During the subsequent trial of Kyle Rittenhouse, Grosskreutz's legal history was examined as part of the defense's strategy. However, the court proceedings focused primarily on the events of the shooting rather than his prior legal record.

Grosskreutz testified in the trial, providing his account of the incident. His criminal history was not the central issue in the case, but it did become a topic of public debate as commentators and social media users discussed his background.

gaige grosskreutz criminal history: Summer of Our Discontent Thomas Chatterton Williams, 2025-08-05 In this provocative book, Thomas Chatterton Williams, one of the most revered and reviled social commentators of our time, paints a clear and detailed picture of the ideas and events that have paved the way for the dramatic paradigm shift in social justice that has taken place over the past few years. Taking aim at the ideology of critical race theory, the rise of an oppressive social media, the fall from Obama to Trump, and the twinned crises of COVID-19 and the murder of George Floyd, Williams documents the extent to which this transition has altered media, artistic creativity, education, employment, policing, and, most profoundly, the ambient language and culture we use to make sense of our lives. Williams also decries how liberalism - the very foundation of an open and vibrant society - is in existential crisis, under assault from both the right and the left, especially in our predominantly networked, Internet-driven monoculture. Sure to be highly controversial, Summer of Our Discontent is a compelling look at our place in a radically changing world.

gaige grosskreutz criminal history: The Anti-Communist Manifesto Jesse Kelly, 2025-02-11

gaige grosskreutz criminal history: The Unprotected Class Jeremy Carl, 2024-04-23

Anti-white racism, undisguised and unembarrassed, is now official policy in America. One class of citizens—whites—is openly discriminated against in every sphere of public and private life. The Unprotected Class is a comprehensive explanation of how we got here and what we must do to correct a manifest—and dangerous—injustice. Launched with an appeal to justice for all, the civil rights movement went off the rails even as it achieved its original goals. Soon its excesses and failures were exploited to justify discrimination against whites in business, education, law, entertainment, and even the church. With the death of George Floyd and the shedding of all pretense of racial justice, vindictiveness, resentment, and hatred were unleashed in America.

gaige grosskreutz criminal history: Lies of Omission Catherine DeSoto, 2022-09-20 A lie of omission—withholding needed information to correct a false belief. There is a sharp and more hostile divide emerging in the United States. The shift is documented by various polls, and the speed of the change is alarming. There are certainly contributing factors, but one factor is unique to the contemporary era: receiving the majority of our information via social media experiences. Media algorithms, and to some extent overt censorship, serve users curated content that is unlike what their neighbors receive. Lies of Omission brings together various perspectives on the causes and effects of the divided information streams. Psychology and neuroscience, combined with some historical jurisprudence, are woven together to spell out the dangers of the modern social media experience. Importantly, the human response can be understood as rooted in our psychology and neurochemistry. In part two of the book, eight hot button issues that have provoked deep divisions among American citizens are presented as well-researched, opposing-view chapters with a goal to lay bare the extent of the disinformation gap that we are living in. With the rise of ephemeral smart media, and the associated displacement of the permanently printed word, it is rare to have a clear idea of what persons who do not share our opinions actually believe, or why. The decimation of communal information sources is nearly complete. What can one do? One concrete step is to turn some of your attention away from curated, impermanent news and read a book. Read this book. Dr. Catherine DeSoto spells out why it is worth our time to be informed regarding the issues we care about: something your phone's curated media will never do for you. Open your mind to the quaint idea that one is not informed unless one understands the opposing view. Surprising all-new research regarding the political divide and the pandemic is included. Together with over 150 references, this book will be the definitive source documenting the effects of the media algorithm revolution.

gaige grosskreutz criminal history: Anti-Komünist Manifesto Jesse Kelly, 2024-03-28 II.

