Vetsch, 2016-12-20 Most of us live in consensus trance - a state of consciousness produced by ideological blunting of our intellect through intensive manipulation (brainwashing), which forces us to accept false conception of reality. And the worst is that we very rarely know if the thoughts in our head are ours or have been skillfully suggested by someone or something else (e.g., subliminals hidden behind music, or flashed on a screen so fast that you don't consciously see them, or cleverly incorporated into a picture). In the entire history of man, no one has ever been brainwashed and realized, or believed, that he had been brainwashed. Conundrum, historian Aaron John Gulyas examines how the paranormal has intersected and influenced our culture in myriad ways, from the conspiracy beliefs of William Cooper and Exopolitics to the challenge that the stories of Gray Barker presented to our concept of self and time. He looks at the maelstrom of personalities, agendas, impressions, data, confusion, and contradictions that can be found in the world of the weird, and demonstrates how they have become an integral part of our lives, whether in the form of flying saucers, hauntings, religious revelations, psychic abilities, or dozens of other guises. Gulyas delves into the stories of the people who have attempted to create order out of the chaos. Along the way he recounts his own journey from enthusiastic believer in the shadow government and their underground bases to jaded academic skeptic, and then finally to someone who thinks there might just be something to the paranormal after all... but not what we have been led to expect or believe!

cathy o brien: Antichrist Osiris: the History of the Luciferian Conspiracy Chris Relitz, 2012-06-01 The Legends of many cultures claim that the world was once destroyed in a cataclysmic flood. Many cultures also claim that someday the world will again be destroyed in a similar fashion. In the Bible we are told that the disciples once asked Jesus if there would be a warning sign prior to this destructive event. He said that there would indeed a sign. Jesus said that whatever was happening in the Days of Noah will happen again before the end of this age. The Bible has only a few verses about Noah's Flood. So we are forced to turn to the ancient flood legends of over 350 other cultures to learn more about this prophecy. But Noah's days did not end with the flood, he lived for many years afterward. He saw the creation of a tower in Babylon. This is interesting because the Freemasons claim that their Order originated here. Here is the most thorough examination of Freemasonry ever undertaken, using their own texts, to solve the Days of Noah prophecy.

High profile members of some respectable Christian denominations, charity, character-building and other organizations are implicated in the practice of Satanism and cult religions. Satanism and cult religions have also infiltrated all areas of life; including world politics, economy, education, different cultures, laws and social orders. With various studied cases like the association of UNO with Lucis Trust which was once known as Lucifer Trust in 1923, results of research works prove that Satanism and cult religions are both strongholds that are used to subdue nations all over the world with exception of none. This book makes serious attempts to expose some of these strongholds, proving the facts that the official reports about missing people and the discoveries of mass graves of school children in many areas are all governments' efforts to cover up truths about human ritual sacrifices that are taking place everywhere in the world.

When she met her middle-aged bridegroom, Sam Bell, whose twin sons were older than she was, her sense of isolation only increased. Anthony, one of her so-called stepsons, also held out the strong hand of friendship, but Liam, the favourite of his father, had the power to terrify her. Liam was cold, compelling, mysterious and antagonistic. He was also a priest.

Zunehmend mehr Menschen verüben spirituelle Praktiken ohne zu wissen, auf was und worauf sie sich dabei wirklich einlassen. Der Autor beschreibt verschiedene Ausdrucksformen der Spiritualität, klärt die Hintergründe und Zielsetzungen dieser auf und macht deutlich, woran man erkennen kann, ob es sich dabei wirklich um heilsame oder um unheilvolle spirituelle Wege handelt, wann eine geistige Erweckung, wann und wodurch eine spirituelle Krise entsteht. Er belegt, wie die Herrscher des Kosmos, die Kosmokratores, Pseudoheilungen, -wunder, -erweckungen, -visionen, -reinkarnationserinnerungen, -erleuchtungen, -charismata (Siddhis), -weissagungen- -offenbarungen und -heilslehren bewirken, vermitteln, und dabei ganz andere Ziele verfolgen als vorgegeben. Bekanntlich werden Interessenten mit Halbwahrheiten geködert. Selbst als eine Magd in Philippi, eine Wahrsagerin, fromme Prophezeiungen gab und fromm redete, entlarvte Paulus den Geist in ihr (Apg. 16,16 f.). Der Autor zeigt das Gefährdungspotential religiös unterbauter Medialität und einer Instant-Spiritualität auf, während er gleichzeitig neue Glaubensgewissheiten schafft, die zu einer heilsamen Ehrfurcht vor dem Leben, vor dem Schöpfer, zu tiefem innerem Frieden führen.
