how old is donald trump: US Foreign Policy in the Age of Trump Reuben Steff, 2020-09-27
This book investigates the drivers, tactics, and strategy that propel the Trump administration's foreign policy. The key objective of this book is to look beyond the 'noise' of the Trump presidency in order to elucidate and make sense of contemporary US foreign policy. It examines the long-standing convictions of the president and the brutal worldview that he applies to US foreign policy; and his hard-line negotiation tactics and employment of unpredictability to keep America's major foreign interlocutors off-guard, such as NATO members, China, Mexico, Canada, North Korea, and Iran - each of which are considered here. In strategy terms, the book explains that the president is responding to a new multipolar structure of power by engaging a Kissingerian strategy that eschews liberal values and seeks to adjust great power relations in Washington's favor. By drawing upon a range of evidence and case studies, this book makes a number of compelling and provocative points to offer a new vector for debate about the workings, successes and failures, and ultimately the long-term implications for the world, of the Trump presidency. This book will be of much interest to students of US foreign policy, security studies, and IR in general.

how old is donald trump: The Strange Case of Donald J. Trump Dan P. McAdams, 2020-02-17 The Strange Case of Donald J. Trump provides a coherent and nuanced psychological portrait of Donald Trump, drawing upon biographical events in the subject's life and contemporary scientific research and theory in personality, developmental, and social psychology. Dan P. McAdams, renowned psychologist who pioneered the study of lives, examines the central personality traits, personal values and motives, and the interpersonal and cultural factors that together have shaped Trump's psychological makeup, with an emphasis on the strangeness of the case--that is, how Trump again and again defies psychological expectations regarding what it means to be a human being. The book's central thesis is that Donald Trump is the episodic man. The chapters, structured as stand-alone essays each riffing on a single psychological theme, build on each other to present a portrait of a person who compulsively lives in the moment, without an internal story to integrate his life in time. With an emphasis on scientific personality research, rather than political rhetoric, McAdams shows that Trump's utter lack of an inner life story is truly exceptional. This book is a remarkable case study which should be of as much interest to psychologists as it is to readers trying to reckon with the often confounding behavior and temperament of the 45th President of the United

States.

how old is donald trump: Fascism Old and New Carl Boggs, 2018-06-12 Deep historical trends suggest the United States could be moving toward a distinctly novel form of fascism, embracing elements of the historical phenomenon as it appeared in such countries as Italy, Germany, Japan, and Spain while departing in significant ways. A twenty-first century fascism would hardly be revolutionary or totalitarian, as it would involve no dramatic break with the past, following a logic of continuity and building on firmaments of entrenched power going back to World War II. This new type of fascist regime would be driven by a tightening confluence of sectoral interests in American society: corporate, state, military, and cultural – interests favoring oligarchy, authoritarianism, the warfare system, and surveillance order within an expanding globalized matrix of power. The dominant historical forces emphasized by such theorists as C. Wright Mills (*The Power Elite*) and Sheldon Wolin (*Democracy, Inc.*), an important foundation of this book, have grown stronger and more pervasive across the decades. An integrated power structure has been fueled by new advances in technology, a money-saturated political system, and neoliberal globalism bolstered by the spread of right wing populism that, among other things, has catapulted Donald Trump into the U.S. presidency. In this book, Carl Boggs explores new political and ideological terrain in systematically considering the prospects for a gradual development of fascism in contemporary American society and, by extension, elsewhere across the advanced industrial world. He persuasively argues that modern fascistic trends, arguably most visible in the U.S., demonstrate a closer affinity with Mussolini's Italy (corporate state) than with the more extreme Nazi German model of tyranny and genocide. A very timely scholarly enterprise, this book will be of interest to students of contemporary radical politics, fascism more broadly, US political history, ideologies and party politics.

