left hand of darkness ebook: Feministische Literatur- und Kulturkritik Java Singh, 2024-07-23 Feministische Literatur- und Kulturkritik erforscht interdisziplinäre Verbindungen zwischen Kulturanthropologie, Geographie, Psychologie und feministischer Literaturkritik, um einen theoretischen Rahmen für Raumkritik zu entwickeln. Anhand des im Buch entwickelten Rahmens der räumlichen Gynokritik werden ausgewählte Texte aus fünf verschiedenen Genres - Kurzgeschichte, Roman, Film, Zeichentrickfilm und OTT-Serie - analysiert, die von Frauen verfasst wurden. Die in dem Buch behandelten Autorinnen bilden eine transnationale Gemeinschaft von Frauen, die gemeinsame Anliegen in Bezug auf Geschlecht, Umwelt, Technologie und soziale Hierarchien teilen. Es handelt sich um eine geografisch und sprachlich vielfältige Gruppe aus Indien, Uruguay, Spanien, Argentinien und den USA. Das Buch bietet ein immenses Potenzial für eine vergleichende Studie zu zahlreichen Aspekten, von denen sich die vorliegende Arbeit auf die Behandlung des Themas Raum konzentriert und zeigt, dass räumliche Logik und Grammatik wesentliche Elemente der feministischen Praxis sind. Das Buch offenbart das ungeprüfte Potenzial der Praxis der Schöpferinnen, die zugeschriebenen Zentren, um die herum die sozialen Arrangements strukturiert sind, zu destabilisieren, zu dezentrieren und zu zerstören. Darüber hinaus bietet das Buch wertvolle Analyseinstrumente, die die Literaturtheorie, die vergleichenden Kulturwissenschaften, die vergleichende Literaturwissenschaft, die Geschlechterforschung, die feministische Kritik und die interdisziplinären Geisteswissenschaften bereichern. Es ist ein unverzichtbares Hilfsmittel für Studierende und Lehrende in diesen Studienbereichen, das es ihnen ermöglicht, Texte aus einer neuen Perspektive zu betrachten.

left hand of darkness ebook: *Migrating Minds* Didier Coste, Christina Kkona, Nicoletta Pireddu, 2021-11-29 Awarded the 2023 René Wellek Prize for the Best Edited Essay Collection by the American Comparative Literature Association, *Migrating Minds* contributes to the prominent interdisciplinary domain of Cosmopolitan Studies with 20 innovative essays by humanities scholars from all over the world that re-examine theories and practices of cosmopolitanism from a variety of perspectives. The volume satisfies the need for a stronger involvement of Comparative and World Literatures and Cultures, Translation, and Education Theories in this crucial debate, and also proposes an experimental way to explore in depth the necessity of a cosmopolitan method as well as the riches of cosmopolitan representations. The essays follow a logical progression from the situated philosophical and political foundations of the debate to interdisciplinary propositions for a pedagogy of cosmopolitanism through studies of modern and contemporary cosmopolitan cultural practices in literature and the arts and the concurrent analysis of prototypes of cosmopolitan identities. This trajectory allows readers to appreciate new historical, theoretical, aesthetic, and practical implications of cosmopolitanism that pertain to multiple genres and media, under different modes of production and reception. In the deterritorialized landscape of *Migrating Minds*, mental and sentimental mobility, rather than the legacy of place, is the key to an efficient, humanist response to deadening globalization.

left hand of darkness ebook: *Writing Speculative Fiction* Eugen Bacon, 2019-04-24 In this engaging and accessible guide, Eugen Bacon explores writing speculative fiction as a creative practice, drawing from her own work, and the work of other writers and theorists, to interrogate its various subgenres. Through analysis of writers such as Stephen King, J.R.R. Tolkien and J. K. Rowling, this book scrutinises the characteristics of speculative fiction, considers the potential of writing cross genre and covers the challenges of targeting young adults. It connects critical and cultural theories to the practice of creative writing, examining how they might apply to the process of writing speculative fiction. Both practical and critical in its evaluative gaze, it also looks at e-publishing as a promising publishing medium for speculative fiction. This is essential reading for undergraduate and postgraduate students of creative writing, looking to develop a critical awareness of, and practical skills for, the writing of speculative fiction. It is also a valuable resource for creators, commentators and consumers of contemporary speculative fiction. Chapter 8, 'Horror and the Paranormal' was shortlisted for the Australasian Horror Writers Association (AHWA)'s 2019

