

folk nation history

folk nation history is a captivating and complex subject that traces the origins, growth, and influence of one of the most significant street gang alliances in the United States. This article explores the beginnings of the Folk Nation, its evolution through the decades, key figures and groups, symbolic language and identifiers, conflicts and rivalries, and the wider impact on communities and law enforcement. By examining folk nation history in detail, readers will gain a comprehensive understanding of its legacy, cultural significance, and the ways it continues to shape urban life. Whether you're researching for academic purposes or seeking insights into gang culture, this thorough exploration provides essential information on the origins, development, and current state of the Folk Nation.

- Origins of the Folk Nation
- Growth and Expansion in Urban America
- Major Folk Nation Gangs and Their Influence
- Symbols, Language, and Identifiers
- Key Conflicts and Rivalries
- Impact on Communities and Law Enforcement
- Current State and Contemporary Issues

Origins of the Folk Nation

The history of the Folk Nation dates back to the late 1970s in Chicago, Illinois. This alliance was formed in response to the increasing need for protection and organization among various street gangs facing opposition from rival groups. The Folk Nation was not a singular gang but a coalition, uniting several gangs under a common cause. The alliance primarily emerged as a counterbalance to the People Nation, another major coalition of street gangs in Chicago. Folk Nation provided its member gangs with a sense of solidarity, shared symbols, and coordinated rules, allowing them to operate more effectively while defending their territory and interests.

The formation of the Folk Nation marked a turning point in gang dynamics, introducing new levels of organization. The alliance was founded by influential gang leaders who recognized that unity was essential for survival and dominance. Early member gangs included the Black Disciples, Gangster

Disciples, and others who sought collective strength against rivals and law enforcement pressure. This strategic approach allowed the Folk Nation to expand rapidly, establishing roots in numerous neighborhoods and cities beyond Chicago.

Growth and Expansion in Urban America

Following its inception, the Folk Nation grew beyond its Chicago origins, spreading to major urban centers across the United States. The expansion was driven by member gangs relocating, recruiting new members, and establishing chapters in cities such as Detroit, Milwaukee, Minneapolis, and New York. The alliance's organizational structure made it attractive to other gangs seeking protection, resources, and a sense of identity. Throughout the 1980s and 1990s, the Folk Nation became synonymous with gang culture in many urban environments.

The spread of the Folk Nation was facilitated by migration patterns, socio-economic factors, and the desire for affiliation among disenfranchised youth. In many cases, the alliance provided its members with social support, economic opportunities, and a sense of belonging. Despite its criminal associations, the Folk Nation also played a role in shaping street culture, music, and community dynamics in inner-city areas.

Major Folk Nation Gangs and Their Influence

The Folk Nation is composed of numerous gangs, each with its own history, hierarchy, and influence. The most prominent among them are the Gangster Disciples, Black Disciples, and Spanish Cobras. These groups have played a significant role in defining the alliance's direction and reputation. Each gang contributed to the Folk Nation's growth, bringing unique traditions, codes, and leadership styles.

- **Gangster Disciples:** Founded by Larry Hoover, this gang became one of the largest and most organized within the Folk Nation, known for its strict structure and far-reaching influence.
- **Black Disciples:** Originating in Chicago, this group has a long-standing rivalry with the Black P Stones and has been involved in significant urban conflicts.
- **Spanish Cobras:** One of the most notable Latino gangs in the Folk Nation, the Spanish Cobras expanded the alliance's reach into Hispanic communities.
- **Other Gangs:** The alliance includes smaller gangs such as the Insane Gangster Disciples, Imperial Gangsters, and others, each contributing to

the Folk Nation's diversity.

These gangs often operated semi-independently, but allegiance to the Folk Nation provided a unifying identity and collaborative advantage in disputes, criminal enterprises, and territorial defense.

Symbols, Language, and Identifiers

Symbols and coded language are crucial to the folk nation history, serving to unite members and distinguish them from rivals. The Folk Nation adopted a range of symbolic identifiers, many of which are used in graffiti, tattoos, hand signs, and clothing. These symbols provide a sense of pride, unity, and secrecy among members.

