denim earl jeans: *The Glitter Plan* Pamela Skaist-Levy, Gela Nash-Taylor, Booth Moore,

2014-05-29 Part memoir, part business manual, and 100% juicy—the inside story of Juicy Couture, one of the most iconic brands of our times While working together at a Los Angeles boutique, Pamela Skaist-Levy and Gela Nash-Taylor became fast and furious friends over the impossibility of finding the perfect T-shirt. Following their vision of comfortable, fitted T-shirts, they set up shop in Gela's one-bedroom Hollywood apartment with \$200 and one rule: Whatever they did, they both had to be obsessed by it. The best friends' project became Juicy Couture. Pam and Gela eventually sold their company to Liz Claiborne for \$50 million, but not before they created a whole new genre of casual clothing that came to define California cool. Pamela and Gela built an empire from the ground up, using themselves as models to build their patterns and placing their merchandise by storming into stores and handing out samples. They balanced careful growth with innovative tactics—sending Madonna a tracksuit with her nickname, Madge, embroidered on it—and created a unique, bold, and unconventional business plan that was all their own: the Glitter Plan. Now, Pam and Gela reveal the secrets of Juicy's success: how they learned to find and stick with the right colleagues and trust their instincts when it became time to move on to their next project. They also share their missteps and hilarious lessons learned—like the time robbers stole one thousand pairs of maternity shortalls, which the partners took as the first sign to get out of the maternity clothing business. Told in the bright, cheery voice that defines Juicy style even today, *The Glitter Plan* shows readers how to transform passion and ideas into business success. Aspiring designers, Juicy fans, and business readers of all stripes will be enthralled by the story of spirit and savvy behind Pam and Gela's multimillion-dollar fashion empire.

denim earl jeans: *Total Oblivion, More or Less* Alan DeNiro, 2009-11-24 "I remember the first time I began to understand that things might not be the same again." What's a girl to do when her world is invaded by warriors from the ancient world? That's the problem faced by sixteen-year-old Macy, who sees her quiet, normal life in suburban Minnesota turned upside down when things that should never be possible begin to transform the landscape all around her. The cable stops working, the phone lines die—and then the horsemen come to town. It's not the same America that she last went to sleep in. Ticketed to a refugee camp by the marauding Scythian armies, Macy and her family come to believe that heading down the Mississippi by boat is their one escape from the encroaching madness. But as they make their way downriver, Macy's world just keeps getting stranger, and the wooden submarines, wasp-borne plagues, and talking dogs are the least of her problems: For in this upside-down world, old identities warp and family bonds are sorely tested. Acclaimed writer Alan DeNiro has fashioned a completely original, utterly beguiling melding of the surreal and the everyday.

denim earl jeans: *Norma Jean* Fred Lawrence Guiles, 2020-04-28 Marilyn Monroe remains the most provocative female legend of the twentieth century. What you may have known about her before was only the tip of the iceberg. For twenty years, the men and women who knew Marilyn best saw what they knew suppressed because certain important people were still living, and the tenor of the times prohibited frankness. Instead, rumors ballooned. This book finally sets the record straight. Fred Guiles—whom Norman Mailer acknowledges as the chief source of fact about Marilyn—has written the life behind the legend. He reveals what really happened in the careening career of the pretty waif named Norma Jean Mortensen, who married the boy next door, became a model, an actress, movie star, married an incompatible legend named Joe DiMaggio, sought to improve the mind that came with her near-perfect body, married playwright Arthur Miller, lent herself to the Svengalilike ministrations of Paula and Lee Strasberg, became the mistress of John and then Robert Kennedy when they ran the country, kept camera crews and studios waiting—but not death, which took her under the most unusual circumstances by the age of thirty-six. A legend, by definition, is unaltered by fact, but the enthralled reader will find the revelations in this book no deterrent to the love of Marilyn Monroe by understanding at last what happened to the Queen of Need. Among the people interviewed for this book are Arthur Miller; James E. Dougherty, her first husband; Frank Taylor, the producer of *The Misfits*; Lee Strasberg; Otto Preminger; Billy Wilder; Joshua Logan and John Huston.
