The treasure of his teachings can be found in his book, The Arthashastra, which deals with good governance based on ideal leadership. The concept of the ideal nation in The Arthashastra, called Saptanga, holds that there are seven pillars of a kingdom: Swami, Amatya, Janpada, Durg, Kosha, Dand, Mitra iti Prakritiya. For centuries, Indian rulers have used this concept as a model of successful government. In this path-breaking book, Chanakya's 7 Secrets of Leadership, author Radhakrishnan Pillai delves into Chanakya's Saptanga with the real-life example of D. Sivanandhan. Former Director General of Police, Maharashtra, and the archetype of an able administrator, Sivanandhan shares his guidelines for effective management, highlighting those that make him a dynamic leader. In Chanakya's 7 Secrets of Leadership, theory meets practice, academic research meets vast experience in police supervision and an age-old formula is revealed in a modern-day success story. Together, Pillai and Sivanandhan bring Chanakya's model to life. Anyone can use the seven secrets of leadership to run a kingdom effectively. Apply them in your life, and the magic of Chanakya's wisdom will transform you into the ideal leader. malayalam audio books: *Life in Trans Activism*, A A. Revathi. As told to Nandini Murali, 2016-11-21 When Revathi's powerful memoir, *The Truth About Me*, first appeared in 2011, it caused a sensation. Readers learned of Revathi's childhood unease with her male body, her escape from her birth family to a house of hijras (the South Asian generic term for transgender people), and her eventual transition to being the woman she always knew she was. This new book charts her remarkable journey from relative obscurity to becoming India's leading spokesperson for transgender rights and an inspiration to thousands. Revathi describes her life, her work in the NGO Sangama, which works with people across a spectrum of gender identities and sexual orientations, and how she rose from office assistant to director in the organization. Today she is an independent activist, theatre person, actor and writer, and works for the rights of transgender persons. In the second part of the book, Revathi offers the reader an insight into one of the least talked about experiences on the gender trajectory: that of being trans men. Calling several female-to-male trans persons her 'sons', Revathi puts before us their moving, passionate and sometimes tragic stories of marginalization, courage, resistance and triumph. An unforgettable book, *A Life in Trans Activism* will leave the reader questioning the 'safe' and 'comfortable' binaries of male/female that so many of us take for granted.