- **Star of David:** The six-pointed star is the most prominent symbol, often representing life, loyalty, and love within the alliance.
- **Pitchforks:** Upward-pointing pitchforks signify aggression and strength; they are commonly seen in gang-related art and tattoos.
- **Number 6:** This number is frequently associated with Folk Nation gangs and is incorporated into graffiti and communication.
- **Colors:** Blue and black are favored by many Folk Nation gangs, used in clothing and accessories.

The Folk Nation also utilizes distinct slang and coded language to communicate, maintain secrecy, and reinforce group identity. These identifiers are critical for distinguishing allies from rivals and strengthening the alliance's internal cohesion.

Key Conflicts and Rivalries

A significant aspect of folk nation history involves its ongoing conflicts and rivalries, particularly with the People Nation alliance. These confrontations have shaped the evolution and reputation of the Folk Nation over the years. Rivalries often revolve around territorial disputes, control of criminal enterprises, and personal vendettas between gang leaders.

The most notable rivalry is with gangs aligned to the People Nation, such as the Vice Lords and Latin Kings. These conflicts have resulted in numerous violent incidents, shaping the public perception of both alliances. In

addition to external rivalries, internal disputes among Folk Nation gangs have occasionally led to fragmentation and violence, challenging the overall unity of the alliance.

Impact on Communities and Law Enforcement

The presence and activities of the Folk Nation have had profound effects on urban communities across the United States. While the alliance has provided members with social support, it has also contributed to crime, violence, and disruption in neighborhoods. Law enforcement agencies have responded with targeted operations, intelligence gathering, and community outreach programs to mitigate the influence of the Folk Nation.

Community organizations have worked alongside law enforcement to address the root causes of gang involvement, such as poverty, lack of educational opportunities, and family instability. Efforts to reduce gang violence and promote rehabilitation have seen varying degrees of success, with some areas experiencing significant improvements and others continuing to struggle with gang-related issues.

- Increased law enforcement presence in high-risk neighborhoods
- Implementation of gang intervention and prevention programs
- Collaboration between community leaders and local authorities
- Public awareness campaigns on gang activity and recruitment

Current State and Contemporary Issues

In recent years, the Folk Nation has undergone changes in leadership, structure, and operations. The alliance continues to exist, but modern challenges such as increased law enforcement scrutiny, shifting social dynamics, and the rise of new gangs have altered its influence. Technology and social media have also impacted recruitment and communication methods, making gang activity more difficult to monitor and control.

While some member gangs have experienced decline due to arrests and internal divisions, others remain active and influential. The Folk Nation's legacy persists in urban culture, music, and social dynamics, reflecting both the resilience and adaptability of the alliance. Ongoing efforts to address gang violence, support at-risk youth, and foster safer communities remain critical in shaping the future of folk nation history.

Q: What is the Folk Nation and how did it originate?

A: The Folk Nation is a major street gang alliance that originated in Chicago during the late 1970s. It was formed by leading gang figures to unite various gangs for mutual protection and to counter the rival People Nation alliance.

Q: Which gangs are included in the Folk Nation?

A: Prominent gangs within the Folk Nation include the Gangster Disciples, Black Disciples, Spanish Cobras, Insane Gangster Disciples, Imperial Gangsters, and many others.

Q: What symbols are commonly associated with the Folk Nation?

A: The most common symbols are the six-pointed Star of David, upward-facing pitchforks, the number 6, and the colors blue and black.

Q: What are the main rivals of the Folk Nation?

A: The primary rivals of the Folk Nation are gangs aligned with the People Nation alliance, such as the Vice Lords and Latin Kings.

Q: What impact has the Folk Nation had on urban communities?

A: The Folk Nation has influenced urban communities through increased crime, violence, and social disruption, but has also prompted law enforcement and community efforts to address gang-related issues.

Q: How do members of the Folk Nation communicate and identify themselves?

A: Members use coded language, distinctive slang, hand signs, graffiti, tattoos, and specific colors to communicate and identify their alliance.

Q: Has the structure of the Folk Nation changed over time?

