

feminist literature 1970s

feminist literature 1970s marked a pivotal era in the history of feminist writing, reflecting the surge of second-wave feminism and the cultural shifts of the decade. This period saw an emergence of powerful voices that challenged traditional gender roles, patriarchal norms, and societal expectations through novels, essays, poetry, and critical theory. Feminist literature from the 1970s often addressed themes such as female identity, sexuality, reproductive rights, workplace inequality, and the quest for autonomy. The decade fostered a diverse range of writing styles and genres, from memoirs and political manifestos to experimental fiction and poetry. This article explores the characteristics, key authors, major works, and lasting impact of feminist literature in the 1970s, providing insight into how these texts shaped feminist discourse and cultural understanding. Readers will gain an overview of the social context, literary innovations, and ongoing influence of feminist writings from this transformative decade. The following sections delve into the major themes, notable figures, and the legacy of feminist literature in the 1970s.

- Historical Context of Feminist Literature in the 1970s
- Major Themes in Feminist Literature of the 1970s
- Key Authors and Influential Works
- Literary Styles and Innovations
- Impact and Legacy of 1970s Feminist Literature

Historical Context of Feminist Literature in the 1970s

The 1970s represented a critical decade in the evolution of feminist literature, deeply intertwined with the social and political movements of the time. The rise of second-wave feminism brought issues such as gender equality, reproductive rights, and sexual liberation to the forefront of public discourse. This environment provided fertile ground for writers who sought to articulate women's experiences, challenge patriarchal assumptions, and advocate for systemic change. Feminist literature of the 1970s was both a reflection of and a catalyst for the broader feminist movement, addressing topics traditionally excluded from mainstream literature.

Second-Wave Feminism and Its Influence

Second-wave feminism, which gained momentum in the late 1960s and flourished throughout the 1970s, emphasized equality in social, political, and economic realms. It expanded the focus beyond suffrage and legal rights to include issues such as sexuality,

family roles, domestic violence, and workplace discrimination. This wave profoundly influenced feminist writers, who used literature as a tool to question gender norms and articulate feminist theory in accessible and compelling ways.

Social and Political Climate

The 1970s were marked by significant social change, including the civil rights movement, anti-war protests, and growing awareness of social injustices. These movements intersected with feminist activism, encouraging collaboration and cross-pollination of ideas. Legislative milestones such as the passage of Title IX and the Roe v. Wade decision on abortion rights shaped the discourse within feminist literature, providing both inspiration and urgency to the writers of the time.

Major Themes in Feminist Literature of the 1970s

Feminist literature of the 1970s explored a wide range of themes that addressed the lived experiences of women and critiqued systemic inequalities. These themes often challenged the dominant narratives around gender, identity, and power, contributing to a richer understanding of women's roles in society.

Female Identity and Autonomy

One of the central themes in feminist literature during the 1970s was the exploration of female identity and the pursuit of autonomy. Writers examined how societal expectations shaped women's self-perception, often highlighting the tension between traditional roles and personal freedom. This theme was portrayed through characters who sought independence in their personal, professional, and sexual lives.

Sexuality and Reproductive Rights

The discussion of female sexuality became more open and nuanced in feminist literature of this decade. Authors tackled topics such as sexual liberation, contraception, abortion, and the politics surrounding women's bodies. These writings helped destigmatize female sexuality and emphasized the importance of reproductive rights as a foundation for gender equality.

Workplace Inequality and Economic Independence

Economic issues and workplace discrimination were frequently addressed in feminist literature of the 1970s. Women writers highlighted the challenges of unequal pay, limited career opportunities, and the struggle to balance work and family life. These themes underscored the broader feminist fight for economic justice and social recognition.

Intersectionality and Diversity

Although the term "intersectionality" was coined later, feminist literature from the 1970s began to address the intersecting oppressions faced by women of different races, classes, and sexual orientations. This growing awareness contributed to more inclusive feminist narratives that acknowledged diverse experiences and identities.

