Understanding Civic Studies and Its Importance

Civic studies is a multidisciplinary field that focuses on the rights, responsibilities, and roles of citizens within a society. It encompasses the study of government, politics, history, law, and social issues, all with the aim of fostering informed and active participation in civic life. In today's rapidly changing world, civic studies helps individuals understand their place within their communities and the wider global context. Civic education is crucial for building responsible citizens who can engage in democratic processes, understand societal challenges, and contribute positively to society. With the growing emphasis on social responsibility and global citizenship, civic studies is more relevant than ever.

The Rise of Civic Studies Ebook in Modern Education

Digital transformation has revolutionized the way educational content is delivered and consumed. The civic studies ebook has emerged as a powerful tool, providing interactive and accessible learning experiences for students across different educational levels. Ebooks offer flexibility, allowing learners to access materials from any device at any time. As schools and universities increasingly integrate technology into their curricula, the demand for comprehensive civic studies ebooks has surged. These resources are not only cost-effective but also eco-friendly, supporting sustainable learning initiatives and reducing reliance on printed textbooks.

Key Topics Covered in a Civic Studies Ebook

A well-structured civic studies ebook covers a wide array of topics essential for understanding civic life and responsibilities. The content is designed to cater to various educational standards and age groups, making it a versatile resource for both teachers and students.

Core Concepts in Civic Studies

Every civic studies ebook includes foundational concepts that form the backbone of civic education. These topics help readers develop a comprehensive understanding of how societies are organized and governed.

- Principles of Democracy and Governance
- Citizenship: Rights and Responsibilities
- Structure and Functions of Government
- Rule of Law and Justice
- Civic Participation and Community Engagement
- Human Rights and Social Justice
- Global Citizenship and International Relations

Historical and Contemporary Issues

An effective civic studies ebook delves into both historical events and current issues that shape societies. It provides context for understanding contemporary challenges and debates in civic life, including:

- Major Historical Movements
- Social and Political Change
- Current Events and Policy Debates
- Case Studies of Civic Engagement

Benefits of Using a Civic Studies Ebook

Utilizing a civic studies ebook brings numerous advantages for learners, educators, and institutions. The digital format not only enhances accessibility but also enriches the learning experience through interactive features and up-to-date content.

Accessibility and Convenience

Civic studies ebooks are accessible from multiple devices such as laptops, tablets, and smartphones. This flexibility allows students to learn anytime and anywhere, removing barriers related to physical textbooks. Learners can easily search for specific topics, bookmark important sections, and highlight key information, making study sessions more efficient.

Interactive and Engaging Content

Modern civic studies ebooks often include interactive elements like quizzes, discussion prompts, infographics, and multimedia materials. These features cater to different learning styles, making complex topics easier to grasp and retain. Interactive content also fosters greater engagement and encourages critical thinking.

Cost-Effectiveness and Sustainability

Digital resources are generally more affordable than print textbooks, making civic studies ebooks a budget-friendly choice for students and schools. Additionally, they contribute to environmental sustainability by reducing paper usage and the carbon footprint associated with book production and distribution.

Features to Look for in a Quality Civic Studies Ebook

Selecting the right civic studies ebook is crucial for maximizing learning outcomes. A high-quality ebook should offer comprehensive coverage, user-friendly navigation, and features that support diverse learning needs.

- **Comprehensive Content:** Covers all major topics required by educational standards and curricula.
- **Up-to-Date Information:** Includes the latest developments, laws, and case studies relevant to civic studies.
- **Interactive Elements:** Provides quizzes, videos, and other multimedia features for enhanced engagement.
- **Search and Navigation Tools:** Easy to browse, search, and access specific sections or topics quickly.
- **Accessibility Features:** Supports text-to-speech, adjustable font sizes, and other accommodations for diverse learners.
- **Supplementary Resources:** Includes glossaries, study guides, and practice questions for deeper understanding.

How to Effectively Use a Civic Studies Ebook

To fully benefit from a civic studies ebook, both students and educators should adopt strategies that optimize digital learning. Proper use can enhance comprehension, retention, and application of civic knowledge.

For Students

Students should approach their civic studies ebook as an interactive and dynamic resource. Regular reading, note-taking, and engagement with built-in quizzes and activities are key to mastering the material. Organizing study sessions, setting goals, and participating in discussions further reinforce learning.

For Educators

Educators can leverage civic studies ebooks to design interactive lessons, assign digital activities, and foster collaborative learning environments. Using ebook analytics can help track student progress and identify areas needing additional support.

