**enciso parents nationality: Story of social economy in the Basque Country.** Aitor Bengoetxea Alkorta, Marta Enciso Santocildes, Leire Uriarte Zabala, 2021-11-16 This work studies and analyses the reality of the different families that shape the Social Economy in the Basque Country: Cooperatives, Labour Companies, Special Employment Centers, Work Integration Social Enterprises, Fishermen's Guilds, Agricultural Transformation Societies, Mutual Societies, Associations, and Foundations. An aggregate study of the Social Economy in the Basque Country is also carried out and a reference to the Solidarity Economy is made. For each of them, its specific legal structure is analyzed, updated socio-economic data is provided, their associative structure is described, and the driving notions that characterize them and their challenges as a family of the Social Economy are discussed. The work has been carried out with the sponsorship of the Social Economy Directorate of the Department of Labour and Employment of the Basque Government, the joint work of the Basque Universities: University of the Basque Country, University of Deusto and the Mondragon University. It has also counted on the collaboration of each of the entities representing the Social Economy sector in the Basque Country.

**enciso parents nationality: Family in Children's and Young Adult Literature** Eleanor Spencer, Jade Dillon Craig, 2023-11-07 Family in Children's and Young Adult Literature is a comprehensive study of the family in Anglophone children's and Young Adult literature from the early nineteenth century to the present day. Written by intellectual leaders in the field from the UK, the Americas, Europe, and Australia, this collection of essays explores the significance of the family and of familial and quasi-familial relationships in texts by a wide range of authors, including the Grimms, Frances Hodgson Burnett, Rudyard Kipling, Enid Blyton, Judy Blume, Jacqueline Wilson, Malorie Blackman, Melvin Burgess, J.K. Rowling, Neil Gaiman, and others. Author-based and critical survey essays explore evolving depictions of LGBTQIA+ and BAME families; migrant and refugee narratives; the popular tropes of the orphan protagonist and the wicked stepmother; sibling and intergenerational familial relationships; fathers and fatherhood; the anthropomorphic animal and surrogate family; and the fractured family in paranormal and dystopian YA literature. The breadth of essays in Family in Children's and Young Adult Literature encourages readers to think beyond the outdated but culturally privileged 'nuclear family' and is a vital resource for students, academics, educators, and practitioners.

**enciso parents nationality: The Américas Award** Laretta Henderson, 2015-12-16 First awarded in 1993, the Américas Award is given in recognition of books that authentically and engagingly portray Latino/as in Latin America, the Caribbean or the United States. By combining both and linking the Americas, the award reaches beyond geographic borders, as well as multicultural-international boundaries, focusing instead upon cultural heritages within the hemisphere. The Award is unique in that selects Latino/a youth literature for classroom use and in that it focuses on the entire Western Hemisphere. Scholars from the fields of literature, education,

library science, and theater engage with Latino/a Critical Race Theory (LatCrit) in this ecollection of essays about the Américas Award, the Award-winning and honored books, and the contexts in which the books are used. This collection offers essays on the history of the award, close readings of Award-winning and honored books situated in the classroom, and discussions of how best to use the books in the classroom, library and theater.

**enciso parents nationality: The Family Album** Yeon-Soo Kim, 2005 This book is an examination of the use of the family album in contemporary Spanish culture. Through the analysis of films, narratives, painting, and a photographic exhibition produced from the end of Franco's dictatorship to the present, Kim interrogates how the family album serves as a critical instrument to reflect on the treatment of the past in contemporary Spain, the recuperation of repressed identities, nostalgia for collective memory symptomatic of the cultural discontent with the erosion of a national boundary due to globalization and the increasing claim of diversity, and ethical concerns for immigration. This study explores a broad range of works by canonical as well as less studied writers and artists, including Juan Goytisolo, Carlos Saura, and Marta Balletbo-Coll. Yeon-Soo Kim is Assistant Professor of Spanish at Rutgers University.

