desi story online: Access, Equity and Engagement in Online Learning in TESOL Ida Fatimawati Adi Badiozaman, Jonathan Newton, Hugh John Leong, 2024-10-17 This volume explores difficulties facing TESOL education's transition to online learning in the Global South and Southeast Asia/Asia Pacific region, highlighting innovations of educators in engaging learners, thereby exploring the key

themes of access, engagement, and equity in the field. Discussing themes such as academic burnout, cultural competence, and emotional regulation strategies in challenging educational contexts, this novel volume gives voice to field experiences encountered in countries such as Malaysia, Indonesia, Oman, Vietnam, China, and Iran. Chapters demonstrate how a lack of access to reliable internet connectivity and a shortage of digital devices, especially in rural areas, compound limited opportunities for students already facing educational inequalities, presenting the innovative and creative ways English educators are responding to these situations. Across interviews and qualitative studies, the book demonstrates that issues surrounding engagement with, access to, and equity within, the remote and online educational context are wider and longer lasting than the recent pandemic period itself and are at the forefront of challenges facing these regions today. Highlighting English educators' resilience, perseverance, and creativity in challenging circumstances, the book will be of interest to researchers, scholars, and postgraduate students in open and distance education, eLearning, bilingualism/ESL, and distribution of technology in educational settings.

desi story online: *The Last Words of James Joyce* Jim Broderick, 2023-06-20 A disgruntled Community College professor who loves literature but loathes his students. A homicide detective who takes her inspiration from Patti Smith's punk period. A cult of Christian zealots who livestream actual crucifixions. And a writer of porn movies whose career does not have a happy ending. All of them connected by a lost manuscript written by one of the twentieth century's greatest writers. (That is, if it exists.) At the heart of this multi-faceted narrative is Lucia Joyce, James Joyce's daughter and muse, a brilliant and visionary woman whose life remained shadowed by the specter of madness. Was she the recipient of her father's last masterwork? Where are the letters that would tell her story? Would she have shared his final work if she had ever been released from the mental institution where she languished her entire adult life? *The Last Words of James Joyce* is a modern-day literary treasure hunt, feverishly churning through the worlds of social media, academic conferences, sanitariums, porn movie sets and late-night diners, with a cast of characters who'd be right at home in the most wild Joycean fantasy, all drawn by the prospect of the literary find of the century: an unpublished work by the master modernist and literary icon himself. Both playful and profound, this modern quixotic adventure explores the life of a neglected and heroic woman and her legacy as the keeper of strange and dark secrets, and the scramble for fame, fortune, and infamy that her silence spawned. But as this novel reminds us, some voices simply can't be stilled — not by time, death, or deceit — and what we think are lost words sometimes turn out instead to be last words.

desi story online: *The Indian Hospitality Industry* Sandeep Munjal, Sudhanshu Bhushan, 2017-08-30 India has been in transition for the last two decades, moving from a mixed economy toward a market economy model, and the Indian hospitality industry is metamorphosing into a mature industry. It is time that the story of the Indian hospitality industry is told. *The Indian Hospitality Industry: Dynamics and Future Trends* tells that story, one defined by the industry's push for growth in revenues and the struggle to match the revenue growth with profitability. The volume includes a selection of insightful chapters that offer research into the multiple dimensions of the Indian hospitality industry. The book covers many segments of the hospitality sector, including hotels, events and catering businesses, and restaurants and coffee shops, both domestic and small mom-and-pop businesses as well as international chains. The opening chapters set the tone for providing an overarching perspective on the status of the industry in terms of the macroeconomic variables and how they may have impacted the health of hospitality businesses in India. The book then goes on to explore a wide variety of issues. The editors and chapter authors are either practitioners themselves or researchers, looking at both domestic and international hospitality business in India and a wide variety of economic factors. The information divulged here will be important for stakeholders, which includes domestic and international hospitality professionals, business leaders, investors, and those in governmental positions, especially in the tourism ministry. The volume informs on the issues and challenges that the hospitality industry in India is up

against. The book looks at the dilemma of an industry that responded to the demand growth promise by ramping up supply, only to find that the investments made were received by an actual growth that was way shy of forecasts and left investors with unexpected losses on their profit & loss statements and bloodied balance sheets.