Australian Shadows Awards.

left hand of darkness ebook: *The Biopolitics of Gender in Science Fiction* Emily Cox-Palmer-White, 2021-01-03 Questioning essentialist forms of feminist discourse, this work develops an innovative approach to gender and feminist theory by drawing together the work of key feminist and gender theorists, such as Judith Butler and Donna Haraway, and the biopolitical philosophy of Giorgio Agamben and Gilles Deleuze. By analysing representations of the female cyborg figure, the gynoid, in science fiction literature, television, film and videogames, the work acknowledges its normative and subversive properties while also calling for a new feminist politics of selfhood and autonomy implied by the posthuman qualities of the female machine.

left hand of darkness ebook: *Reflecting on Therapy* Michael Jacobs, 2024-05-09 Michael Jacobs is the author of key texts, such as *Psychodynamic Counselling in Action* and *The Presenting Past*. Looking back over fifty years' experience as a therapist and reflecting on some forty years as a supervisor and teacher, he invites you to join him and reflect upon issues uncovered in the therapy room. Therapists are encouraged to engage in reflective practice, thinking through what they are saying and doing, together with presenting their work in supervision in order to engage in fine-tuning their insight and skills. However, it is hard to find the time with so many demands pressing in. Michael presents various situations, phrases and practices which may evade reflection since they are so common in the consulting room, or which may challenge assumptions that easily become habitual in a therapist's practice. He unpacks apparent conventional phrases, such as 'How are you?', 'Did you see ...?', 'And ...'. He says the unsayable, looks at the place of CPD, questions 'expertise', the impact of failure, Freud's cigars, expectations on the therapist, being a therapist, the value of apologies, letting be, niggles, the vicissitudes of memory, the pointlessness of questions, what therapists miss, hopes, goals, taboos, finishing therapy, money, notes ... and many, many more significant possibilities that arise in the course of a week's regular sessions. This beautiful little book contains space within for your own notes, thoughts, and reflections after each reflection from Michael. This gives you the opportunity to ponder, to savour, to develop or disagree on the ideas you encounter. Take your time, slow down, and allow your thoughts to grow.

left hand of darkness ebook: *Neverending Stories* R. Lyle Skains, 2022-12-29 Winner of the 2023 N. Katherine Hayles Award for Criticism of Electronic Literature Digital fiction has long been perceived as an experimental niche of electronic literature. Yet born-digital narratives thrive in mainstream culture, as communities of practice create and share digital fiction, filling in the gaps between the media they are given and the stories they seek. *Neverending Stories* explores the influences of literature and computing on digital fiction and how the practices and cultures of each have impacted who makes and plays digital fiction. Popular creativity emerges from subordinated groups often excluded from producing cultural resources, accepting the materials of capitalism and inverting them for their own carnivalesque uses. Popular digital fiction goes by many different names: webnovels, adventure games, visual novels, Twitter fiction, webcomics, Twine games, walking sims, alternate reality games, virtual reality films, interactive movies, enhanced books, transmedia universes, and many more. The book establishes digital fiction in a foundation of innovation, tracing its emergence in various guises around the world. It examines Infocom, whose commercial success with interactive fiction crumbled, in no small part, because of its failure to consider women as creators or consumers. It takes note of the brief flourish of commercial book apps and literary games. It connects practices of cognitive and conceptual interactivity, and textual multiplicity-dating to the origins of the print novel-to the feminine. It pushes into the technological future of narrative in immersive and mixed realities. It posits the transmedia franchises and the practices of fanfiction as examples of digital fiction that will continue indefinitely, regardless of academic notice or approval.