Key Authors and Influential Works

The 1970s produced a remarkable array of feminist writers whose works have become foundational texts in feminist literary studies. These authors combined personal narrative, political critique, and literary experimentation to advance feminist goals.

Notable Authors

- **Kate Millett** – Known for her groundbreaking work *Sexual Politics* (1970), which provided a critical analysis of patriarchy in literature and society.
- **Adrienne Rich** – A poet and essayist whose writings addressed themes of identity, sexuality, and social justice.
- **Angela Davis** – An activist and writer whose feminist works intersected with race and class struggles.
- **bell hooks** – Emerging toward the late 1970s, she would become influential for her critique of the intersections of race, gender, and class.
- **Joan Didion** – Her essays and novels often explored women's roles and contemporary social issues.
- **Audre Lorde** – A poet and essayist whose work emphasized the importance of diversity and intersectional feminism.

Influential Works

Several landmark books shaped feminist literature in the 1970s, including:

1. *Sexual Politics* by Kate Millett (1970) – A foundational text analyzing gender power dynamics.
2. *The Female Eunuch* by Germaine Greer (1970) – A provocative critique of traditional female roles.
3. *Woman on the Edge of Time* by Marge Piercy (1976) – A feminist science fiction novel

exploring utopian gender roles.

4. *Of Woman Born: Motherhood as Experience and Institution* by Adrienne Rich (1976) – A critical examination of motherhood in patriarchal society.
5. *Coal* by Audre Lorde (1976) – A poetry collection addressing identity, oppression, and empowerment.

Literary Styles and Innovations

Feminist literature of the 1970s was marked by a diversity of literary forms and stylistic experimentation. Writers sought new ways to express feminist ideas, often breaking away from traditional narrative structures and genres.

Experimental Narratives and Genres

Many feminist authors of the 1970s employed experimental techniques, including non-linear storytelling, stream of consciousness, and fragmented narratives. These innovations served to challenge conventional literary forms and better represent women's complex experiences. Genres such as feminist science fiction and autobiographical writing became popular mediums for exploring feminist themes.

Poetry and Personal Essay

Poetry played a significant role in feminist literature during this decade, with poets using personal and political themes to articulate feminist consciousness. The personal essay also gained prominence as a form that blended memoir, social critique, and feminist theory, making feminist discourse more accessible to a broad audience.

Political and Theoretical Writing

In addition to creative literature, the 1970s saw the publication of critical feminist theory that analyzed culture, literature, and society through a feminist lens. These works laid the groundwork for feminist literary criticism and expanded the intellectual framework of feminism.

Impact and Legacy of 1970s Feminist Literature

The feminist literature of the 1970s left an enduring legacy on both literature and feminist activism. It expanded the boundaries of what could be written about women's lives and provided language for discussing gender oppression and liberation.

Influence on Contemporary Feminism

Many themes and concerns introduced in the feminist literature of the 1970s continue to resonate in contemporary feminist discourse. The decade's writings helped establish a foundation for later feminist movements and academic fields such as gender studies and women's studies.

Expansion of Literary Canon

The feminist literature of the 1970s challenged the male-dominated literary canon by foregrounding women's voices and experiences. This led to greater inclusion of women authors in academic curricula and publishing, permanently altering the literary landscape.

Continued Relevance

Issues addressed in 1970s feminist literature, such as reproductive rights, workplace equality, and intersectionality, remain central to ongoing feminist debates. These works continue to be studied, celebrated, and revisited for their pioneering contributions to feminist thought and literature.

Frequently Asked Questions

What are some key themes in feminist literature of the 1970s?

Key themes in feminist literature of the 1970s include women's liberation, gender equality, critique of patriarchy, sexual autonomy, identity, and the exploration of female experience and consciousness.

Who were some influential feminist authors in the 1970s?

Influential feminist authors in the 1970s include Betty Friedan, Audre Lorde, Gloria Steinem, Kate Millett, Adrienne Rich, and Alice Walker.

How did feminist literature of the 1970s impact society?

Feminist literature of the 1970s played a crucial role in raising awareness about gender inequality, inspiring political activism, challenging traditional gender roles, and contributing to the broader women's liberation movement.