how old is donald trump: Doing Theology in the Age of Trump Dr. Jeffrey W. Robbins, Clayton Crockett, 2018-11-08 This book is a work of theological resistance. It is not so much about the presidency of Donald Trump as it is about what his popularity and rise to power reveal about the state of Christianity and the moral character of the evangelical Right in the United States today. More specifically, it is about the threat of white Christian nationalism, which is the particular form that the nationalist populist movement of Trumpism has adopted for itself. The contributors are all fellows from the Westar Institute's academic seminar on God and the Human Future, and include many of the leading figures in theology and Continental philosophy of religion. This volume provides a form of theopolitical resistance based on intersectionality. The authors recognize how the various forms of oppression interrelate to contribute to a vast, dynamic, and seeming impenetrable network of systemic injustice and marginalization. These essays demonstrate that politics need not be played as a zero-sum game with a winner-take-all mentality, and that a critical theology is as urgently needed and as relevant now as ever.

how old is donald trump: Donald Trump Gwenda Blair, 2015-08-11 On the hugely successful hit reality TV show *The Apprentice*, Donald Trump tells his contenders that location and pricing are supremely significant. But in his own life, there have been other maxims: Do whatever it takes to win. Don't spare the chutzpah. Always use the superlative. Make everything into an advertisement for yourself. Whatever happens, always claim victory. Following these personal commandments, he has turned bragging, self-inflation, and showing off into competitive advantages that have brought him national and international renown. In *Donald Trump: Master Apprentice*, best-selling author Gwenda Blair recounts a true-life history with more twists and turns than any television producer could possibly imagine. Towering skyscrapers and glittering casinos, a luxury airline and a football-field-size yacht, steamy affairs and bitter lawsuits, near bankruptcy and stormy feuds -- all this and more are part of the life of Trump. An adaptation and update of her definitive biography, *The Trumps*, this new book provides fresh material on Donald Trump's brushes with bankruptcy, mammoth construction projects, and ever-expanding place in American life. Drawing on recent interviews with the celebrated real estate magnate, his associates, his rivals, and contestants from his television show, Blair offers new insight into the man who seems to have it all. For the first time,

we also get a glimpse of the person who will ultimately decide the fate of the Trump brand: Donald Trump, Jr., the real-life apprentice who hopes to put his own imprint on his father's empire.

how old is donald trump: *Donald Trump's New World Order* T. Hamid Al-Bayati, 2020-10-06 Donald Trump's New World Order addresses U.S. foreign policy initiatives during Mr. Trump's Presidency, appeasing traditional enemies such as Russia and undermining allies such as NATO and the European Union. In the book, Ambassador T. Hamid Al-Bayati outlines, region by region, policy by policy, the administration's misguided, and sometimes corrupt, initiatives and decisions, which could potentially lead to regional conflict and global war. Highlighted within the text are the administration's relationships and interactions with Russia, China, North Korea, and the Middle East, as well as within the United States. The author's critical review of Trump's foreign policy includes the impact of trade wars, military escalation, and changing global relationships, Ambassador Al-Bayati paints a stark picture of the present standing of the U.S. and a dark future that looms on the horizon. Many experts agree that Trump's foreign policy lacks coordination, consistency, and organization. Trump often contradicts himself and his supporting staff. Concerned Americans and U.S. allies struggle to find coherence in the Trump administration's foreign policy. It zigs and zags, with senior administration officials saying one thing and President Trump contradicting them without warning the next day. It punishes U.S. allies and coddles U.S. adversaries; it privileges demagoguery over democracy. Mr. Trump's approach appears impulsive, improvisational and inchoate—devoid of clear purpose, values or even ideology. Ambassador Al-Bayati leaves nothing unexplored as he strives to organize and explain the current and future implications of Mr. Trump's presidency and policy.

how old is donald trump: *Inside Trump's White House* Doug Wead, 2019-11-26 After dozens of books and articles by anonymous sources, here, finally, is a history of the Trump White House, with the President and his staff talking openly and on the record. In *President Trump*, Doug Wead offers a sweeping, eloquent history of President Donald J. Trump's first years in the White House, covering everything from election night to the biggest political obstacles of his presidency. The book will include never-before-reported stories and scoops, including how President Trump turned around the American economy, how he never complains and never explains, and insight into how his actions sometimes lead to misunderstandings with the media and the public. President Trump features exclusive interviews with the Trump family about the Mueller Report, and narrates their reactions when the report was finally released. Wead successfully gained interviews with the President in the Oval Office, chief of staff Mick Mulvaney, Jared and Ivanka Kushner, Donald Trump Jr, Eric and Lara Trump, and White House insiders for this illuminating history.

