Background of Eric Harris and Dylan Klebold

Early Life and Family

Eric Harris and Dylan Klebold were born and raised in Colorado. Eric Harris was born in Wichita, Kansas, in 1981 and moved to Littleton, Colorado, with his family in 1993. Dylan Klebold, born in Lakewood, Colorado, in 1981, grew up in a middle-class family. Both attended Columbine High School, where they eventually crossed paths and formed a friendship. Their families were relatively stable, and both had access to educational opportunities. Despite these similarities, each had unique struggles and experiences that contributed to their development.

School Life and Social Dynamics

At Columbine High School, Harris and Klebold experienced social challenges. Both students were intelligent and performed reasonably well academically. However, they felt ostracized and struggled to fit in with their peers. Their friendship deepened over shared interests, including video games and

computers, but also through mutual feelings of alienation and frustration. Reports from classmates and teachers indicated that Harris and Klebold were not part of any major social groups and sometimes exhibited behaviors associated with isolation.

Formation of a Deadly Partnership

The bond between Eric Harris and Dylan Klebold intensified during their later high school years. They communicated frequently, both in person and through online forums, where they occasionally

eric harris dylan klebold: The Psychology of Personality Bernardo J. Carducci, 2009-03-09
This engaging, comprehensive introduction to the field of personality psychology integrates discussion of personality theories, research, assessment techniques, and applications of specific theories. The Psychology of Personality introduces students to many important figures in the field and covers both classic and contemporary issues and research. The second edition reflects significant changes in the field but retains many of the special features that made it a textbook from which instructors found easy to teach and students found easy to learn. Bernardo Carducci's passion for the study of personality is evident on every page.

eric harris dylan klebold: Der Amok-Komplex Ines Geipel, 2012-03-15 Junge Amokschützen lernen voneinander: Die Schule des Tötens erstreckt sich vom australischen Port Arthur bis zum norwegischen Utoya. Die drei deutschen Tatorte Erfurt, Emsdetten und Winnenden stellt Ines Geipel in den Kontext der weltweiten Geschichte des Amoklaufs und sie zeigt, wie diese neue Form der Gewalt aus der Mitte unserer befriedeten westlichen Gesellschaften herausbricht. Was treibt junge Amokläufer an? Warum sind Waffen noch immer so mühelos verfügbar? Wie schützt die Polizei, was klärt die Politik, wer ist für die Hinterbliebenen da? Unveröffentlichte Akten und Materialien, Gespräche mit Augenzeugen, Angehörigen und Experten geben tiefe Einblicke in den AmokKomplex.

eric harris dylan klebold: Niemand lebt für sich allein Ingo Schäfer, 2015-02-20 NIEMAND LEBT FÜR SICH ALLEIN Wir Menschen sind eine Erfolgsgeschichte. Wir haben alle unsere Feinde besiegt, bis auf einen: uns selbst! Warum handeln wir in bestimmten Situationen so, wie wir handeln und warum greifen wir nicht nach den Sternen? Dieses Buch ist eine Inspiration, es soll dich anregen, deine Mitmenschen und auch dich besser zu verstehen. Wir haben täglich die Chance, diese Welt ein bisschen menschlicher zu machen. Dieses Buch teilt sich in vier Kapitel. Wir beginnen mit dem Individuum und fahren fort mit der Gruppe. Wie verhalten wir uns, wie interagieren wir? Wie hat sich unsere Umgebung verändert und welche Auswirkungen hat das auf unsere Entwicklung? Sind alle diese Dinge geklärt, gibt dir das letzte Kapitel die Inspiration, für eine bessere Welt einzutreten.

