contemporary romance pdf: Trauma and Romance in Contemporary British Literature
Jean-Michel Ganteau, Susana Onega, 2013-01-17 Drawing on a variety of theoretical approaches including trauma theory, psychoanalysis, genre theory, narrative theory, theories of temporality, cultural theory, and ethics, this book breaks new ground in bringing together trauma and romance, two categories whose collaboration has never been addressed in such a systematic and in-depth way. The volume shows how romance strategies have become an essential component of trauma fiction in general and traumatic realism in particular. It brings to the fore the deconstructive powers of the darker type of romance and its adequacy to perform traumatic acting out and fragmentation. It also zooms in on the variations on the ghost story as medium for the evocation of trans-generational trauma, as well as on the therapeutic drive of romance that favors a narrative presentation of the working-through phase of trauma. Chapters explore various acceptations and extensions of psychic trauma, from the individual to the cultural, analyzing narrative texts that belong in various genres from the ghost story to the misery memoir to the graphic novel. The selection of primary sources allows for a review of leading contemporary British authors such as Peter Ackroyd, Martin Amis, Ian McEwan, Salman Rushdie, Graham Swift, Sarah Waters and Jeanette Winterson, and of those less

canonical such as Jackie Kay, Alan Moore and Dave Gibbons, Justine Picardie, Peter Roche and Adam Thorpe.

contemporary romance pdf: Postfeminism and Contemporary Vampire Romance Lea Gerhards, 2022-05-19 In this book, Lea Gerhards traces connections between three recent vampire romance series; the Twilight film series (2008-2012), The Vampire Diaries (2009-2017) and True Blood (2008-2014), exploring their tremendous discursive and ideological power in order to understand the cultural politics of these extremely popular texts. She uses contemporary vampire romance to examine postfeminist ideologies and discuss gender, sexuality, subjectivity, agency and the body. Discussing a range of conflicting meanings contained in the narratives, Gerhards critically looks genre's engagement with everyday sexism and violence against women, power relations in heterosexual relationships, sexual autonomy and pleasure, (self-) empowerment, and (self-) surveillance. She asks: Why are these genre texts so popular right now, what specific desires, issues and fears are addressed and negotiated by them, and what kinds of pleasures do they offer?

contemporary romance pdf: Masculinity in the Contemporary Romantic Comedy John Alberti, 2013-09-11 This volume addresses the growing obsolescence of traditional constructions of masculine identity in popular romantic comedies by proposing an approach that combines gender and genre theory to examine the ongoing radical reconstruction of gender roles in these films. Alberti creates a unified theory of gender role change in the movies that combines the insights of both poststructuralist gender and narrative genre theory, avoiding binary approaches to the study of gender representation. He establishes the current crises in both gender representation and genre development within romantic comedies as examples of experimentation and change towards narratives that feature more egalitarian and less essentialist constructions of gender.

contemporary romance pdf: The Ethics and Aesthetics of Vulnerability in Contemporary British Fiction Jean-Michel Ganteau, 2015-05-08 This book visits vulnerability in contemporary British fiction, considering vulnerability in its relation to poetics, politics, ethics, and trauma. Vulnerability and risk have become central issues in contemporary culture, and artistic productions have increasingly made it their responsibility to evoke various types of vulnerabilities, from individual fragilities to economic and political forms of precariousness and dispossession. Informed by trauma studies and the ethics of literature, this book addresses such issues by focusing on the literary evocations of vulnerability and analyzing various aspects of vulnerable form as represented and performed in British narratives, from contemporary classics by Peter Ackroyd, Pat Barker, Anne Enright, Ian McEwan, and Jeanette Winterson, to less canonical texts by Nina Allan, Jon McGregor, and N. Royle. Chapters on romance, elegy, the ghost story, and the state-of-the-nation novel draw on a variety of theoretical approaches from the fields of trauma studies, affect theory, the ethics of alterity, the ethics of care, and the ethics of vulnerability, among others. Showcasing how the contemporary novel is the privileged site of the expression and performance of vulnerability and vulnerable form, the volume broaches a poetics of vulnerability based on categories such as testimony, loss, unknowing, temporal disarray, and performance. On top of providing a book-length evocation of contemporary fictions of vulnerability and vulnerable form, this volume contributes significantly to considerations of the importance of Trauma Studies to Contemporary Literature.

