download people lie pdf: *The Routledge International Handbook of Online Deviance* Roderick S. Graham, Stephan G. Humer, Claire Seungeun Lee, Veronika Nagy, 2024-09-16 Covering a wide range of different online platforms, including social media sites and chatrooms, this volume is a comprehensive exploration of the current state of sociological and criminological scholarship focused on online deviance. Understanding deviance broadly, the handbook acknowledges both an objective normative approach and a subjective, reactivist approach to the topic, putting into sharp relief the distinctions between cybercrime and online deviance on the one hand, and wider concerns of online communities related to online deviance on the other. Divided into five sections, the first section is devoted primarily to scholarship about the theories and methods foundational to exploring online deviance. The second section, "Gender, Sex, and Sexuality", presents empirical research on expressions of gender, sex, and sexuality in online spaces considered deviant. The third section, "Violence and Aggression," highlights scholarship on types of violent communications such as hate speech and cyberstalking. The fourth section, "Communities and Culture," describes empirical research on online communities and networks that can be described as deviant by wider society. Lastly, the fifth section, "Regional Perspectives," highlights research in which a terrestrial location is impactful to the online phenomena studied. Providing a window into future scholarship over the next several years and acknowledging the ephemeral nature of research on digital technology, The Routledge International Handbook on Online Deviance is essential reading for students and scholars of Criminology and Sociology focused on deviant online behaviour. It will also appeal to those working in related areas within Internet/Digital Studies, Media/Communication Studies, Psychology, and Cybersecurity.

download people lie pdf: *Covid Compensation* Lawrence Wolfe-Xavier, 2023-05-25 The world was quietly going about its normal business when late in 2019 the entire global world of 195 countries, even China, was turned completely on its head by a fake virus and a fake pandemic. However, the world was not to know at the time, and for the most part still does not know; until the publication of this book, that the entire chapter and verse of the virus paradigm called SarsCov2, and its ensuing ailment Covid19 and its pandemic were all total lies and fake. Lies and fake propagated by hidden persons and their nominated puppets in mostly unelected, globalist organisations beyond the reach of sovereign states: WHO, WEF, UN, World Bank etc who in reality control the world. Consequently, in early 2020 and the following months through to 2021 there was a world-wide 'nightmare' that no one seemed to fully understand or indeed understand at all. This nightmare was known variously as Coronavirus Sars-Cov2 and Covid19. Coronaviruses can cause mild disease similar to a common cold. Sars-Cov2 - severe acute respiratory syndrome coronavirus 2 was claimed to be a novel (new) coronavirus and the illness Covid19, was supposedly caused by Sars-Cov2. Mass Induced Dystopian Nightmare The dystopian nightmare had only just begun and was to last almost two full years - 2020-2022. Horrible images appeared from China (not the most democratic country in the world) then from Italy and other countries until world-wide. Preposterous projections of not to happen global deaths based on very flawed computer models were bandied about to an unknowing mass of a very frightened and unfortunately deliberately ill-informed global population. Global mass media fanned the flames morning, day, and night for many months on end. Inappropriate quarantine measures were globally, in lockstep, imposed that restricted human movement to an inhuman level that people were not permitted to see their loved ones when their loved ones were dying in hospitals and care homes! The world was a surreal, dystopian horror story - police vans patrolling the street at night, complete lockdown and no one allowed outside except for one hours walk per day, no gatherings greater than six, empty streets, closed and boarded shops, empty parks, and empty beaches. Draconian civil rights restrictions were imposed. The Global economic and social life the world over were about to fall into total collapse. On what data were these extreme measures taken? Was the world really under such a massive threat that we had to close down global capitalism for 2 years? Had the benefits of these very severe measures been adequately assessed against the damage that they would also no doubt cause to the global economy and to individual person's lives throughout the world? No, they had not. They were simply imposed globally without recourse to any open debate or serious risk analysis. Medico-Totalitarianism strode the world like a Great Dictator with all debate and opposition silenced by the baying mob of puppet Mainstream Media. Until the publication of this book - COVID COMPENSATION - SHOCKING TRUTH REVEALED by the finest independent scientific, medical, and legal minds in the world.

