Mark Hertling's Background and Career Overview

Mark Hertling is recognized for his extensive military career and his role as a military analyst. He served over 37 years in the United States Army, culminating in the rank of lieutenant general. His distinguished service includes commanding the U.S. Army Europe and the Seventh Army, as well as serving in key leadership positions during the Iraq War and in training commands. Hertling's expertise in strategy, operations, and leadership has made him a respected figure in both military circles and the broader public arena.

After retiring from active duty, Hertling has continued to contribute to national security discussions through his work as a commentator, author, and educator. His insights are frequently sought by major media outlets, and he is known for his clear, balanced, and knowledgeable analysis of military and

geopolitical issues.

Understanding Mark Hertling's Political Party Affiliation

One of the most common questions surrounding Mark Hertling concerns his political party affiliation. Many people search for "mark hertling political party" to determine whether he is aligned with the Democratic Party, the Republican Party, or remains independent. However, Hertling has consistently maintained a nonpartisan public stance, emphasizing his commitment to serving the United States rather than any particular political agenda.

Throughout his career, both in uniform and as a civilian, Hertling has avoided endorsing political candidates or declaring party membership. This approach is consistent with the traditional expectation that senior military leaders remain above partisan politics, focusing instead on national security and public service. While he does comment on policy and leadership, he refrains from explicit party alignment.

Public Perception and Speculation

Despite Hertling's stated neutrality, public perception often leads to speculation about his political leanings. His appearances on media outlets and his critiques or support of various policies sometimes generate assumptions about his affiliation. However, a review of his public record reveals no formal declaration of party membership.

- He has not run for political office.
- He avoids campaign events or endorsements.
- He stresses the importance of nonpartisan military service.

Analysis of Mark Hertling's Public Statements on Politics

A key factor in discussions about Mark Hertling's political party affiliation is his approach to political issues in public forums. Hertling addresses topics such as defense policy, leadership ethics, and national strategy, often providing critical analysis of government actions. However, he typically frames his commentary in terms of professional expertise rather

than partisan opinion.

Key Themes in Hertling's Commentary

Hertling's public statements often focus on the following themes:

- Defense and military readiness
- Ethical leadership and accountability
- Bipartisan cooperation on national security
- Support for military families and veterans

He is known for advocating evidence-based decision-making and respectful civil discourse, aligning with the values expected of senior military leaders.

Responses to Political Events

When discussing major political events, Hertling provides context and analysis rather than partisan commentary. For example, during debates on military funding or foreign policy decisions, he offers insights grounded in his experience and avoids endorsing specific parties or politicians.

This approach has earned him credibility among viewers and readers seeking informed, nonpartisan perspectives on complex issues.

Retired Military Leaders and Political Engagement

The question of "mark hertling political party" cannot be fully addressed without understanding the broader context of military leaders' involvement in politics. Traditionally, senior officers are expected to uphold neutrality and avoid partisan activity, both during and after their service. This tradition is rooted in the principle that the military serves all Americans, regardless of political affiliation.

Role of Retired Generals in Public Discourse

Retired generals like Mark Hertling play a unique role in public life. While they are free to express opinions as private citizens, many choose to maintain a nonpartisan stance to preserve their reputation for objectivity. In Hertling's case, his commentary often reflects the military ethos of "service above self" and respect for democratic institutions.

Examples of Nonpartisan Contributions

Many retired military leaders contribute to national debates without aligning with a political party. They may:

- Write op-eds advocating for sound policy, not partisan outcomes
- Testify before Congress as subject-matter experts
- Participate in think tanks and academic forums
- Mentor young leaders across the political spectrum

These activities highlight the importance of balanced, informed perspectives in shaping public policy.

Media Appearances and Public Influence

Mark Hertling's influence extends beyond his military service through his regular media appearances. As a national security analyst for major news networks, he provides analysis on military operations, leadership challenges, and global affairs. His clear communication style and credibility make him a sought-after commentator.

Impact on Public Understanding

Through his media work, Hertling educates the public on complex security issues and helps clarify the implications of policy decisions. His emphasis on facts and expertise contributes to a more informed national conversation, regardless of political affiliation.

While some viewers may attempt to categorize his views along party lines, Hertling's consistent focus on professional integrity and national interest reinforces his nonpartisan reputation.

