jacqueline harpman books: *Orlanda* Jacqueline Harpman, 2012-05-31 FROM THE AUTHOR OF *TIKTOK SENSATION I WHO HAVE NEVER KNOWN MEN* There's a voice in Aline's head: a voice that wants out. Brash, boisterous and sexually adventurous, this voice seems to be the antithesis of Aline, a prim literature professor for whom each day promises to be as quiet and conventional as the last. That is until, after thirty-five years of imprisonment, her alter ego breaks free. Taking on a life of his own, Orlanda - Aline's second self - slips into the taut, rugged body of a young man. As Aline continues unaware, Orlanda follows, dragging gleeful chaos in his wake, vowing to leave both their existences forever altered. A bewitching fable, an androgynous dream, Orlanda is one woman's reckoning with all the hidden sides of her soul. 'Imagination. Jacqueline Harpman certainly doesn't lack any. . . . With incredible mastery, she juggles with identities, intertwines desires and fears, fantasies and frustrations.' -L'Express

jacqueline harpman books: *The Mistress of Silence* Jacqueline Harpman, 1997 In an underground cage forty women are held prisoner, guarded by men who do not talk to them. The women have been there for fifteen years. Some cataclysm brought them to their prison but their memories of it have begun to ebb. The narrator was brought to the cage as a baby and can recollect nothing else. One day a siren sounds just as the guards have put the key in the lock. The guards all turn and flee. The narrator reaches through, turns the key and the forty women escape. Surfacing from their underground prison, they find themselves gazing across a seemingly limitless steppe. Taking provisions from the prison larder, they set out in search of civilization and the world of men. Jacqueline Harpman's strange and disturbing fable is a beautifully written story of the effects of deprivation, loss of memory and the denial of human affection.

jacqueline harpman books: *The A to Z of Fantasy Literature* Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy, set in a mythical past when magic existed, animals talked, and the gods took an active hand in earthly affairs. As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present, fantasy was temporarily marginalized until the late 20th century, when it enjoyed a spectacular resurgence in every stratum of the literary marketplace. Stableford provides an invaluable guide to this sequence of events and to the current state of the field. The chronology tracks the evolution of fantasy from the origins of literature to the 21st century. The introduction explains the nature of the impulses creating and shaping fantasy literature, the problems of its definition and the reasons for its changing historical fortunes. The dictionary includes cross-referenced entries on more than 700 authors, ranging across the entire historical spectrum, while more than 200 other entries describe the fantasy subgenres, key images in fantasy literature, technical terms used in fantasy criticism, and the intimately convoluted relationship between literary

fantasies, scholarly fantasies, and lifestyle fantasies. The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature, through bibliographies and accounts of the fantasy literature of different nations, to individual author studies and useful websites.

jacqueline harpman books: Lorraine Connection Dominique Manotti, 2009-03-19 The players in this deadly-serious game of Monopoly will stop at nothing. In Pondange, Lorraine, the Korean Daewoo group manufactures cathode ray tubes. Working conditions are abysmal, but as it's the only source of employment in this bleak former iron and steel-manufacturing region, the workers dare not protest. Until a strike breaks out, and there's a fire at the factory. But is it an accident? The Pondange factory is at the centre of a strategic battle being played out in Paris, Brussels and Asia for the takeover of the ailing state-owned electronic giant, Thomson. Unexpectedly the Matra-Daewoo alliance wins the bid. Rival contender Alcatel believes there's foul play involved and brings in the big guns led by its head of security service. Intrepid private cop Charles Montoya is called to Lorraine to investigate, and explosive revelations follow - dirty tricks, blackmail and murder.

We have organized these contributions in three parts entitled: Part I: Between Fiction and Reality, Part II: Between Continuity and Transformation, and Part III: Between Conformity and Resistance.

jacqueline harpman books: At Eighty-Two May Sarton, 2014-07-22 The New York Times-bestselling author of *At Seventy* returns with a memoir about advancing age, including her experience with a series of strokes. In this poignant and fearless account, Sarton chronicles the struggles of life at eighty-two. She juxtaposes the quotidian details of life—battling a leaky roof, sharing an afternoon nap with her cat, the joy of buying a new mattress—with lyrical musings about work, celebrity, devoted friends, and the limitations wrought by the frailties of age. She creates poetry out of everyday existence, whether bemoaning a lack of recognition by the literary establishment or the devastation wrought by a series of strokes. Incapacitated by illness, Sarton relies on friends for the little things she always took for granted. As she becomes more and more aware of “what holds life together in a workable whole,” she takes solace in flowers and chocolate and reading letters from devoted fans. This journal takes us into the heart and mind of an extraordinary artist and woman, and is a must-read for Sarton devotees and anyone facing the reality of growing older. This ebook features an extended biography of May Sarton.

jacqueline harpman books: The Translator as Writer Susan Bassnett, Peter Bush, 2007-11-15 Over the last two decades, interest in translation around the world has increased beyond any predictions. International bestseller lists now contain large numbers of translated works, and writers from Latin America, Africa, India and China have joined the lists of eminent, bestselling European writers and those from the global English-speaking world. Despite this, translators tend to be invisible, as are the processes they follow and the strategies they employ when translating. *The Translator as Writer* bridges the divide between those who study translation and those who produce translations, through essays written by well-known translators talking about their own work as distinctive creative literary practice. The book emphasises this creativity, arguing that translators are effectively writers, or rewriters who produce works that can be read and enjoyed by an entirely new audience. The aim of the book is to give a proper prominence to the role of translators and in so doing to move attention back to the act of translating, away from more abstract speculation about what translation might involve.

jacqueline harpman books: Culture and Identity in Belgian Francophone Writing Susan Bainbrigge, 2009 Few full-length studies exist in English on French-speaking authors from Belgium. What, if any, are the particular features of francophone Belgian writing? This book explores questions of cultural and literary identity, and offers an overview of currents in critical debate regarding the place of francophone Belgian writing and its relationship to its larger neighbour, but also engages with broader questions concerning the classification of 'francophone' literature. The study brings together well-known and less well-known modern and contemporary writers (Suzanne Lilar, Neel Doff, Dominique Rolin, Jacqueline Harpman, Françoise Mallet-Joris, Jean Muno, Nicole Malinconi, and Amélie Nothomb) whose works share a number of recurring themes and features, notably a preoccupation with questions of identity and alterity. Overall, the study highlights the diverse ways in which these questions of cultural identity and alterity emerge as a dominant theme throughout the corpus, viewed through a series of literary and cultural frameworks which bring together perspectives both local and global.