A: Yes, the structure has evolved due to leadership changes, law enforcement pressure, and internal conflicts, leading to shifts in influence and organization.

Q: What role do community organizations play in addressing Folk Nation activity?

A: Community organizations collaborate with law enforcement to implement intervention programs, provide support for at-risk youth, and promote public awareness to reduce gang involvement.

Q: Is the Folk Nation still active today?

A: The Folk Nation remains active, although its influence varies by region and is affected by ongoing law enforcement efforts and community initiatives.

Q: What is the significance of the Star of David in Folk Nation symbolism?

A: The Star of David symbolizes life, loyalty, and love within the Folk Nation, serving as a powerful unifying emblem among its members.

folk nation history: Folk Nation Simon J. Bronner, 2002-08-01 This lively reader traces the search for American tradition and national identity through folklore and folklife from the 19th century to the present. Through an engaging set of essays, Folk Nation shows how American thinkers and leaders have used folklore to express the meaning of their country. Simon Bronner has carefully selected statements by public intellectuals and popular writers as well as by scholars, all chosen for their readability and significance as provocative texts during their time. The common thread running throughout is the value of folklore in expressing or denying an American national tradition. This text raises timely issues about the character of American culture and the direction of American society. The essays show the development of views of American nationalism, multiculturalism, and commercialism. Provocative topics include debates over the relationship between popular culture and folk culture, the uniqueness of an American literature and arts based on folk sources, the fabrication of folk heroes such as Pecos Bill and Paul Bunyan as propaganda for patriotism and nationalism, the romanticizations of vernacular culture by popularizers such as Walt Disney and Ben Botkin, the use of folklore for ethnocentric purposes, and the political deployment of folklore by conservatives as emblems of 'traditional values' and civil virtues and by liberals as emblems of multiculturalism and tolerance of alternative lifestyles. The book also traces the controversy over who conveyed the myth of 'America.' Was it the nation's poets and artists, its academics, its politicians and leaders, its communities and local educational institutions, its theme parks and festivals, its movie moguls and entertainers? Folk Nation shows how the process of

defining the American mystique through folklore was at the core of debates among writers and thinkers about the value of Davey Crockett, John Henry, quilts, cowboys, and immigrants as symbols of America.

folk nation history: *Gangs in America's Communities* James C. Howell, Elizabeth Griffiths, 2018-02-08 [Gangs in America's Communities] is one of the most comprehensive treatments of gangs in the marketplace. . . . I highly recommend its adoption as you will not be disappointed and, most importantly, neither will your students. —Elvira White-Lewis, Texas A&M University-Commerce
Gangs in America's Communities, Third Edition blends theory with current research to help readers identify essential features associated with youth violence and gangs, as well as apply strategies for gang control and prevention. Authors Dr. James C. Howell and Dr. Elizabeth Griffiths introduce readers to theories of gang formation, illustrate various ways of defining and classifying gangs, and discuss national trends in gang presence and gang-related violence across American cities. They also offer evidence-based strategies for positioning communities to prevent, intervene, and address gang activity. New to the Third Edition: A series of new case studies document the evolution of numerous gangs in large cities, including the community aspect, evolutionary nature, and how cities influence levels of violence. New discussions highlighting the role of social media, insights into how gangs use it to recruit members, and the response from law enforcement. Current nationwide gang trends are discussed to encourage readers to analyze and interpret the most recent statistics for which representative data is available. Updated macro and micro gang theories enable readers to explore a recent encapsulation of leading developmental models. New discussions around female gang members offer readers potentially effective programs for discouraging females from joining gangs—along with highly regarded delinquency prevention and reduction programs that have the potency to be effective in reducing gang crimes among young women. A comprehensive gang prevention, intervention, and suppression program in Multnomah County, Oregon shows how theory was successfully applied to reduce gang activity in a local community. New research on gang structures and their rates of crime illustrate the connections between violent crimes and the amount of violent offenders within a gang. Additional discussion of distinguishing features (e.g., typologies) of major gangs, and numerous examples of gang symbols, tattoos, and graffiti has been added to help readers identify and differentiate various types of gangs.

