marvin hagler biography: *Notorious - The Life and Fights of Conor McGregor* Jack Slack, 2017-04-06 'WE'RE NOT JUST HERE TO TAKE PART - WE'RE HERE TO TAKE OVER' Conor McGregor is the biggest star in the fight game. The Dubliner has achieved more in three years with the Ultimate Fighting Championship than anyone in the twenty year history of the organization. From an unknown prospect in 2013 to the first man to hold two world titles simultaneously, McGregor's knockout-filled march through the featherweight and then lightweight rankings sent shockwaves through the world. But as effortless as McGregor's heroics have seemed, his journey was far from smooth and his destiny anything but certain. Just another teenager trading martial arts techniques with his friends in a shed, the seemingly delusional boy packed in his plumbing gig - to the massive anxiety of his parents - to chase a pipe dream with little promise of reward. No one could have guessed he would go on to become the biggest pay-per-view attraction in the world. As a technician and tactician inside the cage, McGregor was something special. Outside of the cage McGregor could draw thousands of screaming fans to press events with his wit and presence. And away from the cameras, McGregor's life was built around a love of treating his friends and a loyalty to his teammates and his hometown. This is not another tale about an athlete who was born exceptional and groomed for success. It is about how one young man, through bloody-minded determination and indomitable spirit, came to change the whole game. From Crumlin to Las Vegas and from the cage to the cars, *Notorious: The Life and Fights of Conor McGregor* explores not just how the fight game changed Conor McGregor, but how Conor McGregor revolutionized the fight game.

marvin hagler biography: [A Social History of Sheffield Boxing, Volume II](#) Matthew Bell, Gary Armstrong, 2021-01-04 A Social History of Sheffield Boxing combines urban ethnography and anthropology, sociological theory and place and life histories to explore the global phenomenon of boxing. Raising many issues pertinent to the social sciences, such as contestations around state regulation of violence, commerce and broadcasting, pedagogy and elite sport and how sport is delivered and narrated to the masses, the book studies the history of boxing in Sheffield and the sport's impact on the cultural, political and economic development of the city since the 18th century. Interweaving urban anthropology with sports studies and historical research the text expertly examines a variety of published sources, ranging from academic papers to biographies and from newspaper reports to case studies and contemporary interviews. In Volume II, Bell and Armstrong examine the revival of Sheffield boxing after the decline of the 1950s and 1960s outlined in Volume I. Instigated by two men from outside the city—Brendan Ingle and Herol Graham—this renaissance became known as the 'Ingle style,' which between 1995 and 2014 produced four world champions: Naseem Hamed, Johnny Nelson, Junior Witter and Kell Brook. These successes inspired others and raised Sheffield's profile as a boxing city, which in the 1990s and 2000s produced two more world champions in Paul 'Silky' Jones and Clinton Woods. In this second volume, Bell and Armstrong track the resurgence of boxing to the present day and consider how the game and its players have changed over time.
