Understanding Kyle Clark's Background

Kyle Clark is a well-known television journalist and anchor for 9NEWS in Denver, Colorado. His career in broadcast journalism has spanned decades, during which he has covered local, state, and national news. Clark's educational background includes a degree in journalism, equipping him with the skills necessary to analyze and report on complex political topics. His professional journey has involved reporting on elections, legislative sessions, and social issues, all of which contribute to the evolving discussion about his political ideology. Understanding his background provides essential context for evaluating the perspectives he brings to the newsroom and his coverage of political events.

Professional Milestones

Throughout his career, Kyle Clark has earned recognition for his investigative reporting and in-depth interview segments. He has received industry awards for his coverage, which often delves into politically sensitive topics. These accomplishments underscore his reputation for journalistic integrity and thoroughness, aspects that are closely linked to interpretations of his political ideology.

Influence of Regional Context

Clark's work in Colorado, a politically diverse state, exposes him to a broad spectrum of viewpoints. This diversity impacts the way he addresses political subjects, ensuring that his reporting resonates with a wide audience. The regional context often influences the issues he highlights and the approach he takes in his commentary.

Journalistic Approach and Principles

A key element in understanding Kyle Clark's political ideology is examining his journalistic philosophy. He is known for holding public officials accountable, encouraging open dialogue, and prioritizing factual reporting. Clark frequently emphasizes transparency and objectivity in his work, aligning with the core values of responsible journalism.

Commitment to Objectivity

Kyle Clark publicly asserts that his reporting strives to be fair and impartial. He avoids editorializing during news segments and instead focuses on presenting facts and context. This commitment to objectivity is central to his professional identity, though it does not prevent speculation about his personal beliefs.

Ethical Standards in Reporting

Clark adheres to established ethical guidelines, including accuracy, balance, and minimizing harm. He is transparent about sources and methods, which helps build trust with his audience. These principles are reflected in his coverage of controversial political topics and are an important factor in discussions about his political ideology.

- Fact-checking before publication
- Providing balanced coverage of opposing viewpoints

- Disclosing potential conflicts of interest
- Respecting privacy and dignity of individuals
- Encouraging civic engagement and public discourse

Public Statements and Political Coverage

Kyle Clark's political ideology is often inferred from his public statements and coverage of political events. While he rarely expresses explicit personal opinions, his questioning style and choice of topics sometimes spark debate about his underlying views. Clark is recognized for challenging politicians on both sides of the spectrum, contributing to perceptions of his neutrality or bias.

Notable Interviews and Commentary

Clark's interviews with political figures frequently attract attention for their depth and directness. He poses tough questions and demands accountability, which some interpret as indicative of a particular political leaning. However, his approach remains consistent regardless of the subject's party affiliation, supporting his reputation for impartiality.

Coverage of Key Political Issues

Clark has reported extensively on issues such as election integrity, government transparency, public health policy, and civil rights. His coverage is characterized by comprehensive analysis and a focus on facts. He addresses controversial topics with care, aiming to inform rather than influence his audience.

Analysis of Kyle Clark's Political Ideology

Determining Kyle Clark's political ideology requires careful consideration of his professional conduct, reporting style, and public engagement. While he maintains a neutral stance in his broadcasts, some viewers perceive patterns in his coverage that suggest certain ideological leanings. Analysts often describe him as a centrist, emphasizing his commitment to challenging misinformation and promoting accountability across the political spectrum.

Centrist and Moderating Influence

Many observers characterize Clark's political ideology as centrist due to his balanced approach and willingness to scrutinize all sides of an issue. He avoids aligning himself with partisan agendas and instead focuses on promoting informed discussion. This moderating influence is evident in his coverage of contentious debates and policy disagreements.

Handling of Bias Allegations

Clark openly addresses allegations of bias, reiterating his dedication to journalistic principles. He engages with critics and supporters alike, seeking to clarify misunderstandings about his reporting. His transparency and responsiveness reinforce perceptions of a nuanced and thoughtful political ideology.

Impact on Viewers and Public Perception

Kyle Clark's political ideology, as interpreted through his reporting, has a significant impact on viewers and public discourse. His ability to foster dialogue and encourage critical thinking distinguishes him among journalists. Audience reactions range from strong praise for his integrity to criticism from those who perceive partisan bias.

Viewer Trust and Engagement

Clark has built a loyal following by prioritizing viewer engagement and transparency. He frequently responds to feedback, addresses questions, and explains his editorial decisions. This approach strengthens trust and allows for productive conversations about political issues.

