jennifer egan ebook free: *A Visit from the Goon Squad Reread* Ivan Kreilkamp, 2021-02-02
Jennifer Egan described her Pulitzer Prize-winning novel *A Visit from the Goon Squad* as a combination of Proust and *The Sopranos*. In rereading the book, Ivan Kreilkamp takes Egan up on her comparison, showing how it blends a concern with the status of the novel in the twenty-first century with an elegiac meditation on how we experience the passage of time. Kreilkamp, a former music critic, examines how Egan's characters turn to rock and especially punk in search of community and meaning. He considers what the novel's portrayal of music says about the role of art in contemporary culture as digitization makes older technologies obsolete. Combining personal and critical reflection, he reveals how *A Visit from the Goon Squad* articulates and responds to the sense of loss many feel as cherished physical objects are replaced with immaterial data. For Kreilkamp, Egan's novel compellingly combines the psychological realism of the nineteenth-century novel with more recent and transient forms such as the celebrity magazine profile or a PowerPoint presentation to provide a self-reflective diagnosis of the decay and endurance of literature. Arranged like Egan's novel into A and B sides, this book highlights not only how *A Visit from the Goon Squad* speaks to our mass-media and digital present but also its page-turning pleasure.

jennifer egan ebook free: Manhattan Beach Jennifer Egan, 2017-10-03 NEW YORK TIMES BESTSELLER • A New York Times Notable Book Winner of the Andrew Carnegie Medal for Excellence in Fiction The daring and magnificent novel from the Pulitzer Prize-winning author. Named One of the Best Books of the Year by NPR, Esquire, Vogue, The Washington Post, The Guardian, USA TODAY, and Time Anna Kerrigan, nearly twelve years old, accompanies her father to visit Dexter Styles, a man who, she gleans, is crucial to the survival of her father and her family. She is mesmerized by the sea beyond the house and by some charged mystery between the two men. Years later, her father has disappeared and the country is at war. Anna works at the Brooklyn Naval Yard, where women are allowed to hold jobs that once belonged to men, now soldiers abroad. She becomes the first female diver, the most dangerous and exclusive of occupations, repairing the ships that will help America win the war. One evening at a nightclub, she meets Dexter Styles again, and begins to understand the complexity of her father's life, the reasons he might have vanished. "A magnificent achievement, at once a suspenseful noir intrigue and a transporting work of lyrical beauty and emotional heft" (The Boston Globe), "Egan's first foray into historical fiction makes you

forget you're reading historical fiction at all" (Elle). *Manhattan Beach* takes us into a world populated by gangsters, sailors, divers, bankers, and union men in a dazzling, propulsive exploration of a transformative moment in the lives and identities of women and men, of America and the world.

jennifer egan ebook free: Literature in the Digital Age Adam Hammond, 2016-03-03
Literature in a Digital Age: An Introduction guides readers through the most salient theoretical, interpretive, and creative possibilities opened up by the shift to digital literary forms such as e-books, digital archives, and electronic literature. While Digital Humanities (DH) has been hailed as the 'next big thing' in literary studies, many students and scholars remain perplexed as to what a DH approach to literature entails, and skeptical observers continue to see literature and the digital world as fundamentally incompatible. In its argument that digital and traditional scholarship should be placed in dialogue with each other, this book contextualizes the advent of the digital in literary theory, explores the new questions readers can ask of texts when they become digitized, and investigates the challenges that fresh forms of born-digital fiction pose to existing models of literary analysis.

jennifer egan ebook free: The Digital Banal Zara Dinnen, 2018-01-02 Contemporary culture is haunted by its media. Yet in their ubiquity, digital media have become increasingly banal, making it harder for us to register their novelty or the scope of the social changes they have wrought. What do we learn about our media environment when we look closely at the ways novelists and filmmakers narrate and depict banal use of everyday technologies? How do we encounter our own media use in scenes of waiting for e-mail, watching eBay bids, programming as work, and worrying about numbers of social media likes, friends, and followers? Zara Dinnen analyzes a range of prominent contemporary novels, films, and artworks to contend that we live in the condition of the "digital banal," not noticing the affective and political novelty of our relationship to digital media. Authors like Jennifer Egan, Dave Eggers, Sheila Heti, Jonathan Lethem, Gary Shteyngart, Colson Whitehead, Mark Amerika, Ellen Ullman, and Danica Novgorodoff and films such as *The Social Network* and *Catfish* critique and reveal the ways in which digital labor isolates the individual; how the work of programming has become an operation of power; and the continuation of the "Californian ideology," which has folded the radical into the rote and the imaginary into the mundane. The works of these writers and artists, Dinnen argues, also offer ways of resisting the more troubling aspects of the effects of new technologies, as well as timely methods for seeing the digital banal as a politics of suppression. Bridging the gap between literary studies and media studies, *The Digital Banal* recovers the shrouded disturbances that can help us recognize and antagonize our media environment.

