"Treat yourself to this book, please—I can't recommend it highly enough."—Elizabeth Gilbert, author of *Eat, Pray, Love* "I wonder how the book got to Guernsey? Perhaps there is some sort of secret homing instinct in books that brings them to their perfect readers." January 1946: London is emerging from the shadow of the Second World War, and writer Juliet Ashton is looking for her next book subject. Who could imagine that she would find it in a letter from a man she's never met, a native of the island of Guernsey, who has come across her name written inside a book by Charles Lamb. . . . historical fiction guernsey: Book Club in a Box Marilyn Herbert, 2010-08-17 Guernsey is one of four British Channel Islands that was occupied for five years (1940-1945) by the Nazis. This extraordinary story is one that few people, except for historians, are aware of. Mary Ann Shaffer and Annie Barrows have recreated the wartime atmosphere in postwar London and Guernsey through the journalist, Juliet Ashton, and her relationship with the islanders. It all started with a letter from a farmer, Dawsey Adams, who was trying to track down books by Charles Lamb. Juliet's name and

address were written inside the single copy of Lamb's essays that Dawsey owned. None of the Guernsey bookstores had survived the war and Dawsey was looking for help. His letter hinted at the existence of a strange book club called the Guernsey Literary and Potato Peel Pie Society and its connection to a secret dinner of roast pig. Those two details alone guaranteed a spike in Juliet's interest. She responded and the rest is intriguingly revealed in the novel's subsequent correspondence between Juliet and the Guernsey inhabitants.

historical fiction guernsey: *A World Apart* Gretta Curran Browne, *A WORLD APART: An Epic Novel From Ireland's Past - The Michael Dwyer Story continues... - (Book 3 of THE LIBERTY TRILOGY)* **** They thought they had killed him - on the same winter night his friend Sam McAllister had been shot dead on the hillside of Derrynamuck - they had chased Michael and seen a trail of his blood in the snow. Oh yes, the young rebel captain was dead and gone, and would cause no further trouble to them - the hated militia who raped and burned houses at will and treated the people of Wicklow like some dirt that kept getting under their boots. Desperate for his protection from the militia's brutality, only the people refused to believe that Michael Dwyer was dead. To them he was like a prince - 'aye, a prince, same as a king's son' - and if Michael had been killed, all his friends would have been in mourning, but they were not. Too many times they had seen the small, secret smiles of Michael's friends when the militia gloated over his death. And then there was Mary - his beautiful Mary who had adored him - why was she not looking in any way heart-broken? Why was she just carrying on with her life as normal? No, the people concluded, Michael was not dead - injured maybe, a whole lot of bullets had flown towards him that night at Derrynamuck - but he had been dodging bullets for years and not one had ever reached him. No, only the stupid militia would believe that Michael had been defeated - the whole dumb pack of them. **** In her historical 'faction' novels, Gretta Curran Browne tells the story of actual people and actual events and, apart from using a few minor fictional characters, she does not change history or distort the true stories of the worthy people she has "reclaimed" from history to bring to a present-day audience. When first published in hardback, *Tread Softly On My Dreams* and *Fire On The Hill* were bought by the University of Notre Dame in the USA, The National Library of Ireland, and The Princess Grace Irish Library in the Palace of Monaco.
