He learned the game early and became a force on the basketball court. No matter what disciplinary obstacles or health obstacles Joe faced, he just couldn't give up. He kept going back. Basketball was in his blood and he lived to play and coach. Now, as head coach of his hometown varsity boys basketball team, the Surry County High School Running Cougars, and with cancer overtaking his body and draining his energy, he still has the will, the determination, and the inner most desire to not give up. So he keeps the faith, stays focused and God grants him the desire of his heart.....a state championship!

jayne kennedy awards: You Are Looking Live! Rich Podolsky, 2021-10-15 You Are Looking Live! is the story of how one live television show in 1975 captured the excitement of the country, and launched four magnetic personalities to stardom: Brent Musburger, Phyllis George, Irv Cross and

Jimmy The Greek Snyder. It explores some of America's most enduring obsessions - football, sex, race, and gambling-- all told through the lens of the fashion, music, and pop culture of the 70's and 80's. It's the Madmen of NFL Broadcasting—a close-up look at the people who created the The NFL Today—including their human flaws and their battles for airtime that often led to front-page headlines. Those four personalities battled each other and the competition, and as a result became pop culture icons. On the East Coast and the Midwest, people would literally rush home from church to hear what they had to say, and on the West Coast fans loved waking up to it. The NFL Today became so popular that it not only dominated the ratings, but also won its time slot 18 straight years, from 1975 to 1993, until CBS lost its NFL package to Fox. And today, looking back, these four personalities, like any family, had their own battles, and became even more famous for them.

jayne kennedy awards: Phyllis George Paul Volponi, Lenny Shulman, 2022-09-20 In 1919, the NFL issued a list of football's one hundred greatest game-changers, and among the legendary athletes and coaches was one broadcaster: Phyllis George. The first female anchor of a major network sports show, George broke the glass ceiling in sports journalism and embodied the complexities of the women's movement of the 1970s. As a young woman, George first hit the media radar in 1971 when she won the crown of Miss America and toured the world. While many in the budding feminist movement looked down on the pageant queen, George parlayed her success into a television career and excelled in sports journalism. While she was not immune to criticism, George was never deterred by it, and constantly showed her inner strength and perseverance. Through the decades she cultivated a reputation as one of the most respected and strong-willed players in the rough and tumble businesses of sports and network news, breaking through the glass ceiling in one of the most male-driven industries in the world. She was a pioneer who helped pave the way for a new generation of female broadcasters. A published author and champion of the arts, George remained a stalwart advocate for female empowerment until her death in 2020. In *Phyllis George: Shattering the Ceiling* authors Lenny Shulman and Paul Volponi trace George's evolution from Miss America to professional broadcaster, to arts advocate, author, philanthropist, and also as First Lady of Kentucky who was instrumental in getting her husband, John Y. Brown Jr., elected Governor of that state. George's life was defined by her professionalism, her strength of character, and her uncanny ability to leave an indelible impression on all she met.