folk nation history: *The Complete Idiot's Guide to Music History* Michael Miller, 2008-07-01 A beautifully composed journey through music history! Music history is a required course for all music students. Unfortunately, the typical music history book is dry and academic, focusing on rote memorization of important composers and works. This leads many to think that the topic is boring, but bestselling author Michael Miller proves that isn't so. This guide makes music history interesting and fun, for both music students and older music lovers. • Covers more than Western "classical" music—also includes non-Western music and uniquely American forms such as jazz • More than just names and dates—puts musical developments in context with key historical events

folk nation history: *Gangland* Laura L. Finley, 2018-10-01 This two-volume set integrates informative encyclopedia entries and essential primary documents to provide an illuminating overview of trends in gang membership and activity in America in the 21st century. *Gangland: An Encyclopedia of Gang Life from Cradle to Grave* includes extended discussion of specific gangs; types of gangs based on ethnicity and environment (rural, suburban, and urban); recruitment and retention methods; leadership structure and other internal dynamics of various gangs; impacts of gang membership on extended family; the historical evolution of gangs in American society; depictions of gang life in popular culture; violent and nonviolent gang activities; and programs, policies, agencies, and organizations that have been crafted to combat gang activities. In addition, the encyclopedia includes a suite of primary sources that offer a look into the personal experiences of gang members, examine efforts by law enforcement and public officials to address gang activity, and address wider societal factors that make eradicating gangs such a difficult task.

folk nation history: *A New History of American and Canadian Folk Music* Dick Weissman,

2019-09-05 Building on his 2006 book, *Which Side Are You On?*, Dick Weissman's *A New History of American and Canadian Folk Music* presents a provocative discussion of the history, evolution, and current status of folk music in the United States and Canada. North American folk music achieved a high level of popular acceptance in the late 1950s. When it was replaced by various forms of rock music, it became a more specialized musical niche, fragmenting into a proliferation of musical styles. In the pop-folk revival of the 1960s, artists were celebrated or rejected for popularizing the music to a mass audience. In particular the music seemed to embrace a quest for authenticity, which has led to endless explorations of what is or is not faithful to the original concept of traditional music. This book examines the history of folk music into the 21st century and how it evolved from an agrarian style as it became increasingly urbanized. Scholar-performer Dick Weissman, himself a veteran of the popularization wars, is uniquely qualified to examine the many controversies and musical evolutions of the music, including a detailed discussion of the quest for authenticity, and how various musicians, critics, and fans have defined that pursuit.

folk nation history: *Gangs and Organized Crime* George W. Knox, Gregg Etter, Carter F. Smith, 2018-07-04 In *Gangs and Organized Crime*, George W. Knox, Gregg W. Etter, and Carter F. Smith offer an informed and carefully investigated examination of gangs and organized crime groups, covering street gangs, prison gangs, outlaw motorcycle gangs, and organized crime groups from every continent. The authors have spent decades investigating gangs as well as researching their history and activities, and this dual professional-academic perspective informs their analysis of gangs and crime groups. They take a multidisciplinary approach that combines criminal justice, public policy and administration, law, organizational behavior, sociology, psychology, and urban planning perspectives to provide insight into the actions and interactions of a variety of groups and their members. This textbook is ideal for criminal justice and sociology courses on gangs as well as related course topics like gang behavior, gang crime and the inner city, organized crime families, and transnational criminal groups. *Gangs and Organized Crime* is also an excellent addition to the professional's reference library or primer for the general reader. More information is available at the supporting website - www.gangsandorganizedcrime.com

folk nation history: *The Promise of History* Athanasios Moulakis, 2019-07-08 No detailed description available for *The Promise of History*.