download people lie pdf: **Entnazifizierung.** Dr. Andrej Poleev, 2024-11-10 Der Bedarf, nahezu alle einzelne Schriftstücke, die ich im Laufe der Jahre zu einem einzigen Zweck verfasste und veröffentlichte, in einem Buch zu vereinen, erklärt sich durch die Aktualität dieses Zwecks,

nämlich, die Entnazifizierung von Deutschland. Bisherige Versuche, diesem Zweck gerecht zu werden, sind an ihren Widersprüchen gescheitert, weil sie die Wurzeln des Übels in der Ideologie des Nazismus, in der NSDAP und in anderen politischen Organisationen des 3. Reiches zu erkennen glaubten, aber den Boden, an dem sie gewachsen sind, für gut und geeignet für einen Neuanfang hielten. Daß diese Annahme falsch war, erkennt man einerseits an der Geschichte der BRD, die zu einem 4. Reich gewachsen ist, dessen Realitäten mit denen seines Vorgängers zum Verwechseln ähnlich sind, andererseits an der Geschichte anderer Ländern wie z.B. USA, in die sie zahlreich eingewandert sind und sie politisch unterwanderten. Charakteristisch in diesem Sinne, daß die Deutschen den Mauerfall und den Jahrestag der Pogromnacht am gleichen Tag feiern, wobei beide Ereignisse sehr zueinander passen. Die Deutschen sind eine Pogromnation seit ihres Auftretens auf der historischen Bühne, und eines ihrer ersten Pogrome veranstalteten sie am 24. August 410, am Tag, an dem sie die Hauptstadt des Altrömischen Reiches plünderten. Im weiteren Verlauf ihrer Geschichte prügeln und plünderten sie ununterbrochen weiter, und tun das auf die gleiche Weise bis heute. Den Schaden, den sie im 20. Jahrhundert verursachten, haben sie immer noch nicht beglichen, und offensichtlich bereuen sie das Getane in keiner Weise, was meine eigene Erfahrungen zeigen. Ich dokumentierte einige ausgewählte Fälle in meinen anderen Büchern, die ich jetzt mit meinem neuen Buch ergänze. Diesmal geht es um mehr als nur die Verbrecher und die von ihnen begangenen Verbrechen anzuklagen. Jedes Strafgericht endet mit der Verurteilung der Angeklagten, und die Urteile müssen anschließend in die Taten umgesetzt werden. Wie diese Taten aussehen werden, hängt ganz davon ab, wie die Verurteilten die Urteile rezipieren, weil im Angesicht der Schwere begangener Verbrechen und dementsprechend harten Urteilen müssen sie entweder um die Gnade bitten sowie ihre bisherige Vorgehensweise überdenken und verwerfen, oder sie müssen gnadenlos bestraft werden, damit das Recht ein Recht bleibt.

It is great! Get your copy.—PRESIDENT DONALD J. TRUMP “I could not be a bigger fan...David Horowitz has been telling the truth for decades, in a way that almost nobody else has been willing to.”—PETE HEGSETH “Nothing less than a handbook for the salvation of the United States of America.”—DENNIS PRAGER “Exposes the outrages perpetrated by the Biden Administration and the Democratic Left.”—DINESH D’SOUZA “An ominous warning about what the future may hold if the present course is not reversed. Don’t miss it.”—PETER SCHWEIZER Democrats have conducted a sustained assault on the spirit of compromise that binds the union together and set the nation on the path to a one-party state. Final Battle exposes the real threat that Democrats pose to freedom. The rise of socialism and critical race theory, coupled with threats to the Electoral College and Senate, an independent judiciary, and the integrity of the electoral system, now threaten to destroy the traditions that bring Americans together — the heart of our democracy. Attacks on these quintessentially American customs codified by the Founding Fathers undermine the possibility of bipartisan solutions to common problems like viral pandemics and civil disorders. Americans now speak in different and antagonistic political languages, and the two parties are so polarized that the American way of life itself is at risk. In his devastating exposé of the Democrats’ nefarious goals, New York Times bestselling author David Horowitz reveals the hallmarks of their strategies, including: The double standard in justice: Antifa and BLM versus January 6 Citizenship as disposable: granting noncitizens privileges like voting, welfare, and healthcare So-called “cancel

culture" and collusion in the defamation of conservative voices "Empires and states rise and fall while everybody is watching. Although the watchers may be surprised when the actual collapse occurs, with the hindsight provided by the end itself, everybody can see how it fell." Read Final Battle before it's too late!

