interactive learning strategies download: Handbuch Methoden interkultureller Weiterbildung Wolf Rainer Leenen, 2018-12-03 An theoretischen Auseinandersetzungen über interkulturelle Fragen ist kein Mangel; wie man aber theoretisch fundiert und methodisch differenziert interkulturelle Weiterbildungen gestaltet, wird bislang nur am Rande behandelt. Hier setzt dieses Buch an. Es werden nicht nur die wichtigsten methodisch-medialen Ansätze der interkulturellen Weiterbildung und ihre theoretischen Grundlagen vorgestellt. Es werden auch zahlreiche Anwendungsbeispiele und Einsatzszenarien im Zusammenhang mit den für eine professionelle Gestaltung grundlegenden konzeptionellen Überlegungen (kulturtheoretischer und didaktisch-methodischer Art) präsentiert. Allen an interkultureller Bildung und Weiterbildung Interessierte (mit Weiterbildung Befasste, Trainerinnen, Lehrer, Dozentinnen an Hochschulen, Praktiker und Praktikerinnen im interkulturellen Feld) wird zum einen die Breite des Spektrums methodisch-medialer Ansätze und möglicher Anwendungsvarianten eröffnet: Es werden klassische Einsatzszenarien, aber auch ganz ungewöhnliche neue Varianten in der Arbeit mit Fällen bzw. Kritischen Ereignissen, dem Einsatz von Simulationen, der Verwendung von Testverfahren und Selbsteinschätzungsübungen und in der Gestaltung von Präsentationen vorgestellt sowie eine bislang nicht gezeigte Vielfalt von Formen der Verwendung von Bildern und Filmen vorgeführt. Zum anderen ist das Buch aber eben mehr als eine bloße Methodensammlung; Leser und Leserinnen werden angeleitet, im Sinne professionellen Weiterbildungshandelns methodische Entscheidungen in interkulturellen Lehr/Lernkontexten begründet zu treffen.

interactive learning strategies download: *English Learning in the Digital Age* Shuang Zeng, 2018-11-23 Moving beyond the 'Web 2.0' and 'digital native' rhetoric, this book addresses the complex experiences of learners of English as a foreign language (EFL) in a world embedded with interactive and participatory technologies. Adopting a sociocultural perspective, it investigates EFL learners' behaviours concerning digital technology, and guides exploration into their contextually mediated choices and learning practices in the '2.0' era. The argument is developed on the basis of

the findings of a mixed sequential study that focused on 1485 Chinese undergraduates' use and non-use of online tools and applications outside the English classroom. Particular attention is paid to the role of context and agency when understanding their learning choices and behaviours in the context of digital technology. In particular, the book acknowledges the explanatory power of agency in the minority instances of 'good practices' among these EFL learners. At the same time it demonstrates that for most learners, use of the current web is limited and mostly non-interactive. The barriers to '2.0' transfer are largely contextual and the so-called 'communicative opportunities' and 'participatory culture' in particular did not fit into the learners' sociocultural context of (language) learning. Overall, the compelling argument proposes that the technology-facilitated changes in EFL practices are a 'bottom up' process that is taking place in day-to-day situations and constrained by the learning context within which the learner is situated. Based on these arguments, the book provides a framework that challenges the existing beliefs about (language) learning with online technology, and that contributes to our understanding of how context mediates EFL learners' behaviours surrounding digital technologies. It is a valuable resource for teachers, researchers and policy makers, providing them with insights into using digital technology to stimulate 'good learning practices' outside the classroom.