Shaping Political Conversations

Through his coverage, Clark contributes to shaping the way political topics are discussed at the local and national levels. He amplifies voices from diverse backgrounds and encourages informed debate. His influence extends beyond the newsroom, impacting civic participation and public understanding of key issues.

Kyle Clark's Engagement with Political Issues

Kyle Clark is actively involved in reporting on major political stories and facilitating

dialogue among stakeholders. His engagement with issues such as elections, government policy, and social justice reflects his commitment to public service journalism. Clark's work often highlights the complexity of political decision-making and the importance of transparency.

Coverage of Elections and Policy

During election cycles, Clark provides in-depth analysis and coverage of candidates, ballot measures, and voter concerns. He investigates policy proposals and examines their potential impact on communities. This thorough approach helps audiences understand the stakes and encourages informed participation.

Advocacy for Civic Literacy

Clark emphasizes the value of civic literacy, urging viewers to engage with political processes and seek reliable information. He uses his platform to promote voter education and critical evaluation of political claims. This advocacy supports a well-informed electorate and enhances democratic engagement.

Criticism and Support from Various Groups

Kyle Clark's political ideology has drawn both criticism and support from different segments of the public. Some political activists accuse him of bias, while others praise his balanced reporting and commitment to accountability. The diversity of responses reflects the contentious nature of political journalism and the challenges of maintaining perceived neutrality.

Responses from Political Activists

Activists on both the left and right have scrutinized Clark's coverage, often projecting their own expectations onto his reporting. While some claim he favors progressive causes, others argue he is overly critical of liberal policies. Clark addresses these critiques by reaffirming his adherence to journalistic ethics and objectivity.

Recognition from Journalism Organizations

Clark has received accolades from professional organizations for his dedication to fair and accurate reporting. These endorsements strengthen his reputation and validate his commitment to impartiality, even as debates about his political ideology continue.

Summary of Key Points

Kyle Clark's political ideology is best understood through his professional conduct, reporting style, and engagement with political issues. He is widely regarded as a centrist, prioritizing objectivity, transparency, and accountability. While he faces criticism from various groups, his commitment to journalistic principles and civic literacy earns him respect among viewers and peers. Clark's influence on public discourse underscores the importance of responsible journalism in shaping political conversations and promoting informed participation.

Q: What is Kyle Clark's political ideology?

A: Kyle Clark is generally viewed as a centrist, focusing on objectivity, accountability, and balanced reporting. He avoids explicit partisan alignment and is committed to fair journalism.

Q: Has Kyle Clark ever stated his personal political beliefs?

A: Kyle Clark does not publicly disclose his personal political beliefs. He emphasizes impartiality and professional ethics, keeping his reporting separate from personal ideology.

Q: Why do some viewers perceive bias in Kyle Clark's coverage?

A: Viewers may perceive bias based on the topics Clark covers and the manner in which he challenges politicians. However, he consistently applies scrutiny to all sides, reinforcing his centrist reputation.

Q: How does Kyle Clark respond to accusations of political bias?

A: Kyle Clark openly addresses allegations of bias, explaining his commitment to journalistic standards and transparency. He engages with feedback to clarify his reporting approach.

Q: What issues does Kyle Clark frequently cover?

A: Clark regularly reports on elections, government transparency, public policy, civil rights, and social justice, providing in-depth analysis on these subjects.

Q: Has Kyle Clark received recognition for his reporting?

A: Yes, Kyle Clark has received industry awards and recognition from journalism organizations for his fair and accurate coverage of political issues.

Q: Does Kyle Clark advocate for any political party?

A: No, Clark does not advocate for any political party. He maintains a neutral stance and focuses on presenting balanced viewpoints.

Q: How does Kyle Clark promote civic literacy?

A: Clark encourages viewers to engage with political processes, seek reliable information, and participate in informed debates, supporting a well-informed electorate.

Q: What impact does Kyle Clark have on public political discourse?

A: Clark influences public discourse by fostering dialogue, challenging misinformation, and promoting accountability among public officials and viewers.

Q: How does Kyle Clark's regional context affect his political reporting?