What becomes of its exclusive economic zone, the basis for its fishing rights? What obligations do other nations have to take in the displaced populations, and what are these peoples' rights and legal status once they arrive? Should there be a new international agreement on climate-displaced populations? Do these nations and their citizens have any legal recourse for compensation? Are there any courts that will hear their claims, and based on what theories? Leading legal scholars from around the world address these novel questions and propose answers.

download people lie pdf: The Mirage of Dignity on the Highways of Human 'Progress' Lukman Harees, 2012-01-16 The Modern Man is hypocritically boasting of unprecedented material progress in a world , where ,inter-alia millions daily go to bed hungry, die or get killed through unwanted wars and preventable causes, live in inhumane conditions , vulnerable being exploited , with ever widening inequality , and might still ruling over right in international relations, even in the post UDHR era! an indictment on the collective conscience of mankind. Besides, the flame of materialism has been devouring time tested moral values, causing chaos within the basic unit in society- the family and relegating Man and his dignity to the level of animals and even manipulating his identity. Therefore questions arise: Is Moral law fading ; are political/economic systems and institutions like UN failing in realizing the lofty goal of affording due dignity , basic rights and social justice humanity deserves? Can the bystanders be mere onlookers anymore? This book seeks to dispassionately survey the yawning gap between the rhetoric and the ground reality in bringing about dignity and social justice for humanity from bystanders perspective in the light of these questions and underlines the imperative need for moral progress to go hand in hand to make Man assume his due role as the trustee on earth. It also exhorts bystanders to close ranks as human-dignity champions, rights defenders, identity protectors- against onslaughts from power hungry politicians, mighty powers and vested interests. This is the need of the times and what our future progeny demands.

download people lie pdf: With Inky Blots and Rotten Parchment Ian Hopton, 2022-07-21 I believe that in the near future, the issue of taxation will become more widely discussed at all levels of government and this will include the possibility of a land value tax (LVT). At the same time, the majority of ordinary taxpayers, who may be otherwise very well informed, have probably never heard of it. This book is therefore an educational book aimed at filling this gap in our knowledge. It is aimed at those people who have no particular knowledge of economics or taxation but who wish to know what LVT is and how it works. The book is based on the information and data that I have collected over many years for my website: <https://landvaluetaxguide.com> The contemporary formulation of LVT owes its origin in the publication, in 1879, of *Progress and Poverty* by the American economic philosopher, Henry George. His book gave rise to a worldwide movement that reached its peak with reformist governments in the first decade of the 20th century. LVT thereafter became overshadowed by the preference of governments for the income tax and also by the organised opposition of vested interests, who saw it as a threat to their source of unearned income. But, in recent years, many economists, academics and politicians have begun to see the failures of the current neoclassical/neoliberal economic system and are seriously reconsidering LVT as an alternative. For a list of LVT supporters over recent years refer to: <https://landvaluetaxguide.com/category/supporters/> The book comprises an introduction, thirteen chapters and three appendices with supplementary information. References are collected in several pages of endnotes and the text is fully indexed. I present the case for taxation in general as a 'good' not the 'necessary evil' that many people appear to believe. But it has to be accepted that there are good and bad taxes - measured in accordance with the degree of benefit or harm they may give rise to in their application. This book is an explanation of why LVT may be seen as a beneficial tax. I suggest that we would better understand taxes if we viewed them more as contributions towards the proper functioning of society. In the explanation I make use of diagrams, which take the reader step