What is the significance of Betty Friedan's "The

"Feminine Mystique" in 1970s feminist literature?

Although published in 1963, Betty Friedan's "The Feminine Mystique" had a profound influence throughout the 1970s by articulating the dissatisfaction of many women with traditional roles and sparking widespread discussion about women's rights and identities.

How did feminist literature in the 1970s address intersectionality?

While the concept of intersectionality was formally named later, 1970s feminist literature began addressing issues of race, class, and sexuality alongside gender, with authors like Audre Lorde and Gloria Anzaldúa highlighting multiple, overlapping forms of oppression.

What role did feminist literary criticism play in the 1970s?

Feminist literary criticism emerged strongly in the 1970s, challenging traditional literary canon by analyzing texts through the lens of gender, exposing sexist biases, and reclaiming women's writing as essential to literature and culture.

Additional Resources

1. *The Female Eunuch* by Germaine Greer

Published in 1970, this groundbreaking feminist text critiques the traditional roles of women in society and argues that the female identity has been suppressed and controlled by patriarchal norms. Greer calls for women to reclaim their sexuality and autonomy as a path to liberation. The book sparked widespread debate and remains a seminal work in feminist literature.

2. *Sexual Politics* by Kate Millett

Released in 1970, Millett's "Sexual Politics" is a foundational analysis of power dynamics in gender relations. It dissects how literature and culture reinforce male dominance and female subordination. The book combines personal narrative with political theory, making it a key text in second-wave feminism.

3. *Woman on the Edge of Time* by Marge Piercy

This 1976 novel blends science fiction with feminist themes, exploring issues of gender, social justice, and mental health. Piercy imagines a future society founded on equality and environmental sustainability, contrasting it with the oppressive conditions faced by the protagonist in the 1970s. The book challenges traditional gender roles and advocates for radical social change.

4. *Sisterhood is Powerful: An Anthology of Writings from the Women's Liberation Movement* edited by Robin Morgan

Published in 1970, this anthology collects essays, manifestos, and speeches from leading feminists of the era. It captures the energy and diversity of the women's liberation movement and serves as a vital historical document. The collection addresses issues such as patriarchy, sexuality, and reproductive rights.

5. *Backlash: The Undeclared War Against American Women* by Susan Faludi
Although published later in 1991, Faludi's work examines the backlash against feminist gains that began in the late 1970s. It provides critical context for understanding the cultural and political resistance to feminism during that decade. The book is essential for comprehending the challenges faced by the feminist movement post-1970s.

6. *Fear of Flying* by Erica Jong
This 1973 novel became a cultural phenomenon for its candid exploration of female sexuality and liberation. Jong's protagonist challenges traditional expectations of marriage and fidelity, symbolizing the desire for personal freedom. The book is celebrated for breaking taboos and inspiring feminist discourse on sexual freedom.

7. *Woman's Room* by Marilyn French
Published in 1977, "Woman's Room" is a novel that chronicles the life of a woman navigating the constraints of suburban life and marriage. French highlights the systemic sexism that limits women's opportunities and identity. The book played a significant role in popularizing feminist ideas in mainstream literature.

8. *The Dialectic of Sex* by Shulamith Firestone
This 1970 work offers a radical feminist perspective on the origins of gender inequality, linking it to biological reproduction and family structures. Firestone advocates for revolutionary changes, including the use of technology to eliminate traditional childbearing roles. The book is a provocative and influential manifesto in feminist theory.

