Haywood, Julian Weiss, 2013 Professor Alan Deyermond was one of the leading British Hispanists of the last fifty years, whose work had a formative influence on medieval Hispanic studies around the world ... mexican romance novels pdf: *Island Genres, Genre Islands* Ralph Crane, Lisa Fletcher, 2017-02-03 'Island Genres, Genre Islands' moves the debate about literature and place onto new ground by exploring the island settings of bestsellers. Through a focus on four key genres—crime fiction, thrillers, popular romance fiction, and fantasy fiction—Crane and Fletcher show that genre is fundamental to both the textual representation of real and imagined islands and to actual knowledges and experiences of islands. The book offers broad, comparative readings of the significance of islandness in each of the four genres as well as detailed case studies of major authors and texts. These include chapters on Agatha's Christie's islands, the role of the island in 'Bondspace,' the romantic islophilia of Nora Roberts's Three Sisters Island series, and the archipelagic geography of Ursula Le Guin's Earthsea. Crane and Fletcher's book will appeal to specialists in literary studies and cultural geography, as well as in island studies.

mexican romance novels pdf: *The Boom Femenino in Mexico* Nuala Finnegan, Jane E. Lavery, 2010-04-16 The Boom Femenino in Mexico: Reading Contemporary Women's Writing is a collection of essays that focuses on literary production by women in Mexico over the last three decades. In its exploration of the boom femenino phenomenon, the book traces the history of the earlier boom in Latin American culture and investigates the implications of the use of the same term in the context of contemporary women's writing from Mexico. In this way it engages critically with

the cultural, historical and literary significance of the term illuminating the concept for a wide range of readers. It is clear that the entry of so many women writers into an arena traditionally reserved for men has prompted discussion around concepts such as 'women's writing' and the very definition of 'literature' itself. Many of the contributors grapple with the theoretical tensions that such debates provoke offering an important opportunity to think critically about the texts produced during this period and the ways in which they have impacted on the Mexican and international cultural spheres. The project is comprehensive in its scope and, for the first time, brings together scholars from Mexico, the U.S. and Europe in a transnational forum. The book posits that despite certain aesthetic and thematic commonalities, the increased output by women writers in Mexico cannot be appraised as a unified literary movement. Instead it embraces a wide range of different generic forms and the subjects under study in the essays in the book include the best-selling work of Ángeles Mastretta, Elena Poniatowska and Laura Esquivel as well as the social and political preoccupations of journalists, Rosanna Reguillo and Cristina Pacheco. Contributors offer readings of the aesthetic visions of writers as diverse as Carmen Boullosa, Ana García Bergua, and Eve Gil while other essays examine the nuances of contemporary gender identity in the work of Ana Clavel, Sabina Berman, Brianda Domecq and María Luisa Puga. There are essays devoted to poetry by indigenous Mayan women and an analysis of the complex place of poetry within the broader framework of literary production. The problems that emerge as a result of literary cataloguing based on gender politics are also considered at length in a number of essays that take a panoramic view of literary production over the period. Various critical approaches are employed throughout and the collection as a whole demonstrates that academic interest in Mexican women's writing of the boom femenino is thriving. Above all, the essays here provide a space in which the location of women within prevailing cultural paradigms in Mexico and their role in the mapping of power in evolving textual canons may be interrogated. It is clear from the collection that interest in such issues is still alive and that the debate is far from over.

