- Impact on Communities and Law Enforcement Response

History and Origins of the Gangster Disciples

The Gangster Disciples emerged in Chicago in the late 1960s as a result of a merger between two earlier gangs, the Supreme Gangsters and the Black Disciples. Founded primarily by Larry Hoover, the organization was initially formed to create a unified and more powerful faction within the city's gang landscape. Over the years, gangster disciple knowledge reveals that this group expanded its influence beyond Chicago, reaching other parts of the United States and even internationally. The gang's history is marked by periods of violent rivalry, territorial disputes, and efforts to control illegal activities such as drug trafficking and extortion. Understanding the gang's origins provides crucial context for its current operations and cultural significance.

Founding Figures and Early Development

Larry Hoover is a central figure in gangster disciple knowledge due to his role in founding and leading the gang. His vision of unifying various factions under one banner led to the consolidation of power and the creation of a structured organization. Early development focused on establishing control over Chicago neighborhoods and building a network of loyal members. This period also saw the establishment of codes, rituals, and rules that continue to define the gang's identity.

Expansion and Evolution

Following its foundation, the Gangster Disciples expanded into other cities such as St. Louis, Memphis, and Atlanta. The gang adapted to changing social and law enforcement environments by diversifying its criminal enterprises and strengthening internal discipline. Gangster disciple knowledge includes recognizing how this expansion influenced local gang dynamics and contributed to the evolution of street gangs across the country.

Beliefs and Ideology

The ideology of the Gangster Disciples combines elements of street gang culture with a unique set of principles and codes. Central to gangster disciple knowledge is the Five Percent Nation influence, which imbues the gang's teachings with spiritual and philosophical elements. Members adhere to a strict code of conduct and are often guided by a set of teachings that emphasize loyalty, respect, and unity. This belief system serves both as a means of control within the group and as a way to instill a sense of purpose among members.

The Role of the Five Percent Nation

The Five Percent Nation, also known as the Nation of Gods and Earths, heavily influences gangster disciple knowledge. This movement promotes the idea that 5% of the population are enlightened individuals who possess knowledge and are responsible for educating the masses. The Gangster Disciples incorporate this philosophy into their teachings, using it to justify their actions and reinforce group identity.

Core Principles and Codes

Members of the Gangster Disciples follow a set of core principles that govern behavior and interactions. These include respect for leadership, loyalty to the organization, and adherence to specific rituals and signs. The group's codes are designed to maintain discipline and cohesion, and violations often result in severe consequences. Understanding these principles is vital in gangster disciple knowledge to comprehend how the gang maintains control over its members.

Symbols and Signs

Symbols and signs play a critical role in gangster disciple knowledge, serving as identifiers and communication tools within the gang. These visual markers allow members to signal allegiance, convey messages, and assert territorial claims without verbal communication. Recognizing these symbols is essential for law enforcement and community members in identifying gang presence and activity.

Common Symbols

The Gangster Disciples use a variety of symbols, many of which are derived from their ideological

roots and street culture. Some of the most prevalent symbols include the six-pointed star, the pitchfork, and the colors blue and black. Each symbol carries specific meanings related to the gang's history, values, and structure.

Hand Signs and Gestures

Hand signs are a prominent feature in gangster disciple knowledge. Members use specific gestures to identify themselves to others and to communicate covertly. These signs often mimic the shapes of the gang's symbols or represent numeric values significant to the organization. Law enforcement agencies study these signs to aid in gang prevention and intervention efforts.

Organizational Structure and Membership

The Gangster Disciples maintain a well-defined organizational structure that facilitates control and order within the group. Gangster disciple knowledge highlights a hierarchy that includes various levels of leadership, rank-and-file members, and associates. This structure enables coordinated criminal activities and enforces discipline among members.

Leadership and Hierarchy

At the top of the hierarchy is the leader, often referred to as the "Supreme Gangster." Beneath this position are lieutenants and captains who oversee operations in specific territories or units. Members are organized into factions or sets, each responsible for certain neighborhoods or criminal enterprises. This hierarchical arrangement is critical to the gang's ability to sustain operations and manage conflicts.