9. *Against Our Will: Men, Women, and Rape* by Susan Brownmiller
Published in 1975, this powerful book examines rape as a tool of patriarchal control rather than isolated acts of violence. Brownmiller's work brought attention to the systemic nature of sexual violence and helped shape feminist activism and legal reforms. It remains a cornerstone in feminist discussions on consent and power.

feminist literature 1970s: The History of British Women's Writing, 1970-Present Mary Eagleton, Emma Parker, 2016-04-29 This book maps the most active and vibrant period in the history of British women's writing. Examining changes and continuities in fiction, poetry, drama, and journalism, as well as women's engagement with a range of literary and popular genres, the essays in this volume highlight the range and diversity of women's writing since 1970.

feminist literature 1970s: Feminist Utopian Novels of the 1970s Tatiana Teslenko, 2003-08-19 This book presents an exploration of the reinvented utopia that provided second-wave feminists of the 1970s with a conceptual space to articulate the politics of change. Tatiana Teslenko argues that utopian fiction of this decade offered a means of validating the personal as well as the political, and of criticizing a patriarchal social order. Teslenko reveals feminists' attempt through

fiction to envision a new political order.

feminist literature 1970s: American Literature in Transition, 1970-1980 Kirk Curnutt, 2018-03-22 American Literature in Transition, 1970-1980 examines the literary developments of the twentieth-century's gaudiest decade. For a quarter century, filmmakers, musicians, and historians have returned to the era to explore the legacy of Watergate, stagflation, and Saturday Night Fever, uncovering the unique confluence of political and economic phenomena that make the period such a baffling time. Literary historians have never shown much interest in the era, however - a remarkable omission considering writers as diverse as Toni Morrison, Thomas Pynchon, Marilyn French, Adrienne Rich, Gay Talese, Norman Mailer, Alice Walker, and Octavia E. Butler were active. Over the course of twenty-one essays, contributors explore a range of controversial themes these writers tackled, from 1960s' nostalgia to feminism and the redefinition of masculinity to sexual liberation and rock 'n' roll. Other essays address New Journalism, the rise of blockbuster culture, memoir and self-help, and crime fiction - all demonstrating that the Me Decade was nothing short of mesmerizing.

feminist literature 1970s: The 1970s: A Decade of Contemporary British Fiction Nick Hubble, John McLeod, Philip Tew, 2014-02-27 How did social, cultural and political events in Britain during the 1970s shape Contemporary British Fiction? Exploring the impact of events like the Cold War, miners' strikes and Winter of Discontent, this volume charts the transition of British fiction from post-war to contemporary. Chapters outline the decade's diversity of writing, showing how the literature of Ian McEwan and Ian Sinclair interacted with the experimental work of B.S. Johnson. Close contextual readings of Welsh, Scottish, Northern Irish and English novels map the steady break-up of Britain. Tying the popularity of Angela Carter and Fay Weldon to the growth of the Women's Liberation Movement and calling attention to a new interest in documentary modes of autobiographical writing, this volume also examines the rising resonance of the marginal voices: the world of 1970s British Feminist fiction and postcolonial and diasporic writers. Against a backdrop of social tensions, this major critical reassessment of the 1970s defines, explores and better understands the criticism and fiction of a decade marked by the sense of endings.

feminist literature 1970s: Encyclopedia of Feminist Literary Theory Elizabeth Kowaleski-Wallace, 2009-03-23 First Published in 1997. Routledge is an imprint of Taylor & Francis, an informa company.

feminist literature 1970s: Encyclopedia of Feminist Literature Kathy J. Whitson, 2004-12-30 Many women writers have secured a solid place in the literary canon, while others have remained marginalized. This reference includes alphabetically arranged entries on roughly 70 women writers whose works are widely read in English, and on some 20 related topics. While some of the writers profiled are widely known, others have not yet received as much attention. And while most of the writers are from England and America, the volume also profiles Chilean, Brazilian, Indian, South African, Australian, French, and German authors. The writers selected are feminist, in that their works have challenged traditional gender roles, explored female oppression, or critiqued patriarchal social structures. In addition to providing biographical information, the entries include interpretative summaries of major works. Each author entry includes biographical information, an extensive summary treatment of at least one of her works, an list of her other major works, cross-references to related entries, and a list of works for further reading. What distinguishes this encyclopedia from the many other volumes addressing feminist literature or literature by women is the interpretative summary in each entry. The volume closes with a list of works cited. Entries are clearly written and are accessible to high school students and undergraduates.

