Creating emancipatory futures requires collective action and reciprocal relationships that are nurtured over time and forged through cross-racial solidarity and intergenerational connections, leading to a range of on-the-ground experiences. Bringing together grassroots organizers and scholar-activists, *Contemporary Asian American Activism* presents lived experiences of the fight for transformative justice and offers lessons to ensure the longevity and sustainability of organizing. In the face of imperialism, white supremacy, racial capitalism, heteropatriarchy, ableism, and more, the contributors celebrate victories and assess failures, reflect on the trials of activist life, critically examine long-term movement building, and inspire continued mobilization for coming generations.

asian american memoirs download: *Emerging from the Rubble: Asian/American Writings on Disasters* Yasuko Kase, Eliko Kosaka, 2025-08-12 With a focus on the transpacific and transnational relationship between North America and Asia, 'Emerging from the Rubble: Asian/American Writings on Disasters' explores Asian/Americans' complex and nuanced involvement in disastrous events. Included in this purview of disaster are not only the damages and threats of current ongoing climate change but also the long-lasting ruining effects inflicted by imperialism, neo/colonialism, wars, and these historical components' entanglement with global capitalism that have generated both spontaneous and slow and/or prolonged violent effects. Moreover, disasters can be acknowledged as manifestations of the Anthropocene — an epoch shaped by human activity — or what scholars like

Jason W. Moore and Donna J. Haraway term the 'Capitalocene,' a paradigm where nature and capitalist society are deeply intertwined, co-creating an intricate web of life. Asian/American involvement in such a web has never been simple but convoluted: some of them have experienced tremendous losses, whereas others have perpetuated obfuscation of the truth and/or induced violence, often contingently with or without acknowledging the facts. When considering Asian migrants including refugees from Southeast Asia who had little option but to seek asylum in the U.S., and Asian Americans who have pursued their "happiness" under the U.S.'s capitalist premise of constant progress, protection of "human rights," and freedom of "choice," it is important to note that Asian migrants and Asian 'Americans' have become simultaneously active players and exploited individuals within the context of U.S. racial capitalism. Acknowledging the impossibility of clearly differentiating natural and human-made disasters, scholars who contribute to this volume note the reciprocal influences between nature and civilization. They examine how the entanglements of natural and human-made disasters lead to the acceleration and expansion of damage. This volume explores how Asian Americans' connections with their ancestral origins along with their particular racial positions, social classes, and socio-historical backgrounds in North American societies force them to experience and witness disastrous events differently from the mainstream discourse on eco-crises.

asian american memoirs download: Hocus Pocus Lately, A Paranormal Memoir of a Soon-To-Be Famous Anonymous Artist as a Reluctant Healer or Real Healing Lessons from a Psychic Surgeon & How You & I Can Do It Now Valentino Zubiri, 2014-03-31 Psychic healing and psychic surgery are not professional activities that can be turned on and off. It is not like a 9 to 5 job. That was why I never wanted it, but for my beloved father, who got sick, I was willing to do anything. I had seen the impossible decades ago, when I met a Filipino psychic surgeon. He sat me down and taught me how to do it. Maybe I had no choice in the matter. I wanted to become known as an artist and a writer, not a healer. I decided that the best way I can convey learning is by sharing with you this paranormal memoir, which includes lessons on how it is done. This book is part of Val Zubiri's Memoirs of an Artist Series. He hopes that people learn valuable profitable lessons from his books, and that collectors and financial companies and investment bankers will notice and collect his art.

asian american memoirs download: Empowering Contemporary Fiction in English Ralf Hertel, Eva-Maria Windberger, 2021-03-08 Empowerment as a concept is making its impact on the field of literary studies. This volume shows its intricate relation to contemporary fiction in English, applying a broad range of approaches such as feminist, transcultural, and intersectional studies. Dealing with genres as diverse as dystopia, science fiction, TV adaptations, the historical novel, and immigrant fiction, this collection offers the first in-depth study of empowerment in literature. How, and to which end, do texts endow characters with power? In which ways can fiction become a tool of authorial self-empowerment? And which effects do such narratives have on readers? With this book, empowerment is put on the map of literary studies as a new, highly relevant critical concept stimulating fresh perspectives on contemporary fiction. Contributors: Peter Childs, Britta Maria Colligs, Sarah Dillon, Paul Hamann-Rose, Ralf Hertel, David Malcolm, Diana Thiesen, Eleanor Ty, Eva-Maria Windberger.