mexican romance novels pdf: Enchanted Dulcinea Angelina Muñiz-Huberman, 2022-03-17 In this English translation of the 1993 Sor Juana Inés de la Cruz Prize winner *Dulcinea encantada* (1992) by Mexican author Angelina Muñiz-Huberman, Dulcinea travels in a car writing novels in her mind about several Dulcineas: a medieval princess on a quest, a nineteenth-century lady-in-waiting in Mexico, and a twentieth-century young woman who was sent to Russia as a girl to escape the Spanish Civil War and later journeys to Mexico to reunite with her parents. Unsure of her identity, Dulcinea remembers, debates, and records memories of her exile. As she circles Mexico City, she examines the role of memory, speech, and writing through her fragmented narrative voice. Dulcinea explores her place in the world through storytelling, blurring the line between reality and imagination. This novel pairs a lyrical and contemplative style with experimental writing to present common themes of identity formation and exile in a unique form. Dulcinea's quest is also one of spiritual connection with apocalyptic and mystical overtones. With allusions to both Christian and Jewish mystical traditions, this novel reveals a crypto-Jewish presence typical of Muñiz-Huberman's writing, forming part of a Sephardic literary tradition. This edition includes an introduction and annotations by the translator, Rebecca Marquis.

mexican romance novels pdf: Gothic Imagination in Latin American Fiction and Film Carmen A. Serrano, 2019-05-15 This work traces how Gothic imagination from the literature and culture of eighteenth- and nineteenth-century Europe and twentieth-century US and European film has impacted Latin American literature and film culture. Serrano argues that the Gothic has provided Latin American authors with a way to critique a number of issues, including colonization, authoritarianism, feudalism, and patriarchy. The book includes a literary history of the European Gothic to demonstrate how Latin American authors have incorporated its characteristics but also how they have broken away or inverted some elements, such as traditional plot lines, to suit their work and address a unique set of issues. The book examines both the modernistas of the nineteenth century and the avant-garde writers of the twentieth century, including Huidobro, Bombal, Rulfo, Roa Bastos, and Fuentes. Looking at the Gothic in Latin American literature and film, this book is a

groundbreaking study that brings a fresh perspective to Latin American creative culture.

mexican romance novels pdf: *Pursuing Happiness: Reading American Romance as Political Fiction* Laura Vivanco, 2016-02-01 The dominance of popular romance in the United States fiction market suggests that its trends and themes may reflect the politics of a significant proportion of the population. 'Pursuing Happiness' explores some of the choices, beliefs and assumptions which shape the politics of American Romance novels. In particular, it focuses on what romances reveal about American attitudes towards work, the West, race, gender, community cohesion, ancestral "roots" and a historical connection (or lack of it) to the land.

mexican romance novels pdf: *Manual of Romance Languages in Africa* Ursula Reutner, 2023-12-18 With more than two thousand languages spread over its territory, multilingualism is a common reality in Africa. The main official languages of most African countries are Indo-European, in many instances Romance. As they were primarily brought to Africa in the era of colonization, the areas discussed in this volume are thirty-five states that were once ruled by Belgium, France, Italy, Portugal, or Spain, and the African regions still belonging to three of them. Twenty-six states are presented in relation to French, four to Italian, six to Portuguese, and two to Spanish. They are considered in separate chapters according to their sociolinguistic situation, linguistic history, external language policy, linguistic characteristics, and internal language policy. The result is a comprehensive overview of the Romance languages in modern-day Africa. It follows a coherent structure, offers linguistic and sociolinguistic information, and illustrates language contact situations, power relations, as well as the cross-fertilization and mutual enrichment emerging from the interplay of languages and cultures in Africa.

mexican romance novels pdf: *Pop Culture in Latin America and the Caribbean* Elizabeth Gackstetter Nichols, Timothy R. Robbins Ph.D., 2015-07-28 This insightful book introduces the most important trends, people, events, and products of popular culture in Latin America and the Caribbean. In recent times, Latin American influences have permeated American culture through music, movies, television, and literature. This sweeping volume serves as a ready-reference guide to pop culture in Central America, South America, and the Caribbean, focusing on Mexico, Brazil, Venezuela, Argentina, Haiti, Cuba, the Dominican Republic, Jamaica, and Costa Rica, among other areas. The work encourages hands-on engagement with the popular culture in these places, making such suggestions as Brazilian films to rent or where to find Venezuelan music on the Internet. To start, the book covers various perspectives and issues of these regions, including the influence of the United States, how the idea of machismo reflects on the portrayal of women in these societies, and the representation of Latino-Caribo cultures in film and other mediums. Entries cover key trends, people, events, and products from the beginning of the 20th century to the present day. Each section gives detailed information and profound insights into some of the more academic—and often controversial—debates on the subject, while the inclusion of the Internet, social media, and video games make the book timely and relevant.