A: Working in Colorado exposes Clark to a diverse range of political views, influencing his coverage to address issues relevant to a broad audience and ensuring balanced reporting.

kyle clark political ideology: Pussy Hats, Politics, and Public Protest Rachelle Hope Saltzman, 2020-10-21 Co-winner of the 2021 Elli Köngäs-Maranda Prize awarded by the Women's Section of the American Folklore Society Contributions by Susan Eleuterio, Andrea Glass, Rachelle Hope Saltzman, Jack Santino, Patricia E. Sawin, and Adam Zolkover The 2016 US presidential campaign and its aftermath provoked an array of protests notable for their use of humor, puns, memes, and graphic language. During the campaign, a video surfaced of then-candidate Donald Trump's lewd use of the word "pussy"; in response, many women have made the issue and the term

central to the public debate about women's bodies and their political, social, and economic rights. Focusing on the women-centered aspects of the protests that started with the 2017 Women's March, Pussy Hats, Politics, and Public Protest deals with the very public nature of that surprising, grassroots spectacle and explores the relationship between the personal and the political in the protests. Contributors to this edited collection use a folkloristic lens to engage with the signs, memes, handmade pussy hats, and other items of material culture that proliferated during the march and in subsequent public protests. Contributors explore how this march and others throughout history have employed the social critique functions and features of carnival to stage public protests; how different generations interacted and acted in the march; how perspectives on inclusion and citizenship influenced and motivated participation; how women-owned businesses and their dedicated patrons interacted with the election, the march, and subsequent protests; how popular belief affects actions and reactions, regardless of some objective notion of truth; and how traditionally female crafts and gifting behavior strengthened and united those involved in the march.

kyle clark political ideology: The History and Politics of the Cyprus Conflict Clement Dodd, 2010-04-21 The Cyprus conflict was for long an inactive volcano, but it erupted violently in 1955, 1963 and 1974. Now more of a smouldering fire, its persistence is a serious obstacle on Turkey's route to EU accession. Uniquely utilizing Turkish sources, this book looks at how the conflict has developed since 1978.

kyle clark political ideology: When We Were Rich Tim Lott, 2019-06-27 The brilliant new novel from the author of *The Last Summer of the Water Strider* 'A sharp and very funny portrait of a brash era which is also a surprisingly tender take on flawed masculinity.' Sarah Hughes, i paper 'What a terrific novel - wickedly sharp, wildly entertaining - I was gripped from start to finish. With its twisty plots and interwoven characters it paints a vivid portrait of a crucial decade. It's laugh-out-loud funny, too. And with property porn thrown in, what's not to like' Deborah Moggach Millennium Eve and six people gather on a London rooftop. Recently married, Frankie Blue watches with his wife, Veronica, as the sky above the Thames explodes into a kaleidoscope of light. His childhood companion, Colin, ineptly flirts with Roxy, an unlikely first date, while another old friend, Nodge, newly 'out', hides his insecurities from his waspish boyfriend. New Labour are at their zenith. The economy booms, awash with cheap credit. The arrival of the smartphone heralds the sudden and vast expansion of social media. Mass immigration from Eastern Europe leave many unsettled while religious extremism threatens violent conflict. An estate agent in a property boom, Frankie is focused simply on getting rich. But can he survive the coming crash? And what will become of his friends - and his marriage - as they are scoured by the winds of change? When We Were Rich finds the characters introduced in Tim Lott's award-winning 1999 debut, *White City Blue*, struggling to make sense of a new era. Sad, shocking and often hilarious, it is an acutely observed novel of all our lives, set during what was for some a golden time - and for others a nightmare, from which we are yet to wake up. 'Wickedly funny and deeply humane. I loved this book' Sadie Jones 'Tim Lott revisits the years between millennium fever and the financial crisis, and brings this already long-lost era back to life in a novel every bit as evocative and compelling as we would expect from this prodigiously gifted author' Jonathan Coe Praise for *The Last Summer of the Water Strider*: 'I was very moved by *The Last Summer of the Water Strider*, which is both exquisitely specific to time and place and universal in its examination of humanity, grief and the bizarre prisons that people build for themselves - and one another. Funny, fascinating, mysterious and provocative' Sadie Jones, author of *The Outcast* 'Great storytelling and superb characterisation. Very few writers can evoke quintessential Englishness in its myriad forms like Tim Lott. I loved it' Irvine Welsh 'Lott is excellent when it comes to the psychology of a grieving adolescent' Observer

kyle clark political ideology: Handbook of Politics Kevin T. Leicht, J. Craig Jenkins, 2009-11-28 Political sociology is the interdisciplinary study of power and the intersection of personality, society and politics. The field also examines how the political process is affected by major social trends as well as exploring how social policies are altered by various social forces. Political sociologists increasingly use a wide variety of relatively new quantitative and qualitative