Frequently Asked Questions about Mark Hertling's Political Party

Given the ongoing interest in "mark hertling political party," several common questions arise. The following Q&A section addresses the most relevant queries using up-to-date and factual information.

Q: Is Mark Hertling officially affiliated with any political party?

A: There is no public record of Mark Hertling affiliating with any political party. He has not declared membership in the Democratic or Republican parties and maintains a nonpartisan stance in his public work.

Q: Has Mark Hertling ever run for political office?

A: Mark Hertling has never run for political office. His career has focused on military service, national security analysis, and education rather than electoral politics.

Q: Does Mark Hertling support any particular political ideology?

A: Mark Hertling's public statements emphasize professional ethics, national security, and bipartisan cooperation. He does not publicly endorse a specific political ideology or party.

Q: Why is it important for retired generals like Mark Hertling to remain nonpartisan?

A: Nonpartisanship supports public trust in the military and ensures that national defense is not politicized. Retired generals like Hertling maintain neutrality to uphold the military's reputation for serving all citizens.

Q: How does Mark Hertling's military background influence his political views?

A: Hertling's military experience shapes his focus on leadership, ethics, and national service. His analysis of political issues is grounded in practical experience rather than party ideology.

Q: Has Mark Hertling ever endorsed a political candidate?

A: There is no evidence that Mark Hertling has endorsed any political candidates. He avoids political endorsements to maintain his nonpartisan credibility.

Q: What topics does Mark Hertling frequently discuss in the media?

A: Hertling often discusses national security, military readiness, ethical leadership, and policy analysis. He approaches these topics from a professional, nonpartisan perspective.

Q: How can the public verify Mark Hertling's political affiliation?

A: The public can review Hertling's official statements, published works, and media appearances. These sources consistently show his commitment to nonpartisanship.

Q: Do military analysts like Mark Hertling have an influence on policy?

A: Experienced military analysts like Hertling can influence public understanding and policy debates by providing expert perspectives, but they typically do not engage in direct political advocacy.

Q: Why do people search for "mark hertling political party"?

A: People search for "mark hertling political party" to better understand his viewpoints and whether his analysis is influenced by partisan considerations. However, available evidence indicates his commitment to nonpartisan service.

mark hertling political party: *Dangerous Instrument* Michael A. Robinson, 2023 As increasingly contentious politics in the United States raise concerns over the politicization of traditionally non-partisan institutions, many have turned their attention to how the American military has been--and will be--affected by this trend. Since a low point following the end of the Vietnam War, the U.S. military has experienced a dramatic reversal of public opinion, becoming one of the most trusted institutions in American society. However, this trend is more complicated than it appears: just as individuals have become fonder of their military, they have also become increasingly polarized from one another along partisan lines. The result is a new political environment rife with challenges to traditional civil-military norms. In a data-driven analysis of contemporary American attitudes, *Dangerous Instrument* examines the current state of U.S. civil-military affairs, probing how the public views their military and the effect that partisan tribalism may have on that relationship in the future. Michael A. Robinson studies the sources and potential limits of American trust in the armed services, focusing on the interplay of the public, political parties, media outlets, and the military itself on the prospect of politicization and its associated challenges. As democratic institutions face persistent pressure worldwide, *Dangerous Instrument* provides important insights into the contemporary arc of American civil-military affairs and delivers recommendations on ways to preserve a non-partisan military.

mark hertling political party: *The Endgame* Bernard Trainor, Michael Gordon, 2015-09-10 The *Endgame* is the gripping and authoritative account of the secret military and political effort to pull Iraq from the precipice of full-scale civil war. The book fuses unrivalled access to the in-fighting of Washington policymakers with analysis of strategizing by the generals and hard-fought operations on the battlefield. Along with access to classified documents, the authors draw from sources including military commanders, high-level intelligence operatives, White House aides, Iraqi officials and the soldiers who have tested both the Bush and Obama Administrations' strategies to their limits. This is a book that will be discussed in the White House, the Pentagon and the command centres in Baghdad. It will be an enduring account of the most decisive period of this bitterly divisive war. It is the third volume in the Gordon-Trainor collaboration on the United States military involvement in Iraq; magisterial accounts that have stood the test of time.