Recruitment and Initiation

Recruitment into the Gangster Disciples involves a rigorous initiation process designed to test loyalty and commitment. New members undergo trials that may include committing crimes and demonstrating allegiance to the gang's principles. This process ensures that only dedicated individuals join, preserving the organization's integrity and strength.

Typical Member Roles

- **Foot Soldiers:** Engage in street-level activities such as drug sales and enforcing gang rules.
- **Enforcers:** Responsible for maintaining discipline and carrying out punishments.
- **Financial Operators:** Manage the gang's monetary assets and illegal enterprises.
- **Lookouts and Messengers:** Provide intelligence and communication between members.

Gangster Disciple Knowledge in Popular Culture

The Gangster Disciples have significantly influenced popular culture, especially within music, fashion, and media. This exposure has contributed to both the gang's notoriety and the public's fascination with its history and symbolism. Gangster disciple knowledge includes understanding how these cultural representations have shaped perceptions and sometimes glamorized gang life.

Representation in Music

Hip-hop and rap artists have frequently referenced the Gangster Disciples in their lyrics, using their symbols and language to convey street credibility and authenticity. This connection has helped spread gangster disciple knowledge beyond Chicago, embedding it into the broader cultural landscape.

Fashion and Style

The gang's colors and symbols have influenced streetwear trends, with blue and black apparel often associated with Gangster Disciples. Apparel featuring six-pointed stars or pitchfork imagery is sometimes worn as a statement of affiliation or admiration.

Impact on Communities and Law Enforcement Response

The presence of the Gangster Disciples has had profound effects on communities, particularly in urban areas where violence and crime rates have been elevated. Gangster disciple knowledge is crucial for understanding these impacts and the strategies employed by law enforcement to mitigate them. Efforts focus on disrupting criminal activities while promoting community programs aimed at prevention and rehabilitation.

Community Impact

The gang's involvement in drug trafficking, violence, and intimidation has contributed to social instability and economic challenges in affected neighborhoods. Families and local businesses often suffer from the consequences of gang activity, which can limit opportunities and increase fear.

Law Enforcement Strategies

Authorities use a combination of intelligence gathering, targeted arrests, and community outreach to counter the gang's influence. Understanding gangster disciple knowledge allows law enforcement to better identify members, anticipate activities, and implement effective intervention programs.

Frequently Asked Questions

What is the origin of the Gangster Disciple Nation?

The Gangster Disciple Nation was founded in Chicago in the late 1960s by Larry Hoover and David Barksdale as a merger of several gangs to form a powerful organization.

What are the core beliefs of the Gangster Disciple knowledge?

Gangster Disciple knowledge includes beliefs in the teachings of the 'Growth and Development' philosophy, emphasizing unity, respect, and understanding of their symbols, colors, and codes to maintain order within the organization.

What symbols are commonly associated with Gangster Disciple knowledge?

Common symbols include the six-pointed Star of David, the pitchfork, and the colors black, blue, and white, each representing different aspects of their identity and values.

How does Gangster Disciple knowledge influence their organizational structure?

The knowledge provides a framework for hierarchy, discipline, and rules within the gang, helping members understand their roles and responsibilities to maintain control and loyalty.

What role does education play in Gangster Disciple knowledge?

Education is emphasized as a way to empower members, encouraging self-improvement, understanding of their history, and better decision-making to avoid negative cycles.

How is the concept of 'Growth and Development' significant in Gangster Disciple knowledge?

'Growth and Development' is a central philosophy that promotes personal and collective improvement, guiding members to evolve beyond criminal activities towards positive community impact.

Why is understanding Gangster Disciple knowledge important for community intervention programs?

Understanding their knowledge helps intervention programs address root causes, communicate effectively with members, and develop strategies that resonate culturally to reduce gang violence and promote rehabilitation.