jennifer egan ebook free: The Rough Guide to New York City (Travel Guide eBook) Rough Guides, 2018-02-01 Discover the city that never sleeps with the most incisive and entertaining guidebook on the market. jennifer egan ebook free: *Digital Audiobooks* Iben Have, Birgitte Stougaard Pedersen, 2015-08-11 Audiobooks are rapidly gaining popularity with widely accessible digital downloading and streaming services. This book engages with the digital form of audiobooks, framing audiobook listening as both a remediation of literature and an everyday activity that creates new reading experiences that can be compared to listening to music or the radio. Have and Stougaard Pedersen challenge the historical notion that audiobook listening is a compensatory activity or a second-rate reading experience, while seeking to establish a dialogue between sound studies and media studies, comparative literature, aesthetics, and sociology.

jennifer egan ebook free: *Generation Digital* Kathryn C. Montgomery, 2009-02-13 The role that children and youth play in the emerging digital media culture; as consumers targeted by marketing campaigns, as creators of their own digital culture, and as political participants. Children and teens today have integrated digital culture seamlessly into their lives. For most, using the Internet, playing videogames, downloading music onto an iPod, or multitasking with a cell phone is no more complicated than setting the toaster oven to bake or turning on the TV. In *Generation Digital*, media expert and activist Kathryn C. Montgomery examines the ways in which the new media landscape is changing the nature of childhood and adolescence and analyzes recent political debates that have shaped both policy and practice in digital culture. The media has pictured the so-called digital generation in contradictory ways: as bold trailblazers and innocent victims, as active creators of digital culture and passive targets of digital marketing. This, says Montgomery, reflects our ambivalent attitude toward both youth and technology. She charts a confluence of historical trends that made children and teens a particularly valuable target market during the early commercialization of the Internet and describes the consumer-group advocacy campaign that led to a law to protect children's privacy on the Internet. Montgomery recounts—as a participant and as a media scholar—the highly publicized battles over indecency and pornography on the Internet. She shows how digital marketing taps into teenagers' developmental needs and how three public service campaigns—about sexuality, smoking, and political involvement—borrowed their techniques from commercial digital marketers. Not all of today's techno-savvy youth are politically disaffected; *Generation Digital* chronicles the ways that many have used the Internet as a political tool, mobilizing young voters in 2004 and waging battles with the music and media industries over control of cultural expression online. Montgomery's unique perspective as both advocate and analyst will help parents, politicians, and corporations take the necessary steps to create an open, diverse, equitable, and safe digital media culture for young people.

jennifer egan ebook free: *Flat-World Fiction* Liliana M. Naydan, 2021-12-15 *Flat-World Fiction* analyzes representations of digital technology and the social and ethical concerns it creates in mainstream literary American fiction and fiction written about the United States in the first two decades of the twenty-first century. In this period, authors such as Don DeLillo, Jennifer Egan, Dave Eggers, Joshua Ferris, Jonathan Safran Foer, Mohsin Hamid, Thomas Pynchon, Kristen Roupenian, Gary Shteyngart, and Zadie Smith found themselves not only implicated in the developing digital world of flat screens but also threatened by it, while simultaneously attempting to critique it. As a result, their texts explore how human relationships with digital devices and media transform human identity and human relationships with one another, history, divinity, capitalism, and nationality. Liliana M. Naydan walks us through these complex relationships, revealing how authors show through their fiction that technology is political. In the process, these authors complement and expand on work by historians, philosophers, and social scientists, creating accessible, literary road

maps to our digital future.

