emil cioran ebook: *E. M. Cioran and the Human Condition* Karl White, 2025-06-12 This masterful account situates E.M. Cioran in his rightful place as one of the key figures in French post-war thought. Acknowledged for decades as a pillar of European culture, the Romanian émigré to Paris has been overlooked by Anglophone scholarship, but by placing him in conversation with acclaimed mainstream thinkers like Martha Nussbaum, Hannah Arendt and Samuel Beckett this book finally redresses that balance. Cioran is a thinker determined to peel back the layers of 'polite' philosophy to explore the anxious and difficult experience of being human. *E.M. Cioran and the Human Condition* focuses in on the iconoclastic force of his work and, in particular, his preoccupation with birth, which he conceives of as the source of life's dilemmas. Framing its discussions with enduring theological themes like guilt, original sin, salvation and apocalypse, this book brings the true value of Cioran's work for Western thought to the fore. These ideas often go unnoticed in the work of more conventional thinkers, making Cioran an essential figure in confronting the apocalyptic nature of our own age. The unique combination of pessimism, dark humour and morbid wit in Cioran's writing pushes us to explore what, if any, future there is for humanity in a world becoming ever more inhuman. This is a lively and thought-provoking introduction to an unjustly marginalized thinker who has much to teach us about the human condition after the crises of the twentieth century.

emil cioran ebook: Weltfremdheit und Weltflucht: Kulturpessimismus in der Moderne bei Emil Cioran und Fernando Pessoa Stefan Plank, 2012-10 Dieses Buch behandelt die Thematik der Weltflucht und der Weltfremdheit als kulturpessimistische Phänomene der modernen Zeit. Ausgehend vom rumänischen Philosophen und Aphoristiker E.M. Cioran und vom portugiesischen Lyriker und Schriftsteller Fernando Pessoa sollen diese, gewissermaßen als Präzedenzfälle einer radikalen skeptischen Denkströmung, der Kritik und des Unbehagens hinsichtlich kultureller Beschaffenheiten herangezogen werden. Von ihren Hauptwerken ausgehend sollen sie innerhalb einer kulturmorphologischen Expertise der Dekadenz und Kulturkritik eingeordnet werden und diesbezüglich auch andere philosophische Standpunkte aufgezeigt werden. Dabei wird ein Thema angesprochen, das weder fröhlich noch traurig, jedoch notwendig verhalten wirken muss.

emil cioran ebook: *The Romanian Language in the Digital Age* Georg Rehm, Hans Uszkoreit, 2012-07-25 This white paper is part of a series that promotes knowledge about language technology and its potential. It addresses educators, journalists, politicians, language communities and others. The availability and use of language technology in Europe varies between languages. Consequently, the actions that are required to further support research and development of language technologies also differ for each language. The required actions depend on many factors, such as the complexity of a given language and the size of its community. META-NET, a Network of Excellence funded by the European Commission, has conducted an analysis of current language resources and technologies. This analysis focused on the 23 official European languages as well as other important national and regional languages in Europe. The results of this analysis suggest that there are many significant research gaps for each language. A more detailed expert analysis and assessment of the current situation will help maximise the impact of additional research and minimize any risks. META-NET consists of 54 research centres from 33 countries that are working with stakeholders from commercial businesses, government agencies, industry, research organisations, software companies, technology providers and European universities. Together, they are creating a common technology vision while developing a strategic research agenda that shows how language technology applications can address any research gaps by 2020.

emil cioran ebook: *Beckett and Cioran* Steven Matthews, 2024-05-08 This Element discusses

the association between Samuel Beckett, and the Romanian-born philosopher, E. M. Cioran. It draws upon the known biographical detail, but, more substantially, upon the terms of Beckett's engagement with Cioran's writings, from the 1950s to the 1970s. Certain of Cioran's key conceptualisations, such as that of the 'meteque', and his version of philosophical scepticism, resonate with aspects of Beckett's writing as it evolved beyond the 'siege in the room'. More particularly, aspects of Cioran's conclusion about the formal nature that philosophy must assume chime with some of the formal decisions taken by Beckett in the mid-late prose. Through close reading of some of Beckett's key works such as *Texts for Nothing* and *How It Is*, and through consideration of Beckett's choices when translating between English and French, the issues of identity and understanding shared by these two settlers in Paris are mutually illuminated.

emil cioran ebook: Fanatismo, dúvida e suicídio em Cioran Antonio Carlos Lopes Petean, 2015-12-11 Este livro aborda a filosofia cética de Cioran, resultado da dúvida, que em suas mãos foi transformada em arma filosófica e antídoto contra as crenças políticas, religiosas e científicas. Por isso, para Cioran, só quem duvida não condena, pois segundo suas reflexões as crenças são acompanhadas das carnificinas que desfilaram pela História, evidenciando para este pensador romeno, que o homem é um idólatra por natureza.