desi story online: *Indian Popular Fiction* Gitanjali Chawla, Sangeeta Mittal, 2021-10-14 This anthology explores and validates the nuances of Indian popular fiction which has hitherto been hounded by its ubiquitous 'commercial' success. It uncovers popular in its socio-political and cultural contexts. Furthermore, it investigates the vitality embedded in theory and praxis of popular forms and their insurrections in mutants and new age oeuvres and looks to examine the symbiotic bonds between the reader and the author, as the latter articulates and perpetuates the needs of the former whose demands need continual fulfilment. This constant metamorphosis of the popular fueled by neoliberalism and postmodernity along with the shifts in the publishing industry to more democratic 'reader' driven genres is taken up here along with the millennial's fetish for romance, humanized mythical retellings and the evergreen whodunnits. As its natural soulmates, the anthology delves into the interstices of Indian Popular with desi (local) traditions, folk lore, community consciousness and nation building. Please note: This title is co-published with Aakar Books, New Delhi. Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.

desi story online: *Driven by Destiny* Desi Daasi, 2013-09-18 Two civilizations confront each other on the banks of the River Indus in 7th century India. Their world views could not be more different. One is an ancient civilization with many esoteric rituals and beliefs that have evolved over thousands of years. The other is less than hundred years old with a singular belief in the supremacy of its one true God. One has a glorious past but an uncertain future. The other's future is filled with promise and opportunities. One is polytheistic, and extols pluralism. The other is ardently monotheistic and insists on submission to the one true faith. These world views are irreconcilable and in the 7th century there is only one way to harmonize such disparate viewpoints. War. War is ugly. It is costly. It destroys people's humanity and wrecks vengeance on the innocent. Yet it is also a crucible for change and provides an opportunity for a fresh start. Under its intense pressure a piece of coal can turn into a diamond. The result of this war, will forever alter the history of this subcontinent and inexorably change the lives of two people. On one side of this conflict is a beautiful princess. Her grace, charm, beauty and kindness make her the darling of her kingdom. Her innocent demeanor and spirit of service bring warmth to her subjects hearts. Every prince in the surrounding kingdoms has dreamed of winning her hand in marriage. Yet she has a dark past and pursues an improbable dream. She yearns for a certain kind of soul mate, one who has been foretold to complete her spiritually, a strong dominant stranger who will release her dormant submissiveness so she may fulfill her destiny. She has waited patiently for four years and prayed everyday for him. Riding on the wings of this calamitous war a stranger approaches. Will he fulfill the princess's destiny? Or will he be an usurper who rapes and pillages his way into the forgotten pages of history. Can he temper his dominance with justice and compassion or will power corrupt him completely? Will he see the humanity of the other or are they just pawns in his game of domination. Will history recognize him as The Protector or despise him as The Annihilator?

desi story online: Bunk Kevin Young, 2017-11-14 Longlisted for the National Book Award for Nonfiction "There Kevin Young goes again, giving us books we greatly need, cleverly disguised as books we merely want. Unexpectedly essential."—Marlon James Award-winning poet and critic Kevin Young tours us through a rogue's gallery of hoaxers, plagiarists, forgers, and fakers—from the humbug of P. T. Barnum and Edgar Allan Poe to the unrepentant bunk of JT LeRoy and Donald J. Trump. Bunk traces the history of the hoax as a peculiarly American phenomenon, examining what motivates hucksters and makes the rest of us so gullible. Disturbingly, Young finds that fakery is woven from stereotype and suspicion, race being the most insidious American hoax of all. He chronicles how Barnum came to fame by displaying figures like Joice Heth, a black woman whom he pretended was the 161-year-old nursemaid to George Washington, and What Is It?, an African American man Barnum professed was a newly discovered missing link in evolution. Bunk then turns to the hoaxing of history and the ways that forgers, plagiarists, and journalistic fakers invent backstories and falsehoods to sell us lies about themselves and about the world in our own time, from pretend Native Americans Grey Owl and Nasdijj to the deadly imposture of Clark Rockefeller, from the made-up memoirs of James Frey to the identity theft of Rachel Dolezal. In this brilliant and timely work, Young asks what it means to live in a post-factual world of "truthiness" where everything is up for interpretation and everyone is subject to a pervasive cynicism that damages our ideas of reality, fact, and art.

