last 10 surah pdf: The Most Controversial Qur'anic Verse John Andrew Morrow, 2020-07-07 A fourteen centuries old consensus by Islamic religious authorities has upheld the belief that God has granted husbands the right to beat their wives. Previously, the only element up for debate was the degree of severity, the instrument of the beating, and the limit to the damage allowed. This startling assertion, which shocks human sensibilities, is confirmed by hundreds of Qur'anic commentaries and works of Islamic jurisprudence authored over the course of the past millennia and a half. In this pivotal, courageous, and timely analysis, which works diligently and minutely to separate truth from falsehood, right from wrong, the moral from the immoral, and the ethical from the unethical, Dr. John Andrew Morrow provides an exhaustive study of the second part of the Qur'anic text, 4:34, dispelling the belief that Islam allows domestic violence. Like Titan, who

bears the weight of the heavens upon his shoulders, Morrow takes on the entire corpora of Islamic Tradition. Along the way, the author delicately and defiantly dispels misogynistic misinterpretations of the Word of God while slashing and burning the sexist sayings that were attributed to the Prophet Muhammad. In so doing, he may well save Islam from those traditionalists and misogynists who claim to speak in God's name.

last 10 surah pdf: Veiled Threats Mia Bloom, 2025-02-15 *Veiled Threats* challenges the idea that women in violent terrorist groups lack agency. Too often, these women are assumed to be controlled by men: their fathers, their husbands, or some other male relative. Mia Bloom contests this narrow understanding. Although extremist groups often control different aspects of women's lives, including their religious obligations or dress, jihadi women have asserted themselves in myriad ways. Bloom interrogates the prevailing perceptions about women's involvement in violent extremism exclusively as victims: manipulated, drugged, or coerced. Following her pioneering work on women in Bombshell, Bloom lifts the veil of the secret world of women in jihadi groups to provide a nuanced and complex explanation of their motivations and challenge misperceptions about women's agency. *Veiled Threats* explores the range of roles of the women involved in jihad—not only across secular and religious groups but within affiliated religious groups—and examines how these extremist groups have used rape as a weapon of war. Bloom explains how women are used and abused, deployed and destroyed, and the many ways in which their roles in terrorism have evolved over the past three decades.

last 10 surah pdf: Hope Dies Last Alan Weisman, 2025-04-22 One of Heatmap's 18 Climate Books to Read in 2025 The award-winning environmental journalist's extraordinary, long-awaited portrait of hope and resilience as we face a fractured and uncertain future In this profoundly human and moving narrative, the bestselling author of *The World Without Us* returns with a book ten years in the making: a study of what it means to be a human on the front lines of our planet's existential crisis. His new book, *Hope Dies Last*, is a literary evocation of our current predicament and the core resolve of our species against the most precarious odds we have ever faced. To write this book, Weisman traveled the globe, witnessing climate upheaval and other devastations, and meeting the people striving to mitigate and undo our past transgressions. From the flooding Marshall Islands to revived wetlands in Iraq, from the Netherlands and Bangladesh to the Korean DMZ and to cities and coastlines in the U.S. and around the world, he has encountered the best of humanity battling heat, hunger, rising tides, and imperiled nature. He profiles the innovations of big thinkers—engineers, scientists, conservationists, economists, architects, and artists—as they conjure wildly creative,

imaginative responses to an uncertain, ominous future. At this unprecedented point in history, as our collective exploits on this planet may lead to our own undoing and we could be among the species marching toward extinction, they refuse to accept defeat. *Hope Dies Last* fills a crucial gap in the global conversation: Having reached a point of no return in our climate confrontation, how do we feel, behave, act, plan, and dream as we approach a future decidedly different from what we had expected?

last 10 surah pdf: Honour Based Crimes and the Law Mukaddes Gorar, 2021-05-10 Honour based violence and abuse manifests itself in different forms, and this book offers a comprehensive understanding of this phenomenon. This book argues that the limits of honour crimes must be defined more widely so that they include conducts and behaviours that originate from the patriarchal notion of honour, such as honour based oppression and breast ironing. The book provides a critical analysis and synthesis of the law in England and Wales and in the international human rights sphere. The relevant domestic legislation and cases are examined to reflect on whether adequate protection is provided for the victims and potential victims of honour based violence and abuse. Since honour based violence is a violation of human rights, the relevant international human rights law is examined to illustrate the perception of such crimes in the international arena. The effectiveness of any remedy for victims of honour based violence and abuse depends on its capability to change deep rooted behaviours in communities with honour based patriarchal values. This book argues that the law does not provide the effective impact required, in part due to patriarchal structures, and that more efforts should be dedicated to changes in education. It is held that there is a need for an educational programme that is especially designed to tackle violence and promote gender equality. The book will be essential reading for academics, researchers and policy-makers working in the areas of Human Rights Law, Criminal Law and Gender Studies.

