ed and lorraine warren: Conversations with Ed and Lorraine Warren T. Sealyham, 2012 Demonologists Ed and Lorraine Warren, the original ghost hunters, sit down with fellow demonologist Tony Spera to discuss their most famous cases. Ed Warren began his ghost-hunting career at a young age because he lived in a real haunted house and witnessed paranormal activities firsthand. Clairvoyant and light medium Lorraine Warren discovered her psychic abilities such as reading aura, hearing spirits, detecting evil presences and/or preternatural entities with more and more exposure to the supernatural world. Lorraine appears on A&E's Paranormal State TV series. The one thing Lorraine has learned, there are no atheists in a true haunted house. The Amityville Horror, a true story, is the Warrens' most famous haunting investigation. The house at 112 Ocean Avenue in Amityville, Long Island, New York, is the subject of international newspaper articles, thousands of websites, over a dozen books and at least ten films. The alleged diabolic possession of Ronald DeFeo, Jr. and the Amityville murders by an evil presence is an ongoing debate. Were there ghosts, spirits and other invading psychic entities in the house? George and Kathy Lutz claimed they fled the house from an invading entity or entities. Was it a hoax? What happened to the Amityville Horror house? The Warrens tell all. Allen and Carmen Snedeker experienced the real horror of living in a possessed house in Southington, Connecticut, when they unknowingly moved into a haunted

funeral home infested with paranormal activity. Only an exorcism sanctioned by the Catholic Church brought peace to the house. The Snedekers' story was made into a horror movie titled *The Haunting in Connecticut* and summoned more media attention the second time around than the first. Ed referred to the Jack and Janet Smurl family as the chosen ones. The chosen is a person or persons God chose to prove to the world he is more powerful than any demon or devil. A book and TV movie titled *The Haunted* was made about this case. Ed describes methods used to provoke the spirits in the house and how they responded. Lorraine and Ed were in a friend's home when Ed noticed a Werewolf in London movie on television. This werewolf film was featured on the TV show *Sightings* and real London police officers were talking about being attacked by a real werewolf with real werewolf characteristics including hands, eyes and teeth. The Warrens knew about the werewolf myth, folklore and werewolf syndrome. They knew the many names associated with the werewolf mythology such as lycanthropy, lycanthrope and lycan. Ed explains how Lorraine got him involved in this case, why Bill Ramsey turned into a werewolf and what happened during Bill's exorcism. The Brookfield Demon murder trial is the first known court case in the United States alleging innocence due to demonic possession. The Warrens alleged David Glatzel, a boy at the time, was possessed by many devils. When Arne Cheyenne Johnson challenged the devil to possess him the devil took him up on his offer. Ed Warren shares why he thinks the courts were wrong not to allow the devil in Connecticut made me do it defense. Taking psychic photographs comes naturally to some people but others need a little guidance. Lorraine and Ed discuss the art of psychic photography and how to get psychic images with any camera. Ed shares a story about a psychic photo of a couple whose love survived beyond the grave. The conversations with the Ed and Lorraine are not limited to famous cases. They share stories about the mysterious places they have visited such as Borley Rectory, Cross Keys Hotel and Pub, Stonehenge, Whitby Abbey, the Fairy Glenn, haunted castles, the grave of Merlin the Wizard, Loch Ness, Transylvania and St. Joseph's Oratory. They also share stories of miraculous miracles and discuss human vampires and sorcerers.

ed and lorraine warren: The Conjuring Kevin J. Wetmore Jr., 2021-07-01 In 2013 an apparently simple, back-to-basics scary movie transformed horror cinema for the rest of the decade. Based on the allegedly true story of the Perron family haunting and subsequent investigation by ghost hunters Ed and Lorraine Warren, The Conjuring has to-date spawned six sequels and prequels, making up a Conjuring 'universe' that has taken over a billion dollars around the world. The New York Times called The Conjuring 'a fantastically effective haunted-house movie' which, following his earlier film Insidious, established director James Wan as a force in horror cinema. In this Devil's Advocates, horror scholar Kevin Wetmore examines what elements in the film are truly terrifying, how the filmmakers' claims of being based on a true story hold up against the actual history of the haunting and the Warrens, and the relationship between The Conjuring and the many films in its universe. Along the way this book also considers how games, toys and dolls play an important role in the series, offers a critique of gender roles in the films, and asks the question, what is actually 'conjured' in The Conjuring? The delightful result is an in-depth, close reading of a film that uses standard horror tropes masterfully to create a truly scary film.

ed and lorraine warren: American Exorcism Michael Cuneo, 2010-09-30 Conducted by officially appointed exorcists or by maverick priests sidestepping Christian sanctions, by evangelical ministers and Episcopal charismatics, the ancient rite of exorcism is flourishing in the new millennium. In New York alone, four priests have, since 1995, officially investigated over 40 cases of suspected demonic possession, the Archdiocese of Chicago has appointed its first full-time exorcist in over 160 years while exorcists have appeared on television, courtesy of the likes of Oprah Winfrey and Larry King. Written with objectivity, insight and a healthy amount of irony, AMERICAN EXORCISM is an inside look at this - to some extraordinary, to others preposterous and to many, terrifying - phenomenon. Having attended over 50 exorcisms in person, and interviewed many of the participants - both the exorcists and those who believed themselves to be possessed - Michael Cuneo

explores this netherworld of American, and ergo, British, life, and reflects on the meaning of exorcism in the 21st century, and on the relationship between religious ritual and popular culture. As well recounting in gripping detail the ceremonies he witnessed, he touches on such provocative topics as the 'satanic panics' of the 1980s, repressed memory and ritual abuse. The result is a remarkably revealing, entertaining and fascinating work of cultural commentary.

The author includes family photographs, photographs of pieces of evidence, transcripts of interviews, and opinions from paranormal experts to give credence to this true paranormal story.

ed and lorraine warren: American Hauntings Robert E. Bartholomew, Joe Nickell, 2015-06-19 This work provides an accurate, in-depth examination and scientific evaluation of the most famous hauntings in American history as depicted in popular films and television programs. Neither a debunking book nor one written for the true believer in the paranormal, *American Hauntings* objectively scrutinizes the historic evidence behind such hugely popular films as *The Exorcist*, *The Amityville Horror*, *An American Haunting*, *The Conjuring*, and *The Haunting in Connecticut* to ascertain the accuracy of these entertainment depictions of true life hauntings. The authors then compare these popular culture accounts against the alleged real-life encounters and impartially weigh the evidence to assess whether each incident actually took place. Written by highly credentialed, recognized authorities on the paranormal and social psychology, this book contains meticulously documented, science-based information written for a broad audience, from middle and high school students and those taking introductory courses at a university level to general readers. There is no other work that provides as careful and unbiased an evaluation of the most famous hauntings in American history.