emil cioran ebook: A morte do pato (Digital) Olavo de Carvalho, 2025-06-23 Só não direi que a curta e feliz existência de uma esperança foi o canto de cisne da direita liberal para não ser acusado de elevar, na escala estética das espécies animais, uma facção política que se deixou assar como um pato. Este quinto volume da série *O que restou do Imbecil* traz todos os artigos que Olavo de Carvalho publicou no ano de 2002 — para quem não se lembra, ano de eleições, precisamente as que elevaram, pela primeira vez, Luiz Inácio Lula da Silva e o PT ao poder. Interligando acontecimentos nacionais e internacionais, recentes e longínquos, o autor tentava mostrar ao país quem realmente era Lula, e que aquele pleito não passava de um teatro, montado para ocultar o fato de que, por meio da estratégia gramsciana, a esquerda já tinha ocupado todos os espaços e criado para si uma falsa direita. Duas décadas depois, com o mesmo personagem de volta à presidência, reler esses apelos pode ser ao mesmo tempo alarmante e esclarecedor.

emil cioran ebook: Leidenschaftlicher Leitfaden II E. M. Cioran, 2013-08-19 Der zweite Teil des »Leidenschaftlichen Leitfadens« wurde nach E. M. Ciorans Tod 1995 entdeckt. Dieses späte, vielleicht letzte rumänische Buch – der Autor schrieb noch bis 1949 in seiner Muttersprache – bildet einen Übergang zu seinem französischen Werk. Es ergänzt sowohl das rumänische Frühwerk als auch das reife französische. Ciorans Denken eignet etwas fast selbstmörderisch Ehrliches, es ist ein

Denken, das seinen Urheber nie aus den Augen verliert, das sich nie in leere, lebensferne Abstraktionen verliert. »Leidenschaftlicher Leitfaden II« enthält Seiten von ergreifender Intimität, unerschrockener Selbstoffenbarung. Andererseits kreist das Buch um Grund- und Schlüsselbegriffe des Cioranschen Denkens: um »Schicksal« und »Liebe« und, wieder und wieder, »Musik« und »Tod«. »Die sublunaren Ergötzungen sind ausweglos; es sind Kammern mit verriegelten Türen ... Die Augenblicksgegend eines derartigen Ergötzens verwandelt ... das Empfinden in die Loderasche eines rauchenden Alls. Vom Krampfen des Ichs bleibt nur ein abstraktes Pochen übrig wie eine Ironie der Mühsal des Erglühens – worin das Herz die Rolle eines Werkzeugs der herrlichsten Niederlagen spielt. Nichts überlebt die Liebe, die Wehmut, sie zu überleben, ausgenommen. Eine Wehmut, geweitet durch die Liebe zur Musik.«

emil cioran ebook: Thought as Experience in Bataille, Cioran, and Rosset Joseph Acquisto, 2024-06-13 Examines how postwar French writers constitute the thinking subject and reshape its relation to the external social world. Joseph Acquisto analyzes the writings of three thinkers during and shortly after the Second World War who address the question of what it means to think, and what it means to constitute oneself as a thinking subject – at a time that seems to come after everything; with the ruins of attacked cities echoing the remains of a philosophical tradition that was confident in its establishment of human beings as rational, of reason leading to progress, and of both the self and the world as knowable. What Georges Bataille calls inner experience and Emil Cioran labels thinking against oneself is something akin to a drama; not a mere representation of the self in relation to the world, but a process of remapping the relation of subject to object of thought dialectically. Acquisto argues that both writers adopt an anti-systematic approach to thinking that implicates fragmentary writing as a way of turning answers about subject-object relations into questions. Acquisto contends that this stands in contrast to the approach of Clément Rosset, whose affirmation of the inaccessibility of the real leads to an anti-intellectual, grace-filled affirmation of life as it is given, under the guise of what he calls the tragic. Bringing together thinkers that have seldom been discussed in a comparative light, *Thought as Experience in Bataille, Cioran, and Rosset* examines the affective dimensions of thought as experience and considers the political stakes of postwar thought as out of order with the world from which it springs.

emil cioran ebook: Inmortalidad digital Raquel Ferrández, 2025-04-29 En este ensayo, lúcido y a ratos mordaz, Raquel Ferrández explora las modalidades del deseo y sus pulsiones de vida y muerte en un mundo que se presenta como una extensión de la web, donde es posible vincularse infinitamente. La creación de la web es una historia de libertad, un espacio digital en el que todo puede estar vinculado a todo. Porque la omnivinculación es, ante todo, un ideal, un deseo de libertad. Treinta años después, se ha llegado a un límite grotesco: los muertos se niegan a descansar y se transfieren a soportes digitales; los vivos se niegan a morir y están obsesionados con perfeccionarse y permanecer. Morir es algo primitivo, lo civilizado es seguir vinculándose sin parar, a otros cuerpos, otras entidades, otros planos. En este ensayo, lúcido y mordaz, Raquel Ferrández explora las modalidades del deseo y sus pulsiones de vida y muerte en un mundo que se presenta como una extensión de la web, donde es posible vincularse infinitamente, de forma inmediata y simultánea, y donde el transhumanismo, el capitalismo de la vigilancia, la inteligencia artificial o la tecnosabiduría intentan eliminar el impacto de lo que significa estar solos.