Choosing the Right Civic Studies Ebook

With a wide range of civic studies ebooks available, selecting the best one requires careful consideration. Factors such as alignment with curriculum, credibility of authors, and user reviews should guide the decision-making process.

- Ensure content matches educational standards and learning objectives.
- Check for regular updates and current event coverage.
- Review author credentials and publisher reputation.
- Look for trial versions or sample chapters.
- Read user feedback and expert reviews.

The Future of Civic Education and Ebooks

As technology continues to evolve, civic studies ebooks are expected to become even more interactive and personalized. Integration with artificial intelligence, adaptive learning platforms, and real-time updates will further enhance their value. The shift toward digital resources is likely to make civic education more accessible and effective for learners worldwide, helping to build a more informed and engaged society.

Q: What is a civic studies ebook?

A: A civic studies ebook is a digital educational resource that covers topics related to citizenship, government, law, rights, responsibilities, and civic engagement. It is designed to help students and educators explore civic concepts through interactive and easily accessible content.

Q: Why are civic studies ebooks important for students?

A: Civic studies ebooks provide students with convenient access to up-to-date information and interactive learning tools. They support the development of critical thinking, civic awareness, and active participation in society, which are essential skills for responsible citizenship.

Q: What topics are usually included in a civic studies ebook?

A: Typical topics found in a civic studies ebook include democracy, government structures, citizenship rights and responsibilities, the rule of law, human rights, civic participation, and contemporary social and political issues.

Q: How can educators use civic studies ebooks in the classroom?

A: Educators can incorporate civic studies ebooks into lesson plans, assign digital activities, facilitate group discussions, and track student progress using built-in assessment tools. Ebooks also provide supplementary materials like glossaries and practice questions.

Q: Are civic studies ebooks suitable for self-study?

A: Yes, civic studies ebooks are ideal for self-study due to their flexible format, interactive features, and comprehensive coverage. Learners can progress at their own pace and revisit topics as needed.

Q: What are the advantages of using a civic studies ebook over a printed textbook?

A: Advantages include portability, lower cost, instant updates, interactive elements, and accessibility from multiple devices. Ebooks are also environmentally friendly compared to printed textbooks.

Q: How often are civic studies ebooks updated?

A: Many civic studies ebooks are updated regularly to reflect the latest developments in law, government, and society. The frequency of updates depends on the publisher and the subject matter.

Q: What accessibility features should a civic studies ebook offer?

A: Key accessibility features include adjustable font sizes, text-to-speech functionality, high-contrast modes, and compatibility with assistive technologies to support diverse learners.

civic studies ebook: *Handbook of Research on Learning Outcomes and Opportunities in the Digital Age* Wang, Viktor, 2015-12-22 Education and learning opportunities bring about the potential for individual and national advancement. As learners move away from traditional scholarly media and toward technology-based education, students gain an advantage with technology in learning about their world and how to interact with modern society. The Handbook of Research on Learning Outcomes and Opportunities in the Digital Age provides expert research relating to recent technological advancements, technology and learning assessments, and the effects of technology on learning environments, making it a crucial reference source for researchers, scholars, and professors in various fields.

civic studies ebook: Proceedings of the International Joint Conference on Arts and Humanities 2023 (IJCAH 2023) Ali Mustofa, Ima Widiyanah, Binar K. Prahani, Imami A. T. Rahayu, Moh. Mudzakkir, Cicilia D. M. Putri, 2023-12-18 This is an open access book. Welcome to the International Joint Conference on Arts and Humanities 2023 held by State University of Surabaya. This joint conference features four international conferences: the International Conference on Education Innovation (ICEI) 2023, the International Conference on Cultural Studies and Applied Linguistics (ICCSAL) 2023, the International Conference on Research and Academic Community Services (ICRACOS) 2023, and the International Conference of Social Science and Law (ICSSL) 2023. It encourages dissemination of ideas in arts and humanity and provides a forum for intellectuals from all over the world to discuss and present their research findings on the research area. This conference was held in Surabaya, East Java, Indonesia on August 26th, 2023 - September 10th, 2023.

