chimamanda adichie download: Underdevelopment and African Literature Sarah Brouillette, 2021-01-28 People looking for works in cities are immersed in English as the lingua franca of the mobile phone and the urban hustle - more effective instigations to reading than decades of work by traditional publishers and development agencies. The legal publishing industry campaigns to convince people to scorn pirates and plagiarists as a criminal underclass, and to instead purchase copyrighted, barcoded works that have the look of legitimacy about them. They work with development industry officials to 'foster literacy' - meaning to grow the legal book trade as a contributor to national economic health, and police what and how the newly literate read. But harried cash-strapped audiences will read what and how they can, often outside of formal economies, and are increasingly turning to mobile phone platforms that sell texts at a fraction of the price of legally printed books.

chimamanda adichie download: Translation and Circulation of Migration Literature Stephanie Schwerter, Katrina Brannon, 2022-07-22 In the field of Translation Studies no book-length work in English has yet been dedicated to the translation and circulation of migration literature. The authors of this volume seek to contribute to filling this gap through a detailed study of texts belonging to a variety of literary genres and engaging with the phenomenon of migration in different parts of the world. Not only will the challenges met by translators be discussed, but the different ways in which the translated texts travel from one cultural sphere to another will also be explored. The focus lies on the themes "migration and politics", "migration and society", as well as "the experience of migration in words, music and images".

chimamanda adichie download: Thomas Sankara Brian J. Peterson, 2021-03-02 Thomas Sankara: A Revolutionary in Cold War Africa offers the first complete biography in English of the dynamic revolutionary leader from Burkina Faso, Thomas Sankara. Coming to power in 1983, Sankara set his sights on combating social injustice, poverty, and corruption in his country, fighting for women's rights, direct forms of democracy, economic sovereignty, and environmental justice. Drawing on government archival sources and over a hundred interviews with Sankara's family members, friends, and closest revolutionary colleagues, Brian J. Peterson details Sankara's political career and rise to power, as well as his assassination at age 37 in 1987, in a plot led by his close friend Blaise Compaoré. Thomas Sankara: A Revolutionary in Cold War Africa offers a unique, critical appraisal of Sankara and explores why he generated such enthusiasm and hope in Burkina Faso and beyond, why he was such a polarizing figure, how his rivals seized power from him, and why T-shirts sporting his image still appear on the streets today.

chimamanda adichie download: The World Is Waiting for You Tara Grove, Isabel Ostrer, 2011-05-10 Inspiring commencement speeches from Wynton Marsalis, Toni Morrison, Gloria Steinem, and others: "The perfect gift for grads-to-be" (O, The Oprah Magazine). "The voices of conformity speak so loudly. Don't listen to them," acclaimed author and award-winning journalist Anna Quindlen cautioned graduates of Grinnell College. Jazz virtuoso and educator Wynton Marsalis advised new Connecticut College alums not to worry about being on time, but rather to be in time—because "time is actually your friend. He don't come back because he never goes away." And renowned physician and humanitarian Paul Farmer revealed at the University of Delaware his remarkable discovery—the new disease Empathy Deficit Disorder—and assured the commencers it could be cured. The prescient, fiery feminism of Gloria Steinem sits parallel to that of celebrated writer Ursula K. Le Guin, who asks, "What if I talked like a woman right here in public?" Nobel Prize-winning author Toni Morrison sagaciously ponders how people centuries from now will perceive our current times, and Pulitzer Prize-winning author Barbara Kingsolver asks those born into the Age of Irony to "imagine getting caught with your Optimism hanging out" and implores us always to act and speak the truth. With eighteen rousing graduation speeches, *The World Is Waiting for You* speaks to anyone who might take to heart the advice of Planned Parenthood president Cecile Richards—"life as an activist, troublemaker, or agitator is a tremendous option and one I highly recommend"—and is the perfect gift for all who are ready to move their tassels to the left.

chimamanda adichie download: In Search of the Afropolitan Eva Rask Knudsen, Ulla Rahbek,

2016-07-18 *In Search of the Afropolitan* explores human encounters and moments that speak to the challenges of being a 21st century African of the world. Against the background of an engaging evaluation of the heated debate on Afropolitanism and what constitutes an Afropolitan, the authors turn to literature and its intrinsic capacity for unfolding the human figure of the African as inherently complex and multidimensional. Through a detailed probing of the Afropolitan in literary narratives, the book enters into conversations about self-understanding and the signification of Africa in the contexts of global mobility. The book conceives of Afropolitanism as a flexible space of inquiry that curbs the inclination to set the definition of the 'ism' in stone. Instead, it attempts to distil, through close-up character analyses, a multifarious sense of what it means to be Afropolitan in the contemporary moment. In that sense, the encounters we come across in the literary narratives produce unexpected ontological negotiations on what it means to be African in the world today. As a special feature of *In Search of the Afropolitan*, the authors' conversations with prominent writers, thinkers, and critics provide a lively context for the ongoing debate on Afropolitanism and the Afropolitan.

chimamanda adichie download: Vernacular English Akshya Saxena, 2022-03-01 How English has become a language of the people in India—one that enables the state but also empowers protests against it Against a groundswell of critiques of global English, *Vernacular English* argues that literary studies are yet to confront the true political import of the English language in the world today. A comparative study of three centuries of English literature and media in India, this original and provocative book tells the story of English in India as a tale not of imperial coercion, but of a people's language in a postcolonial democracy. Focusing on experiences of hearing, touching, remembering, speaking, and seeing English, Akshya Saxena delves into a previously unexplored body of texts from English and Hindi literature, law, film, visual art, and public protests. She reveals little-known debates and practices that have shaped the meanings of English in India and the Anglophone world, including the overlooked history of the legislation of English in India. She also calls attention to how low castes and minority ethnic groups have routinely used this elite language to protest the Indian state. Challenging prevailing conceptions of English as a vernacular and global lingua franca, *Vernacular English* does nothing less than reimagine what a language is and the categories used to analyze it.

chimamanda adichie download: *Mediating Gender in African Social Media* Shepherd Mpofu, Kealeboga Aiseng, 2025-09-18 Through African case studies, this book explores how gender and sexuality are articulated on social media. While the representation of gender in mainstream media has been studied for many decades, this book fills a gap by focusing on social media platforms like Facebook, X, Instagram, and Tik Tok, and examining representation, commodification, and sexuality on these platforms. The contributors hold a mirror to society and reflect on the issues in our current world of empowerment, where sexuality and gender preferences are respected, and sexual rights are protected by constitutions in progressive democracies. Through their research, Shepherd Mpofu, Kealeboga Aiseng, and the contributors strive to alter the male gaze, commercial benefits of

commodification, and African culture as benefited and influenced by patriarchal societies.