eric harris dylan klebold: Comprehending Columbine Ralph W Larkin, 2007-01-12 On April 20, 1999, two Colorado teenagers went on a shooting rampage at Columbine High School. That day, Eric Harris and Dylan Klebold killed twelve fellow students and a teacher, as well as wounding

twenty-four other people, before they killed themselves. Although there have been other books written about the tragedy, this is the first serious, impartial investigation into the cultural, environmental, and psychological causes of the massacre. Based on first-hand interviews and a thorough reading of the relevant literature, Ralph Larkin examines the complex of factors that led the two young men to plan and carry out their deed. For Harris and Klebold, Larkin concludes, the carnage was an act of revenge against the jocks who had harassed and humiliated them, retribution against evangelical students who acted as if they were morally superior, an acting out of the mythology of right-wing paramilitary organization members to die in a blaze of glory, and a deep desire for notoriety. Rather than simply looking at Columbine as a crucible for all school violence, Larkin places the tragedy in its proper context, and in doing so, examines its causes and meaning.

eric harris dylan klebold: The Psychology and Law of Workplace Violence Irvin H. Perline, Jona Goldschmidt, 2004 *The Psychology and Law of Workplace Violence* examines the causes, risk factors, prevention and legal issues associated with workplace violence. Previous attempts to explain these crimes are often only descriptive and do not identify the basic underlying psychological mechanisms and yet, from the largest violent acts, such as the September 11th Attack on America, to the smallest violent workplace crime, the psychological mechanisms are the same. This landmark text offers a different perspective to the current concepts of workplace violence and will likely change the way people conceptualize violent crime. Part One of the text identifies eight underlying factors responsible for these crimes, identifies two necessary conditions for their occurrence, and develops several significant, new concepts related to the field. Part Two discusses state and federal legal issues surrounding workplace violence. Workers' compensation, employer liability and employer duties under negligence law, hiring, supervision and firing, the legal aspects surrounding premises security, employee privacy issues, the ADA, the Fair Credit Reporting Act, and criminal history inquiries are but a few of the many legal topics discussed. This section is written in a practical, easy-to-understand manner and contains materials that are often available only in law libraries. The final Part Three of the text is a compendium of workplace violence case histories and includes numerous nationally recognizable incidents along with many others that have not been widely publicized. An interesting description of details surrounding each crime and its aftermath is included. What happened to the perpetrator? What happened to the victims? In addition, for many cases, how the case relates to other cases and issues that have arisen from the case are discussed. In this section, which is the largest published compilation of case history material on workplace violence to date, covers over

eric harris dylan klebold: American Political Plays in the Age of Terrorism Neil LaBute, Kia Corthron, Theresa Rebeck, Alexandra Gersten-Vassilaros, Stephen Karam, PJ Paparelli, Christopher Durang, 2019-04-04 This powerful anthology brings together reflective and raw plays by American playwrights surrounding the psychic and political boundaries of the many faces and shadows of terrorism. Allan Havis's introduction addresses a variety of terrorism cases from the last 25 years, examines several theories of the root causes of modern terrors, and underscores how theatre forms a unique contour to social and philosophical thought on terrorism. With a foreword from Robert Brustein, the anthology features: *Break of Noon* by Neil LaBute *7/11* by Kia Corthron *Omnium Gatherum* by Theresa Rebeck and Alexandra Gersten-Vassilaros *Columbinus* by PJ Paparelli and Stephen Karam *Why Torture is Wrong*, and *the People Who Love Them* by Christopher Durang

eric harris dylan klebold: The Language of Mass Shooter Manifestos Emily Powell, 2025-05-30 Bringing together scholarship from corpus linguistics, forensic linguistics, and criminology, this book offers a nuanced exploration of moral agency in the pre-crime narratives of offenders. The volume seeks to complement existing literature in forensic linguistics, which often explore criminal narratives elicited after the crime with the benefit of hindsight, by examining texts written in the midst of events. Analyses draw on a corpus of over 200,000 words of manifestos and diaries written by four 'lone attackers' who perpetrated mass shootings, and put together accounts of their lives and the preparation for their crimes. Incorporating stylistic approaches to non-fiction texts with those from corpus linguistics, Powell explores the ways in which these texts influence perpetrators

and future offenders and, more broadly, the role of narrative as it relates to harmful actions. A closing section includes a taxonomy of moral agency which may serve as the foundation for future research on understanding agency, responsibility, and offending from a linguistic perspective. This book will be of interest to scholars in forensic linguistics, corpus linguistics, stylistics, and criminology.