civic studies ebook: Proceedings of the 9th Global Conference on Business, Management and Entrepreneurship (GCBME 2024) Ratih Hurriyati, Sulastri Sulastri, Lisnawati Lisnawati, Lili Adi Wibowo, 2025-09-26 This is an open access book. The 9th UPI Global Conference on Business, Management and Entrepreneurship (UPI GCBME 2024) will be held on August 07, 2024 in Bandung, Indonesia. The aim of UPI GCBME 2024 is to provide a platform for educators, researchers, artists, scholars, managers, graduate students and entrepreneurs from different cultural backgrounds to present and discuss researches, developments and innovations in the fields

of Business Management and Entrepreneurship. It provides opportunities for the delegates to exchange new ideas and implementation experiences, to establish business or research connections and to find global partners for future collaboration.

civic studies ebook: Gaming for Classroom-Based Learning: Digital Role Playing as a Motivator of Study Baek, Young Kyun, 2010-05-31 As part of an international dialogue between researchers in educational technology, this title investigates where games can motivate students to learn and improve their knowledge and skills.

civic studies ebook: Handbook of Research on Media Literacy in the Digital Age Yildiz, Melda N., Keengwe, Jared, 2015-12-02 With the current ubiquity of technological tools and digital media, having the skillset necessary to use and understand digital media is essential. Integrating media literacy into modern day education can cultivate a stronger relationship between technology, educators, as well as students. The Handbook of Research on Media Literacy in the Digital Age presents key research in the field of digital media literacy with a specific emphasis on the need for pre-service and in-service educators to become familiar and comfortable with the current digital tools and applications that are an essential part of youth culture. Presenting pedagogical strategies as well as practical research and applications of digital media in various aspects of culture, society, and education, this publication is an ideal reference source for researchers, educators, graduate-level students, and media specialists.

civic studies ebook: Handbook of Research on Innovative Digital Practices to Engage Learners Bull, Prince Hycy, Keengwe, Jared, 2019-06-28 Digital integration is the driving force of teaching and learning at all levels of education. As more non-traditional students seek credentialing, certification, and degrees, institutions continue to push the boundaries of innovative practices to meet the needs of diverse students. Programs and faculty have moved from merely using technology and learning management systems to unique and innovative ways to engage learners. The Handbook of Research on Innovative Digital Practices to Engage Learners is an essential scholarly publication that offers theoretical frameworks, delivery models, current guidelines, and digital design techniques for integrating technological advancements in education contexts to enforce student engagement and positive student outcomes. Featuring a wide range of topics such as gamification, wearable technologies, and distance education, this book is ideal for teachers, curriculum developers, instructional designers, principals, deans, administrators, researchers, academicians, education professionals, and students.

civic studies ebook: Emergence of Social Media: Shaping the Digital Discourse of the Next Generation Swati Agarwal, Dr. Sharmila Kayal, Dr. Sayak Pal, Dr. Syed Tabrez Hassan, Ms. Ann Mercy J, Dr. Brindhadevi C, Dr. Samuel Okechukwu Omeje, Buik Oparaugo, Mary Onyedikachi Chukwuka, MD. Julker Naim, Dr. Jannatul Ferdaous, Ibnat Sahira Alam, Dr. Amina Abdelhadi, Pousali Bhar, Mouma Chatterjee, Dr. Alpana Vaidya, Shinjan Ghosh, Neha Sewa, Edith Oghenechovwe Otuya-Asohro, Dr. Jaganath. R, Sneha Bhattacharjee, Kanai Sarkar, Dr. Abdul Awal, Debolina Bordoloi, Sagartirtha Chakraborty, Bidisha Kashyap, Akpan Udo Usiere, Bright Udo, Roopam Paul, Vishal Rathod, Shrutidhara Kalita, Gaurav Rai, Moumita De Das, Dr. Komal Ahuja, Doyel Dutta, Dhairya Sarswat, Tran Minh Chien, Disha, Payodhi Daschaudhuri, Debopriya Ghatak, Togaru Reshma Sri, Sai Sukeerthi Yarlagaada, Manas Kumar Yogi, Dr. Banani Kundu, Tuan Anh Chau, Shonima Malhotra, Ahana Roy, Dr. Rommani Sen Shitak, Sneha Bhowmick, Merlin Bijo Abraham, Dr. Nitesh Tripathi, Dimple Badlani, Shahadat Swadhin, Minhaj Aman, 2024-11-01 In the fast-paced and interconnected world, communication has undergone a transformative evolution particularly due to advent of social media. Social media platforms have become the heart of global interaction and is reshaping the way we connect, share, and engage with one another. At its core, social media is a dynamic and expansive virtual landscape that transcends geographical boundaries, enabling individuals, communities, and businesses to communicate instantaneously. In the realm of communication, social media serves as a multifaceted tool that not only facilitates the exchange of ideas, information, and emotions but also cultivates a sense of virtual community. The platforms act as digital arenas where diverse voices converge, breaking down traditional barriers and fostering a