folk nation history: *Communicating in the Third Space* Karin Ika, Gerhard Wagner, 2008-10-05 *Communicating in the Third Space* aims to clarify Homi K. Bhabha's theory of the third space of enunciation by reconstructing its philosophical, sociological, geographical, and political meaning with attention to the special advantages and ambiguities that arise as it is applied in practical--as well as theoretical--contexts. The idea of third space conceives the encounter of two distinct and unequal social groups as taking place in a special third space of enunciation where culture is disseminated and displaced from the interacting groups, making way for the invention of a hybrid identity, whereby these two groups conceive themselves to partake in a common identity relating to shared space and common dialogue. The essays collected in *Communicating in the Third Space*--including a preface by Bhabha himself--brilliantly introduce readers to this exciting topic in Cultural and Post-Colonial theory and offers insightful elaboration and critique of the meaning and relevance of life in the third space. With a preface by Homi K. Bhabha.

folk nation history: *Ideas in History* 7 Katarina Leppänen, Rebecka Lettevall, Anna Bohlin, Jenny Bergenmar, Eve Annuk, Kalle Pihlainen, Kristin Rodier, 2015-01-01 *Ideas in History* is the result of collaborative efforts among nearly a dozen universities and colleges throughout the Nordic countries. The purpose of these initiatives is to further awareness of research, resources, and activities in the field of intellectual history in the Nordic countries as well as internationally. The journal introduces Nordic and international readerships to some of the finest work in intellectual history by Nordic-based scholars as well as international authors. The purpose of the journal is to create a meeting ground for the study of ideas in historical context across disciplinary, geographical and institutional boundaries. *Ideas in History* welcomes interdisciplinary approaches to intellectual history at the same time it acknowledges specific traditions in the field. *Ideas in History* seeks a

pluralism of methodological approaches to intellectual history: reflections on the field, historical contexts studied, subject matter for intellectual-historical investigation, critical understandings of relations between the intellectual past and present as well as the comprehension of culturally, politically and geographically diverse intellectual traditions.

folk nation history: *American Regional Folklore* Terry Mood Leopold, 2004-09-24 An easy-to-use guide to American regional folklore with advice on conducting research, regional essays, and a selective annotated bibliography. *American Regional Folklore* begins with a chapter on library research, including how to locate a library suitable for folklore research, how to understand a library's resources, and how to construct a research strategy. Mood also gives excellent advice on researching beyond the library: locating and using community resources like historical societies, museums, fairs and festivals, storytelling groups, local colleges, newspapers and magazines, and individuals with knowledge of the field. The rest of the book is divided into eight sections, each one highlighting a separate region (the Northeast, the South and Southern Highlands, the Midwest, the Southwest, the West, the Northwest, Alaska, and Hawaii). Each regional section contains a useful overview essay, written by an expert on the folklore of that particular region, followed by a selective, annotated bibliography of books and a directory of related resources.

folk nation history: *Hank: The Short Life and Long Country Road of Hank Williams* Mark Ribowsky, 2016-11-22 A compassionate yet clear-eyed (Washington Post) portrait of country music's founding father and Hillbilly King. Mark Ribowsky's *Hank* has been hailed as the greatest biography yet (Library Journal, starred review) of the beloved icon. Hank Williams, a frail, flawed man who had become country music's first real star, instantly morphed into its first tragic martyr when he died in the backseat of a Cadillac at the age of twenty-nine. Six decades later, Ribowsky traces the miraculous rise of this music legend?from the dirt roads of rural Alabama to the now-immortal stage of the Grand Ole Opry, and, finally, to a lonely end on New Year's Day in 1953. Examining Williams's chart-topping hits while also re-creating days and nights choked in booze and desperation, *Hank* uncovers the real man beneath the myths, reintroducing us to an American original whose legacy, like a good night at the honkytonk, promises to carry on and on.

folk nation history: *The Oxford Handbook of European Legal History* Heikki Pihlajamäki, Markus D. Dubber, Mark Godfrey, 2018-06-28 European law, including both civil law and common law, has gone through several major phases of expansion in the world. European legal history thus also is a history of legal transplants and cultural borrowings, which national legal histories as products of nineteenth-century historicism have until recently largely left unconsidered. The *Handbook of European Legal History* supplies its readers with an overview of the different phases of European legal history in the light of today's state-of-the-art research, by offering cutting-edge views on research questions currently emerging in international discussions. The *Handbook* takes a broad approach to its subject matter both nationally and systemically. Unlike traditional European legal histories, which tend to concentrate on heartlands of Europe (notably Italy and Germany), the *Europe of the Handbook* is more versatile and nuanced, taking into consideration the legal developments in Europe's geographical fringes such as Scandinavia and Eastern Europe. The *Handbook* covers all major time periods, from the ancient Greek law to the twenty-first century. Contributors include acknowledged leaders in the field as well as rising talents, representing a wide range of legal systems, methodologies, areas of expertise and research agendas.