Steckman, 2020-12-02 This book offers comparative insights into the challenges and opportunities surrounding emerging technology and the internet as it is used and perceived throughout the world, providing students with cross-cultural and cross-national perspectives. This volume examines issues pertaining to the internet and technology, including access and censorship, alternative energy technologies, artificial intelligence, autonomous robots, cyberbullying, cybercrime, e-learning, GMOs, online

privacy, and virtual and augmented reality. For each topic, the volume features eight country-level perspectives that span the world to allow for comparisons of different nations' specific approaches to the technology or issue. desi story online: Digital Peripheries Petr Szczepanik, Pavel Zahrádka, Jakub Macek, Paul Stepan, 2020-05-15 This is an open access book. Media industry research and EU policymaking are predominantly tailored to large (and, in the latter case, Western) European markets. This open access book addresses the specific qualities of smaller media markets, highlighting their vulnerability to global digital competition and outlining survival strategies for them. New online distribution models and new trends in the consumption of audiovisual content are limited by, and pose new challenges for, existing audiovisual business models and their legal framework in the EU. The European Commission's Digital Single Market (DSM) strategy, which was intended e.g. to remove obstacles to the cross-border distribution of audiovisual content, has triggered a heated debate on the transformation of the existing ecosystem for European screen industries. While most current discussions focus on the United States, Western Europe, and the multinational giants, this book approaches these industry trends and policy questions from the perspective of relatively small and peripheral (in terms of their population, language, cross-border cultural flows, and financial and/or symbolic capital) media markets.

desi story online: The Dragon's Voice Bunty Avieson, 2015-04-01 This is a fascinating account of ancient culture colliding with modern media. Tucked between Tibet and India in the Himalayas, the kingdom of Bhutan is one of the most isolated and beautiful countries in the world. In *The Dragon's Voice*, Australian journalist Bunty Avieson provides a glimpse of life beyond the country's

exotic exterior. As a consultant to local newspaper Bhutan Observer, she admires the paper's strong social conscience, but finds her expectations challenged in a country where spirituality and personal happiness are prioritized over work. Avieson also witnesses the tensions that arise as a Buddhist kingdom makes the transition to democracy. The courtship ritual of night-hunting and the nation's first public demonstration become controversial news items, while journalists must overcome traditional social hierarchies to keep politicians accountable. With a unique blend of memoir and reportage, *The Dragon's Voice* is both a deeply personal story and a vivid portrait of a nation on the cusp of revolutionary change.

desi story online: *Art and Cultural Production in the Gulf Cooperation Council* Suzi Mirgani, 2019-10-23 State-driven investments in art and cultural production in the states of the Gulf Cooperation Council (GCC) are an important part of the search for longer-term alternatives to the longer-term unsustainability of the hydrocarbon-based economic development model. They also are an element in the search for soft power and status, and intersect with the nation-building project. The long-term planned--and unplanned--effects of such cultural initiatives include a necessary opening up to a future of unexpected and often undesired cultural encounters, whether in the classroom, the art gallery, the sports stadium, or the labor office. As states driven by a desire to raise both their regional and international status, but needing to satisfy their domestic conservative constituencies, their greatest test will be their judicious negotiating of the conflicting sociocultural elements of an increasingly globalized world. This volume offers a comprehensive multi-disciplinary analysis of this complex arena and the state of art and cultural production in these Gulf societies, through original studies on identity formation and an emerging museology; the aesthetics of censorship; the question of authenticity; cultural projects as state-driven soft power efforts; the phenomenon of public art; and artistic engagements with migrant labor communities. The chapters originally published as a special issue in the *Journal of Arabian Studies*.