left hand of darkness ebook: *Feminist Literary and Cultural Criticism* Java Singh, 2022-06-19 *Feminist Literary and Cultural Criticism* explores inter-disciplinary connections across Cultural Anthropology, Geography, Psychology, and feminist literary criticism to develop a theoretical framework for spatial criticism. Using the spatial gynocritics framework developed in the book, it

analyzes selected texts from five different genres—short-story, novel, film, cartoons, and OTT series, created by women. The creators discussed in the book constitute a transnational collectivity of women that shares common concerns about gender, environment, technology, and social hierarchies. They comprise a geographically and linguistically diverse group from India, Uruguay, Spain, Argentina, and the USA. The book offers immense potential for a comparative study on numerous aspects, among which the present work concentrates on the treatment of Space, demonstrating that spatial logic and grammar are essential elements of the feminist praxis. The book reveals the unexamined potential in the women creators' praxis of destabilizing, decentring, and destroying the ascribed centres around which social arrangements are structured. Moreover, the book offers valuable analytic tools that add to scholarship in literary theory, comparative cultural studies, comparative literature, gender studies, feminist criticism, and interdisciplinary humanities. It is an indispensable aid to students and faculty in these areas of study, enabling them to critique texts from a fresh perspective.

left hand of darkness ebook: Stalking Nightfall Kindle , 2013-05-30 Having been encapsulated in the routine morning fog of London for the past eight years, lonely factory worker Harold Elway suddenly finds himself helpless to the jeering teeth of his past American life. Staggering candle-flames and oil-slopped lanterns can only protect Harold from the nauseating phantoms to a narrow degree. Picking up months into the hauntings, *Stalking Nightfall* tells the tale of Harold Elway through the once scattered journal entries of his acquaintances. Combined with Harold's own recordings, the entries vary from reserved local tea shop owner Johnny Tapping to the questionably ill-practiced Doctor Naragavitz. Harold's stubbornness in refusing treatment clashes with his ailing search for a single night of serenity. Shamed by his own imperfect brain, Harold must distinguish manipulation from reality before the shade swallows what remains of his sanity.

left hand of darkness ebook: Not Here, Not Now Anthony Dunne, Fiona Raby, 2025-05-06 What it means to design at a time when, for many people, the future seems to have become an impossibility. When reality fails us, what can designers do? Question design's relationship to reality, as Anthony Dunne and Fiona Raby do, in this exhilarating, yet thoughtful, journey to the edges of science, philosophy, and literature to find new ways of thinking about the possible—and about the meaning, function, and place of design in that speculative world of “not here, not now.” A conceptual travelogue of sorts, *Not Here, Not Now* brings together words, images, and objects that capture, in design form, some of the ideas encountered along the way. Itself a design experiment, the richly illustrated book explores ways to bring these ideas into conversation with objects through imagined archives, libraries, glossaries, taxonomies, lists, tales, and essays. The design responses in *Not Here, Not Now*—to a stone raft, for example, or a vegetable lamb, swatches of imaginary colors, a pocket universe in the home, objects undergoing space-time collapse—are, like the most compelling utopias,

impossible by design, aiming instead to nourish the creative, intellectual, and imaginative ground from which new possibilities, still unknown, might begin to emerge.

left hand of darkness ebook: The Divine Daughter Andrew Gilchrist, 2019-04-17 Ever feel swept up in a sea of novelty? When did the new become more important than the true? Andrew Gilchrist found a remedy to today's nausea of novelty in the most familiar elements of narrative and music. He has composed a new arrangement from the ideas of Marshall McLuhan, Northrop Frye, Bernard Lonergan, and Jordan Peterson, weaving together a promising relationship between what we believe and how we live. This book starts a conversation at the crossroads of art, literature, religion, and psychology. And it begins with the oldest of stories. A boy fell in love with a girl and sung her a song. Each chapter in this book charts a series of helpful symbols and sounds, drawing attention to the melodies, rhythms and tempos that make up our most common experiences. The scientific revolution gave birth to a new understanding of the relationship between observer and observed, lover and beloved. That birth has changed the song. However, we have not welcomed this new daughter into the family with a proper name or fully recognized her part in our spiritual development. With her wisdom, we too might find hope and delight in the back and forth journey between tradition and innovation. Could her compelling voice and playful character help us prepare for the greatest roles of our lives?