Additional Resources

1. *The Origins of the Gangster Disciples*

This book explores the historical roots and formation of the Gangster Disciples, tracing their beginnings in Chicago during the late 1960s. It delves into the socio-economic factors that contributed to the gang's rise and the key figures who shaped its early identity. Readers gain insight into the cultural and political environment that influenced the gang's development.

2. *Symbols and Signs: Understanding Gangster Disciple Iconography*

A comprehensive guide to the various symbols, signs, and colors associated with the Gangster Disciples. This book explains the meaning behind their iconography and how members communicate identity and allegiance through visual cues. It is an essential resource for those studying gang culture and communication.

3. *The Code of the Gangster Disciples*

This book outlines the rules, ethics, and unwritten laws that govern the behavior of Gangster Disciples members. It discusses the importance of loyalty, respect, and hierarchy within the organization. The text provides a rare glimpse into the internal discipline and governance that maintain order in the gang.

4. *Leaders and Legends: Influential Figures in the Gangster Disciples*

Profiling key personalities who have shaped the gang's trajectory, this book highlights the leadership styles and legacies of prominent Gangster Disciples. It covers both historic and contemporary figures, offering an understanding of how leadership impacts the gang's operations and philosophy.

5. *Gangster Disciples and Community Impact*

An analysis of the gang's influence on local communities, this book examines both the negative and positive effects. It discusses the gang's role in neighborhood dynamics, economic activity, and social structures. The book also looks at community responses and efforts to address gang-related challenges.

6. *The Evolution of Gangster Disciple Territory*

Focusing on the geographic spread and territorial control of the Gangster Disciples, this book charts changes over time. It explains how the gang expanded beyond Chicago into other cities and states. The text also explores conflicts with rival gangs and strategies for maintaining dominance.

7. *Gangster Disciples: Music, Culture, and Identity*

This book explores the cultural expressions tied to the Gangster Disciples, including music, fashion, and language. It highlights how members use cultural elements to build identity and solidarity. The book also examines the influence of the gang on hip-hop and street culture.

8. *Law Enforcement and the Gangster Disciples*

An in-depth look at how law enforcement agencies have approached the Gangster Disciples over the decades. The book covers investigation tactics, prosecution strategies, and challenges faced in dismantling the organization. It also discusses the impact of legal actions on the gang's structure.

9. *Paths Out: Rehabilitation and Alternatives for Gangster Disciples*

This book focuses on programs and strategies designed to help members leave gang life behind. It examines rehabilitation efforts, community support systems, and success stories of former Gangster Disciples. The text offers hope and practical advice for individuals seeking to break free from gang

involvement.

gangster disciple knowledge: Re-Centering Culture and Knowledge in Conflict Resolution Practice Mary Adams Trujillo, S. Y. Bowland, Linda James Myers, Phillip M. Richards, Beth Roy, 2022-09-01 The field of conflict resolution centers on relationships and ways of approaching methods for problem solving. These relationships and approaches vary deeply depending on the individual, society, and background, proving that cultural perspective is fundamental to any dispute intervention. *Re-Centering Culture and Knowledge in Conflict Resolution Practice* is a collection of original essays by scholars and practitioners of conflict resolution and others working in marginalized communities. The volume offers a sampling of the cultural voices essential to effective practice yet not commonly heard in the discourse of conflict resolution. The authors explore the role of culture, race, and oppression in resolving disputes. Drawing on firsthand experience and sound research, the authors address such issues as culturally sensitive mediation practices, the diversity of perspectives in conflict resolution literature, and power dynamics. The first anthology of its kind, this book combines personal narratives with formal scholarship. By melding these varied approaches, the authors seek to inspire activism for social justice in today's multicultural society.