feminist literature 1970s: The SAGE Handbook of Feminist Theory Mary Evans, Clare Hemmings, Marsha Henry, Hazel Johnstone, Sumi Madhok, Ania Plomien, Sadie Wearing, 2014-08-12 At no point in recorded history has there been an absence of intense, and heated, discussion about the subject of how to conduct relations between women and men. This Handbook provides a comprehensive guide to these omnipresent issues and debates, mapping the present and future of thinking about feminist theory. The chapters gathered here present the state of the art in

scholarship in the field, covering: Epistemology and marginality Literary, visual and cultural representations Sexuality Macro and microeconomics of gender Conflict and peace. The most important consensus in this volume is that a central organizing tenet of feminism is its willingness to examine the ways in which gender and relations between women and men have been (and are) organized. The authors bring a shared commitment to the critical appraisal of gender relations, as well as a recognition that to think 'theoretically' is not to detach concerns from lived experience but to extend the possibilities of understanding. With this focus on theory and theorizing about the world in which we live, this Handbook asks us, across all disciplines and situations, to abandon our taken-for-granted assumptions about the world and interrogate both the origin and the implications of our ideas about gender relations and feminism. It is an essential reference work for advanced students and academics not only of feminist theory, but of gender and sexuality across the humanities and social sciences.

feminist literature 1970s: Imagining the Age of Goethe in German Literature, 1970-2010 John David Pizer, 2011 This is the first book-length study devoted to modern German author-as-character fiction set in the Age of Goethe. It shows for the first time in a sustained manner the powerful hold the Goethezeit continues to exercise on the imagination of many of Germany's leading writers. This inner-German dialogue across the ages provides an important corrective to the dominant critical view that contemporary German-language literature is composed primarily under the sign of both globalization and the influence of mass American culture. -- Book cover.

feminist literature 1970s: Encyclopedia of Feminist Theories Lorraine Code, 2002-06-01 The path-breaking Encyclopedia of Feminist Theories is an accessible, multidisciplinary insight into the complex field of feminist thought. The Encyclopedia contains over 500 authoritative entries commissioned from an international team of contributors and includes clear, concise and provocative explanations of key themes and ideas. Each entry contains cross references and a bibliographic guide to further reading; over 50 biographical entries provide readers with a sense of how the theories they encounter have developed out of the lives and situations of their authors.

feminist literature 1970s: Women's Writing, 1660-1830 Jennie Batchelor, Gillian Dow, 2016-12-19 This book is about mapping the future of eighteenth-century women's writing and feminist literary history, in an academic culture that is not shy of declaring their obsolescence. It asks: what can or should unite us as scholars devoted to the recovery and study of women's literary history in an era of big data, on the one hand, and ever more narrowly defined specialization, on the other? Leading scholars from the UK and US answer this question in thought-provoking, cross-disciplinary and often polemical essays. Contributors attend to the achievements of eighteenth-century women writers and the scholars who have devoted their lives to them, and map new directions for the advancement of research in the area. They collectively argue that eighteenth-century women's literary history has a future, and that feminism was, and always should be, at its heart. Featuring a Preface by Isobel Grundy, and a Postscript by Cora Kaplan.

feminist literature 1970s: Caribbean Literature in Transition, 1970-2020: Volume 3 Ronald Cummings, Alison Donnell, 2021-01-14 The period from the 1970s to the present day has produced an extraordinarily rich and diverse body of Caribbean writing that has been widely acclaimed. Caribbean Literature in Transition, 1970-2020 traces the region's contemporary writings across the established genres of prose, poetry, fiction and drama into emerging areas of creative non-fiction, memoir and speculative fiction with a particular attention on challenging the narrow canon of Anglophone male writers. It maps shifts and continuities between late twentieth century and early twenty-first century Caribbean literature in terms of innovations in literary form and style, the changing role and place of the writer, and shifts in our understandings of what constitutes the political terrain of the literary and its sites of struggle. Whilst reaching across language divides and multiple diasporas, it shows how contemporary Caribbean Literature has focused its attentions on social complexity and ongoing marginalizations in its continued preoccupations with identity, belonging and freedoms.