Dünya Savaşı sonrasındaki düzenin süpergücü addedilen Amerika Birleşik Devletleri'nin kuruluş ilkelerini de sosyal dokusunu da parçalama tehdidini arz eden komünizm tehlikesinin farkına varanlar, siyasi ve popüler kültür tarafından da yabancılaştırıldığını hissedenler için kaleme alınmış bir eser niteliğindeki Anti-Komünist Manifesto, Amerikan toplumu özelinde yaşanan güncel sorunların kökenine inerek her birinin tarihsel boyutlarını açıklamakla kalmıyor, yazarı Jesse Kelly'nin mizahi ve zeki üslubuyla komünizmin asıl felsefesini, şeceresini ve bu sorunların oluşumunda oynadığı rolü de ikna edici kanıtlarıyla birlikte tespit ve ifşa ediyor. Komünizmin 20. yüzyılın başında tüm dünyada olduğu gibi ABD'de de kendi ismi ve cismiyle faaliyet göstermesine rağmen Soğuk Savaş'ın bitimiyle birlikte kılık değiştirerek bu en büyük rakibinin yaşam tarzına, diline, kültürüne, sosyal normlarına, bireysel silahlanma ve inanç gibi özgürlüklerine, eğitim ve hukuk sistemine, tarih ve milliyetçilik algısına, medyasına, akademik dünyasına, devlet kurumlarına, siyasetine ve şirketlerine sinsice sızarak gençliğin dimağını kendi istediği şekilde nasıl dönüştürdüğünü; bunu yaparken de politik doğruculuk, duyar kasmak, basın özgürlüğü, eşitlikçilik, insan hakları, iklim ve çevre, kavramları çarpıtma eğilimi, cinsiyet ve ırk ayrımcılığı, sosyal medyadaki linç ve kınama kültürü, sosyal adalet savaşçılığı gibi yeni nesil araçlardan ne şekilde

istifade ettiğini ve nihai hedefinin ne olduğunu adım adım açıklıyor. Üstüne üstlük, bu unsurların her birine dair alınabilecek pratik ve kesin önlemleri de dile getiriyor. Kelly'nin tetkikleri ve uyarıları sadece ABD'yi değil, bu ve benzeri düşmanlar tarafından kuşatılan, gizlice işgal edilen ve tahakküm altında tutulan bütün ülkeleri ilgilendiriyor ve tüm vatansever halklar için önem teşkil ediyor. Ve bu 'ölüm-kalım savaşı'nda ihtiyaç duyulan tüm ipuçlarını, taktikleri ve sürecin püf noktalarını öğreten bir rehber hüviyetine bürünüyor. Görebileceğiniz en sıra dışı ve aydınlatıcı bakış açısını sunan modern manifesto, bu kitapta sizleri bekliyor!

gaige grosskreutz criminal history: A City on the Edge Dennis R. McBride, 2025-09-30

Some years change the course of history. 2020 was one of those years. As a pandemic, lockdowns, and an economic downturn convulsed America, police shootings of George Floyd and other African Americans touched off the largest protest movement in U.S. history. At the same time, mass shootings soared; many states saw unprecedented increases in gun-related incidents. Churning in the background were a bitter presidential election campaign and counterprotests opposing public health measures and the election result itself. Mayors of cities big and small struggled with some of these challenges, but Dennis McBride, the new mayor of a mid-sized, mostly-White suburb bordered by the majority-minority City of Milwaukee--called the heartland of the heartland--faced them all. His city, a microcosm of a troubled America, teetered on the verge of anarchy while playing a crucial role in the presidential election. *A City on the Edge* is the gripping story of how he and other mayors have steered America's hometowns through a storm of personal and political divisions. Though the chaos of 2020 has gradually subsided, it is still reverberating in the nation's economy, politics, and psyche. The changes sparked by the events of that historic year continue to vex mayors and their communities. Americans and their leaders are searching for a new equilibrium. That balance will be found first in our hometowns. *A City on the Edge* offers a path forward.