asian american memoirs download: The Wake Up Michelle MiJung Kim, 2021-09-28 This informative guide helps allies who want to go beyond rigid Diversity and Inclusion best practices, with real tools to go from good intentions to making meaningful change in any situation or venue. 2022 NAUTILUS BOOK AWARDS GOLD WINNER 2022 NATIONAL ANTIRACIST BOOK FESTIVAL SELECTION 2021 PORCHLIGHT PERSONAL DEVELOPMENT & HUMAN BEHAVIOR BOOK OF THE YEAR As we become more aware of various social injustices in the world, many of us want to be part of the movement toward positive change. But sometimes our best intentions cause unintended harm, and we fumble. We might feel afraid to say the wrong thing and feel guilt for not doing or knowing enough. Sometimes we might engage in performative allyship rather than thoughtful solidarity, leaving those already marginalized further burdened and exhausted. The feelings of fear,

insecurity, inadequacy are all too common among a wide spectrum of changemakers, and they put many at a crossroads between feeling stuck and giving up, or staying grounded to keep going. So how can we go beyond performative allyship to creating real change in ourselves and in the world, together? In *The Wake Up*, Michelle Mijung Kim shares foundational principles often missing in today's mainstream conversations around "diversity and inclusion," inviting readers to deep dive into the challenging and nuanced work of pursuing equity and justice, while exploring various complexities, contradictions, and conflicts inherent in our imperfect world. With a mix of in-the-trenches narrative and accessible unpacking of hot button issues—from inclusive language to representation to cancel culture—Michelle offers sustainable frameworks that guide us how to think, approach, and be in the journey as thoughtfully and powerfully as possible. *The Wake Up* is divided into four key parts: Grounding: begin by moving beyond good intentions to interrogating our deeper "why" for committing to social justice and uncovering our hidden stories. Orienting: establish a shared understanding around our historical and current context and issues we are trying to solve, starting with dismantling white supremacy. Showing Up: learn critical principles to approach any situation with clarity and build our capacity to work through complexity, nuance, conflict, and imperfections. Moving Together: remember the core of this work is about human lives, and commit to prioritizing humanity, healing, and community. *The Wake Up* is an urgent call for us to move together while seeing each other's full and expansive humanity that is at the core of our movement toward justice, healing, and freedom.

asian american memoirs download: China's Asia Lowell Dittmer, 2018-02-23 This balanced and deeply informed book provides a comprehensive account of China's Asia policy since the Cold War. Lowell Dittmer traces the PRC's policy toward its Asian neighbors in the context of the country's move from a developing nation to a great power, capable of playing a role in world politics commensurate with its remarkable economic rise. The author considers China's bilateral relations with Russia, Central Asia, South and Southeast Asia, and Australia. Each of these relationships is also viewed in terms of China's rivalry with the United States, which has viewed China's rise with admiration tinged with a certain foreboding. Thus, Dittmer employs a triangular analysis to understand Beijing's attempt to expand in Asia while at the same time deterring Washington's interference. Reframing the international relations of Asia in a thought-provoking and informed manner, this important book presents a panoramic view of the dynamics at work on all sides of China.

asian american memoirs download: Asian/Other Vidyan Ravinthiran, 2025-01-16 A perceptive exploration of poetry, race, and otherness from one of our most promising voices in criticism. Vidyan Ravinthiran was born in the north of England to Sri Lankan Tamils, and moved to the United States five years ago. Considering identity in both its political and psychological senses - as these concepts fuse, or fail to, at different times and in different places - he leaps adventurously between memoir and criticism, understanding his life through poetry, and vice versa. Ranging from Andrew Marvell to Divya Victor, he writes both about and through poems, discussing Sri Lanka; experiences of racism and resilience; intergenerational trauma; pandemic parenting in an autism family; relationships shaped by the internet; growing up with a speech impediment and being sent by one's aspirational brown parents to elocution lessons; and the relative invisibility of South Asians in Western television and film. This electric, compelling hybrid memoir discovers a new way of writing about the self and also literature.