contemporary romance pdf: Contemporary Italian Narrative and 1970s Terrorism David Ward, 2017-02-13 This book is about literary representations of the both left- and right-wing Italian terrorism of the 1970s by contemporary Italian authors. In offering detailed analyses of the many contemporary novels that have terrorism in either their foreground or background, it offers a "take" on postmodern narrative practices that is alternative to and more positive than the highly critical assessment of Italian postmodernism that has characterized some sectors of current Italian literary criticism. It explores how contemporary Italian writers have developed narrative strategies that enable them to represent the fraught experience of Italian terrorism in the 1970s. In its conclusions, the book suggests that to meet the challenge of representation posed by terrorism fiction rather than fact is the writer's best friend and most effective tool.

contemporary romance pdf: Adolescents in Contemporary Indonesia Lyn Parker, Pam Nilan, 2013-07-18 The youth demographic is a large and growing cohort in Indonesia, and adolescents embody the currents of social change. Throughout the twentieth century they were significant agents of social protest leading to social and political transformation. This book looks at the importance of adolescents in contemporary Indonesia, and how they are spearheading not just globalisation and a growing consumer youth culture, but also the Islamisation movement. The book explores both the inner worlds and social selves of Indonesian adolescents. It presents an in-depth knowledge of Indonesian society and culture in various parts of Indonesia, and discusses national patterns and trends. Grounded in two field sites, the book enables an analysis of young people's local ethnic and religious identities and their commitment to the Indonesian nation-state. It goes on to look at the physical age bracket of youth, the definitions used by the Indonesian state and other agencies, and the perceptions of youth themselves about adolescence and adulthood. Providing a comprehensive study of young people in contemporary Indonesia, the book addresses gender relations, the importance of education for youth and youth engagement with popular culture, and the moral issue concerning the sexual propriety of young people. It is a useful contribution for students and academics of Asian Studies, Sociology and Cultural Studies.

contemporary romance pdf: Representing Difference in the Medieval and Modern Orientalist Romance Amy Burge, 2017-02-14 This book, the first full-length cross-period comparison of medieval and modern literature, offers cutting edge research into the textual and cultural legacy of the Middle Ages: a significant and growing area of scholarship. At the juncture of literary, cultural and gender studies, and capitalizing on a renewed interest in popular western representations of the Islamic east, this book proffers innovative case studies on representations of cross-religious and cross-cultural romantic relationships in a selection of late medieval and twenty-first century Orientalist popular romances. Comparing the tropes, characterization and settings of these literary phenomena, and focusing on gender, religion, and ethnicity, the study exposes the historical roots of current romance representations of the east, advancing research in Orientalism, (neo)medievalism and medieval cultural studies. Fundamentally, *Representing Difference* invites a closer look at medieval and modern popular attitudes towards the east, as represented in romance, and the kinds of solutions proposed for its apparent problems.

contemporary romance pdf: Genre, Gender and the Effects of Neoliberalism Betty Kaklamanidou, 2013 The romantic comedy has long been regarded as an inferior film genre by critics and scholars alike, accused of maintaining a strict narrative formula which is considered superficial and highly predictable. Providing a rich understanding of the complexities and potential of the genre for understanding contemporary society, this work will be of interest to students and scholars of cultural & film studies, gender & politics and world politics in general.