left hand of darkness ebook: Nordic Speculative Fiction Jyrki Korpua, Aino-Kaisa Koistinen, Hanna-Riikka Roine, Marta Mboka Tveit, 2024-12-20 This volume brings together scholarly theories and practices on speculative fiction from the Nordic countries, including Denmark, Finland, Iceland, Norway, and Sweden, that are all rooted in similar values, culture, and history yet are independent and unique societies. The book exhibits both the convergences and the diversity of the Nordics in fiction and fandom as well as in research. It traces the roots of Nordic speculative fiction, how it has developed over time, and how the changes in Nordic environments and societies caused by overhanging shared global issues – such as climate change, mass migration, and technological acceleration – find space in speculative practices. The first of its kind, this book allows for deeper insights into the unique characteristics that make Nordic literature and art recognisable and allows for a better understanding of the place of the Nordics within wider global culture systems. The chapters range from literary critiques, film and television studies, creative works by three Nordic creative writers, transcultural text comparisons, and contributions on speculative art to theoretical and methodological discussions on fandom, worldbuilding, and semantics. Part of the Studies in Global Genre Fiction series, this book contributes to connecting Nordic speculative fiction scholarship to the wider global community within the field. It will be of interest to scholars and general enthusiasts of speculative fiction and those with interest in Nordic fiction; film and television studies; literary, culture, or media studies; comparative literature; and cultural history or art-based research.

left hand of darkness ebook: *The Postworld In-Between Utopia and Dystopia* Katarzyna Ostalska, Tomasz Fisiak, 2021-12-29 This collection of essays offers global perspectives on feminist utopia and dystopia in speculative literature, film, and art, working from a range of intersectional approaches to examine key works and genres in both their specific cultural context and a wider, global, epistemological, critical background. The international, diverse contributions, including a Foreword by Gregory Claeys, draw upon posthumanism, speculative realism, speculative feminism, object-oriented ontology, new materialisms, and post-Anthropocene studies to propose alternative perspectives on gender, environment, as well as alternate futures and pasts rendered in fiction. Instead of binary divisions into utopia vs dystopia, the collection explores genres transcending this dichotomy, scrutinising the oeuvre of both established and emerging writers, directors, and critics. This is a rich and unique collection suitable for scholars and students studying feminist literature, media cultural studies, and women's and gender studies.

left hand of darkness ebook: *Populating the Future* Britt Johanne Farstad, 2023-07-19 Speculative fiction opens doors for imagining beyond what is possible, conventional or acceptable. Speculative fiction has an acute ear for the social, the scientific and for political developments and change, all of which are prominent topics. Reproduction and parenthood are pertinent social questions that are constantly renegotiated in various arenas. By investigating representations of family-making and reproduction in speculative fiction, the research presented in *Populating the Future: Families and Reproduction in Speculative Fiction* not only adds to the field of speculative fiction scholarship, but also contributes to the more general discussion about reproduction and parenting. Speculative fiction operates as thought laboratories that make connections between discourses visible. It highlights power structures that can be difficult to detach and represents difficult and abstract issues more concretely. As such, speculative fiction demonstrates the complex entanglement of reproduction with issues of gender, power and agency. By facilitating thought experiments and illustrating alternatives, speculative fiction also enables the representation of new family structures and reproductive technologies, thus paving the way for discussions about various practices and their possible consequences. Due to its multidisciplinary approach, this book will be of value to scholars and students of various disciplines, such as literature studies, philosophy, ethics, political science, the social sciences and gender studies. It will also be a useful resource in teacher training programmes, as well as to a more general audience interested in speculative literature, politics, society, gender and ethics.