asian american memoirs download: Fluvial Dynamics and Cultural Landscape Evolution in the Rio Grande de Nazca Drainage Basin, Southern Peru Ralf Hesse, 2008 The aim of this research is to reconstruct the landscape evolution in the lower Rio Grande drainage basin during the Late Holocene and to detect interrelations between landscape evolution, cultural development, climatic changes and extreme events. Central to this is to identify and, if possible, quantify factors of landscape change. In doing so, the author differentiates natural from anthropogenic factors, i.e. to determine both the natural and the human impacts on the landscape. An important question is

whether climatic changes and extreme events have had an influence on past societies. To answer these questions, this work goes beyond physical geography approaches to paleoenvironmental reconstruction and includes the wealth of archaeological evidence and interpretations available for the research area. The volume consists of a main section and an extensive appendix containing sketches and detailed interpretations of the investigated sediment profiles as well as graphs showing the results of the laboratory analyses.

asian american memoirs download: Private Equity Carrie Sun, 2025-02-11 One of TIME Magazine's Must-Read Books of the Year The joys of Sun's memoir lie in the absurdity of her tasks: coaxing a famous athlete to a company party, sourcing Mitt Romney's phone number on a deadline, coordinating private-jet departures... It's [Sun's] personal revelations that elevate the book above a typical tell-all." —TIME Magazine A gripping memoir of one woman's self-discovery inside a top Wall Street firm, and an urgent indictment of privilege, extreme wealth, and work culture When we meet Carrie Sun, she can't shake the feeling that she's wasting her life. The daughter of Chinese immigrants, Carrie excelled in school, graduated early from MIT, and climbed the corporate ladder, all in pursuit of the American dream. But at twenty-nine, she's left her analyst job, dropped out of an MBA program, and is trapped in an unhappy engagement. So when she gets the rare opportunity to work at one of the most prestigious hedge funds in the world, she knows she can't say no. Fourteen interviews later, she's in. Carrie is the sole assistant to the firm's billionaire founder. She manages his work life, becoming the right hand to an investor who can move mountains and markets with a single phone call. Eager to impress, she dives headfirst into the firm's culture, which values return on time above all else. A luxury-laden world opens up for her, and Carrie learns that money can solve nearly everything. Playing the game at the highest levels, amid the ultimate winners in our winner-take-all economy, Carrie soon finds her identity swallowed whole by work. With her physical and mental health deteriorating, she begins to rethink what it actually means to waste one's life. A searing examination of our relationship to work, Carrie's story illuminates the struggle for balance in a world of extremes: efficiency and excess, status and aspiration, power and fortune. Private Equity is a universal tale of self-invention from a dazzling new voice, daring to ask what we're willing to sacrifice to get to the top—and what it might take to break free and leave it all behind.

asian american memoirs download: The Oxford Handbook of Asian Business Systems Michael A. Witt, Gordon Redding, 2014-01-30 Much of the existing literature within the varieties of capitalism (VOC) and comparative business systems fields of research is heavily focused on Europe, Japan, and the Anglo-Saxon nations. As a result, the field has yet to produce a detailed empirical picture of the institutional structures of most Asian nations and to explore to what extent existing theory applies to the Asian context. The Oxford Handbook of Asian Business Systems aims to address this imbalance by exploring the shape and consequences of institutional variations across the political economies of different societies within Asia. Drawing on the deep knowledge of 32 leading experts, this book presents an empirical, comparative institutional analysis of 13 major Asian business systems between India and Japan. To aid comparison, each country chapter follows the same consistent outline. Complementing the country chapters are eleven contributions examining major themes across the region in comparative perspective and linking the empirical picture to existing theory on these themes. A further three chapters provide perspectives on the influence of history and institutional change. The concluding chapters spell out the implications of all these chapters for scholars in the field and for business practitioners in Asia. The Handbook is a major reference work for scholars researching the causes of success and failure in international business in Asia.

asian american memoirs download: The Perfect Police State Geoffrey Cain, 2021-06-29 A riveting investigation into how a restive region of China became the site of a nightmare Orwellian social experiment—the definitive police state—and the global technology giants that made it possible Blocked from facts and truth, under constant surveillance, surrounded by a hostile alien police force:

Xinjiang's Uyghur population has become cursed, oppressed, outcast. Most citizens cannot discern between enemy and friend. Social trust has been destroyed systematically. Friends betray each other, bosses snitch on employees, teachers expose their students, and children turn on their parents. Everyone is dependent on a government that nonetheless treats them with suspicion and contempt. Welcome to the Perfect Police State. Using the haunting story of one young woman's attempt to escape the vicious technological dystopia, his own reporting from Xinjiang, and extensive firsthand testimony from exiles, Geoffrey Cain reveals the extraordinary intrusiveness and power of the tech surveillance giants and the chilling implications for all our futures.