contemporary romance pdf: Love to Learn Isabelle C. Hau, 2025-02-11 The most important aspect of early childhood in general and education in particular is the quality and care of the

relationships a child forms. Love to Learn shows how to build and develop these relationships -- and unlock every child's true potential. Early relationships are the key to healthy brain development, resilience, and lifelong flourishing. Children need to be loved, to be valued, to interact, and to be listened to. When children have the space and time to play and explore through nurturing positive relationships, then children learn. But loving relationships are precisely what so many children are missing, and modern factors are making it more difficult for children to build these necessary bonds. Kids are growing up in smaller families with fewer siblings, and in more single-parent households. They have fewer adult family friends and mentors. They have less contact with grand-parents and grand-adults. They spend 60% less time with friends than children did a decade ago. They play outside less—half the time spent by their parent's generation. They find themselves increasingly immersed in solitary realms of screens, a modern sanctuary where parents seek refuge as well. Many kids are so overscheduled they have less time to build friendships Love to Learn offers a vision for a future where learning is relational, and love is a literacy. It is a provocative paradigm shift, from child-centered education to relationship-centered learning. It weaves in stories of perseverance, empathy, creativity, and showcases innovations anchored in the latest neuroscience and technology advance – all driven by the desire to unlock the inherent human potential in any child. This hope-filled book seeks to change how we raise our children, how we run early learning environments, and how we construct care-full communities. It aims to inspire and engage readers, catalyze new solutions, and in doing so, change our understanding of childhood itself.

contemporary romance pdf: Kriminalität und Künstliche Intelligenz Robert Diedrich Ulrich Lippitz, 2024-12-19 Künstliche Intelligenz führt zunehmend zu gesamtgesellschaftlichen Veränderungen, die unweigerlich auch kriminelle Handlungsweisen umfassen. Ein vergleichsweise neues Phänomen ist dabei die Nutzung von Deep Learning Software zur Erstellung authentisch wirkender, aber gefälschter, digitaler Inhalte – sog. Deepfakes. Diese bieten neben legitimen Anwendungsbereichen auch Möglichkeiten zur Optimierung vorhandener und Innovation neuer Modi Operandi, welche insbesondere Betrugsdelikte, Meinungsbeeinflussung und die Erstellung pornografischer Inhalte umfassen. Diese Ausarbeitung verfolgt das Ziel, ein tiefgreifendes Verständnis des Phänomens Deepfakes zu vermitteln, relevante Herausforderungen zu identifizieren und potenzielle Lösungsansätze aufzuzeigen. Die Studie kombiniert eine Literaturanalyse aus deutschsprachigen und angloamerikanischen Publikationen mit semistrukturierten Interviews mit Personen, die über praxisnahe Expertise verfügen. Anhand der empirischen Untersuchung konnte festgestellt werden, dass ein fundamentaler Bedarf an Aufklärung und Bildung besteht, um die gesellschaftliche Resilienz gegenüber den Herausforderungen von Deepfakes zu stärken.

contemporary romance pdf: *Current Controversies in Philosophy of Religion* Paul Draper, 2019-04-17 While orthodox religion by its very nature is conservative, philosophy at its best is inherently radical. It challenges authority, tradition, and the whole idea of dogma. For this reason, philosophy of religion can be explosively controversial. It is bound to disturb those who peddle incontrovertible truth and fascinate those who seek spiritual truth and are willing to follow the argument wherever it leads. This volume is designed for such seekers. It brings together an international team of leading philosophers of religion to explore and debate radical new ideas about religion, God, and ultimate reality. Four related questions are addressed: How might religion make progress? Is life after death a real possibility? Must a perfect God be motivated by our well-being? What alternatives are there to traditional theism and materialist atheism? The book begins with a vision for the field of philosophy of religion and ends with a capstone chapter that touches on all of the topics debated in the other chapters. The addition of chapter overviews, annotated suggestions for further reading, and annotated guides to three additional controversies make it an ideal textbook in addition to being an important source for scholars and seekers of all kinds.