jennifer egan ebook free: *Bookishness* Jessica Pressman, 2020-12-01 Twenty-first-century culture is obsessed with books. In a time when many voices have joined to predict the death of print, books continue to resurface in new and unexpected ways. From the proliferation of “shelfies” to Jane Austen-themed leggings and from decorative pillows printed with beloved book covers to bookwork sculptures exhibited in prestigious collections, books are everywhere and are not just for reading. Writers have caught up with this trend: many contemporary novels depict books as central characters or fetishize paper and print thematically and formally. In *Bookishness*, Jessica Pressman examines the new status of the book as object and symbol. She explores the rise of “bookishness” as an identity and an aesthetic strategy that proliferates from store-window décor to experimental writing. Ranging from literature to kitsch objects, stop-motion animation films to book design, Pressman considers the multivalent meanings of books in contemporary culture. Books can represent shelter from—or a weapon against—the dangers of the digital; they can act as memorials and express a sense of loss. Examining the works of writers such as Jonathan Safran Foer, Jennifer Egan, Mark Z. Danielewski, and Leanne Shapton, Pressman illuminates the status of the book as a fetish object and its significance for understanding contemporary fakery. Bringing together media studies, book history, and literary criticism, *Bookishness* explains how books still give meaning to our lives in a digital age.

jennifer egan ebook free: *Narrative: The Basics* Bronwen Thomas, 2015-11-19 Providing an up-to-date and accessible overview of the essentials of narrative theory, *Narrative: The Basics* guides the reader through the major approaches to the study of narrative, using contemporary examples from a wide range of narrative forms to answer key questions including: What is narrative? What are the universals of narrative? What is the relationship between narrative and ideology? Does the reader have a role in narrative? Has the digital age brought radically new forms of narrative? Each chapter introduces key theoretical terms, providing thinking points and suggestions for further study. With an emphasis on applying theory to example studies, it is an ideal introduction to the current study of narrative.

jennifer egan ebook free: *The Multimodal Writer* Josie Barnard, 2019-08-06 These are exciting times for creative writing. In a digital age, the ability to move between types of writing and technologies - often at speed - is increasingly essential for writers. Yet, such flexibility can be difficult to achieve, and, how to develop it remains a pressing challenge. *The Multimodal Writer* combines theory, practitioner case studies and insightful writing exercises to support writers tackling the challenges and embracing the opportunities that come with new media technologies. Including interviews with a selection of internationally acclaimed authors, such as Simon Armitage, Robert Coover and Rhianna Pratchett, this book equips writers with the tools to not just survive but, rather, thrive in an era characterised by fast-paced change. With its focus on writing across genres, modes and media, this book is ideal for students of creative writing, professional writing, media writing and journalism.

jennifer egan ebook free: *Literature Against Criticism* Martin Paul Eve, 2016-10-17 This is a book about the power game currently being played out between two symbiotic cultural institutions: the university and the novel. As the number of hyper-knowledgeable literary fans grows, students and researchers in English departments waver between dismissing and harnessing voices outside the academy. Meanwhile, the role that the university plays in contemporary literary fiction is becoming increasingly complex and metafictional, moving far beyond the ‘campus novel’ of the mid-twentieth century. Martin Paul Eve’s engaging and far-reaching study explores the novel’s contribution to the ongoing displacement of cultural authority away from university English. Spanning the works of Jennifer Egan, Ishmael Reed, Tom McCarthy, Sarah Waters, Percival Everett, Roberto Bolaño and many others, *Literature Against Criticism* forces us to re-think our previous notions about the relationship between those who write literary fiction and those who critique it.

jennifer egan ebook free: *Track Changes* Matthew G. Kirschenbaum, 2016-05-02 Writing in the digital age has been as messy as the inky rags in Gutenberg’s shop or the molten lead of a

Linotype machine. Matthew Kirschenbaum examines how creative authorship came to coexist with the computer revolution. Who were the early adopters, and what made others anxious? Was word processing just a better typewriter, or something more?

jennifer egan ebook free: Cultures of Obsolescence B. Tischleder, S. Wasserman, 2015-06-03 Obsolescence is fundamental to the experience of modernity, not simply one dimension of an economic system. The contributors to this book investigate obsolescence as a historical phenomenon, an aesthetic practice, and an affective mode.