asian american memoirs download: A New Psychology of Women Hilary M. Lips, 2016-05-04 Rich, original, and transformative, the latest edition of *A New Psychology of Women* examines how gender-related expectations interact with other cultural assumptions and stereotypes, and with social and economic conditions, to affect women's experiences and behavior. Absorbing narratives centered on essential topics in psychology and global research engage readers to grasp cutting-edge insights into the psychological diversity of women. Aware that our own cultural experience colors and limits what we think we know about people, veteran educator and scholar Hilary Lips imbues her discussions with international examples and perspectives to provide an inclusive approach to the psychology of women. A wide range of new and extensively updated topics optimize readers' knowledge of how disparate perspectives from cultures throughout the world shape women's behavior and attitudes toward: health care / violence against women / poverty / labor force participation / occupational segregation / unpaid work / stereotyping and discrimination / expectations about power within marriage / female genital mutilation / theories of gender development / women's attitudes toward their bodies / use of social media / media portrayals of girls and women / women in political leadership roles Among thoroughly updated topics particular to US culture are same-sex marriage, Latina women's issues, the portrayal of women of different ethnic and cultural groups on television, and breast cancer survival rates of African American and European American women. Boxed items containing learning activities, profiles of women who helped shape psychology, and suggestions for making social changes appear throughout the text. Each chapter concludes with discussion questions, key terms, suggestions for additional reading, and Web resources.

asian american memoirs download: Mapping Global Justice Arnaud Kurze, Christopher K. Lamont, 2022-10-14 Persistent international conflicts, increasing inequality in many regions or the world, and acute environmental and climate-related threats to humanity call for a better understanding of the processes, actors and tools available to face the challenges of achieving global justice. This book offers a broad and multidisciplinary survey of global justice, bridging the gap between theory and practice by connecting conceptual frameworks with a panoply of case studies and an in-depth discussion of practical challenges. Connecting these critical aspects to larger moral and ethical debates is essential for thinking about large, abstract ideas and applying them directly to specific contexts. Core content includes: Key debates in global justice from across philosophy, postcolonial studies, political science, sociology and criminology The origins of global justice and the development of the human rights agenda; peacekeeping and post-conflict studies Global poverty and sustainable development Global security and transnational crime Environmental justice, public health and well-being Rather than providing a blueprint for the practice of global justice, this text problematizes efforts to cope with many justice related issues. The pedagogical approach is designed to map the difficulties that exist between theory and praxis, encourage critical thinking and fuel debates to help seek alternative solutions. Bringing together perspectives from a wealth of disciplines, this book is essential reading for courses on global justice across criminology, sociology, political science, anthropology, philosophy and law.

asian american memoirs download: The Comfort Women Hoax J. Mark Ramseyer, Jason M. Morgan, 2024-01-23 During World War II, the Japanese military extended Japan's civilian licensing regime for domestic brothels to those next to its overseas bases. It did so for a simple reason: to impose the strenuous health standards necessary to control the venereal disease that had debilitated its troops in earlier wars. In turn, these brothels (dubbed comfort stations) recruited prostitutes through variations on the standard indenture contracts used by licensed brothels in both Korea and Japan. The party line in Western academia, though, is that these "comfort women" were dragooned into sex slavery at bayonet point by Japanese infantry. But, as the authors of this book show, that narrative originated as a hoax perpetrated by a Japanese communist writer in the 1980s. It was then spread by a South Korean organization with close ties to the Communist North. Ramseyer and Morgan discuss how these women really came to be in Japanese military comfort stations. Some took the jobs because they were tricked by fraudulent recruiters. Some were under pressure from abusive parents. But the rest of the women seem to have been driven by the same motivation as most prostitutes throughout history: want of money. Indeed, the notion that these "comfort women" became prostitutes by any other means has no basis in documentary history. Serious intellectuals of all political perspectives in both South Korea and Japan have understood this for years. Ramseyer and Morgan's findings caused a firestorm in Japanese Studies academia. For explaining that the women became prostitutes of their own volition, both authors of this book found themselves "cancelled." In this book, the authors detail both the history of the comfort women and their own persecution by academic peers. Only in the West—and only through brutal stratagems of censorship and ostracism—has the myth of bayonet-point conscription survived.