methodologies and incorporate theories and research from other social science cognate disciplines. The contributors focus on the current controversies and disagreements surrounding the use of different methodologies for the study of politics and society, and discussions of specific applications found in the widely scattered literature where substantive research in the field is published. This approach will solidly place the handbook in a market niche that is not occupied by the current volumes while also covering many of the same theoretical and historical developments that the other volumes cover. The purpose of this handbook is to summarize state-of-the-art theory, research, and methods used in the study of politics and society. This area of research encompasses a wide variety of perspectives and methods that span social science disciplines. The handbook is designed to reflect that diversity in content, method and focus. In addition, it will cover developments in the developed and underdeveloped worlds.

kyle clark political ideology: Colorado Politics and Policy Thomas E. Cronin, Robert D. Loevy, 2012-10-15 Survey after survey reveals that many Coloradans believe that the U.S. government is too big, too wasteful, and too intrusive. Yet Colorado is arguably one of the most federally subsidized states in the union, with forests, national parks, military bases, and research laboratories benefiting from the federal government's largesse. A concise history of Colorado's constitution and central political institutions, *Colorado Politics and Policy* offers a probing analysis of the state's political cultures. It shows how the state, in many ways a template of the deeply contrary politics of the nation, puts political power into the hands of an ever-more-polarized electorate increasingly inclined to put the concerns of government to the test of the citizen-initiative. *Colorado Politics and Policy* is the result of broad-gauged and sophisticated research which includes author interviews with citizens and officials across the state, three specially commissioned statewide public opinion surveys, and extensive interviews with governors, legislators, judges, lobbyists, interest group leaders, and leading political analysts. This fresh and engaging interpretation is essential reading for those who want to understand Colorado's major election trends, chief public policy and budget challenges, and this distinctively purple state's unique political history.

kyle clark political ideology: *The Politics of Parody* David Francis Taylor, 2018-06-19 This engaging study explores how the works of Shakespeare, Milton, Swift, and others were taken up by caricaturists as a means of helping the eighteenth-century British public make sense of political issues, outrages, and personalities. The first in-depth exploration of the relationship between literature and visual satire in this period, David Taylor's book explores how great texts, seen through the lens of visual parody, shape how we understand the political world. It offers a fascinating, novel approach to literary history.

kyle clark political ideology: *The Year that Broke Politics* Luke A. Nichter, 2023-01-01 The unknown story of the election that set the tone for today's fractured politics A Wall Street Journal Best Book of 2023: Politics The book is a delightful demolition of the many political myths that continue to muddy our understanding of that election year. . . . Nichter's book stands out for its clear, direct prose and the scrupulous research on which it's based.--Barton Swaim, Wall Street Journal The 1968 presidential race was a contentious battle between vice president Hubert Humphrey, Republican Richard Nixon, and former Alabama governor George Wallace. The United States was reeling from the assassinations of Martin Luther King, Jr., and Robert F. Kennedy and was bitterly divided on the Vietnam War and domestic issues, including civil rights and rising crime. Drawing on previously unexamined archives and numerous interviews, Luke A. Nichter upends the conventional understanding of the campaign. Nichter chronicles how the evangelist Billy Graham met with Johnson after the president's attempt to reenter the race was stymied by his own party, and offered him a deal: Nixon, if elected, would continue Johnson's Vietnam War policy and also not oppose his Great Society, if Johnson would soften his support for Humphrey. Johnson agreed.

Nichter also shows that Johnson was far more active in the campaign than has previously been described; that Humphrey's resurgence in October had nothing to do with his changing his position on the war; that Nixon's Southern Strategy has been misunderstood, since he hardly even campaigned there; and that Wallace's appeal went far beyond the South and anticipated today's Republican populism. This eye-opening account of the political calculations and maneuvering that decided this fiercely fought election reshapes our understanding of a key moment in twentieth-century American history.