rich tapestry of conversations. From personal anecdotes to global discussions, social media platforms provide a stage for the collective expression of thoughts, opinions, and experiences. As we delve into the intricate dynamics of social media and communication, it becomes evident that these platforms are not merely technological innovations but powerful conduits that mirror the evolving nature of human interaction. In this digital age, social media stands as a testament to the boundless potential of communication, providing a dynamic space where ideas flourish, relationships blossom, and the world becomes a more interconnected global village. The book delves into the multifaceted impact of social media, digital transformation, and modern technologies on society. Key research themes include the influence of social media on consumer behavior, marketing strategies, and digital banking. The studies explore AI's role in social media, its benefits, and potential for misuse. The mental health challenges, particularly among adolescents and celebrities, are also addressed, alongside the importance of digital literacy. Other significant topics include the role of social media in political engagement, education, human rights, and the evolution of digital identities. The chapters highlight both the opportunities and challenges posed by social media.

civic studies ebook: *The Routledge Handbook of Media Education Futures Post-Pandemic*
Yonty Friesem, Usha Raman, Igor Kanižaj, Grace Y. Choi, 2022-09-13 This handbook showcases how educators and practitioners around the world adapted their routine media pedagogies to meet the challenges of the COVID-19 pandemic, which often led to significant social, economic, and cultural hardships. Combining an innovative mix of traditional chapters, autoethnography, case studies, and dialogue within an intercultural framework, the handbook focuses on the future of media education and provides a deeper understanding of the challenges and affordances of media education as we move forward. Topics range from fighting disinformation, how vulnerable communities coped with disadvantages using media, transforming educational TV or YouTube to reach larger audiences, supporting students' wellbeing through various online strategies, examining early childhood, parents, and media mentoring using digital tools, reflecting on educators' intersectionality on video platforms, youth-produced media to fight injustice, teaching remotely and providing low-tech solutions to address the digital divide, search for solutions collaboratively using social media, and many more. Offering a unique and broad multicultural perspective on how we can learn from the challenges of addressing varied pedagogical issues that have arisen in the context of the pandemic, this handbook will allow researchers, educators, practitioners, institution leaders, and graduate students to explore how media education evolved during 2020 and 2021, and how these experiences can shape the future direction of media education.

civic studies ebook: *Deconstructing the Education-Industrial Complex in the Digital Age*
Loveless, Douglas, Sullivan, Pamela, Dredger, Katie, Burns, Jim, 2017-01-10 Developments in the education field are affected by numerous, and often conflicting, social, cultural, and economic factors. With the increasing corporatization of education, teaching and learning paradigms are continuously altered. *Deconstructing the Education-Industrial Complex in the Digital Age* is an authoritative reference source for the latest scholarly research on the shifting structure of school models in response to technological advances and corporate presence in educational contexts. Highlighting a comprehensive range of pertinent topics, such as teacher education, digital literacy, and neoliberalism, this book is ideally designed for educators, professionals, graduate students, researchers, and academics interested in the implications of the education-industrial complex.

civic studies ebook: *Handbook of Research on the Societal Impact of Digital Media*
Guzzetti, Barbara, Lesley, Mellinee, 2015-08-27 The evolution of digital media has enhanced global perspectives in all facets of communication, greatly increasing the range, scope, and accessibility of shared information. Due to the tremendously broad-reaching influence of digital media, its impact on learning, behavior, and social interaction has become a widely discussed topic of study, synthesizing the research of academic scholars, community educators, and developers of civic programs. The *Handbook of Research on the Societal Impact of Digital Media* is an authoritative reference source for recent developments in the dynamic field of digital media. This timely publication provides an overview of technological developments in digital media and their myriad applications to literacy,

education, and social settings. With its extensive coverage of issues related to digital media use, this handbook is an essential aid for students, instructors, school administrators, and education policymakers who hope to increase and optimize classroom incorporation of digital media. This innovative publication features current empirical studies and theoretical frameworks addressing a variety of topics including chapters on instant messaging, podcasts, video sharing, cell phone and tablet applications, e-discussion lists, e-zines, e-books, e-textiles, virtual worlds, social networking, cyberbullying, and the ethical issues associated with these new technologies.