mexican romance novels pdf: Coming of Age in the Afro-Latin American Novel Bonnie S. Wasserman, 2022 This book is the first study of recent coming-of-age novels from Brazil and the Spanish-speaking Caribbean. I investigate the divide in Afro-Latin American research that usually favors either Hispanic-America or Brazil, but not both. I argue that contemporary novelists have adapted the coming-of-age novel to explore central themes in the Afro-Latin American experience such as Blackness, African religions and folkloric traditions, and immigration. While there is no firm consensus on the term Blackness, scholars typically use the term to describe the social, cultural, and historical experience of Afro-descendants in the diaspora. The Afro-Latin American bildungsromans examined in this study include a number of religions such as Catholicism, Spiritism, and syncretic folk religions as well as Santería and Umbanda reflecting the variety of beliefs in Latin America. I have found that young people turn to religions and spiritual traditions in time of need. Going on a journey as part of one's personal development is one of the central themes of many bildungsroman, and this pertains too in Afro-Latin American novels. Caribbean characters are depicted as immigrating to the United States whereas few Brazilians have enough resources to travel to North America and instead move to larger cities within their own country--

mexican romance novels pdf: The Columbia Guide to the Latin American Novel Since 1945 Raymond L. Williams, 2007 In this expertly crafted, richly detailed guide, Raymond Leslie Williams explores the cultural, political, and historical events that have shaped the Latin American and Caribbean novel since the end of World War II. In addition to works originally composed in English, Williams covers novels written in Spanish, Portuguese, French, Dutch, and Haitian Creole, and traces the profound influence of modernization, revolution, and democratization on the writing of this era. Beginning in 1945, Williams introduces major trends by region, including the Caribbean and U.S. Latino novel, the Mexican and Central American novel, the Andean novel, the Southern Cone novel, and the novel of Brazil. He discusses the rise of the modernist novel in the 1940s, led by Jorge Luis Borges's reaffirmation of the right of invention, and covers the advent of the postmodern generation of the 1990s in Brazil, the Generation of the Crack in Mexico, and the McOndo generation in other parts of Latin America. An alphabetical guide offers biographies of authors, coverage of major topics, and brief introductions to individual novels. It also addresses such areas as women's writing, Afro-Latin American writing, and magic realism. The guide's final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel, national literary traditions, and the work of individual authors. From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization, *The Columbia Guide to the Latin American Novel Since 1945* presents a comprehensive, accessible portrait of a thoroughly diverse and complex branch of world literature.

mexican romance novels pdf: For Love and Money: the Literary Art of the Harlequin Mills and Boon Romance Laura Vivanco, 2011-01-01 Laura Vivanco's study challenges the idea that Harlequin Mills & Boon romances are merely mass-produced commodities, churned out in accordance with a strict and unchanging formula. She argues that many are well-written, skilfully crafted works, and that some are small masterpieces. *For Love and Money* demonstrates the variety that exists beneath the covers of Harlequin Mills & Boon romances. They range from paranormal romances to novels resembling chick lit, and many have addressed serious issues, including the plight of post-Second World War refugees, threats to marine mammals, and HIV/AIDS. The genre draws inspiration from Shakespearean comedies and Austen's novels, as well as from other forms of popular culture. "Laura Vivanco's 'For Love and Money' is an impressive study of the popular fiction of Harlequin Mills and Boon that is a must read for any student of popular fiction and for those who write and love the genre" —Liz Fielding, author of over 50 Harlequin Mills & Boon romances. "Deep learning, wide reading, and clear thinking are very much in evidence in Vivanco's exploration of HM&B. A welcome addition to popular romance criticism." — Professor Pamela Regis, author of 'A Natural History of the Romance Novel'. Laura Vivanco's analysis of the category romance is both meticulous and inspiring. And while Vivanco limits her examples and discussions to category romances by Harlequin Mills & Boon and the HQN imprint, her application of Frye's mimetic modes begs for expansion to texts and authors across the genre. This piece of literary criticism should serve as a template for romance scholars to move from defending the genre to discussing its values and complexity as a literary art. — Maryan Wherry, 'Journal of Popular Romance Studies'

