Johnson, 2020-06-26 Feminism, Self-Presentation, and Pinterest: The Labor of Wedding Planning argues that Pinterest, which has been largely criticized for perpetuating vapid stereotypical gender roles, is actually a dynamic digital curation tool that facilitates meaning-making around the important cultural event of the Western wedding. Emily S. Johnson, through a thorough examination of how aspiring brides use the platform to plan their weddings, found that Pinterest is a unique platform that offers brides the opportunity to construct their own wedding identity by engaging in creativity and exercising voice and agency during planning. Even if the content they are consuming does support tenets of patriarchy or gender roles, brides are able to make their own choices, rather than having their goals determined for them through societal or familial norms and expectations. The platform integrates both the online and offline “labors” of wedding planning as brides create

meaning through the curation process and connect with the self as they execute their planning. Overall, Johnson argues that, far from the stereotypes of fantasizing about dream weddings and luxurious lifestyles that may be unrealistic, Pinterest gives brides increased ability to make their own, specialized vision come to life. Scholars of women's studies, gender studies, communication, media studies, cultural studies, and rhetoric will find this book particularly useful.

stunning true story of Theodore Roosevelt's sons and their 1929 Himalayan expedition to prove the existence of the beishung, the panda bear, to the western world, from the New York Times bestselling author of *Rise of the Rocket Girls*. The Himalayas—a snowcapped mountain range that hides treacherous glacier crossings, raiders poised to attack unsuspecting travelers, and air so thin that even seasoned explorers die of oxygen deprivation. Yet among the dangers lies one of the most beautiful and fragile ecosystems in the world. During the 1920s, dozens of expeditions scoured the Chinese and Tibetan wilderness in search of the panda bear, a beast that many believed did not exist. When the two eldest sons of President Theodore Roosevelt sought the bear in 1928, they had little hope of success. Together with a team of scientists and naturalists, they accomplished what a decade of explorers could not, ultimately introducing the panda to the West. In the process, they documented a vanishing world and set off a new era of conservation biology. Along the way, the Roosevelt expedition faced an incredible series of hardships as they disappeared in a blizzard, were attacked by robbers, overcome by sickness and disease, and lost their food supply in the mountains. The explorers would emerge transformed, although not everyone would survive. *Beast in the Clouds* brings alive these extraordinary events in a potent nonfiction thriller featuring the indomitable Roosevelt family. From the soaring beauty of the Tibetan plateau to the somber depths of human struggle, Nathalia Holt brings her signature “immersive, evocative” (Bookreporter) voice to this astonishing tale of adventure, harrowing defeat, and dazzling success.

Author's Note: This is the story of Justin Valenti, Giovanni Dente's best friend, who appears in book 3 and book 4 of Maid to the Mafia. Completely Enthralled is book 2 in Lily and Justin's love story: A Mafia's First Love. Raw and romantic, this book ends in a cliffhanger.