folk nation history: *Folklore* Kenneth L. Untiedt, 2006 Folklore is everywhere, whether you are aware of it or not. A culture's traditional knowledge is used to remember the past and maintain traditions, to communicate with other members within a community, to learn, to celebrate, and to express creativity. It is what helps distinguish one culture from another. Although folklore is so much a part of our daily lives, we often lose sight of just how integral it is to everything we do. If we look for it, we can find folklore in places where we'd never think it existed. *Folklore: In All of Us, In All We Do* includes articles on a variety of topics. One chapter looks at how folklore and history complement one another; while historical records provide facts about dates, places and names, folklore brings those events and people to life by making them relevant to us. Several articles

examine the cultural roles women fill. Other articles feature folklore of particular groups, including oil field workers, mail carriers, doctors, engineers, police officers, horse traders, and politicians. As a follow-up article to *Inside the Classroom (and Out)*, which focused on folklore in education, there is also an article on how teachers can use writing in the classroom as a means of keeping alive the storytelling tradition. The Texas Folklore Society has been collecting and preserving folklore since its first publication in 1912. Since then, it has published or assisted in the publication of nearly one hundred books on Texas folklore.

folk nation history: *Black Folklorists in Pursuit of Equality* Ronald LaMarr Sharps, 2023-06-16 After the Civil War, Emancipation purportedly brought physical freedom to African Americans. As the nineteenth century drew to a close, blacks continued to experience inequality in all phases of American life—social, cultural, political, and economic. In pursuit of equality, African American movements interpreted folklore to reveal in their rhetoric the soul of a race and a path toward civilization. This book provides a comprehensive chronicle of these competing initiatives and their reception starting with the folklore society organized by Hampton Institute in 1893 and continuing through the early 1940s with the American Negro Academy, Fisk University graduates, William Hannibal Thomas, the National Association for the Advancement of Colored People, the Urban League, the Friends of Negro Freedom, the Universal Negro Improvement Association, and blacks associated with the Communist Party USA. Disavowing a culture of fear, money, guns, and death, black folklorists in these movements exposed a racial inner life ranging from loving, loyal, and happy to imitative, tragic, spiritual, emotional, and creative. Each characterization of the race justified a distinct path and possible contributions to civilization. If unable to know their past, members of the movements and other folklorists were fearful that African Americans would be an anomaly among humanity.

folk nation history: *Encyclopedia of American Folklife* Simon J Bronner, 2015-03-04 American folklife is steeped in world cultures, or invented as new culture, always evolving, yet often practiced as it was created many years or even centuries ago. This fascinating encyclopedia explores the rich and varied cultural traditions of folklife in America - from barn raisings to the Internet, tattoos, and Zydeco - through expressions that include ritual, custom, crafts, architecture, food, clothing, and art. Featuring more than 350 A-Z entries, *Encyclopedia of American Folklife* is wide-ranging and inclusive. Entries cover major cities and urban centers; new and established immigrant groups as well as native Americans; American territories, such as Guam and Samoa; major issues, such as education and intellectual property; and expressions of material culture, such as homes, dress, food, and crafts. This encyclopedia covers notable folklife areas as well as general regional categories. It addresses religious groups (reflecting diversity within groups such as the Amish and the Jews), age groups (both old age and youth gangs), and contemporary folk groups (skateboarders and psychobillies) - placing all of them in the vivid tapestry of folklife in America. In addition, this resource offers useful insights on folklife concepts through entries such as community and group and tradition and culture. The set also features complete indexes in each volume, as well as a bibliography for further research.

