exegesis text ebook: Theological Approaches to Qur'anic Exegesis Hussein Abdul-Raof, 2012-08-06 This book provides a comprehensive and systematic analysis of the various schools of Qur'anic exegesis, from the earliest periods through to the present day. Employing a comparative-contrastive methodology, the author examines traditional and rational schools of thought - such as the Mu'tazili, Shi'i, Ibadi, Sufi, metaphysical, modern, and scientific approaches to the interpretation of the Qur'an - to give a detailed analysis of the similarities and differences in their theological views. The study spans a broad period, covering exegetical techniques adopted in Qur'anic exegesis from its infancy during the 1st/7th century up to the beginning of the 15th/21st century. Furnished with copious micro- and macro-level examples which explicate the Qur'anic notions and the points of view relevant to each school and exegetical approach, the book provides a rounded empirical study of Islamic thought. This thorough and holistic historical investigation is an important contribution to the study of Qur'anic exegesis and Islamic theology, and as such will be of enormous interest to scholars of religion, philosophy and Islamic studies.

exegesis text ebook: [Messias Puer: Christian Knorr von Rosenroth's Lost Exegesis of Kabbalistic Christianity](#) Anna M. Vilen, Robert J. Wilkinson, 2020-12-15 Previously considered irretrievably lost, the discovery of the only manuscript of the Messias Puer composed by Knorr von Rosenroth, the leading exponent of Christian Kabbalah in the seventeenth century, gives us an important insight into the evolution of his thought and specific vision of the relations between Jews and Christians. Moreover, the subtle intertwining of both Kabbalah and the emerging biblical criticism at work in this partial commentary on the New Testament Gospels sheds new light on the largely unexplored role of Esotericism during the Modern Era in the construction of the future study of religion. This book includes a critical edition of the original manuscript and an annotated translation.

exegesis text ebook: [Justification as the Speech of the Spirit](#) Jeffrey K. Anderson, 2021-08-10 In the past few decades there have been an increasing number of authors and movements that reject the classic Protestant understanding of justification (e.g., the New Perspective on Paul, Auburn Avenue Theology, the Renewal Movement, etc.). While the various proposals differ in many respects,

they are generally united in their rejection of justification as a legal declaration made by the Father about the believer based on the work of the Son. In particular, among renewal (Pentecostal/Charismatic) authors, there have been several attempts to redefine justification, insisting that it is an umbrella term incorporating numerous redemptive ideas rather than a declaration of the believer's righteousness. These attempts are in part rooted in the absence of any overt pneumatology in the doctrine's typical formulation. One need only read the above sentences to see that there is no mention of the Holy Spirit. This book addresses these and other concerns, especially by renewal authors, and demonstrate that the doctrine is, in fact, pneumatologically informed, albeit latently rather than blatantly. As a result, there is no need to redefine the theology of the Reformers and their successors.
