episode walkthrough star channel: *This Is a Thriller* Alan Warren, 2004-04-28 The late 1950s and early 1960s were the golden years of horror television. Anthology series such as *Way Out* and *Great Ghost Tales*, along with certain episodes of *Twilight Zone* and *The Alfred Hitchcock Hour*, were among the shows that consistently frightened a generation of television viewers. And perhaps the best of them all was *Thriller*, hosted by Boris Karloff. In *Thriller* the horror was gothic, with a darker, bleaker vision of life than its contemporaries. The show's origins and troubled history is first discussed here, followed by biographies of such key figures as producer William Frye, executive producer Hubbell Robinson, writers Robert Bloch and Donald S. Sanford, and Karloff. The episode guide covers all 67 installments, providing airdates, production credits, cast, plot synopses and critical evaluations.

episode walkthrough star channel: Drive-in Dream Girls Tom Lisanti, 2015-05-07 During the 1960s, a bushel of B-movies were produced and aimed at the predominantly teenage drive-in movie audience. At first teens couldn't get enough of the bikini-clad beauties dancing on the beach or being wooed by Elvis Presley, but by 1966 young audiences became more interested in the mini-skirted, go-go boot wearing, independent-minded gals of spy spoofs, hot rod movies and biker flicks. Profiled herein are fifty sexy, young actresses that teenage girls envied and teenage boys desired including Quinn O'Hara, Melody Patterson, Hilarie Thompson, Donna Loren, Pat Priest, Meredith MacRae, Arlene Martel, Cynthia Pepper, and Beverly Washburn. episode walkthrough star channel: *Exploring Space: 1999* John Kenneth Muir, 2015-09-15 Starring internationally renowned actors Martin Landau, Barbara Bain, Barry Morse and Catherine Schell, the British-made Space: 1999 was the only truly original space adventure of the mid-1970s. Sandwiched between the demise of the original Star Trek and the opening of the Stars Wars series on the big screen, Space: 1999 featured a richly-visualized world where space was terrifying and mysterious, where not all problems were solvable by technology and the space travelers were very human. From the science fiction show's conception in 1973 to its cancellation in 1977, this reference work covers each of the 48 episodes in depth, including a full plot synopsis, writer, director, guest star credits, and critical commentary that examines both the episode and other shows that have used similar plotlines. The popularity of Space: 1999 memorabilia and its many fan clubs are fully discussed, along with the possibility of a future movie or reunion show that would tie up the loose ends caused by the show's abrupt cancellation.

episode walkthrough star channel: Cheers Joseph J. Darowski, Kate Darowski, 2019-07-02 A fascinating look at one of the greatest shows of all time. For eleven seasons, Cheers was a critically acclaimed program, ultimately earning more than 100 Emmy nominations and securing 28 wins, including 4 for best comedy series. One of the most popular shows of all time, the series centered on a group of Boston, Massachusetts locals who gathered to drink and socialize. Bar owner Sam Malone was the de facto leader of the group and boss to Carla Tortelli, Coach Ernie Pantuso, Woody Boyd, and Diane Chambers, Sam's on-again, off again paramour. Regular patrons Norm Peterson and Cliff Claven completed this ersatz family, later joined by Frasier Crane; his wife Lilith; and Rebecca Howe, a new foil for Sam. Cheers not only provided laughs, it revolutionized American sitcoms with its long-running stories and famous will-they-won't-they relationship of Sam and Diane. In Cheers: A Cultural History, Joseph J. Darowski and Kate Darowski offer an engaging analysis of the show, providing insights into both the onscreen stories and the efforts behind the scenes to shape this beloved classic. The authors examine the series as a whole but also focus on the show's key characters, narrative arcs, and many themes, ranging from alcoholism to adultery. This volume also provides close looks at how set design, class issues, and gender roles informed the series throughout its run. Also included is an opinionated compendium of every episode, highlighting the peaks and dips in quality across more than a decade of television. Cheers: A Cultural History will appeal to the show's many fans and bring back beloved memories of the place where everybody knows your name.

There is a section on writing and producing digital content that embraces the “Do It Yourself” attitude to approaching a career in the entertainment industry.