eric harris dylan klebold: Vermittlungskulturen des Amoklaufs Silke Braselmann, Jörn Ahrens, 2017-04-05 Die Beiträge des vorliegenden Bandes untersuchen Ereignisse, die sich tief in das Gedächtnis der Gesellschaft eingraben und eine kollektiv geteilte kulturelle Erfahrung des Spektakulären anzeigen: sogenannte Amokläufe und School Shootings. Neben der spektakulär inszenierten Tatausgestaltung und ihrer willkürlich erscheinenden Grausamkeit ist an diesen Gewalttaten so frappierend, dass sich reales und mediales Geschehen in einer Weise überblenden, die beides nahezu ununterscheidbar werden lässt. Wenn ein Amoklauf erfolgt, dann scheint er in seiner medial umfangreich aufbereiteten Rezeption einer Dramaturgie zu folgen, wie sie schon seit langem aus fiktionalen Darstellungen bekannt ist. Sämtliche Ästhetiken und Praktiken des Amok sind so gesehen Medienzitate oder, in der Debatte wiederholt aufgerufen, durch Medieninhalte inspiriert und gehen später ihrerseits als neue Zitate in das Darstellungsrepertoire der Taten über. Diese dynamische Wechselwirkung auf ihren unterschiedlichen Ebenen, die Effekte der medialen Präsenz von Amoktaten und ihre sich immer weiter verfestigenden Vermittlungskulturen werden hier aus verschiedenen disziplinären Blickwinkeln analysiert.

eric harris dylan klebold: Serial Killers and Psychopaths Charlotte Greig, John Marlowe, 2017-09-21 Jeffrey Dahmer committing his first murder with a fear of being left alone, then went on luring young boys and keeping souvenirs of their skulls. Ted Bundy who appeared to be a generous and charming young man with a brilliant future started with a petty crime and worked his way up to the murder of young women. John Wayne Gacy was a pillar of the community, organizing themed block parties and entertaining as Pogo the Clown, but his early transgressions began to take on more and more sinister forms. Serial Killers and Psychopaths provides a concise yet detailed look at some of the most dangerous individuals who have ever lived. Authors Charlotte Greig and John Marlowe present a carefully chosen cross-section of history's most infamous criminals, whose fascinating life stories are viewed with an unflinching gaze, making for a chilling but engrossing read.

eric harris dylan klebold: The People Behind Deadly Terrorist Attacks Laura La Bella, 2016-07-15 All the world knows what happened on September 11, 2001. And the Paris attacks of 2015 are just the latest in a string of terrorist attacks today. Bombings, hijackings, and mass shootings produce widespread fear and gain worldwide attention. Psychology students will gain insight into what motivates the terrorists behind these acts. Modern threats from cyberterrorism are also included in this title, which features psychological profiles, motivation, and often the ultimate capture of the terrorists. Readers will learn how killers are diagnosed and classified, and whether it is possible to treat or cure them.

eric harris dylan klebold: No Easy Answers Brooks Brown, Rob Merritt, 2002-10 On April 20, 1999, Dylan Klebold and Eric Harris, two seniors at Columbine High School in Littleton, Colorado, walked into their school and shot to death twelve students and one teacher, and wounded many others. It was the worst single act of murder at a school in U.S. history. Few people knew Dylan Klebold or Eric Harris better than Brooks Brown. Brown and Klebold were best friends in grade school, and years later, at Columbine, Brown was privy to some of Harris and Klebold's darkest fantasies and most troubling revelations. After the shootings, Brown was even accused by the police of having been in on the massacre—simply because he had been friends with the killers. Now, for the first time, Brown, with journalist Rob Merritt, gets to tell his full version of the story. He describes the warning signs that were missed or ignored, and the evidence that was kept hidden from the public after the murders. He takes on those who say that rock music or video games caused Klebold and Harris to kill their classmates and explores what it might have been that pushed these two young men, from supposedly stable families, to harbor such violent and apocalyptic dreams.