jennifer egan ebook free: Theses on the Metaphors of Digital-Textual History Martin Paul Eve, 2024-07-16 Digital spaces are saturated with metaphor: we have pages, sites, mice, and windows. Yet, in the world of digital textuality, these metaphors no longer function as we might expect. Martin Paul Eve calls attention to the digital-textual metaphors that condition our experience of digital space, and traces their history as they interact with physical cultures. Eve posits that digital-textual metaphors move through three life phases. Initially they are descriptive. Then they encounter a moment of fracture or rupture. Finally, they go on to have a prescriptive life of their own that conditions future possibilities for our text environments—even when the metaphors have become untethered from their original intent. Why is whitespace white? Was the digital page always a foregone conclusion? Over a series of theses, Eve addresses these and other questions in order to understand the moments when digital-textual metaphors break and to show us how it is that our textual softwares become locked into paradigms that no longer make sense. Contributing to book history, literary studies, new media studies, and material textual studies, *Theses on the Metaphors of Digital-Textual History* provides generative insights into the metaphors that define our digital worlds.

jennifer egan ebook free: Neverending Stories R. Lyle Skains, 2022-12-29 Winner of the 2023 N. Katherine Hayles Award for Criticism of Electronic Literature Digital fiction has long been perceived as an experimental niche of electronic literature. Yet born-digital narratives thrive in mainstream culture, as communities of practice create and share digital fiction, filling in the gaps between the media they are given and the stories they seek. *Neverending Stories* explores the influences of literature and computing on digital fiction and how the practices and cultures of each have impacted who makes and plays digital fiction. Popular creativity emerges from subordinated groups often excluded from producing cultural resources, accepting the materials of capitalism and inverting them for their own carnivalesque uses. Popular digital fiction goes by many different names: webnovels, adventure games, visual novels, Twitter fiction, webcomics, Twine games, walking sims, alternate reality games, virtual reality films, interactive movies, enhanced books, transmedia universes, and many more. The book establishes digital fiction in a foundation of innovation, tracing its emergence in various guises around the world. It examines Infocom, whose commercial success with interactive fiction crumbled, in no small part, because of its failure to consider women as creators or consumers. It takes note of the brief flourish of commercial book apps and literary games. It connects practices of cognitive and conceptual interactivity, and textual multiplicity-dating to the origins of the print novel-to the feminine. It pushes into the technological future of narrative in immersive and mixed realities. It posits the transmedia franchises and the practices of fanfiction as examples of digital fiction that will continue indefinitely, regardless of academic notice or approval.

jennifer egan ebook free: New York Magazine , 1997-05-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

jennifer egan ebook free: New Directions in Philosophy and Literature David Rudrum, 2019-08-22 This forward-thinking volume draws on new developments in philosophy including

speculative realism, object-oriented ontology, the new materialisms, posthumanism, analytic philosophy of language and metaphysics, and ecophilosophy alongside close readings of a range of texts from the literary canon.

jennifer egan ebook free: Reclaiming English Language Arts Methods Courses Jory Brass, Allen Webb, 2014-09-04 Reclaiming English Language Arts Methods Courses showcases innovative work in teacher education that fosters teachers' capacities as reflective practitioners and public intellectuals; extends traditional boundaries of methods courses on teaching the English language arts, literacy, children's and young adult literature; and embodies democratic and critical politics that go beyond the reductive economic aims and traditional classroom practices sanctioned by educational policies and corporate educational reforms. Featuring leading and emerging scholars in English language arts teacher education, each chapter provides rich and concrete examples of elementary and secondary methods courses rooted in contemporary research and theory, on-line resources, and honest appraisals of the possibilities, tensions, and limits of doing teacher education differently in a top-down time of standards-based education, high-stakes testing, teacher assessment, and neoliberal education reforms. This book offers important resources and support for teacher educators and graduate students to explore alternative visions for aligning university methods courses with current trends in English and cultural studies, critical sociocultural literacy, new literacies and web 2.0 tools, and teaching the English language arts in multiethnic, multilingual, and underserved urban communities.