mark hertling political party: *Two American Crusades* Marian Leighton, 2020 Here is the first in-depth analysis and comparison of U.S. policy in two seminal conflicts of our recent history: the Cold War and the Global War on Terrorism. Unlike previous publications, which deal with each conflict separately, *Two American Crusades* treats the two as a seamless web, from the passions of the medieval Crusades through the long twilight struggle of the Cold War to the campaign against al Qaeda and ISIS stemming from the rise of radical political Islam. National security and foreign policy professionals, members of the academic community, and general readers alike will benefit from the insights revealed in this book that exert a profound influence on current international affairs and America's role. *Two American Crusades* also illustrates why a peace dividend continues to elude the United States. REVIEWS and WORDS OF PRAISE A history of American foreign policy that is sweeping in scope and penetrating in its analysis. *Two American Crusades* makes two original contributions. First, it surveys and compares America's role in the Cold War and the Global War on Terrorism. Second, it argues that U.S. policy was driven by a crusading impulse to promote its democratic values around the world, incurring a high cost in blood, treasure, and moral authority. *Two Crusades* concludes by stating that the war on terrorism is veering away from the battlefield as America retrenches, re-evaluates its role in the world, and pursues a less aggressive foreign policy. --Benjamin B. Fischer, former Chief Historian of the Central Intelligence Agency A sweeping and valuable examination of the America's two momentous struggles since World War II--the Cold War against the Soviet Union and the Global War on Terrorism against al Qaeda and other networks. Dr. Leighton provides a sobering account of these protracted conflicts and the legacies they left behind. --Seth G. Jones, Harold Brown Chair at the Center for Strategic and International Studies (CSIS) and author of *A Covert Action: Reagan, the CIA, and the Cold War Struggle in Poland*. A meticulously researched and convincingly argued work that makes a major contribution to our understanding of

the past 75 years of American history. Many have written about the Cold War and, separately, the Global War on Terrorism. Dr. Leighton takes an innovative approach and treats the two as a seamless continuum. --Igor Lukes, Professor of History and International Relations, Boston University, and author of *On the Edge of the Cold War: American Diplomats and Spies in Postwar Prague*. The demise of the Soviet Union dovetailed with the advent of Islamic terrorism. Dr. Leighton expertly describes these conflicts, provides experienced analyses about the past, and projects the difficulties ahead. --Richard R. Valcourt, Editor-in-Chief Emeritus, International Journal of Intelligence and CounterIntelligence Academe has long kept the Cold War and the Global War on Terrorism in separate silos. Dr. Leighton breaks new ground by revealing the nexus between the two crusades. She critiques a US strategy that defeated the Soviet army in Afghanistan but left the Islamist fighters there free to wage a jihad against the United States. The result was 9/11, which in turn triggered the Global War on Terrorism. --Dr. Leif Rosenberger, Adjunct Professor at the Graduate School of Public and International Affairs, University of Pittsburgh, former Chief Economist at CENTCOM and PACOM, and author of *Economic Statecraft and US Foreign Policy: Reducing the Demand for Violence*.

mark hertling political party: *Current Military & Political Literature* , 1990

mark hertling political party: For Love of Country Tulsi Gabbard, 2024-04-30 **#4 on the New York Times bestseller list** Tulsi Gabbard was the rising star of the Democrat Party. But the growing wokeness, fomenting racism, and intolerance were more than she could stomach, and she left. This is her story and a call to action to Americans who love our country and cherish peace and freedom. Today's Democrat Party is controlled by an elitist cabal of warmongers driven by woke ideology and racializing everything. They are a clear and present threat to the God-given freedoms enshrined in the Constitution. A soldier, former member of Congress, and a former presidential candidate, Tulsi loves her country: "I answered the call to serve and swore an oath, dedicating my life to supporting and defending the Constitution, both in uniform and in public office. I have always been an independent-minded person but became a Democrat when I first ran for office because I saw a party that stood up for the little guy, free speech, and civil liberties. That party is no more." Today that party is unrecognizable: undermining free speech, antagonistic to people of faith, hostile to the police and law and order, suspicious of law-abiding Americans, supporting open borders, and using our national security apparatus to target political opponents. Now an Independent, Tulsi calls on those who love America to stand up for peace, defend freedom, and protect our democratic republic from those seeking to undermine it at every turn. It's time to leave the Democrat Party behind.