gangster disciple knowledge: Terrorist Recruitment of U.S. Gangs D. Darell Dones, 2019-11-11 Since the September 11, 2001 US-Terrorist Attacks there has been an overwhelming increase in documented cases of violent acts of extremism made possible by radical terrorist recruitment of domestic gangs. These new, global criminal alliances combine tech-savvy radical extremists and the local knowledge and manpower of U.S.-based gangs creating a greater potential for biological attacks. As a result, both law enforcement and intelligence agencies have been forced to align their coordination efforts to a greater extent with colleges, universities, private infrastructures, and the military to shift national security efforts from reactive to proactive. D. Darell Dones examines the parallel terrorist-gang activities and prevailing psychosocial factors that explain the varying radical beliefs, causations, and behavioral mindset of these criminal partnerships.

gangster disciple knowledge: Gangs on Trial John M. Hagedorn, 2022-01-12 What actually goes on in a courtroom when the defendant is a gang member

gangster disciple knowledge: Gangs and Law Enforcement Linda M. Schmidt, James T. O'Reilly, 2007 Gangs are on the rise again. This portent of trouble comes from the FBI'S expert on gangs, Linda Schmidt. Today, there are over 30,000 gangs across America and over 800,000 gang members. Gangs are savvy and scarier than ever. Their firepower, military background and lack of restraint have made some city centers too dangerous to patrol. As gang power grows, knowledge is the best antidote and the best inducement to corrective actions. The interviews, street wisdom and advice that are used throughout this book show its heavy dose of reality. Specialist Linda Schmidt goes deep into gang territory without a badge or gun. She uses a lethal mix of wily street smarts, courage, and determination. She possesses the secret weapons of confidence and caring, and the unnerving manner and moral compass of a grandmother. There are very few in law enforcement who have gotten so far beneath the surface of gang life. Linda can look at a wall of graffiti and read the hieroglyphics that predict an impending murder. She has leaned over unidentified corpses on the

cold steel of the coroner's table and told their life story by interpreting the codes of their tattoos. Linda's book is a crucial primer for anyone who needs to learn the customs and codes of the gang world. She brings you systematically through the anthropology, psychology and pathology of the gang culture. This book is not an ideology approach but rather a practical book with a set of steps to follow. It provides specific advice and ideas for actions. Interviews, photos, experiences and case studies are included to make the book much more user-friendly to prosecutors, police and corrections officials. One of the goals of this book is to provide all law enforcement (local, state, and federal) with a method for working together to get the best results when dealing with gang cases. It will make law enforcers sit up and take notice. This book will get real results in a short time if it's carefully explained advice is heeded.

gangster disciple knowledge: Encyclopedia of Gangs Louis Kontos, David C. Brotherton, 2007-11-30 In light of Los Angeles' gang state of emergency, ethnic and minority gangs are arguably more high profile now than at any other time in our history. News media typically focus on the crime and violence associated with gangs, but not much else. This encyclopedia seeks to illuminate the world of gangs, including gang formations, routine gang activities, aberrations and current developments. One hundred essay entries related to gangs in the United States and worldwide provide a diffuse overview of the gang phenomenon. Each entry defines and explains the term, provides an historical overview, and explains its significance today. As the following entries demonstrate, gangs are part of the fabric of American society. They are not only in our communities but also our schools and other social institutions. Understanding the world of gangs is therefore needed to understand American society. Entries include: Bikers, Bloods, Cholas, Crips, gang mythology, gang warfare, graffiti, Hell's Angels, Hong Kong Triads, Latin Kings, law enforcement, occultic gangs, mafia, media, prison gangs, rites, Skinheads, Streetgang Terrorism Omnibus Prevention Act, tattoos, trafficking, Wanna-bes, West Side Story, Witness Protection programs, and youth gangs.

