east end paradise: *The Modern Peasant* Jojo Tulloh, 2013-05-30 *WINNER OF THE FORTNUM & MASON FOOD BOOK OF THE YEAR AWARD 2014* Inspired by those who were bold enough to make that leap, but firmly rooted in London, food writer Jojo Tulloh wondered if some kind of peasant-like self-sufficiency could be achieved for city-dwellers; looking around her she found she was not alone. Beneath Victorian railway arches, on inner city roof tops and on borrowed land, a new breed of food producers were baking bread, making cheese, keeping bees and growing vegetables. Inspired by their success, Jojo watched and learned. In this evocative and illuminating book, Jojo shares her knowledge of this fast-changing culinary scene. Alongside vivid stories from her visits to producers and tips for baking and pickling, fermenting and foraging, she presents fresh tasting, achievable recipes for modern peasants – sourdough pizzas of nettles and sausage, celebratory paellas of squid and home-grown peppers, chutneys, jam and pickles – and in doing so shows how a food philosophy that takes the best from past traditions can put flavour and excitement back into everyday cooking – even amidst the roar of city life.

Weigold introduces readers to the people of Peconic Bay's colorful history—from Albert Einstein and Captain Kidd, to Clara Barton and Kofi Annan—as well as to the residents who have struggled, and continue to struggle, over the well-being of their community and their estuarine connection to the planet. Throughout, Weigold brings to life the region's rich sense of place and shines a light on its unique role in our nation's history.

Bruce Stephenson, 2021-03-10 Iconic urbanist Lewis Mumford stressed the role of a well-constructed city in the development of the good life, championing pedestrian-scaled, sustainable cities. In *Portland's Good Life*, R. Bruce Stephenson examines how Portland, the one city in America that adopted Mumford's vision, became a model city for living the good life. Stephenson traces Portland's success to its grass roots governing system, its housing and climate protection initiatives, and most of all, its citizens devoted to the public good; all of which have resulted in the construction of a city that honors the humanity of its people.
