marjane satrapi autobiography pdf: Quicklet on Marjane Satrapi's Persepolis (CliffNotes-like Summary) Natacha Pavlov, 2012-02-24 ABOUT THE BOOK Satrapi enjoyed the art of both writing and drawing and felt combining them were better than choosing one or the other. This is how, "inspired, Satrapi created a book of black-and-white comic strips about living in Tehran from ages six to 14," (www.noteablebiographies.com) and then wrote a second volume chronicling her events in Austria from 14 up until her return to Iran at age 18, ending with her college years at 25. Since Persepolis was originally written in French, it "was published in France in two volumes in 2000 and 2001," and eventually "appeared in the United States in 2003 and 2004." (www.noteablebiographies.com) In 2007, The Complete Persepolis was published in a single volume, combining Persepolis 1: The Story of a Childhood and Persepolis 2: The Story of a Return. The books can either be purchased as single volumes or as 'one' volume combining both stories. MEET THE AUTHOR A current San Francisco Bay Area resident, Natacha Pavlov has been an avid reader and writer since her early years spent growing up in Brussels, Belgium. She earned her B.A. in Comparative World Literature from San Francisco State University and constantly flirts with the notion of earning her Master's/PhD someday. She has French-English non-profit translation experience and looks forward to increasing her writing through various platforms in the near future. Although the list keeps growing, she has interest in reading and writing about classics, mythology (of any/all traditions), horror/gothic fiction, 18th and 19th century French novels, Middle Eastern history and politics (particularly Palestine-Israel) and early Christianity. Fueled by her culturally diverse heritage, her educational and personal interests have led her to engage in extensive travel

and to live in places such as Paris, France and Jerusalem, Israel. Amidst all, pens, papers and books have always proven loyal companions. And she won't lie... chocolate has always helped too! She strives to keep exploring the world through books as well as further travel experiences that will ensure continued growth. You can read about some of her experiences in Jerusalem at www.aneasterinjerusalem.blogspot.com. EXCERPT FROM THE BOOK *Iranians are very unhappy with the Shah's rule, leading many people to protest. Ever ready to stand up for what was right, Marjane is always pleading to join her parents in political demonstrations, which they refuse due to her young age. However, we find that Satrapi can also have a rebellious side, as proven in the incident in which she has her maid Mehri accompany her to a demonstration on the worst day they could've gone: Black Friday. Indeed, Marjane's mother slaps them both when they return home, as this was the day when so many people had died in one neighborhood that a rumor spread that it was Israeli soldiers who had attacked them, when indeed it had been their own who attacked.* (Persepolis 1, pg. 38-39) Things start to look up when the Shah finally leaves his post, overthrown by the 1979 Islamic Revolution, leading the whole country to rejoice. Marjane meets two political prisoners who are released after the Shah's departure: two Communists named Siamak and Moshen. Buy a copy to keep reading!

marjane satrapi autobiography pdf: Animation in the Middle East Stefanie Van de Peer, 2017-02-27 The internationally acclaimed films *Persepolis* and *Waltz with Bashir* only hinted at the vibrant animation culture that exists within the Middle East and North Africa. In spite of censorship, oppression and war, animation studios have thrived in recent years - in Egypt, Iran, Iraq, Lebanon, Morocco, Palestine, Syria and Turkey - giving rise to a whole new generation of entrepreneurs and artists. The success of animation in the Middle East is in part a product of a changing cultural climate, which is increasingly calling for art that reflects politics. Equally, the professionalization and popularization of film festivals and the emergence of animation studios and private initiatives are the results of a growing consumer culture, in which family-friendly entertainment is big business. Animation in the Middle East uncovers the history and politics that have defined the practice and study of animation in the Middle East, and explores the innovative visions of contemporary animators in the region.

marjane satrapi autobiography pdf: Boom! Julie Rak, 2013-06-15 Since the early 1990s, tens of thousands of memoirs by celebrities and unknown people have been published, sold, and read by millions of American readers. The memoir boom, as the explosion of memoirs on the market has come to be called, has been welcomed, vilified, and dismissed in the popular press. But is there really a boom in memoir production in the United States? If so, what is causing it? Are memoirs all written by narcissistic hacks for an unthinking public, or do they indicate a growing need to understand world events through personal experiences? This study seeks to answer these questions by examining memoir as an industrial product like other products, something that publishers and booksellers help to create. These popular texts become part of mass culture, where they are connected to public events. The genre of memoir, and even genre itself, ceases to be an empty classification category and becomes part of social action and consumer culture at the same time. From James Frey's controversial *A Million Little Pieces* to memoirs about bartending, Iran, the liberation of Dachau, computer hacking, and the impact of 9/11, this book argues that the memoir boom is more than a publishing trend. It is becoming the way American readers try to understand major events in terms of individual experiences. The memoir boom is one of the ways that citizenship as a category of belonging between private and public spheres is now articulated.