last 10 surah pdf: The Kurdish Spring David L. Phillips, 2017-07-05 Kurds are the largest stateless people in the world. An estimated thirty-two million Kurds live in Kurdistan, which includes parts of Turkey, Iraq, Syria, and Iran today's hot spots in the Middle East. The Kurdish Spring

explores the subjugation of Kurds by Arab, Ottoman, and Persian powers for almost a century, and explains why Kurds are now evolving from a victimized people to a coherent political community. David L. Phillips describes Kurdish rebellions and arbitrary divisions in the last century, chronicling the nadir of Kurdish experience in the 1980s. He discusses draconian measures implemented by Iraq, including use of chemical weapons, Turkey's restrictions on political and cultural rights, denial of citizenship and punishment for expressing Kurdish identity in Syria, and repressive rule in Iran. Phillips forecasts the collapse and fragmentation of Iraq. He argues that US strategic and security interests are advanced through cooperation with Kurds, as a bulwark against ISIS and Islamic extremism. This work will encourage the public to look critically at the post-colonial period, recognizing the injustice and impracticality of states that were created by Great Powers, and offering a new perspective on sovereignty and statehood.

last 10 surah pdf: Miracles and Wonders in the Middle Ages and Early Modern Period
Albrecht Classen, 2025-10-20 Despite the assumption that we live today in a rather rationalist and mechanized world, there remain many aspects that neither medicine nor physics can fully explain. The Catholic Church continues to pronounce individuals as saints because scientifically confirmed miracles are associated with them. If we want to gain a solid understanding of the pre-modern history of mentality, emotions, and everyday culture, it proves to be highly revealing to examine what miracles and wonders had meant at that time, both in the theological and medical field, in the visual arts and literature. As a matter of fact, people both in the East and in the West have consistently flocked to pilgrimage sites all over the world in the hope that a miracle might happen and solve issues for them. The contributors to this volume, based on a symposium at the University of Arizona, May 2024, approach this critically important topic from many different perspectives, taking us from the early Middle Ages to the early modern age, examining hagiographical, medical, literary, and alchemical texts, discussing both miracles and wonders as relevant themes in the public discourses. Both the passage through Inferno and Purgatorio as the crucial pathway toward Paradiso and the experience of women's miraculous conception are identified as deeply impactful for the pre-modern world, and this both in Christian and Muslim cultures. Studying miracles and wonders through a kaleidoscope of different materials and concepts makes it possible to gain a closer understanding of people's mindsets, power structures, and the debate between medicine and religion. These topics were also greatly important in other cultures, as several papers on Arabic medieval literature indicate. Further, pursuing this global issue, we recognize easily that the separation line between the Middle Ages and the early modern period is only a modern construct and often not that helpful because the discourse on miracles and wonders has continued and influences even us today.

last 10 surah pdf: *An End to al-Qaeda* Malcolm Nance, 2025-06-25 Osama Bin Laden is unquestionably the leader of the world's most deadly terrorist cult. He has perverted the teachings of Islam to create a fringe religious ideology, Bin Ladenism, where only al-Qaeda speaks for God. In his cult, suicide bombing is the highest form of worship and the mass murder of Muslims proves one's devotion. Al-Qaeda's 9/11 attack on the United States was just a small part of Bin Laden's long-term strategy to win a civil war for control of Islam. By fighting his terrorists solely with bullets and bombs and ignoring his war on Islam, we have bolstered Bin Laden's recruiting efforts abroad, undermined civil liberties and economic security at home and tarnished America's reputation internationally. Career intelligence officer Malcolm Nance proposes a quantum shift in how to eliminate al-Qaeda in less than twenty-four months, while recreating America's reputation as a force for good around the world. His plan includes: · Exposing al-Qaeda's mission to create a nuclear armed terror Emirate, incite a Muslim civil war and eventually seize of control of Islam. · Challenging and breaking the perceived spiritual link between the mainstream Islam and al-Qaeda's cultist ideology. · Attacking al-Qaeda fighters through precision intelligence and special operations missions, thereby reducing the deaths of innocent civilians. · Reframing and restoring America's shattered image in the developing world in order to support the global counterterrorism and counterinsurgency campaign. *An End to al-Qaeda* is both a revolutionary blueprint for destroying al-Qaeda and a fierce critique of America's poorly executed war on Bin Laden's terrorists.