feminist literature 1970s: Feminist Approaches to Art Therapy Susan Hogan, 1997 A

comprehensive survey of women's issues within art therapy. Leading international practitioners discuss topics such as assertiveness, empowerment, sexuality and childbirth, as well as issues around class, race and age.

feminist literature 1970s: Feminist Literary Theory Mary Eagleton, 2010-12-20 Now in its third edition, *Feminist Literary Theory* remains the most comprehensive, single volume introduction to a vital and diverse field Fully revised and updated to reflect changes in the field over the last decade Includes extracts from all the major critics, critical approaches and theoretical positions in contemporary feminist literary studies Features a new section, Writing 'Glocal', which covers feminism's dialogue with postcolonial, global and spatial studies Revised chapter introductions provide readers with helpful contextual information while extensive notes offer recommendations for further reading

feminist literature 1970s: Women's Literary Creativity and the Female Body D. Hoeveler, D. Decker Schuster, Donna Decker Schuster, 2007-11-12 This volume addresses one aspect of a challenging topic: what does it mean for women to create within particular literary and cultural contexts? How is the female body written on textuality? In short, how is the female body analogous to the geographical space of land? How have women inhabited their bodies as people have lived in nation-states?

feminist literature 1970s: Reading by Numbers Katherine Bode, 2012 'Reading by Numbers: Recalibrating the Literary Field' is the first book to use digital humanities strategies to integrate the scope and methods of book and publishing history with issues and debates in literary studies. By mining, visualising and modelling data from 'AustLit' - an online bibliography of Australian literature that leads the world in its comprehensiveness and scope - this study revises established conceptions of Australian literary history, presenting new ways of writing about literature and publishing and a new direction for digital humanities research. The case studies in this book offer insight into a wide range of features of the literary field, including trends and cycles in the gender of novelists, the formation of fictional genres and literary canons, and the relationship of Australian literature to other national literatures.

feminist literature 1970s: The Cambridge Companion to African American Women's Literature Angelyn Mitchell, Danille K. Taylor, 2009-04-30 The *Cambridge Companion to African American Women's Literature* covers a period dating back to the eighteenth century. These specially commissioned essays highlight the artistry, complexity and diversity of a literary tradition that ranges from Lucy Terry to Toni Morrison. A wide range of topics are addressed, from the Harlem Renaissance to the Black Arts Movement, and from the performing arts to popular fiction. Together, the essays provide an invaluable guide to a rich, complex tradition of women writers in conversation with each other as they critique American society and influence American letters. Accessible and vibrant, with the needs of undergraduate students in mind, this Companion will be of great interest to anybody who wishes to gain a deeper understanding of this important and vital area of American literature.

feminist literature 1970s: Lesbische Identitätskonzepte im englischsprachigen Roman seit 1970 Saskia Morell, 1997-10-12 Inhaltsangabe: Einleitung: In dieser Arbeit sollen die Erscheinungsformen lesbischer Identität in Lesbenromanen der Gegenwart betrachtet werden. Ausgangspunkt für die Beschäftigung mit Identitätskonzepten in zeitgenössischen Lesbenromanen waren zwei Feststellungen: Bei meiner Rezeption der Klassikerin lesbischer Literaturkritik, Bonnie Zimmerman's *The Safe Sea of Women: Lesbian Fiction 1969-1989* (1990), stieß ich auf die Annahme, daß in Romanen von lesbischen Schriftstellerinnen zwei Typen von Identitätskonzeptionen vorherrschend seien, nämlich das Modell Angeborenheit oder das Modell Wahl.' Lesbische Literatur hat jedoch nach meiner Beobachtung mehr Modelle lesbischer Identität reproduziert als sich in dieser Dichotomie verorten ließen. Bonnie Zimmerman, die 1990 zu dieser Einteilung gelangte, schloß die hier vorliegenden Romane - mit Ausnahme des erst nach Drucklegung erschienenen *People in Trouble* - in ihre Analyse ein. Meine Arbeit setzt sich daher unter anderem zum Ziel, die begrenzte Sichtweise Zimmermans zu modifizieren. Über diese revisionistische Herangehensweise

an die Sekundärliteratur hinaus interessierte mich, inwieweit die Vielzahl kritischer theoretischer Betrachtungen über lesbische Identität und eine damit verbundene radikale Neufassung des lesbischen Subjekts eine fiktionale Ausarbeitung bei zeitgenössischen Autorinnen fand, also die Ausarbeitung lesbischen Selbstverständnisses in den letzten zwanzig Jahren.