how old is donald trump: *American Oligarchs: The Kushners, the Trumps, and the Marriage of Money and Power* Andrea Bernstein, 2020-01-14 An absorbing, novelistic, and powerfully affecting work of history and investigative journalism that tracks the unraveling of American democracy. In *American Oligarchs*, award-winning investigative journalist Andrea Bernstein tells the story of the Trump and Kushner families like never before. Building on her landmark reporting for the acclaimed podcast *Trump, Inc.* and *The New Yorker*, Bernstein brings to light new information about the families' arrival as immigrants to America, their paths to success, and the business and personal lives of the president and his closest family members. Drawing on hundreds of interviews and more than one hundred thousand pages of documents, *American Oligarchs* details how the Trump and Kushner dynasties encouraged and profited from a system of corruption, dark money, and influence trading, and reveals the historical turning points and decisions on taxation, regulation, white-collar crime, and campaign finance laws that have brought us to where we are today. A new afterword examines how the two families' transactional politics left America particularly vulnerable to the crises of 2020.

how old is donald trump: *Donald Trump's Digital Diplomacy and Its Impact on US Foreign Policy towards the Middle East* Ahmed Y. Zohny, 2023-05-04 In *Donald Trump's Digital Diplomacy and Its Impact on US Foreign Policy Towards the Middle East*, Ahmed Y. Zohny develops a well-blended mix of history and political science, supplemented by content analysis and critical

discourse analysis of Trump's statements and tweets. Americans are primarily interested in the domestic implications of Trump's presidency, whereas people around the globe are more interested in his foreign policy's implications. Both remain puzzled by Trump's mixed messaging, his tendency to change his mind and make decisions on the impulse of the moment. The findings indicate that, by scuttling U.S. adherence to the Iran Accord, Trump has guaranteed its collapse, and contributed to an already volatile Middle East. Trump recognition of Jerusalem as the capital of Israel brought an international crisis. Under international law and countless decisions by the UN, the final status of Jerusalem should be decided by negotiation, not unilateral action by the United States or Israel. The Abraham Peace Accord with the four normalizing relations agreements which were signed between Israel and the United Arab Emirates, Bahrain, Sudan, and Morocco mark a new and important shift in the Middle East geopolitics, it can be considered as a success for Trump's foreign policy.

how old is donald trump: Skilled Interpersonal Communication Owen Hargie, 2021-11-29
Established as the foremost textbook on communication, the seventh edition of Owen Hargie's *Skilled Interpersonal Communication* is thoroughly revised and updated with the latest research findings, theoretical developments and applications. The contribution of skilled interpersonal communication to success in both personal and professional contexts is now widely recognised and extensively researched. People have a deep-seated and universal need to interact with others, and the greater their communicative ability the more satisfying and rewarding will be their lives. The main focus of this book is on the identification, analysis and evaluation of the core skills needed in these interactions. The first two chapters provide details of the nature of interpersonal communication and socially skilled performance, respectively, with a review of the main theoretical perspectives pertaining to each. The book then offers detailed accounts of the fourteen main skill areas: nonverbal communication, reinforcement, questioning, reflecting, listening, explaining, self-disclosure, set induction, closure, assertiveness, influencing, negotiating and interacting in and leading group discussions. The book concludes with a discussion on the ethical issues in interpersonal communication. This new edition also features an extended section on groupthink and analyses the impact of the coronavirus pandemic on aspects such as greeting patterns and the effectiveness of Project Fear by the UK government to secure citizen compliance. Written by one of the foremost international experts in the field, this is essential reading for students of interpersonal communication in general and to qualified personnel and trainees in many fields.