civic studies ebook: *Country Digital Education Ecosystems and Governance A Companion to Digital Education Outlook 2023* OECD, 2023-12-13 This report, linked with the Digital Education Outlook 2023, provides an overview of 29 countries' (or jurisdictions') digital education ecosystem and governance.

civic studies ebook: *Handbook of Digital Resources in Mathematics Education* Birgit Pepin, Ghislaine Gueudet, Jeffrey Choppin, 2024-06-21 This handbook presents the state-of-the art scholarship on theoretical frames, mathematical content, learning environments, pedagogic practices, teacher professional learning, and policy issues related to the development and use of digital resources in mathematics education. With the advent of more and more open access digital resources, teachers choose from the web what they see fit for their classroom; students choose 'in the moment' what they need for their projects and learning paths. However, educators and students often find it difficult to choose from the abundance of materials on offer, as they are uncertain about their quality and beneficial use. It is clear that at a time of bouleversement of the teaching-learning processes, it is crucial to understand the quality and the (potentially) transformative aspects of digital resources. This book provides comprehensive analyses of and insights into the transformative aspects of digital resources.

civic studies ebook: Digital citizenship education Council of Europe, 2020-05-28 For information on competences required, training activities and assessment tools for education for democratic citizenship The Council of Europe has been protecting children's digital rights, and fostering opportunities for children's educational and cultural development in the digital environment for over a quarter of a century. Most recently it has focused on actions designed to empower children as "active digital citizens", building on the Council of Europe framework of competences for democratic culture. The Reference framework aims to prepare citizens for "living together as equals in culturally diverse democratic societies". In 2016, the Steering Committee for Educational Policy and Practice of the Council of Europe launched a new intergovernmental project, Digital Citizenship Education. The aim of the project is to help reshape the role education plays in enabling children and young people to acquire the competences they need to participate actively and responsibly in democratic society as digital citizens, both online and offline. This present publication is the work of the following members of the Digital Citizenship Education expert group: Pascale Raulin-Serrier (France), Alessandro Soriani (Italy), Olena Styslavska (Poland), Vitor Tomé (Portugal) and was edited by Ted Huddleston (United Kingdom).

civic studies ebook: *Handbook of Digital Politics* Stephen Coleman, Lone Sorensen, 2023-11-03 This thoroughly revised second edition Handbook examines the latest knowledge and perspectives on digital politics. Leading scholars explore the expansion of digital technologies, channels and styles as it shapes political dynamics.

civic studies ebook: *Handbook of Research on Promoting Global Citizenship Education* Keengwe, Jared, 2022-02-18 A global citizen is an individual who believes in a public responsibility for their local community to grow and interconnect amongst the world's diverse people and things. Global citizenship education is a fast-moving process that continues to intertwine communities all over the world. As we move toward a more global world, the improvement in education, health, poverty rates, and standard of living should come with it. This global world must be a place where people are aware of what is going on and can have an impact as well. The Handbook of Research on Promoting Global Citizenship Education explores various ways to empower educators to design and implement a curriculum that incorporates global citizen education. Covering a range of topics such

as global issues and academic migration, this major reference work is ideal for academicians, industry professionals, policymakers, researchers, scholars, instructors, and students.

civic studies ebook: *Handbook of Research on Positive Scholarship for Global K-20 Education* Wang, Viktor, 2018-03-02 In the twenty-first century, learning and the definition of education is changing. New digital, online, and social tools have the ability to transform the classroom and engage learners like never before. In the midst of this technological revolution, it is crucial for educators and administrators to be able to gauge the impact of digital tools on learners in a variety of settings. The Handbook of Research on Positive Scholarship for Global K-20 Education is a critical scholarly resource that examines the collaboration of education and technology within disciplinary fields. Featuring coverage on a broad range of topics, such as experiential education, improvisational learning, and andragogy, this publication is geared towards academicians, practitioners, and researchers seeking current research on all areas of education and e-learning.