2023-07-18 Who fact-checks the fact-checkers? An industry that started in the 1990s by fact-checking chain emails and Bigfoot sightings has evolved over the past decade into the American political left's strongest tool in justifying the censorship of their political opposition and shaping the national narrative in their favor. There may have been a brief era where the fact-checkers fact-checked facts—now they fact-check reality itself.

gaige grosskreutz criminal history: Against the Corporate Media Michael Walsh,

2024-09-10 The citizens of Western democracies have been relentlessly propagandized, lied to, and fed a steady diet of distortions and untruths by their media for decades. Editor Michael Walsh brings together a stellar collection of critical thinkers and writers to explain how and why this is happening, its negative effects on our democracies, and what we can do to reverse it. An informed electorate is a prerequisite for free and fair elections. But rather than striving for accuracy and objectivity, today's journalists openly celebrate the death of objectivity, arguing that they have a "higher duty" to reject the conservatism, police speech, and suppress news that contradicts the liberal narrative. Now, on the heels of his magisterial volume *Against the Great Reset*, editor Michael Walsh presents *Against the Corporate Media*, a collection of more than forty essays on the decline and fall of the American and international news media. The book's list of distinguished contributors includes Lance Morrow, Andrew Klavan, John O'Sullivan, Elizabeth Nickson, Monica Crowley, Charlie Kirk, Glenn Reynolds, Steven F. Hayward, John Fund, Armond White, Michael Ramirez, Walsh, and others. Readers around the world deserve to know how badly their media has been corrupted, how eagerly they have embraced the role of official propagandists, and what a threat to democracy they have become. This book marks an important strike against the corporate media, and its unholy alliance with the enemies of freedom everywhere.

gaige grosskreutz criminal history: Kangaroo Court Don Brown, 2024-11-06 *Kangaroo Court:*

How Dirty Prosecutors and Sleazy Lawyers Destroy Political Opponents, Attack Free Speech, and Subvert the Constitution unveils the dangerous and growing trend of political prosecution in America. From Alvin Bragg to Jack Smith, from Fani Willis to Letitia James, to Kim Gardner, author Don Brown exposes how rogue prosecutors in politically charged jurisdictions have weaponized the

legal system to punish dissent, silence opposition, and erode constitutional rights. In a time when the American judicial system is under siege by leftists and a weaponized Department of Justice, Kangaroo Court dives into over twenty politically motivated cases, from the exonerations of Tom DeLay, Bob McDonnell, and Rick Perry to the wrongful imprisonment of Trump supporters, including Steve Bannon and Peter Navarro. These cases underscore the need for rogue prosecutor laws to prevent further abuse of power and protect the integrity of our republic. As the 2024 presidential election looms, the political prosecutions of Donald Trump across four jurisdictions are not just a threat to one man—they are an attack on the United States Constitution and freedom of speech. It's time to hold corrupt prosecutors accountable and restore justice to our judicial system. It's time to prosecute the prosecutors.

gaige grosskreutz criminal history: Amerika Year One+ Daniel De Prophet, 2023-07-10 After the events of the 2020 presidential election, a Cuban teacher in Miami identifies signs of the type of society he left behind. Concerned about the conversion of the United States into a totalitarian country, he begins sending email alerts to known people. The mails have become analyses of the evolving situation and a chronicle of the occupation of each field by the radical left. Education becomes indoctrination, news becomes harmful propaganda, and the health system is corrupt and used as a weapon to submit the population, purge people from their jobs, and control the individual. Workplaces, universities, and even the military create commissions that use race as a pretext to purge their ranks. CRT, the Marxist offspring, becomes the doctrine of people in power. The judicial system, including its head and their repressive corps, becomes servers of just one party. People are put in jail just for political reasons, and freedom of speech is canceled under the rules of a fascist document called NSCDT. This is a book with serious accusations but supported by the words and actions of those in power and their servers. It is also a call to react against the serious threat of losing freedom forever.

It covers all aspects of the issue: gun violence, including mass shootings in schools and other public spaces; gun control arguments and organizations; gun rights arguments and organizations; the firearms industry; firearms regulation, legislation, and court decisions; gun subcultures (for example, hunters and collectors); leading opinion-shapers on both sides of the gun debate; technological innovations in firearm manufacturing; various types of firearms, from handguns to assault weapons; and evolving public attitudes toward guns. Many of these entries place the topics in both historical and cross-cultural perspective.
