jake borelli movies: Tyson Ellis Cashmore, 2013-04-26 Beast. Monster. Savage. Psycho. The glowering menace of Mike Tyson has spooked us for almost two decades. And still we remain fascinated. Why? Ellis Cashmore's answer is disturbing: white society has created Tyson as vengeance for the loss of privilege produced by civil rights. Cashmore's eviscerating analysis of Tyson's life and the culture in which he grew up, rose to prominence and descended into disgrace provokes the reader into re-thinking the role of one of the most controversial and infamous figures of recent history. Told as an odyssey-style homeward journey to Tyson's multi-pathological origins in the racially-explosive ghettos of the 1960s, Tyson's story is part biography, part tragedy and part exposition. His associations with people like Al Sharpton, Don King and Tupac Shakur shaped his life; and events, such as the O J Simpson trial and the Rodney King riots, formed a turbulent background for the Tyson psychodrama. Over the course of an epic boxing career, Tyson was transformed from the most celebrated athlete on earth to a primal, malevolent hate-figure. Yet, even after being condemned as a brute, Tyson retained a power - a power to captivate. Cashmore reveals that the sources of that power lie as much in us as in Tyson himself.

Patrick Borelli, Douglas Gorenstein, 2012-11-27 Holy Headshot! is an amazing collection of the funniest, strangest, most captivating performers' headshots and resumes you have ever seen. The book throws open the door to the casting director's office and gives an entertaining peek into the amazing -- and sometimes bizarre -- world of show business. Authors Patrick Borelli and Douglas Gorenstein pored over 50,000 headshots to put together this remarkable gallery, which showcases everyone from aspiring amateurs who are striving to live out their Hollywood dreams to seasoned professionals that you might recognize from the big screen. A celebration of our national obsession with getting famous, Holy Headshot! offers up plenty of What were they thinking!? hilarity, but just as often you'll find yourself rooting for the characters that populate its pages.

jake borelli movies: *Consuming Dance* Colleen T. Dunagan, 2018 Dance in TV advertisements has long been familiar to Americans as a silhouette dancing against a colored screen, exhibiting moves from air guitar to breakdance tricks, all in service of selling the latest Apple product. But as author Colleen T. Dunagan shows in *Consuming Dance*, the advertising industry used dance to market items long before iPods. In this book, Dunagan lays out a comprehensive history and analysis of dance commercials to demonstrate the ways in which the form articulates with, informs, and reflects U.S. culture. In doing so, she examines dance commercials as cultural products, looking at the ways in which dance engages with television, film, and advertising in the production of cultural meaning. Throughout the book, Dunagan interweaves semiotics, choreographic analysis, cultural studies, and critical theory in an examination of contemporary dance commercials while placing the analysis within a historical context. She draws upon connections between individual dance-commercials and the discursive and production histories to provide a thorough look into brand identity and advertising's role in constructing social identities.
