gaitskill short stories: *Because They Wanted To* Mary Gaitskill, 2012-03-13 A collection of startling and breathtaking stories about people struggling with the disparity between what they want and what they know. In these raw, startling, and incandescently lovely stories, the author of *Veronica* yields twelve indelible portraits of people struggling with the disparity between what they want and what they know. *Because They Wanted To* is further evidence that Gaitskill is one of the fiercest, funniest, and most subversively compassionate writers at work today.

gaitskill short stories: This is Pleasure Mary Gaitskill, 2019-11-07 'Gets deep under your skin ... Gaitskill is uniquely attuned to the moment.' *Sunday Times* 'Gaitskill achieves a superb feat. She distils the suffering, anger, reactivity, danger and social recalibration of the #MeToo movement into an extremely potent, intelligent and nuanced account.' Sarah Hall, *Guardian* 'I don't know why I behaved the way I did, and I kept doing it; he kept doing it. And though I might once have easily brushed it away, suddenly I could not. Nor could I confront him. The conversation moved too quickly.' *This is Pleasure* is an extraordinary work by one of the world's finest writers, and achieves more in 15,000 words than most full-length novels. Following the unravelling of the life of a male publisher undone by allegations of sexual impropriety and harassment, and the female friend who tries to understand, and explain, his actions, it looks unflinchingly at our present moment and rejects moral certainties to show us that there are many sides to every story. Mary Gaitskill has spent her whole career mining the complexity of human relationships on both an individual and societal scale with wisdom and grace. Here her insights are more piercing and timely than ever.

gaitskill short stories: Pop-Feminist Narratives Emily Spiers, 2018-04-05 In *Pop-Feminist Narratives*, Emily Spiers explores the recent phenomenon of 'pop-feminism' and pop-feminist writing across North America, Britain, and Germany. Pop-feminism is characterised by its engagement with popular culture and consumerism; its preoccupation with sexuality and transgression in relation to female agency; and its thematisation of intergenerational feminist discord, portrayed either as a damaging discursive construct or as a verifiable phenomenon requiring remediation. Central to this volume is the question of theorising the female subject in a postfeminist neoliberal climate and the role played by genre and narrative in the articulation of contemporary pop-feminist politics. The heightened visibility of mainstream feminist discourse and feminist activism in recent years—especially in North America, Britain, and Germany—means that the time is ripe for a coherent comparative scholarly study of pop-feminism as a transnational phenomenon. This volume provides such an account of pop-feminism in a manner which takes into account the varied and complex narrative strategies employed in the telling of pop-feminist stories across multiple genres

and platforms, including pop-literary fiction, the popular 'guide' to feminism, film, music, and the digital.

gaitskill short stories: **Don't Cry** Mary Gaitskill, 2009-03-24 Mary Gaitskill returns with a luminous new collection of stories—her first in more than ten years. In “College Town 1980,” young people adrift in Ann Arbor debate the meaning of personal strength at the start of the Reagan era; in the urban fairy tale “Mirrorball,” a young man steals a girl’s soul during a one-night stand; in “The Little Boy,” a woman haunted by the death of her former husband is finally able to grieve through a mysterious encounter with a needy child. Each story delivers the powerful, original language, and the dramatic engagement of the intelligent mind with the craving body—or of the intelligent body with the craving mind—that has come to be seen as stunningly emblematic of Gaitskill’s fiction.

gaitskill short stories: The Writer's Book of Hope Ralph Keyes, 2003-10-01 In 1889, the editor of the San Francisco Examiner, having accepted an article from Rudyard Kipling, informed the author that he should not bother to submit any more. This isn't a kindergarten for amateur writers, the editor wrote. I'm sorry, Mr. Kipling, but you just don't know how to use the English language. A century later, John Grisham was turned down by sixteen agents before he found representation-and it was only after Hollywood showed an interest in *The Firm* that publishers began to take him seriously. The anxiety of rejection is an inevitable part of any writer's development. In this book, Ralph Keyes turns his attention from the difficulty of putting pen to paper-the subject of his acclaimed *The Courage to Write* -to the frustration of getting the product to the public. Inspiration isn't nearly as important to the successful writer, he argues, as tenacity, and he offers concrete ways to manage the struggle to publish. Drawing on his long experience as a writer and teacher of writing, Keyes provides new insight into the mind-set of publishers, the value of an agent, and the importance of encouragement and hope to the act of authorial creation.

gaitskill short stories: **Ambiguous Selves** Barbara Braid, 2019-11-21 This collection of essays on selected texts in literature, film and the media is driven by a shared theme of contesting the binary thinking in respect of gender and sexuality. The three parts of this book - “contesting norms”, “performing selves” and “blurring the lines” - delineate the queer celebration of difference and deviance. They pinpoint the limitation of assumed norms and subverting them, revel in the fluid and ambiguous self that springs from the contestation of those norms, and then repeatedly transgress and, as a result, obscure the limits that separate the normal from the abnormal. The variety of texts included in the collection ranges from a discussion of queer subjects represented in film, television and literature to that of the representations of other non-normative figures (including a madwoman, a freak or a prostitute) and to gender-role contestation and gender-bending practicing evidenced in the press, theatre, film, literature and popular culture.