last 10 surah pdf: *Descent into Paradise* Daniel Bosley, 2023-09-13 'Rich and valuable' ANJAN SUNDARAM 'Honest ... written in sharp, rippling prose' ANDREW FIDEL FERNANDO 'A brave and timely effort' JASON BURKE 'Immersive and eye-opening' HASSAN UGAIL 'A moving, personal and heartfelt tale of the real Maldives: far deeper and more sinister waters than the azure lagoons of the resorts for which it is famed' JJ ROBINSON In the autumn of 2011, the postman-turned-journalist Daniel Bosley embarked on an unexpected adventure which started as an internship in London's Maldives High Commission - the diplomatic mission of the Indian Ocean tourism hotspot. Little did he know that he would soon set off on an odyssey through an imperilled island nation undergoing one of the most tumultuous periods in its history. Over the next seven years, Bosley worked as a journalist in the Maldives, reporting on its volatile political landscape and shattering the picture-perfect view of this supposed paradise. Taking us into a nation of a thousand isles, he reveals a shaded past of sultans, imperialists and Western explorers before a modern-day dictatorship was finally overturned by a democracy that immediately plunged into turmoil. While dissenters and intrepid reporters faced abduction, imprisonment, and even death, the climate crisis

and Islamist zealots posed ever greater threats to the country's vulnerable environment and its ancient culture. As the editor of the Maldives' main English-language news website, Bosley witnessed some of these events first-hand, his personal distress assuaged only by the love and hope he would come to find – against all odds – within these isolated atoll communities. Richly observed and infused with empathy and essential humour, *Descent into Paradise* thoroughly alters our understanding of the Maldives, a place where magical waters and surreal skies hide unthinkable dangers even as the struggle for justice risks submersion.

last 10 surah pdf: A Timeless Script From a 1st Century Doctor Rick Farmer, 2024-09-26 "Before Dr. Farmer, I absolutely hated school. Dr. Farmer saw me as a human being, not just a student. He forced me to think for myself. He was my professor and my mentor! He pushed me to see there are no limits to my opportunities to come. Dr. Farmer believed in me when I did not believe in myself, whether making a jump shot or making a good grade." —Tianna G. Crockett, M. A., Bluefield University "Rick Farmer combines keen biblical insights with a wise, devotional heart as he leads the reader through the unique and powerful advent of Christ contained in the Gospel of Luke. Rick's A Timeless Script is just what the doctor ordered for those looking for a Guide through Advent and beyond." —Henry W. Clary, Ph.D., Professor, Bluefield University "We're sick, and in desperate need of a doctor, to both diagnose and treat. In A Timeless Script from a 1st Century Doctor, Dr. Rick Farmer wisely recommends Luke's Gospel, written by a physician whose treatment plan would be initially resisted, or downright rejected by most. But Luke's Gospel, specifically the first two chapters, highlight the uniquely universal cure capable of healing us all - The Advent of Christ. The story of the birth, life, death, and resurrection of Jesus, who embarked on a mission to save, teach, and heal, offers a remedy for all. Despite the heartache, pain, and suffering found in this timeless story, it is the miraculous truth of faith, hope, and love that provides us with the prescription we desperately need. If you are seeking to be restored to a healthy state of mind and body, so you can live a life of meaning and purpose, look no further." —Scott Weibling (Author of River Guide, Published by Scott Weibling, 2017.)

last 10 surah pdf: A CHRISTIAN PERSPECTIVE ON ISLAM'S ORIGINS Gabriel Aryeh, 2024-01-24 A BRIEF SYNOPSIS OF A CHRISTIAN PERSPECTIVE ON ISLAM After several interactions with Muslims of distinct sects in the Bronx community, NYC schools, and the workplace through the decades, Aryeh observed how some professing Christians were led to believe in the Islamic claim of Muhammad's legitimacy as a prophet. Although a few maintained the belief that Jesus remained holy as a prophet, they suggested he was a mere man and abandoned their past confessions regarding his divinity. Nevertheless, the more astounding claim many ex-Christians and Muslims made suggested that the Jewish and Christian God found in the Bible identified as the same deity of the Qur'an. Hence, these claims above initiated the primary reasons for delving deep into the study of Islam and writing this book for the sake of not only reaching many believers who erred from Christianity but the Muslims who believed that Allah identified as the God of the Jews and Christians. Indeed, the enormous task of disproving Islam as an extension of the Abrahamic faith required many investigations into the questions raised by such astonishing claims. This book makes

deep inquiries into the historical and theological assertions found in the Islamic faith concerning Allah, Muhammad, and the religious practices observed today, which have survived for little over fourteen centuries. Consequentially, the unfortunate misconceptions taught about Islam in many church pulpits since the early days of this researcher's youth stemmed from books found in academia and some Christian libraries, which promoted a worldwide narrative by selective, favorable historical accounts based on political ideologies instead of rigorous theological investigation. The Christian perspective on Islam examines the theological origins of the Islamic faith by first investigating the geographical locations alleged as the nascent religion's early beginnings by exploring the historical and societal development of the Arab peoples. Second, this book probes the legitimacy of Muhammad as a divinely ordered prophet by consulting the Judaic traditions derived from the Jewish Scriptures explaining the qualifications of authentic prophethood. Finally, the sequential order of inquiry laid out above will highlight the emergence of the theology and residual religious rituals observed today in the Islamic world, and therefore, conclusively demonstrate that Islam remains unaligned with its Jewish and Christian predecessors.