civic studies ebook: ICSST 2021 Jarnawi Afgani , Bambang Afriadi, Imam Sudarmaji, Dadang Saefuloh, Robbi Rahim , 2022-07-02 The 1st International Conference on Social, Science, and Technology (ICSST) 2021 was organized by Universitas Islam Syekh Yusuf Tangerang. This conference was held on November 25, 2021, in Tangerang, Indonesia. ICSST provides a platform for lecturers, teachers, researchers, and practitioners to share their insights and perspectives related to the theme Transformation of Science and Culture during the Pandemic Era and Afterwards. From the theme above, the detailed sub-theme of the conference was formulated to cover the general theme of education, science, social, and technology. The selected paper presented are then documented in this proceeding book entitled The Proceedings of the 1st International Conference on Social, Science, and Technology, ICSST 2021. This proceeding is expected to provide an insightful perspective and point of view in developing the innovation for overcoming future challenges and obstacles in the field of education, social, science, and technology during the pandemic era and afterward. The success of the conference till the compilation of the articles in this book is definitely the result of the effort of people who contribute and work wholeheartedly. We sincerely appreciate the Steering Committee, Keynote Speakers, Organizing Committee Team, and Participants for their contributions to the conference. Finally, we hope that The Proceeding of 1st ICSST 2021- Universitas Islam Syekh Yusuf Tangerang, Indonesia will be useful for all participants and readers to present the innovative novel in the future. See you all in the next ICSST.

civic studies ebook: Information and Digital Literacies Lesley S.J. Farmer, 2015-10-08 Information and Digital Literacies: A Curricular Guide for Middle and High School Librarians is a practical guide to help school librarians design and deliver effective instruction that addresses the knowledge, skills and dispositions of information and digital literacies. This curricular guide from one of America's foremost experts in this area will help librarians prepare students for college and careers. It provides systematic instruction about conducting research and using integration as stated in the Common Core, complying with state and federal mandates for digital safety/competence curriculum, and recognizing the instructional role of school librarians. It should be noted that "canned" programs, particularly for digital safety exist, but they are not aligned with other school standards, and they do not reflect the unique communities of learners, let alone address the need to collaboration and articulation. The ready-to-implement curricular guide features: instructional design strategies, model middle and high school curriculum, including a scope-and-sequence, stand-alone courses, units of instruction, and sample learning activities, and ties to new AASL and ACRL information literacy standards, ISTE technology standards, 21st Century Partnership framework, and Common Core State Standards.

civic studies ebook: Democracy 2.0 Paul R. Carr, Michael Hoechsmann, Gina Thésée, 2018-07-17 Participatory media 2.0 have shifted the terrain of public life. We are all—individually and collectively—able to produce and circulate media to a potentially limitless audience, and we are all, at minimum, arbiters of knowledge and information through the choices—or clicks—we make when online. In this new environment of two-way and multidimensional media flow, digital communication tools, platforms and spaces offer enormous potential for the cultivation, development

and circulation of diverse and counter-hegemonic perspectives. It has also provoked a crisis of communication between oppositional “echo chambers.” Democracy requires a functioning, critically-engaged and literate populace, one that can participate in, cultivate and shape, in meaningful and critical ways, the discourses and forms of the society in which it exists. Education for democracy, therefore, requires not only political literacy but also media and digital literacies, given the ubiquity and immersiveness of Media 2.0 in our lives. In Democracy 2.0, we feature a series of evocative, international case studies that document the impact of alternative and community use of media, in general, and Web 2.0 in particular. The aim is to foster critical reflection on social realities, developing the context for coalition-building in support of social change and social justice. The chapters herein examine activist uses of social and visual media within a broad and critical frame, underpinning the potential of alternative and DIY (Do It Yourself) media to impact and help forge community relationships, to foster engagement in the civic and social life of citizens across the globe and, ultimately, to support thicker forms of democratic participation, engagement and conscientization, beyond electoralist, representative, normative democracy.

civic studies ebook: Digital Inclusion Simeon Yates, Elinor Carmi, 2024-03-28 This collection presents policy and research that addresses digital inequalities, access, and skills, from multiple international perspectives. With a special focus on the impact of the COVID-19, the collection is based on the 2021 Digital Inclusion, Policy and Research Conference, with chapters from both academia and civic organizations. The COVID-19 pandemic has changed citizens’ relationship with digital technologies for the foreseeable future. Many people’s main channels of communication were transferred to digital services, platforms, and apps. Everything ‘went online’: our families, friends, partners, health, work, news, politics, culture, arts and protesting. Yet access to digital technologies remained highly unequal. This brought digital inclusion policy and research to the fore, highlighting to policymakers and the public the ‘hidden’ challenges and impacts of digital exclusion and inequalities. The cutting-edge volume offers research findings and policy case studies that explore digital inclusion from the provision of basic access to digital, via education and digital literacy, and on to issues of gender and technology. Case studies are drawn from varied sources including the UK, Australia, South America, and Eastern Europe, providing a valuable resource in the pursuit of social equity and justice. This is an open access book.