Shocking as well as inspirational and insightful, *No Easy Answers* is an authentic wake-up call for all the psychologists, authorities, parents, and law enforcement personnel who have attempted to understand the murders at Columbine High School. As the title suggests, the book offers no easy answers, but instead presents the unvarnished facts about growing up as an alienated teenager in America today. This edition contains a new afterword that describes what the two authors have experienced and learned about Columbine since the publication of the book.

eric harris dylan klebold: Dialogues, Dramas, and Emotions Robert Perinbanayagam, 2023-03-22 Drawing ideas from the works of George Herbert Mead, Mikhail Bakhtin, Kenneth Burke, and the American pragmatic philosophers, *Dialogues, Dramas, and Emotions: Essays in Interactionist Sociology* argues that the verbal interactions of human agents are characterized by addresses and rejoinders, which Bakhtin called dialogues. These moves conform to what Burke called dramatism. Robert Perinbanayagam uses examples both from dramatic literature and everyday conversations to demonstrate how everyday interactions are inescapably dramas, conducted through the use of dialogues in order to promote mutual understanding. Along with analyzing the dialogues themselves, the author also examines what comes to play in these interactions and shows the various consequences of these emotionalities in ongoing human relationships.

eric harris dylan klebold: Deadly School and Campus Violence Corona Brezina, 2008-08-15 Covers the history of school and college massacres and the steps to combat it.

eric harris dylan klebold: Forensics II Harry A. Milman PhD, 2022-07-24 George Washington, the former first president of the United States, lay in his bed suffering from a high fever, a raw throat, and labored breathing. His three physicians milled around his bed, treating Washington with blisters of cantharides, tartar emetic, and bloodletting, removing nearly 40 percent of his total blood volume and causing excruciating pain. When Washington finally was relieved of his misery and died, the three doctors could not agree what caused his death. *Forensics II: The Science Behind the Deaths of Famous and Infamous People* reads like a mystery novel, presenting biographical and scientific information that helps readers understand how medical examiners-coroners utilized forensic analysis to determine the causes and manners of death of thirty-six famous and infamous people, including Napoleon Bonaparte, a French military leader and politician; Charles Whitman, the University of Texas tower shooter; Bruce Lee, an actor and martial artist; Kurt Cobain, the lead singer of Nirvana; Jim Jones, a key figure in the Jonestown massacre; Aretha Franklin, a singer-songwriter; Alexander Litvinenko, a former officer of the Russian Federal Security Service; Jeffrey Epstein, a financier and convicted sex offender; and many more. The book is based on a review of publicly available autopsy and toxicology reports, published lay articles, and the scientific literature. Of the deaths reviewed, 39 percent were due to natural causes, 19 percent were accidental, and 6 (17 percent) were suicides. The remaining deaths comprise three cases each of homicide and justifiable homicide by police, one case of court-mandated execution, and three cases in which the manner of death was undetermined.

eric harris dylan klebold: Encyclopedia of Juvenile Violence Laura L. Finley, 2006-12-30 From concerns about juveniles' incorrigibility at the turn of the century to school violence in the 1990s, adults have attempted to understand, control, and prevent juvenile violence. Yet, juvenile violence takes many forms, including both violence by juveniles and violence against juveniles, and has various causes and consequences. Since juvenile violence cannot be understood without examining the social context of a given time, this comprehensive encyclopedia provides a historical overview of many significant time periods and offers entries about many types of juvenile violence. It covers competing theories of youth violence; issues such as gender, race, and educational status; and the criminal justice system's methods for dealing with both victims and offenders over time. Additionally, several topics that receive little attention in traditional volumes about juvenile violence, such as hazing, systemic violence in schools, peaceable schools, are covered in these pages. Each entry utilizes current sources, making the book as up-to-date as possible. The front and back matter offer important information, including a chronological list of significant events related to juvenile

violence and book and Web resources. Authors represent many different fields, including Sociology, Psychology, Education, History, Social Work, Political Science, Policing, and English. This offers readers a diversity of perspectives and information from a variety of sources. Confronting a difficult and often-misunderstood subject, this encyclopedia is essential to a better understanding of juvenile violence.