**enciso parents nationality: The Sanchez Family** Jorge Iber, 2025-11-17 The Sanchez Family is a family history detailing the Sanchez family's experiences as immigrants to Wyoming and the ways that their US-born children's interest in wrestling had cascading impacts across generations. By focusing on a sport and a state that have not received much attention, Jorge Iber conveys the importance of athletics as a part of the educational experience of the Latino community. The first members of this particular Sanchez clan arrived in Wyoming during the early decades of the twentieth century. The first-generation American grandchildren of these families—Gilbert, David, Arthur, and Ray—used wrestling to radically alter their social and economic status by attending college with athletic scholarships, graduating, and moving on to professional, middle-class careers. Subsequent generations of the family followed their fathers and uncles to the mats at various institutions, also going on to earn degrees and enter professional occupations. Indeed, Iber contends that wrestling became the family's "business," the mechanism by which the Sanchezes extricated themselves from Cheyenne's working class. Revealing a previously unstudied aspect of Mexican American life in the state, The Sanchez Family sheds light on another vehicle for the educational, social, and economic advancement of Latinos in other parts of the United States. The first book to examine the role of wrestling in the lives of Mexican Americans, it serves as a foundational text for Latino studies of sports and constructing racial counterscripts.

**enciso parents nationality: Censorship and Ideology** Julia Lin Thompson, 2024-09-25 This book offers a fascinating picture of how state censorship affected children's literature translation in post-Civil War Spain. Focusing on the Spanish translations of Mark Twain's children's classics *The Adventures of Tom Sawyer* and *The Adventures of Huckleberry Finn*, the author traces the evolution of the censorship system of the Francoist regime and its impact on Spanish children's literature during the years after the Spanish Civil War. Drawing on the regime's censorship laws, official censors' records, and textbooks, she not only examines the censorship imposed on the translations of Twain's works, but also offers insights into the intricate connections between state censorship and the regime's educational aims. The book gives a revealing analysis of the ways in which the highly bureaucratic censorship apparatus operated under Franco's dictatorship, outlining the flaws and fallacies within it, as well as the strategies adopted by publishers and translators to resist the power of the state. While centred on Francoist Spain, the book also explores broader themes of ideology, censorship, and translation, making it a valuable source for scholars of translation studies and Hispanic studies, as well as those with a wider interest in literature, history, and cultural studies.

**enciso parents nationality: Las Abejas** Marco Tavanti, 2014-01-27 Las Abejas came to be known by the international community as the civil counterpart to the neozapatista movements and as a Christian pacifist movement. This book presents the voices of Las Abejas and of numerous collaborators alongside an innovative theoretical analysis of the dynamics of identity construction. The uniqueness of this study is the analysis of the role of international human rights observers in relation to indigenous communities in resistance. In this fascinating study, Marco Tavanti explains how cultural, religious, political, human rights and nonviolent frameworks combine in a syncretic identity of resistance.

**enciso parents nationality: A Wild Country Out in the Garden** Maria De San Jose, 1999-12-22 In Madre Maria's prose, a down-to-earth treatment of daily life both on a provincial hacienda and in a cloistered convent moves into passages rendering deep mystical absorption. As a charismatic woman living according to Counter Reformation guidelines in the New World, Maria de San Jose, through her writings, illuminates how class, race, gender - even birth order and convent prestige - helped shape the roles people played in society and the ways in which they contributed to community belief and identity. --Book Jacket.

**enciso parents nationality: Books as Partners** Lesley Colabucci, Mary Napoli, 2020-09-15 How can diverse literature be woven throughout the early childhood curriculum? What kind of learning opportunities do high quality diverse books offer young children? Diverse books in the early childhood classroom can facilitate dialogue and understanding about differences, diversity, and respect. Books as Partners incorporates research from literacy, early childhood education, and multicultural education to support educators in their daily work with K-3 students. This professional resource provides research-based evidence for incorporating diverse literature in the early childhood classroom and features annotated bibliographies with a critical analysis based on knowledge of child development and best practices in literacy education. With the increased instructional demands within the early childhood setting, teachers can incorporate diverse text sets to meet national standards, ensure that selections are authentic and developmentally appropriate, and provide engaging literature responses across the curriculum. Teachers will be able to transform their classroom practices based on suggestions from the supporting research, classroom vignettes, multimodal text sets, and author/illustrator spotlights embedded throughout the book.
