dolcemodz fashion: Dress Code Mari Grinde Arntzen, 2015-02-15 As Oscar Wilde once wrote, "Fashion is a form of ugliness so absolutely unbearable that we have to alter it every six months." And yet it serves to make us beautiful, or at least make us feel beautiful. In this book, Mari Grinde Arntzen asks how and why this is—how can fashion simultaneously attract us to its glamour and repel us with its superficiality and how being called "fashionable" can be at once a compliment and an insult. Arntzen guides us through the major figures and brands of today's fashion industry, showing how they shape us and in turn why we love to be shaped by them. She examines both

everyday, affordable “fast fashion” brands, as well as the luxury market, to show how fashion commands a powerful influence on every socioeconomic level of our society. Stepping into our closets with us, she thinks about what happens when we get dressed: why fashion can make us feel powerful, beautiful, and original at the same time that it forces us into conformity. Stripping off the layers of the world’s fifth largest industry, garment by garment, she holds fashion up as a phenomenon, business, and art, exploring the questions it forces us to ask about the body, image, celebrity, and self-obsession. Ultimately, Arntzen asks the most direct question: what is fashion? How has it taken such a powerful hold on the world, forever propelling us toward its concepts of beauty?

American fashion museum Museo de la Moda meet in this undeniably stylish volume that celebrates iconic vintage fashion moments throughout history. The Museo de la Moda, founded in 1999, opened in 2007, and directed by Chile's first textile industry scion Jorge Yarur Bascuñán, is one of the world's most important but least-known museums of its kind, housing exquisite garments from nineteenth-century Dolman shawls to twenty-first-century sequin dresses by Balmain. Edited by Kate Moss with text contributions from fashion curator Lydia Kamitsis, this volume features a stylish selection of one hundred archival pieces from the museum, each charting different fashion trends that have inspired Moss's personal sartorial style. Organized by fashion theme, from 1920s opera coats to 1960s Swinging London designs, but also including iconic pieces of pop culture, such as Marilyn Monroe's black dresses and Jimi Hendrix's Indian tunics, each chapter showcases new images of the museum garments as selected by Moss, accompanied by interesting anecdotes and street-style photography documenting Moss wearing that particular fashion trend. This is a chic volume that will appeal to Moss's global following and readers passionate about style, fashion history, design, and culture.