feminist literature 1970s: The Oxford Handbook of Canadian Literature Cynthia Conchita Sugars, 2016 The Oxford Handbook of Canadian Literature provides a broad-ranging introduction to some of the key critical fields, genres, and periods in Canadian literary studies. The essays in this volume, written by prominent theorists in the field, reflect the plurality of critical perspectives, regional and historical specializations, and theoretical positions that constitute the field of Canadian literary criticism across a range of genres and historical periods. The volume provides a dynamic introduction to current areas of critical interest, including (1) attention to the links between the literary and the public sphere, encompassing such topics as neoliberalism, trauma and memory, citizenship, material culture, literary prizes, disability studies, literature and history, digital cultures, globalization studies, and environmentalism or ecocriticism; (2) interest in Indigenous literatures and settler-Indigenous relations; (3) attention to multiple diasporic and postcolonial contexts within Canada; (4) interest in the institutionalization of Canadian literature as a discipline; (5) a turn towards book history and literary history, with a renewed interest in early Canadian literature; (6) a growing interest in articulating the affective character of the literary - including an interest in affect theory, mourning, melancholy, haunting, memory, and autobiography. The book represents a diverse array of interests -- from the revival of early Canadian writing, to the continued interest in Indigenous, regional, and diasporic traditions, to more recent discussions of globalization, market forces, and neoliberalism. It includes a distinct section dedicated to Indigenous literatures and traditions, as well as a section that reflects on the discipline of Canadian literature as a whole.

feminist literature 1970s: Feminist Literary History Janet Todd, 2018-03-08 In this timely book Janet Todd offers an analysis and defence of the feminist literary history practised by Elaine Showalter and other contemporary American literary critics. She argues that this approach rightly links the political concerns of feminist criticism to the uncovering of female voices embedded in history. Todd reconstructs the development of feminist literary history from the 1960s through to the present day, highlighting the central themes as well as the strengths and weaknesses. She then examines the debate between American feminist critics, on the one hand, and feminist critics inspired by the work of French theorists such as Kristeva, Irigaray and Cixous, on the other. She defends feminist literary history against its critics and casts doubt on some of the uses of psychoanalysis in feminism. Todd also considers the debate with men and assesses the relevance of academic analyses of gender, masculinity and homosexuality. Feminist Literary History is a forceful and committed work, which addresses some of the most important issues in contemporary feminist theory and literary criticism. It will be widely read as an introductory text by students in English literature, modern languages, women's studies and cultural studies.

feminist literature 1970s: Bibliography in Literature, Folklore, Language and Linguistics David William Foster, James R. Kelly, 2003-02-11 While the academic world devoted to literary study has been absorbed with new and distinct forms of literary criticism, bibliography has

received scant attention--much less than in former times when it was understood as more than just an aid to research. Enormous changes have taken place in enumerative bibliography over the past thirty years, especially with the widespread use of computers, but these changes have gone unrecognized as bibliography has gone unappreciated. This work is a collection of essays concentrating exclusively on bibliography and its uses in the academic world, especially in literature, folklore, language, and linguistics. The book begins with a discussion of what bibliography is, what it does, and how to create the optimum bibliography. Other subjects include bibliography and postcolonialism, critical theory and bibliography in cross-disciplinary environments, issues and problems with tools for feminist and women's studies scholars in literature, strategies for the incorporation of pluridisciplinary work, bibliographical databases and databased bibliographies, and ideas for the future of the MLA International Bibliography.