gangster disciple knowledge: Real Gangstas Timothy R. Lauger, 2012-09-01 Street gangs are a major concern for residents in many inner-city communities. However, gangs' secretive and, at times, delinquent tendencies limit most people's exposure to the realities of gang life. Based on eighteen months of qualitative research on the streets of Indianapolis, Real Gangstas provides a unique and intimate look at the lives of street gang members as they negotiate a dangerous peer environment in a major midwestern city. Timothy R. Lauger interviewed and observed a mix of fifty-five gang members, former gang members, and non-gang street offenders. He spent much of his fieldwork time in the company of a particular gang, the "Down for Whatever Boyz," who allowed him to watch and record many of their day-to-day activities and conversations. Through this extensive research, Lauger is able to understand and explain the reasons for gang membership, including a chaotic family life, poverty, and the need for violent self-assertion in order to foster the creation of a personal identity. Although the book exposes many troubling aspects of gang life, it is not a simple descriptive or a sensationalistic account of urban despair and violence. Steeped in the tradition of analytical ethnography, the study develops a central theoretical argument: combinations of street gangs within cities shape individual gang member behavior within those urban settings. Within Indianapolis, members of rival gangs interact on a routine basis within an ambiguous and unstable environment. Participants believe that many of their contemporaries claiming gang affiliations are not actually "real" gang members, but instead are imposters who gain access to the advantages of gang membership through fraud and pretense. Consequently, the ability to discern "real" gang members—or to present oneself successfully as a real gang member—is a critical part of gangland Indianapolis. Real Gangstas offers an objective and fair characterization of active gang members, successfully balancing the seemingly conflicting idea that they generally seem like normal teenagers, yet are abnormally concerned with—and too often involved in—violence. Lauger takes readers to the edge of an actual gang conflict, providing a rare and up-close look at the troubling processes that facilitate hostility and violence.

gangster disciple knowledge: Review of the Department of Justice's Anti-Gang

Intelligence and Coordination Centers Michael D. Gullledge, 2010-11 Gang membership and gang-related criminal activity has increased over the past 10 years, and gang violence is making increased demands on law enforcement resources. In Jan. 2007, the DoJ announced the establishment of three new entities: (1) the Nat. Gang Intell. Center (NGIC) integrates the gang intell. assets of all DoJ agencies and other partners; (2) the Nat. Gang Targeting, Enforce., and Coord. Center (GangTECC) serves as a coordinating center for multi-jurisdictional gang invest.; and (3) the Gang Unit develops and implements strategies to attack the most significant gangs. This report examined the intell. and coord. activities of NGIC and GangTECC and assessed the effectiveness of their contributions to DoJ's anti-gang initiatives.

gangster disciple knowledge: Moral Issues in Special Education Robert F. Ladenson, 2020-08-15 The book identifies and analyzes important yet insufficiently explored moral issues in k-12 special education. It aims to achieve a successful combination of experience and theory. The experience comes from the many years the author was an Illinois special education due process hearing officer (1987-2007). The theory comes from the even more years he taught and did scholarly work in the areas of moral, political, legal, and educational philosophy as a philosophy professor (1969-2012). Each of the moral issues considered in the book figured importantly in one or more of the most significant disputes the author was called upon to adjudicate. Throughout the book he draws upon important concepts in moral, political, legal, and educational philosophy as conceptual resources. He considers these concepts invaluable for analyzing moral issues, especially when a person experiences discomfort caused by a sense that an issue is morally problematic but finds it hard to articulate the crux of the issue. Throughout the book, however the author has tried hard to write in language that readers unfamiliar with the terminology and discourse style of philosophy can understand, and always to make it apparent why and how particular philosophical points bear upon important moral issues in k-12 special education.

gangster disciple knowledge: *Contemporary Gangs* Deborah Lamm Weisel, 2002 Annotation Questioning whether organizational theory can lead to greater understandings of gang structure, size, and growth and contribute predictive theories about gang success and expansion, Weisel (political science and public administration, North Carolina State U.) conducted field research with four Chicago and San Diego gangs. Qualitative analysis methods and software were used to identify varying aspects of gang organizations including labor specialization; patterns of leadership; extent of hierarchy; occurrence of regular meetings; payment of dues; and adherence to rules, discipline, and penalties. Annotation c. Book News, Inc., Portland, OR (booknews.com).