mexican romance novels pdf: *Discursos e Identidades en la Ficción Romántica / Discourses and Identities in Romance Fiction* María Isabel González-Cruz, 2022-03-01 Despreciado por la crítica por su condición de literatura popular y femenina, el género romántico no solo continúa imbatible en el mercado editorial con su elevado índice de ventas, sino que en las últimas décadas está siendo objeto de interesantes estudios académicos. *Discursos e Identidades en la Ficción Romántica* se suma a esta corriente, al abordar el análisis interdisciplinar de un corpus de novelas publicadas en lengua inglesa entre 1955 y 2004. Ambientados en las islas atlánticas de Madeira y Canarias, estos textos encierran una variedad de discursos que ponen de manifiesto una visión muy anglófona de los lugares visitados por las protagonistas. Además del esperado discurso de género, en sus páginas se detecta un discurso del paraíso que resalta el exotismo de las islas, despertando en ocasiones la concienciación medioambiental, aunque también se perciben actitudes lingüísticas e incluso raciales, a medida que las autoras indagan en el descubrimiento del Otro. Ni los personajes ni los narradores son ajenos al choque de identidades y al contacto lingüístico (anglo-español y anglo-portugués), de manera que los conflictos que generan la identidad nacional, la identidad de género y la identidad étnica se vislumbran claramente tras la aparente sencillez de la intriga amorosa de este tipo de novelas. Disdained by critics for its status as popular and feminine literature, romance fiction not only remains unbeatable in the publishing market in terms of sales, but has also been the subject of interesting academic studies in recent decades. Discourses and

Identities in Romance Fiction joins this trend by addressing the interdisciplinary analysis of a corpus of novels published in English between 1955 and 2004. Set on the Atlantic islands of Madeira and the Canaries, these texts develop a variety of discourses that reveal a very Anglophone vision of the places visited by their protagonists. In addition to the expected gender discourse, these romances tend to include a paradise narrative that highlights the exoticism of the islands, sometimes awakening environmental awareness. Linguistic and even racial attitudes also come to the forefront, as the writers explore and describe the features of the Other. Neither the characters nor the narrators are oblivious to the clash of identities and the linguistic contact (English-Spanish and English-Portuguese) exposed in this type of novels, revealing the conflicts generated by national, gender and/or ethnic identities behind the apparent simplicity of their love plots.

mexican romance novels pdf: Challenging the Black Atlantic John T. Maddox IV, John Thomas Maddox (IV), 2021 The historical novels of Manuel Zapata Olivella and Ana Maria Gonçalves map black journeys from Africa to the Americas in a way that challenges the Black Atlantic paradigm that has become synonymous with cosmopolitan African diaspora studies. Unlike Paul Gilroy, who coined the term and based it on W.E.B. DuBois's double consciousness, Zapata, in *Changó el gran putas* (1983), creates an empowering mythology that reframes black resistance in Colombia, Haiti, Mexico, Brazil, and the United States. In *Um defeito de cor* (2006), Gonçalves imagines the survival strategies of a legendary woman said to be the mother of black abolitionist poet Luís Gama and a conspirator in an African Muslim-led revolt in Brazil's "Black Rome." These novels show differing visions of revolution, black community, femininity, sexuality, and captivity. They skillfully reveal how events preceding the UNESCO Decade of Afro-Descent (2015-2024) alter our understanding of Afro-Latin America as it gains increased visibility. Published by Bucknell University Press. Distributed worldwide by Rutgers University Press.
