Thirteen contributions were compiled in this volume relating to the first theme, while seven contributions were chosen to represent the second. The first part of the contributions illustrates that musical instruments have a long and regionally intertwined history. Often it is hard to say who invented a specific type first as well as to answer if musical instruments were used symbolically or supported in any way supported regional cultural aspects, or what feature of musical instruments had the strongest impact on local developments. The last seven contributions deal with various phenomena such as banquet music, ritual music and food offerings, instrumental ambience music, and festivals.

easy ukulele spiritual songs: *Traditional Tunes and Lived Religion in the Protestant Church on the Central Moluccas, Indonesia* Jip Lensink, 2025-10-01 In the southeast of Indonesia, on the Moluccas, theologians are developing contextual theologies for the Moluccan Protestant church. The Moluccas were colonized by the Dutch for more than three centuries. As an effort of religious decolonization, Moluccan theologians aim to better connect Christianity with the cultural realities of congregants. This book is about the contextualization of church music. Christian Izaak Tamaela proposed and instigated the transposition of Moluccan traditional music to the Moluccan Protestant church. In the book, the author asks how traditional music, as framed within contextual Moluccan theology, is interrelated with lived religion. Vivid descriptions of liturgical practices, music traditions, and personal encounters map the entanglements between Moluccan culture, Moluccan Protestantism, and Moluccan music. The author traces the theological idea of traditional church music to lived religious practices and attitudes among ministers, musicians, and congregants. The resonances and dissonances of this process show the continuous transformation of Moluccan

traditional music. For a selection of the audio-visual material, visit the website www.jiplensink.nl/tt.
