learn tarot ebook free: Radical Tarot Charlie Claire Burgess, 2023-09-26 A dynamic re-envisioning of the tarot, including tarot card imagery, that describes how the tarot is queer, that the archetypes are alive, and that tarot doesn't tell the future; it creates it. Radical Tarot meets the tarot in a space of evolution, deconstruction, and creation, using the historical and common meanings of the cards as a launchpad for digging into limiting beliefs and societal conditioning and unlocking the personal truths beneath. The Fool's Journey is re-envisioned as a journey to non-binary thinking, the gender essentialism is ousted from the Major Arcana and the Court Cards—and all the cards—are reframed through a non-hierarchical, anti-capitalist, and intersectional lens. The archetypes are re-imagined in modern, progressive, and queered contexts. For example: The Empress and the body positivity movement Justice, not in the legal sense, but as ethical discernment and accountability Temperance and transcending the gender binary The Devil and anti-capitalism Judgement and revolution Radical Tarot also touches on Charlie's personal story of how tarot helped them embrace their queerness, leave their marriage, and radically change their life. It speaks to their queer awakening and how tarot became, for them, a tool for social justice and conscious awareness of the world around them. Their words and experience will help anyone who wishes to be closer to their own authentic selves.

learn tarot ebook free: Mapping the Posthuman Grant Hamilton, Carolyn Lau, 2023-12-22 This book works to delineate some of the major routes by which science and art intersect. Structured according to the origin myths of the posthuman that continue to shape the idea of the human in our technological modernity, this volume gives space to narratives of alter-modernity that resonate with Ursula K. Le Guin's call for a new kind of story which exposes the violence and exploitation driven by a sustained belief in human exceptionalism, anthropocentrism, and cultural superiority. In this context, the posthuman myths of multispecies flourishing given in this collection, which are situated across a range of historical times and locations, and media and modalities, are to be thought of as kernels of possible futures that can only be realized through collective endeavour.

learn tarot ebook free: *Tarot: No Questions Asked* Theresa Reed, 2020-09-01 Tap into your sixth sense and become a better, more confident tarot reader. Most all tarot books present card-by-card interpretations as well as an instruction on how to read spreads. This book takes the next logical step inward by presenting the art of reading in a workbook format, and helps you learn to interpret the cards intuitively. The book falls into two parts. The first part concerns learning about the cards, and includes exercises for each card that teaches you to trust your interpretation of the card. The second part helps you develop that ability, a skill that Reed calls "intuition." All the exercises, stories, card meanings, and techniques really serve one purpose: to go beyond learning Tarot to living it. It's not enough to memorize the meanings of the cards, and you can't do a reading with a workbook at your side forever. In order to deliver a meaningful, accurate tarot reading, you

need to hone your intuition. Without a comfortable connection to your sixth sense, the tarot readings lack finesse and becomes nothing more than cookie-cutter interpretations. When you're fluent in your intuition, you can develop better readings and unique interpretations for each person. In this book, Reed teaches by example. She presents the basics of intuitive tarot reading—reading without any questions, any backstory, anything to go on. This book is filled with exercises to hone your intuition and sharpen your interpretation skills.