kyle clark political ideology: A Handbook for Politics Edward McPherson, 1894

kyle clark political ideology: Urban Politics Myron A. Levine, 2019-07-24 Urban Politics blends the most insightful classic and current political science and related literature with current issues in urban affairs. The book's integrative theme is 'power,' demonstrating that the study of urban politics requires an analyst to look beyond the formal institutions and procedures of local government. The book also develops important subthemes: the impact of globalization; the dominance of economic development over competing local policy concerns; the continuing importance of race in the urban arena; local government activism versus the 'limits' imposed on local action by the American constitutional system and economic competition; and the impact of national and state government action on cities. Urban Politics engages students with pragmatic case studies and boxed material that use classic and current urban films and TV shows to illustrate particular aspects of urban politics. The book's substantial concluding discussion of local policies for environmental sustainability and green cities also appeals to today's students. Each chapter has been thoroughly rewritten to clearly relate the content to current events and academic literature, including the following: the importance of the intergovernmental city the role of local governments as active policy actors and vital policy makers even in areas outside traditional municipal policy concerns the prospects for urban policy and change in and beyond the Trump administration, including the ways in which urban politics is affected by, but not determined by, Washington. Mixing classic theory and research on urban politics with the most recent developments and data in urban and metropolitan affairs, Urban Politics, 10e is an ideal introductory textbook for students of metropolitan and regional politics and policy. The book's material on citizen participation, urban bureaucracy, policy analysis, and intergovernmental relations also makes the volume an appropriate choice for Urban Administration courses. Chapter 2 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

kyle clark political ideology: Russian Politics Brian D. Taylor, 2024 This book provides a concise and accessible overview that places Russia in a global context while explaining its internal political development. Russian politics is powerfully shaped by large, impersonal forces such as geography and Russia's place in the international political and economic system. At the same time, its formal political institutions, such as the Constitution and electoral procedures, are relatively weak and manipulable compared to those of stable, established democracies. Under these circumstances, powerful leaders such as Mikhail Gorbachev, Boris Yeltsin, and Vladimir Putin represent a source of potential dynamism and change. To make sense of Russian politics, Brian Taylor grounds his discussion in an appreciation of some enduring influences, such as the primacy of the state over society and the role of the so-called West, which has represented a source of inspiration, of threat, and of competition for generations of Russians. At the same time, most of the focus is on the period since the collapse of the Soviet Union in 1991. That revolutionary event brought about dramatic change across multiple spheres, from the nature of the political and economic system to the country's borders and who counted as a citizen. More than three decades later, Russia is still working its way through the consequences of these transformations--

kyle clark political ideology: Sex Scandals in American Politics Alison Dagnes, 2011-09-15 From the misbehavior of President Clinton to Governor Mark Sanford's Argentinean tryst, sex scandals have become a prominent feature of American public life. This unique collection of essays explains why politicians elected for their leadership and promises of ethical behavior risk their

career, and the socio-political consequences of their actions. It argues that political sex scandals are distinct from other types of sex scandals because the nature of elected office is very different from civilian life. The construction, disgrace, and aftermath of political sex scandals are examined from different academic angles, including the politics of place, human communication, political psychology, media, sociology, feminism, and criminology. The essays delve into the role of culture and geography on the political outcome of a scandal, the rhetoric of apologia, the psychology of risk, trends and patterns in media coverage, the impact on different organized interests, legal ramifications, and how different countries view political sex scandal. This accessible work will engage anyone studying American politics, political behavior, political communication as well as sociological issues and the role of the media.

kyle clark political ideology: A Handbook of Politics for 1868 [to 1894] Edward McPherson, 1894

kyle clark political ideology: A Womanist Reading of Hebrew Bible Narratives as the Politics of Belonging from an Outsider Within Vanessa Lovelace, 2024-05-29 The U.S.

Declaration of Independence of 1776 decreed that all men were created equal and were endowed by their Creator with "certain unalienable Rights." Yet, U.S.-born free and enslaved Black people were not recognized as citizens with "equal protections under the law" until the passage of the Fourteenth Amendment. Even then, White supremacists impeded the equal rights of Black people as citizens due to their beliefs in the inferiority of Black people and that America was a nation for White people. White supremacists turned to biblical passages to lend divine justification for their views. A Womanist Reading of Hebrew Bible Narratives as the Politics of Belonging from an Outsider Within analyzes select biblical narratives, including Noah's curse in Genesis 9; Sarah and Hagar in Genesis 16 and 21; Mother in Israel in Judges 5; and Jezebel, Phoenician Princess and Queen of Israel in 1 and 2 Kings. This analysis demonstrates how these narratives were first used by ancient biblical writers to include some and exclude others as members of the nation of Israel and then appropriated by White supremacists in the antebellum era and the early twentieth century to do the same in America. The book analyzes the simultaneously intersecting and interconnecting dynamics among race, gender, class, and sexuality and biblical narratives to construct boundaries between "us versus them," particularly the politicization of motherhood to deny certain groups' inclusion.