gangster disciple knowledge: Defending Public Education from Corporate Takeover Todd Alan Price, John Duffy, Tania Giordani, 2012-12-19 At this moment, schools are doing everything they can to win the Race to the Top. They are allocating their funding to test preparation, ridding beloved teachers, and transferring students who "drag down" their grade average on the state report card. This book describes the current state of the education system in the United States. Readers will be on the front lines of the protests in Madison, in the inner city public-turned-charter schools, and in the shoes of the teachers dealing with educational politics every day. By the end of this text, you may beg the question: who's winning in the Race to the Top?

gangster disciple knowledge: Urban Physical Education Rhonda L. Clements, Amy Meltzer Rady, 2012 'Urban Physical Education' provides a broad background on issues facing PE teachers working within urban settings and emphasizes the need to adequately prepare them for success.

gangster disciple knowledge: Criminal Investigation Steven G. Brandl, 2017-12-07 Criminal Investigation, Fourth Edition, offers a comprehensive and engaging examination of criminal investigation and the vital role criminal evidence plays in the process. The text focuses on the five critical areas essential to understanding criminal investigations: background and contextual issues, criminal evidence, legal procedures, evidence collection procedures, and forensic science. In this new edition, esteemed author Steven G. Brandl goes beyond a simple how-to on investigative procedures and analyzes modern research and actual investigative cases to demonstrate their importance in the real world of criminal justice. New to the Fourth Edition: New and updated

statistical information, research findings, investigative procedures, and legal cases ensure you are learning about the most current research in the field. Several new “From the Case File” chapter introductions and 25 new in-chapter “Case-in-Point” investigative case examples make it easier for you to connect the content to the real world. More than 75 new photos, most of which are case photos from actual investigations, illustrate key concepts to help keep you engaged with the content. New material on documenting evidence via reports provides examples of well-written police reports to help you build better writing skills. New material on social media and evidence from electronic digital devices discusses how to use new technology as a source of information. A stronger focus on terrorism and the use of technology in investigations encourages you to discuss and critically analyze the future of criminal investigations. New sections titled “Mental Mistakes in Criminal Investigations,” “Perspectives on the Criminal Investigation Process,” and “Qualities and Characteristics of Investigators” offer you tips and advice for conducting successful investigations. New material on touch DNA helps you see the benefits and limitations of scientific evidence gathered from a crime scene.

gangster disciple knowledge: *The Private Side of a Public Education* McGiboney, Garry, 2015-03-12 Finally someone inside public education is willing and able to share what makes public education one of the most wasteful and harmful and yet one of the most noble efforts in the history of mankind. This book pulls the curtain back for an unedited and uncensored view of public education, including components of public education heretofore unheard of by the general public. The author shares a personal and professional journey into corners of public education that will both disturb and delight readers. The author takes the reader into the world of felonious students and staff members, and how their presence in school poses real dangers for all students. He chronicles how some public school teachers and administrators save souls and how others are allowed to be cruel to children. Along with these honest descriptions of public education, the author also shares his personal journey through public education with a humorous view alternating with heart rendering descriptions of students trying to retain their dignity while struggling to survive in public schools. Recent books such as *Waiting for Superman* and *The Death and Life of the Great American School System* fail to capture and reveal the heart and soul of public education in America. The *Private Side of Public Education* will forever change the reader’s perception of public education.

gangster disciple knowledge: *Black and Brown Education in America* Samina Hadi-Tabassum, Persis Driver, 2023-01-30 *Black and Brown Education in America: Integration in Schools, Neighborhoods, and Communities* is a decade long ethnographic study of Maywood, Illinois, and the impact of its recent demographic shift from a historically Black middle-class suburb outside of Chicago with roots in the Black Panther Party to, now, a community with a growing Latinx population. It explores the intersection of race, culture, and language—and the ensuing Black-Brown identity politics—as well as the role of community organizations such as interracial faith-based churches and embattled school boards. Against a backdrop of racial tensions and heightened violence, the book also addresses transformative, liminal spaces where coalition building and collaboration bring the Black and Latinx communities together around common causes and unified goals.