how old is donald trump: Die Unvereinigten Staaten Stephan Bierling, 2024-12-21
E pluribus unum, aus vielem eines: So lautet der Wappenspruch im Siegel der USA. Doch davon ist nicht mehr viel übrig. Die Vereinigten Staaten sind in einem Ausmaß zerstritten und verfeindet wie seit dem Bürgerkrieg nicht mehr. Die Hauptursache dafür ist die parteipolitische Polarisierung, die mittlerweile alle Akteure, Institutionen und Verfahren der amerikanischen Demokratie erfasst hat. Dieses Buch erklärt, wie das politische System der USA funktioniert und woran es liegt, dass es immer weniger funktioniert – mit dramatischen Auswirkungen nicht nur für die USA, sondern auch für die Zukunft der Demokratie und uns alle. Es könnte nicht aktueller sein. Ältere Einführungswerke in das politische System der USA besitzen im Grunde nur noch historischen Wert – so dramatisch haben sich die Zustände in der Supermacht in den letzten drei Jahrzehnten verändert. Dass den Parteien eine geschlossene Programmatik fehlt, sie regional sehr unterschiedlich sind, das Mehrheitswahlrecht moderate Politiker bevorzugt, Präsident und Kongress oft über Parteigrenzen hinweg zusammenarbeiten, Bundesrichter überparteilich agieren, checks and balances Angriffe auf die Demokratie wirksam verhindern: All das ist längst überholt oder steht auf der Kippe. Stephan Bierling, einer der besten deutschen Kenner der USA, stellt in diesem grundlegenden Werk Aufbau und Funktionsweise des politischen Systems dar, erklärt die Aufgaben der Institutionen und Besonderheiten wie das Impeachment, Gerrymandering oder Filibuster, aber zugleich geht er dabei stets der Frage nach, warum die Mechanik des Regierens sich so stark verändert hat und wie sich Demokratie heute in den USA real vollzieht. Sein Buch ist eine unerlässliche Lektüre für alle, die besser verstehen wollen, was eigentlich los ist mit den USA und woran es liegt – nicht erst seit Donald Trump.

how old is donald trump: The United States of Trump Bill O'Reilly, 2019-09-24 A rare, insider's look at the life of Donald Trump from Bill O'Reilly, the bestselling author of the Killing series, based on exclusive interview material and deep research. Readers around the world have been enthralled by journalist and New York Times bestselling author Bill O'Reilly's Killing series—riveting works of nonfiction that explore the most famous events in history. Now, O'Reilly turns his razor-sharp observations to his most compelling subject thus far—President Donald J. Trump. In this thrilling narrative, O'Reilly blends primary, never-before-released interview material with a history that recounts Trump's childhood and family and the factors from his life and career that forged the worldview that the president of the United States has taken to the White House. Not a partisan pro-Trump or anti-Trump book, this is an up-to-the-minute, intimate view of the man and his sphere of influence—of “how Donald Trump's view of America was formed, and how it has changed since becoming the most powerful person in the world”—from a writer who has known the president for thirty years. This is an unprecedented, gripping account of the life of a sitting president as he makes history. As the author will tell you, “If you want some insight into the most unlikely political phenomenon of our lifetimes, you'll get it here.”

how old is donald trump: The New Campus Anti-Rape Movement Caroline Heldman, Alissa R. Ackerman, Ian Breckenridge-Jackson, 2018-05-29 After 40 years of activists working to reduce sexual violence on college campuses, in 2014, the new Campus Anti-Rape Movement (CARM) finally put this issue on the national policy agenda. President Barack Obama credited “an inspiring wave of student-led activism” for catapulting campus rape into public consciousness. This book positions the new CARM within a long history of anti-sexual violence activism in the U.S. The authors describe the major events of this new movement and how it coalesced. The authors also analyze the new CARM through a social movement lens, and examine the role of new laws and social media in facilitating movement successes. The book argues that the new CARM laid the groundwork for the emergence of #MeToo, the highest profile campaign against sexual harassment/violence to date in U.S. history.