folk nation history: *The History of Texas Music* Gary Hartman, 2008 The richly diverse ethnic heritage of the Lone Star State has brought to the Southwest a remarkable array of rhythms, instruments, and musical styles that have blended here in unique ways and, in turn, have helped shape the music of the nation and the world. Historian Gary Hartman writes knowingly and lovingly of the Lone Star State's musical traditions. In the first thorough survey of the vast and complex cultural mosaic that has produced what we know today as Texas music, he paints a broad, panoramic view, offers analysis of the origins of and influences on specific genres, profiles key musicians, and provides guidance to additional sources for further information. A musician himself, Hartman draws on both academic and non-academic sources to give a more complete understanding of the state's remarkable musical heritage. He combines scholarly training in music history and ethnic community studies with his first-hand knowledge of how important music is as a cultural medium through which human beings communicate information, ideas, emotions, values, and

beliefs, and bond together as friends, families, and communities. The History of Texas Music incorporates a selection of well-chosen photographs of both prominent and less-well-known artists and describes not only the ethnic origins of much of Texas music but also the cross-pollination among various genres. Today, the music of Texas - which includes Native American music, gospel, blues, ragtime, swing, jazz, rhythm and blues, conjunto, Tejano, cajun, zydeco, western swing, honky tonk, polkas, schottisches, rock & roll, rap, hip hop, and more - reflects the unique cultural dynamics of the Southwest.--Jacket

folk nation history: *The New Cambridge Modern History: Volume 10, The Zenith of European Power, 1830-70* J. P. T. Bury, 1960-01-03 This volume examines the power of Europe from 1830 to 1870.

folk nation history: Mortal Jigsaw Puzzle Grieving Patriot, 2012-01-16 The Mortal Jigsaw puzzle follows the struggles of a heroic urban vice principal, as he attempts to control a large high school teetering on the verge of chaos. During the course of an infamous day known as Fat Lip Friday, the ghetto principal tries valiantly to keep control of his school in the midst of a full blown gang war. Immersed in an environment replete with urban music, violence, verbiage, and dress, the reader is bombarded with shocking images of life in the modern hood. As the visceral educational conflagration unfolds, the protagonist, Jose Perez, unexpectedly catches glimpses of a diabolical conspiracy of which street gangs are just a small part. Thanks to his keen senses, Mr. Perez slowly collects the pieces to a profoundly disturbing global puzzle comprised of codes, lyrics, art, and symbols of Egyptian, Masonic, and satanic origin. While attempting to place the gratuitous carnage and depravity of the inner city into perspective, Mr. Perez accidentally stumbles upon an interdisciplinary mind control plan which draws upon religion, politics, economics, psychology, marketing, history, and the occult. Alarmed by his findings, Mr. Perez warns his community of their pending doom, only to be hunted down by the very debt cattle whom he tries to save from oblivion. In the end, both his community and his nation are condemned to fall under this nefarious plot, as this educators quixotic mission abruptly ends with an ominous knock on his front door.

folk nation history: *The Study of European Ethnology in Austria* James R. Dow, Olaf Bockhorn, 2017-07-05 The study of ethnology or 'Volkskunde' in Austria has had a troubled past. Through most of the 20th century it was under the influence of the so-called Viennese 'Mythological School' and the controversy between the two opposing branches, the 'Ritualist' and the 'Mythologists', set much of the agenda from the 1920s until long after the World War ended in 1945. The volume examines two Austrian characters, Richard Wolfram and Karl Haiding, and the impact of their research and sets them in the context of Austrian ethnology before, during and after the war years. The book concludes by examining the present day ethnological outlook in the country.

folk nation history: *Chicago Police* Thomas Joseph Jurkanin, Terry G. Hillard, 2006 The book also delves into how the Chicago Police Department battles gangs, guns, drugs, and murder; how Hillard exhibited leadership in good times and in bad times; how Hillard dealt with politicians, the community, cops on the street and the media; how the department handled difficult crimes and their investigations; and how Hillard led, what he learned in the process, and what he accomplished. The book also discusses contemporary police issues including police corruption and brutality, use of force by police, police pursuits, police shootings and deaths, community policing, police accountability, and the use of emerging technologies in the fight against crime.--BOOK JACKET.
