downloadable autobiography books: *Downloading the Poetic Self* Frederic Will, 2018-04-18 This volume presents an autobiography of one writer's existence in poetry, the tracks left by a clumsy bear taming himself in public; it is also a forum in which to act out and discover oneself. It will serve to light fires, the can-do drive others can surpass, finding in themselves language as daring as their lives, and more daring than the author's. It endeavours to allow every reader of this text to leave it feeling better, more able to do things by him- or herself, and more convinced that poetry is essential to a good life. The text itself is the eighth title in the 10-volume series *Inside Selfhood and History*.

downloadable autobiography books: *Social Smarts Strategies That Earn Free Book Publicity* Anne Hart, 2006-03 Empathy and social smarts help you earn free book publicity by connecting you with key people, media, schools, and the publications of nonprofit agencies. As a writer, you can promote your own book and earn free book publicity by connecting key people, media, and nonprofits' newsletters with schools. Social intelligence used in book promotion is like a three-ring circus. Use empathy, that is people smarts, as a catalyst to bring together schools, nonprofit agencies, and authors. Observe, simplify, and offer commitment as charisma. Query editors of nonprofit publications. These nonprofit agencies often publish high-circulation newsletters and sometimes also publish sizable, glossy magazines. Some produce videos or documentaries. To connect with the nonprofit agencies' editors, use your social intelligence skills to make connections in the nonprofit agencies' public relations and communications departments. Join public relations

societies, national associations, and help out the nonprofit agencies or organizations of your choice focusing on what gets published in their magazines or newsletters. If you want to earn free publicity for your book, supply these editors with facts, findings, and trends. Bring the nonprofits in contact with schools. When you talk to school assemblies or classrooms, relate your book topic to any specific work or project done by a nonprofit association for whom you could write an article for that association's newsletter or glossy magazine. Use social intelligence to connect to people. What you need to earn free publicity is self-awareness and an understanding of how the main topic of your book influences your own behavior and how others perceive your behavior.

downloadable autobiography books: The Biographical Turn Hans Renders, Binne de Haan, Jonne Harmsma, 2016-09-13 The Biographical Turn showcases the latest research through which the field of biography is being explored. Fifteen leading scholars in the field present the biographical perspective as a scholarly research methodology, investigating the consequences of this bottom-up approach and illuminating its value for different disciplines. While biography has been on the rise in academia since the 1980s, this volume highlights the theoretical implications of the biographical turn that is changing the humanities. Chapters cover subjects such as gender, religion, race, new media and microhistory, presenting biography as a research methodology suited not only for historians but also for explorations in areas including literature studies, sociology, economics and politics. By emphasizing agency, the use of primary sources and the critical analysis of context and historiography, this book demonstrates how biography can function as a scholarly methodology for a wide range of topics and fields of research. International in scope, The Biographical Turn emphasizes that the individual can have a lasting impact on the past and that lives that are now forgotten can be as important for the historical narrative as the biographies of kings and presidents. It is a valuable resource for all students of biography, history and historical theory.

downloadable autobiography books: Ethno-Playography Anne Hart, 2007-07-27 Here's how to write salable plays, skits, monologues, or docu-dramas from life experiences, social issues, or

current events. Write plays/skits using the technique of ethno-playography which incorporates traditions, folklore, and ethnography into dramatizing real events. The sample play and monologues portray events as social issues. One true life example for a skit is the scene in the sample play written from first-person point-of-view about a 1964 five-minute train interlude when a male passenger commands the protagonist not to cross between cars while the train is in motion. The passenger stands between the cars next to his wife who says timorously, Let her go, dear, after the wife notices the young protagonist wears a wedding ring. The protagonist tells him she's pregnant, returning from the john, and needs to get back to her family. Instead, he squeezes her head in a vise-like grip, crushing her between his knee and the wall of the train. He kicks at the base of her spine, yelling stereotypical ethnic epithets while passengers ignore events. After the sample play and three monologues for performance, you will have learned how to write ethnographic dialogue and select appropriate scene settings. Also included are e-interviews with popular fiction writers.

downloadable autobiography books: Nano-(Bio)Catalysis in Lignocellulosic Biomass Valorization Rafael Luque, Christophe Len, Konstantinos Triantafyllidis, 2019-03-01 The valorization of lignocellulosic biomass, in the form of forest and agricultural wastes, industrial processing side-streams, and dedicated energy crops, toward chemicals, fuels and added-value products has become a major research area with increasing exploitation potential. The efficient and tailored depolymerization of biomass or its primary structural components (hemicellulose, cellulose, and lignin) to platform chemicals, i.e., sugars, phenolics, furans, ketones, organic acids, etc. is highly dependent on the development of novel or modified chemo- and bio-catalytic processes that take into account the peculiarities and recalcitrance of biomass as feedstock, compared for example to petroleum fractions. The present Research Topic in Frontiers in Chemistry, Section of Green and Sustainable Chemistry, entitled "Nano-(bio)catalysis in lignocellulosic biomass valorization" aims to further contribute to the momentum of research and development in the (bio)catalytic conversion of biomass, by featuring original research papers as well as two review papers, authored and reviewed by experts in the field. The Research Topic addresses various representative reactions and processes in biomass valorization, highlighting the importance of developing novel, efficient and stable nano-(bio)catalysts with tailored properties according to the nature of the reactant/feedstock and the targeted products.

downloadable autobiography books: How to Start, Teach, & Franchise a Creative Genealogy Writing Class or Club Anne Hart, 2008-06-12 It's easy to start, teach, and franchise a creative genealogy writing club, class, or publication. Start by looking at the descriptions of each business and outline a plan for how your group operates. Flesh out each category with your additional research pertaining to your local area and your resources. Your goal always is to solve problems and get measurable results or find accurate records and resources. Or research personal history and DNA-driven genealogy interpretation reporting. You can make keepsake albums/scrapbooks, put video online or on disc, and create multimedia text and image with sound productions or work with

researching records in archives, oral history, or living legacies and time capsules. A living legacy is a celebration of life as it is now. A time capsule contains projects and products, items, records, and research you want given to future generations such as genograms of medical record family history, family newsletters, or genealogy documents, diaries, photos, and video transcribed as text or oral history for future generations without current technology to play the video discs. Or start and plan a family and/or school reunion project or franchise, business or event. Another alternative is the genealogy-related play or skit, life story, or memoir.