gangster disciple knowledge: *The Detective's Handbook* John A. Eterno, 2017-08-09 *The Detective’s Handbook* details the vital information law enforcement officers need to know to become better detectives. Since all essential aspects of detective work cannot be covered in a single volume, the editors have selected 20 of the most critical issues detectives face in their day-to-day work and present them in separate chapters. Using a

gangster disciple knowledge: *Gangland* Laura L. Finley, 2018-10-01 This two-volume set integrates informative encyclopedia entries and essential primary documents to provide an illuminating overview of trends in gang membership and activity in America in the 21st century. *Gangland: An Encyclopedia of Gang Life from Cradle to Grave* includes extended discussion of specific gangs; types of gangs based on ethnicity and environment (rural, suburban, and urban); recruitment and retention methods; leadership structure and other internal dynamics of various

gangs; impacts of gang membership on extended family; the historical evolution of gangs in American society; depictions of gang life in popular culture; violent and nonviolent gang activities; and programs, policies, agencies, and organizations that have been crafted to combat gang activities. In addition, the encyclopedia includes a suite of primary sources that offer a look into the personal experiences of gang members, examine efforts by law enforcement and public officials to address gang activity, and address wider societal factors that make eradicating gangs such a difficult task.

gangster disciple knowledge: Gang Investigations Derrick Watkins, Richard Ashby, 2007 Criminal Investigations & Forensic Science

gangster disciple knowledge: How to Move Black America Forward Eddie Taylor, PhD, 2018-02-14 By looking at the perceived obstacles and the concrete solutions to keep moving forward, this book exposes Black America's strengths and potential that is filled with the possibility of becoming more than has ever been imagined, by some.

gangster disciple knowledge: Gangs and the Military Carter F. Smith, 2019-09-20 Over the past several decades, there has been a continuous and growing focus on street gangs, outlaw motorcycle gangs, and domestic extremist groups. Many of these groups have members with military training, and some actively recruit from current and former military veterans and retirees. That military experience adds to the dangerousness of veteran gang members, as well as those groups they associate with. Communities everywhere are experiencing the damaging impact of gang criminal behavior. By observing gang activity from the Revolutionary War to today Smith examines the presence of military-trained, often veteran, gang members in the communities. He looks at the turning points in gang investigations in the military, and also looks at the laws and policies designed to specifically counter the criminal activity the threats of gang activity pose on a community. Grounded in current knowledge and research, *Gangs and the Military* successfully addresses the growing presence of criminal gang members in the United States. As well as reflects on how the authorities that counter and combat them are doing so on a national and global level.

gangster disciple knowledge: *Financial Investigation and Forensic Accounting, Third Edition* George A. Manning, Ph.D, CFE, EA, 2010-12-01 As economic crimes continue to increase, accountants and law enforcement personnel must be vigilant in expanding their knowledge of ways to detect these clandestine operations. Written by a retired IRS agent with more than twenty years of experience, *Financial Investigation and Forensic Accounting, Third Edition* offers a complete examination of the current methods and legal considerations involved in the detection and prosecution of economic crimes. Explores a range of crimes Following an overview of the economic cost of crime, the book examines different types of offenses with a financial element, ranging from arson to tax evasion. It explores offshore activities and the means criminals use to hide their ill-gotten gains. The author provides a thorough review of evidentiary rules as well as the protocol involved in search warrants. He examines the two modalities used to prove financial crime: the Net Worth Method and the Expenditure Theory, and presents an example scenario based on real-life incidents. Organized crime and consumer fraud Additional topics include organized crime and money laundering — with profiles of the most nefarious cartels — consumer and business fraud and the different schemes that befall the unwary, computer crimes, and issues surrounding banking and finance. The book also presents focused and concrete advice on trial preparation and specific accounting and audit techniques. New chapters in the third edition New material enhances this third edition, including new chapters on investigative interview analysis and document examination, as well as advice for fraud examiners working on private cases, including the preparation of an engagement letter. For a successful prosecution, it is essential to recognize financial crime at its early stages. This practical text presents the nuts and bolts of fraud examination and forensic accounting, enabling investigators to stay ahead of an area that is increasingly taking on global importance.
