don juan adventures: Cinema of Swords Lawrence Ellsworth, 2023-06-15 Cinema of Swords is a history, guide, and love letter to over four hundred movies and television shows featuring swashbucklers: knights, pirates, samurai, Vikings, gladiators, outlaw heroes like Zorro and Robin Hood, and anyone else who lives by the blade and solves their problems with the point of a sword. Though swordplay thrives as a mainstay of current pop culture—whether Game of Thrones or Lord of the Rings or Star Wars—swashbuckling was if anything even more ubiquitous during Hollywood's classic period, from its foundations in the Silent Era up through the savage bursts of fantasy films in the '80s. With this huge cinematic backlist of classics now available online and on-demand, Cinema of Swords traces the roots and branches of this unruly genre, highlighting classics of the form and pointing fans toward thrilling new gems they never knew existed. With wry summaries and criticism from swordplay expert Lawrence Ellsworth, this comprehensive guidebook is perfect as a reference work or as a dazzling Hollywood history to be read end-to-end.

don juan adventures: *Richard Strauss* Bryan Gilliam, 1997 As we approach the fiftieth anniversary of Richard Strauss's death, scholarly interest in the composer continues to grow. Despite what was once a tendency by musicologists to overlook or deny Strauss's importance, these essays firmly place the German composer in the musical mainstream and situate him among the most influential composers of the late nineteenth and early twentieth centuries. Originally published in 1992, this volume examines Strauss's life and work from a number of approaches and during various periods of his long career, opening up unique corridors of insight into a crucial time in German history. Contributors discuss Strauss as a young composer steeped in a conservative instrumental tradition, as a brash young modernist tone poet of the 1890s, as an important composer of twentieth-century German opera, and as a cultural icon manipulated by the national socialists during the 1930s and early 1940s. Individual essays use Strauss's creative work as a framework for larger musicological questions such as the tension between narrative and structure in program music, the problem of extended tonality at the turn of the century, stylistic choice versus stylistic obligation, and conflicting perspectives of progressive versus conservative music. This collection will interest Strauss scholars, musicologists, and those interested in the artistic and cultural life of Germany from 1880 through the Second World War. Contributors. Kofi Agawu, Günter Brosche, Bryan Gilliam, Stephen Hefling, James A. Hepokoski, Timothy L. Jackson, Michael Kennedy, Lewis Lockwood, Barbara A. Peterson, Pamela Potter, Reinhold Schlötterer, R. don juan adventures: The Encyclopedia of Best Films Jay Robert Nash, 2019-10-23 This

all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three- to five-star entries (three stars=good; four stars=excellent; five stars=masterpiece), and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre (i.e. animated, drama, sports, mystery, adventure etc.) as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.

don juan adventures: The British Adventure Hero Leo Hall, 2025-07-26 This book explores the construction of the fin-de-siècle adventure hero: set against a romanticised vision of the past and a nostalgic ideal of gentlemanliness, but also forward-looking in terms of forging a future for Britain through the imperialist dream. The British Adventure Hero offers a unique focus on how the adventure hero's masculinity is shaped by Victorian industrial, technological, and scientific developments, which influenced concepts of national identity both psychologically and physiologically. Central to exploring the relationship between the adventure hero and industrialisation are the original illustrations that were printed with the stories in periodicals and the first illustrated editions. This approach to studying the partnership between both text and illustrations demonstrates that the adventure story is a paradox: an outcome of invention, scientific, technological and industrial progress, yet also a supposed escape from nineteenth-century industrial modernity. The book traces this context through analysis of Robert Louis Stevenson's *Treasure Island* (1883), Arthur Conan Doyle's *The Lost World* (1912), Jules Verne's *Around the World in Eighty Days* (1873), and Edgar Rice Burroughs's *Tarzan of the Apes* (1912). Significantly, the book also examines how these authors' perspectives on the idealised English identities of their heroes are informed by their Scottish, French, and American nationalities.

don juan adventures: Swordsmen of the Screen Jeffrey Richards, 2014-03-26 This fascinating study of the genre of swashbuckling films received wide critical acclaim when it was first published in 1977. Jeffrey Richards assesses the contributions to the genre of directors, designers and fencing masters, as well as of the stars themselves, and devotes several chapters to the principal subjects if the swashbucklers - pirates, highwaymen, cavaliers and knights. The result is to recall, however fleetingly, the golden days of the silver screen. Reviews of the original edition: 'An intelligent, scholarly, well-written account of adventure films, this work is sensitive both to cinema history and to the literary origins of the swashbuckler....Essential for any library with books on film, it may very well be the definitive book on its subject.' - Library Journal

don juan adventures: Errol Flynn Robert Florczak, 2022-02-28 Though there have been myriad books on Errol Flynn - scores of biographies, film studies, analyses, etc. - there has never been one that unfurls his dashing life day-by-day, predominantly through photos, letters, news clippings, and documents. This book does so: from Flynn's birth in Hobart, Australia in 1909 through to his death in Vancouver, Canada in 1959. Culled from over 11,000 images in the author's personal collection (many rarely or never before published), from the author's own travels around the world to photograph locations key to Flynn's life, and with text gathered from four years research in the Warner Bros. Archives, the USC Cinematic Arts Library, and the Margaret Herrick Library, the proposed volume would be a 8 1/2 x 11" coffee table book with a projected length of 240 pages. Among other popular day-by-day pictorial biographies are those of Frank Sinatra, Marilyn Monroe, Judy Garland, Ernest Hemingway, Elvis Presley, The Beatles, and Eric Clapton. Flynn's colorful life was lived out on the world stage and a better candidate for a book of this style would be hard to find.

Fenimore Cooper by Thomas R. Lounsbury James Fenimore Cooper by Mary E. Phillips James Fenimore Cooper (1789-1851) was a prolific and popular American writer of the early 19th century. His historical romances of frontier and Indian life in the early American days created a unique form of American literature. Before embarking on his career as a writer, Cooper served in the U.S. Navy, which greatly influenced many of his novels. The novel that launched his career was *The Spy*, tale of espionage in Revolutionary War. He also wrote numerous sea stories, and his best-known works are five historical novels of the frontier period known as the Leatherstocking Tales. Among his most famous works is the Romantic novel *The Last of the Mohicans*.

don juan adventures: Reading Public Romanticism Paul Magnuson, 2014-07-14 Reading Public Romanticism is a significant new example of the linking of esthetics and historical criticism. Here Paul Magnuson locates Romantic poetry within a public discourse that combines politics and esthetics, nationalism and domesticity, sexuality and morality, law and legitimacy. Building on his well-regarded previous work, Magnuson practices a methodology of close historical reading by identifying precise versions of poems, reading their rhetoric of allusion and quotation in the contexts of their original publication, and describing their public genres, such as the letter. He studies the author's public signature or motto, the forms and significance of address used in poems, and the resonances of poetic language and tropes in the public debates. According to Magnuson, reading locations means reading the writing that surrounds a poem, the paratext or frame of the esthetic boundary. In their particular locations in the public discourse, romantic poems are illocutionary speech acts that take a stand on public issues and legitimate their authors both as public characters and as writers. He traces the public significance of canonical poems commonly considered as lyrics with little explicit social or political commentary, including Wordsworth's *Immortality Ode*; Coleridge's *This Lime-Tree Bower My Prison*, *Frost at Midnight*, and *The Ancient Mariner*; and Keats's *On a Grecian Urn*. He also positions Byron's *Dedication to Don Juan* in the debates over Southey's laureateship and claims for poetic authority and legitimacy. *Reading Public Romanticism* is a thoughtful and revealing work. Originally published in 1998.