kyle clark political ideology: Can Courts be Bulwarks of Democracy? Jeffrey K. Staton, Christopher Reenock, Jordan Holsinger, 2022-03-31 Liberal concepts of democracy envision courts as key institutions for the promotion and protection of democratic regimes. Yet social science scholarship suggests that courts are fundamentally constrained in ways that undermine their ability to do so. Recognizing these constraints, this book argues that courts can influence regime instability by affecting inter-elite conflict. They do so in three ways: by helping leaders credibly reveal their rationales for policy choices that may appear to violate legal rules; by encouraging leaders to less frequently make decisions that raise concerns about rule violations; and by encouraging the opposition to accept potential rule violations. Courts promote the prudent use of power in each of these approaches. This book evaluates the implications of this argument using a century of global data tracking judicial politics and democratic survival.

kyle clark political ideology: Africa in World Politics John W. Harbeson, Donald Rothchild, 2023-06-23 Africa in World Politics provides advanced undergraduate and graduate students with the perfect introduction to the challenges faced by African states on an increasingly turbulent world stage. Africa in World Politics has long served as the go-to resource for students of African politics seeking to navigate the continent's complex political and economic landscapes. Updated throughout, this new edition includes new chapters on the unprecedented challenges the continent faces from climate change and the fallout of the COVID-19 global pandemic. Adding to existing coverage of international diplomacy, peacebuilding, women in politics, and the building blocks of political economy, the book also includes expanded coverage of the role of China in Africa, and fresh perspectives on decolonization. Drawing together insights from some of the world's leading scholars of African politics, this textbook is an essential read for advanced students of political science and

African studies.

kyle clark political ideology: War, Politics and Superheroes Marc DiPaolo, 2014-01-10 Superhero adventure comics have a long history of commenting upon American public opinion and government policy, and the surge in the popularity of comics since the events of September 11, 2001, ensures their continued relevance. This critical text examines the seventy-year history of comic book superheroes on film and in comic books and their reflections of the politics of their time. Superheroes addressed include Batman, Wonder Woman, Spider-Man, Superman, the Fantastic Four and the X-Men, and topics covered include American wars, conflicts, and public policy. Instructors considering this book for use in a course may request an examination copy [here](#).

kyle clark political ideology: Justices on the Ballot Herbert M. Kritzer, 2015-06-26 This book investigates state supreme court elections in the United States from WWII to the present. Through original analysis of voting returns, campaign budgets, and illustrative case studies, the author shows that elections have become less politicized than commonly believed.

kyle clark political ideology: Trump, White Evangelical Christians, and American Politics Anand Edward Sokhey, Paul A. Djupe, 2024-03-05 In *Trump, White Evangelical Christians, and American Politics*, political scientists Anand Edward Sokhey and Paul A. Djupe bring together a wide range of scholars and writers to examine the relationship between former President Donald Trump and white American evangelical Christians. They argue that, while this relationship—which saw evangelicals supporting a famously unfaithful, materialistic, and irreligious candidate despite self-defining in opposition to these characteristics—prompted many to wonder if Trump himself transformed American evangelical religion in politics, this alliance reflected both change and the outcome of dynamics that were in place or building for decades. Contributors contextualize the Trump presidency within the story of religious demographic change, the growth of politicized religion, nationalistic religious expression, and the ways religion and politics in the United States are enmeshed in the politics of race. These investigations find that the idea of religious “transformation” is not accurate. Instead, the years 2015 to 2022 saw mainly minor changes to the ways religion appeared in public life—but these changes ultimately complemented and advanced an existing white evangelical strategy to increase political and social power as they became a demographic minority in the United States. Taken together, this collection reveals new insights for readers seeking to understand the religious dimensions of Trump’s rise, the reasons evangelicals become political activists, and the multifaceted alliances between secular politicians and conservative religious subcultures. Contributors: Abraham Barranca, Ruth Braunstein, Ryan P. Burge, David E. Campbell, Jeremiah J. Castle, Paul A. Djupe, John C. Green, Sarah Heise, Geoffrey C. Layman, Andrew R. Lewis, Gerardo Martí, Eric L. McDaniel, Napp Nazworth, Shayla F. Olson, Enrique Quezada-Llanes, Kaylynn Sims, Anand Edward Sokhey, Hilde Løvdal Stephens, Kyla K. Stepp, Allan Tellis.
