Wir wurden in eine Welt geboren, in der wir einem System zu dienen haben, das uns von klein auf in ein Gefängnis sperrt, in dem sich die Gitterstäbe fast unbemerkt, Stück für Stück immer enger zusammenziehen. Ein Gefängnis für unseren Geist. Unser Buch ist wie die rote Pille im Film Matrix, der Augenöffner, die Anleitung zur Selbstentfaltung, der Ausgang aus Platons Höhlengleichnis. Es geht um die Wahrheit, um Wirklichkeit, um Bewusstsein, Selbstverantwortung, um das Licht und die Liebe. Es geht um Persönlichkeitsentwicklung, Selbstcoaching und um spirituelles Erwachen. Es geht um Physik und Naturwissenschaft, Magie und Spiritualität, um Freiheit, Angst, um das Leben, den Tod und darum, dass der Mensch seit Jahrtausenden getäuscht, in Kriege gehetzt und versklavt wird. But in November 2008, LaPlante received the devastating diagnosis of signet ring cell adenocarcinoma, a rare and aggressive form of cancer that begins in the appendix. In *Cancer No Chemo*, LaPlante documents his three-year battle with cancer from the

initial diagnosis, to surgery to remove ten inches of colon and twenty-two lymph nodes, to winning the fight. Through journal entries, he shares his innermost thoughts during his treatment and recovery, including the fearful decision to forgo chemotherapy in favor of holistic healing methods that are gaining a place in the battle against cancer. Cancer No Chemo provides an inspiring look at how one man battled a foreboding cancer diagnosis and won.

leonard coldwell seminars: The Art of Selling the Art of Healing Alex Lubarsky, 2015-03-04 The most important ingredient in the art of healing is the art of selling. I say that with all the respect in the world for every other part of this vast system of care that has grown into a sprawling and complex three-trillion-dollar metropolis. For the last sixty or so years, the providers of care have depended on third-party entities to handle the part of selling for them. From insurance companies who sold millions of people on the importance of paying monthly premiums for health-care insurance to the government that did the same thing under the more intimidating, compulsory taxation. Today, we have come to a fork in the road where (as the system implodes) those who control the flow of monetary resources are filling their own bank accounts, leaving the people who are busy providing care on that field of battle with all supply lines cut off. Many healers are, therefore, forced to shed all the entities that have forced themselves between the doctor and her patient. Exploring their original entrepreneurial roots, allowing the patient to bypass all middlemen and pay the doctor for care directly. The trouble comes in when the healing professional steps out of a world where all the marketing was handled for them and the only thing they needed to know was how to submit a bill to a third-party payer for reimbursement. So when embarking on this new journey of building a concierge, pay-for-service practice, many are derailed by the Flat Earth Fallacy that is a perception of things as they seem but are, in reality, very different. This book then is to share some field-tested experiences that will, in all probability, save the health-care entrepreneur some pain and expense, while providing a perspective on the driving elements of success in the art of selling the art of healing.

leonard coldwell seminars: Coming Out of the Illusion Christopher Link, 2020-04-13 There comes a time when being terribly lost without a clue and having the proverbial black cloud over one's head must come to an end. It doesn't matter how screwed up your life has been with a rough childhood or now as an adult. I have learned that our life experiences, no matter how terrible, don't have to shape who we are or who we become. For instance, I personally was in and out of foster homes from about age four to eighteen. I had to overcome tremendous obstacles to bring this book to you! The number one lesson for everybody is: When you get knocked down, get up again and stand a little taller than you did before until your foundation is unbreakable!! "Something More"... where is it? I think everybody at one point or another has asked themselves this. Looking up at the stars in wonderment at a very young age is where it all begins. All beings are aware of their surroundings and figure out really quickly something is wrong here on this beautiful planet Earth. There are plenty of indicators, such as: Violence and war, domination and hate, racial profiling and human suppression, working for survival and fighting over resources and or the need for money/debt creation. These things are part of our collective third dimensional consciousness and are no longer necessary as we advance/mature together. . . . So, what are we looking for? What is the true reality? How can we better ourselves? How do we awaken to and find our true self again? Where is the love, joy, grace, morals, compassion, unity we know are the truth behind this existence? The most important question for us all, to ask ourselves is: How do we break through the false reality that we

have created for ourselves and the planet and keep our light shining, never to be hidden under veils of illusion again? We will explore this thing called life through our own self-realization, together, and find some answers to these questions!