eric harris dylan klebold: Columbine & Beyond , 2006

eric harris dylan klebold: **The People's Justice** Amul Thapar, 2023-06-20 Amul Thapar sets the record straight with this can't-put-down series of stories that reveal the courage, decency, and humanity of the man behind what many are calling the Thomas Court. —Megyn Kelly, journalist Amul Thapar has done what even gifted law professors and professional 'Court watchers' often fail to do: Thapar has focused on the men and women whose lives are before the nine and on how one justice, Clarence Thomas, has carefully, consistently, and compassionately applied his understanding of the Constitution to those lives. — Hugh Hewitt, host of The Hugh Hewitt Show and professor of law For thirty years, Clarence Thomas has been denounced as the “cruellest justice,” a betrayer of his race, an ideologue, and the enemy of the little guy. In this compelling study of the man and the jurist, Amul Thapar demolishes that caricature. Every day, Americans go to court. Invoking the Constitution, they fight for their homes, for a better education for their children, and to save their cities from violence. Recounting the stories of a handful of these ordinary Americans whose struggles for justice reached the Supreme Court, Thapar shines new light on the heart and mind of Clarence Thomas. A woman in debilitating pain whose only effective medication has been taken away by the government, the motherless children of a slain police officer, victims of sexual assault—read their eye-opening stories, stripped of legalese, and decide for yourself whether Thomas’s originalist jurisprudence delivers equal justice under law. “Finding the right answer,” Justice Thomas has observed, “is often the least difficult problem.” What is needed is “the courage to assert that answer and stand firm in the face of the constant winds of protest and criticism.” That courage—along with wisdom and compassion—shines out from every page of *The People’s Justice*. At the heart of this book is the question: Would you want to live in Justice Thomas’s America? After reading these stories, even his critics might be surprised by their answer.

eric harris dylan klebold: Child and Adolescent Suicidal Behavior David N. Miller, 2021-07-05 This comprehensive resource--now revised and expanded--provides school practitioners with an evidence-based framework for preventing and effectively responding to youth suicidal behavior. David N. Miller guides readers to understand, screen, and assess for suicide risk in students in grades K-12. He presents collaborative strategies for intervening appropriately within a multi-tiered system of support. The book also shows how to develop a coordinated plan for postvention in the aftermath of a suicide, offering specific dos and don'ts for supporting students, parents, and school personnel. User-friendly tools include reproducible handouts; the book's large-size format facilitates photocopying. Purchasers get access to a webpage where they can download and print the reproducible materials. New to This Edition *Chapter on the roles and responsibilities of the school-based suicide prevention team. *Significantly revised coverage of screening and suicide risk assessment. *Situates prevention and intervention within a schoolwide multi-tiered system of support. *Updated throughout with current data, practical recommendations, and resources.

eric harris dylan klebold: **Emergency Response Handbook for Chemical and Biological Agents and Weapons** John R. Cashman, 2008-03-31 Updated to reflect the numerous advances that have evolved since the September 11 terrorist attacks, *Emergency Response Handbook for Chemical and Biological Agents and Weapons, Second Edition* maintains its reputation as a comprehensive training manual for emergency responders to incidents involving nuclear, biological, and chemical materials

eric harris dylan klebold: **Unreine Bilder** André Grzeszyk, 2014-03-15 Wie lässt sich das Bild eines Massakers an das befriedete Bild einer Kleinstadtschule anschließen? Jenseits soziologischer und psychologischer Argumentationen stellt der School Shooter in medienwissenschaftlicher Perspektive ein Montageproblem dar. André Grzeszyk entwickelt das Phänomen Amok als Frage

zeitgenössischer Sichtbarkeitsverhältnisse und Bildökonomien. In historischer Perspektive zeigt er auf, wie sich ein Schüler in einen School Shooter verwandelt und welche entscheidende Rolle mediale Formen der (Selbst-)Inszenierung in diesem Prozess spielen. Das Buch bietet profunde Einblicke in ein hochkomplexes Phänomen an der Grenze zwischen Fiktion und Realität.