marjane satrapi autobiography pdf: *The Rise of the Graphic Novel* Alexander Dunst, 2023-07-20 Bringing digital humanities methods to the study of comics, this monograph traces the emergence of the graphic novel at the intersection of popular and literary culture. Based on a representative corpus of over 250 graphic novels from the United States, Canada, and Great Britain, it shows how the genre has built on the visual style of comics while adopting selected features of the contemporary novel. This argument positions the graphic novel as a crucial case study for our understanding of twenty-first-century culture. More than simply a niche format, graphic novels demonstrate how contemporary literature reworks elements of genre narrative, reconfiguring rather than abolishing distinctions between high and low. The book also puts forward a new historical periodization for the graphic novel, centered on integration into the literary marketplace and leading to an explosive growth in page length and a diversification of aesthetic styles.

marjane satrapi autobiography pdf: *Life Writing and the End of Empire* Emma Parker, 2024-03-21 The dismantlement of the British Empire had a profound impact on many celebrated white Anglophone writers of the twentieth century, particularly those who were raised in former British colonial territories and returned to the metropole after the Second World War. Formal decolonisation meant that these authors were unable to 'go home' to their colonial childhoods, a historical juncture with profound consequences for how they wrote and recorded their own lives. Moving beyond previous discussions of imperial and colonial nostalgia, *Life Writing and the End of Empire* is the first critical study of white memoirists and autobiographers who rewrote their memories of empire across numerous life narratives. By focussing on these processual homecomings, Emma Parker's study asks what it means to be 'at home' in memories of empire, whether in the settler farms of Southern Rhodesia, or amidst the neon lights of Shanghai's International Settlement. These discussions trace the legacies of empire to the habitations and detritus of everyday life, from mansions and modest railway huts, to empty swimming pools, heirlooms, and photograph albums. Exploring works by Penelope Lively, J. G. Ballard, Doris Lessing, and Janet Frame, this study establishes new connections between authors usually discussed for their fiction, and who have been hitherto unrecognised as post-imperial life writers. Offering close, sustained analysis of autobiographies, memoirs, travel narratives, and autofictions, and identifying new subgenres such as 'speculative life writing', this book advances rich new readings of autobiographical narrative. By tracing the continuing importance of colonialism to white subjectivity, the role of imperial memory in Britain, and the ways that these unsettling forces move beneath the surface of modern and contemporary literature, this study offers new conceptual insights to the fields of life writing and postcolonial studies.

marjane satrapi autobiography pdf: *Childhood Traumas* Kamayani Kumar, Angelie Multani, 2019-09-11 This volume contributes to understanding childhoods in the twentieth and twenty-first century by offering an in-depth overview of children and their engagement with the violent world around them. The chapters deal with different historical, spatial, and cultural contexts, yet converge on the question of how children relate to physiological and psychological violence. The twentieth century has been hailed as the century of the child but it has also witnessed an unprecedented escalation of cultural trauma experienced by children during the two World Wars, Holocaust, Partition of the Indian subcontinent, and Vietnam War. The essays in this volume focus on victimized childhood during instances of war, ethnic violence, migration under compulsion, rape, and provide insights into how a child negotiates with abstract notions of nation, ethnicity, belonging, identity, and religion. They use an array of literary and cinematic representations—fiction, paintings,

films, and popular culture—to explore the long-term effect of violence and neglect on children. As such, they lend voice to children whose experiences of abuse have been multifaceted, ranging from genocide, conflict and xenophobia to sexual abuse, and also consider ways of healing. With contributions from across the world, this comprehensive book will be useful to scholars and researchers of cultural studies, literature, education, education policy, gender studies, child psychology, sociology, political studies, childhood studies, and those studying trauma, conflict, and resilience.

marjane satrapi autobiography pdf: Revolutionary Iran Michael Axworthy, 2013-03-07 FULLY

UPDATED THIRD EDITION, NOW WITH NEW POSTSCRIPT BY ALI ANSARI 'If you were to read only one book on present-day Iran you could not do better than this' Ervand Abrahamian, Times Higher Education For some 40 years the Islamic Republic has resisted widespread condemnation, sanctions, and sustained attacks by Iraq in an eight-year war. Many policy-makers today share a weary wish that Iran would somehow just disappear as a problem. But with Iran's continuing commitment to a nuclear programme and its reputation as a trouble-maker in Syria, Afghanistan, Lebanon and elsewhere, this is unlikely any time soon. An unending stream of assertions about the revolution's finally running down continue to be defied by events, and Iran's institutions are still formidable. This is the definitive history of this subject, from one of the world's principal experts.