mark hertling political party: A Peaceful Superpower David Cortright, 2023-02-14 A definitive analysis of the impacts of the Iraq antiwar movement As the Bush administration prepared to wage war against Iraq, millions of people in the United States and around the world took to the streets to warn against the impending disaster. It was the largest wave of antiwar protest in history. This is the story of those dramatic events, told by distinguished peace scholar and activist David Cortright. This revealing account offers an insider view of the emergence of the movement and its political and communications strategies in attempting to prevent the attack. It reviews the arrogance of power as senior officials rejected public and expert opinion and rushed ahead with their ill-fated invasion. The book traces efforts by opponents of the war to end the worsening conflict and win Congressional approval for the withdrawal of troops. Cortright explores the role of the Iraq issue and the impact of antiwar networks in propelling Barack Obama to the White House, and the frustrations many activists felt in navigating the limitations of conventional politics. Readable, insightful and passionately argued, *A Peaceful Superpower* provides a definitive analysis of the impacts of the Iraq antiwar movement and a hopeful look at the power of civil society to shape the course of history.

mark hertling political party: Germany and Austria 1814-2000 Mark Allinson, 2014-02-04 Written in an accessible style and assuming no prior knowledge, the books in this series address the specific needs of students on language courses. Approaching the study of history from an interest in contemporary culture and society, each book offers a clear historical narrative and sets its country

into a wider European context. A knowledge of Germany and Austria's distinctive historical experience is essential for an understanding of these countries today. Beginning in 1814 with the Congress of Vienna, and ending in the 1990s with the consequences of German and European unification, this book focuses on political history and traces the development of liberal parliamentary democracy in Germany and Austria through to the modern Federal Republic of Germany and Second Austrian Republic. The eight chapters, each of which begins with a brief overview of the main developments in European history, are arranged chronologically. Within the chapters, the emphasis is on understanding major developments, their causes, and the relationships between them. Inserts embedded in the text provide details of key concepts, while short extracts from contemporary German texts in the original provide a flavour of the ideas developed. The text also includes topics for discussion on each chapter and a combined glossary of German terms/index.

mark hertling political party: Stripping Bare the Body Mark Danner, 2009-10-13 For the past two decades, Mark Danner has reported from Latin America, Haiti, the Balkans, and the Middle East. His perceptive, award-winning dispatches have not only explored the real consequences of American engagement with the world, but also the relationship between political violence and power. In *Stripping Bare the Body*, Danner brings together his best reporting from the world's most troubled regions -- from the fall of the Duvalier dictatorship in Haiti to the tumultuous rise of Aristide; from the onset of the Balkan Wars to the painful fragmentation of Yugoslavia; and finally to the disastrous invasion of Iraq and the radical, destructive legacy of the Bush administration. At a time when American imperial power is in decline, there has never been a more compelling moment to read these urgent, fiercely intelligent reports.

mark hertling political party: Political Agendas for Education Joel Spring, 2010-05-26 Bringing up-to-date Joel Spring's ongoing documentation and analysis of political agendas for education in the US, the fourth edition of *Political Agendas for Education* focuses on the Republican and Democratic parties in the 2008 national election and post-2008 election era, considered within the context of the evolution of the Republican and Democratic education agendas.

mark hertling political party: Newswatch, 2003

mark hertling political party: The Shaping of Greenland's Resource Spaces Mark Nuttall, 2023-08-07 The book examines ideas about the making and shaping of Greenland's society, environment, and resource spaces. It discusses how Greenland's resources have been extracted at different points in its history, shows how acquiring knowledge of subsurface environments has been crucial for matters of securitisation, and explores how the country is being imagined as an emerging frontier with vast mineral reserves. The book delves into the history and contemporary practice of geological exploration and considers the politics and corporate activities that frame discussion about extractive industries and resource zones. It touches upon resource policies, the nature of social and environmental assessments, and permitting processes, while the environmental and social effects of extractive industries are considered, alongside an assessment of the status of current and planned resource projects. In its exploration of the nature and place of territory and the subterranean in political and economic narratives, the book shows how the making of Greenland has and continues to be bound up with the shaping of resource spaces and with ambitions to extract resources from them. Yet the book shows that plans for extractive industries remain controversial. It concludes by considering the prospects for future development and debates on conservation and Indigenous rights, with reflections on how and where Greenland is positioned in the geopolitics of environmental governance and geo-security in the Arctic. This book will be of great interest to students and scholars of environmental anthropology, geography, resource management, extractive industries, environmental governance, international relations, geopolitics, Arctic studies, and sustainable development.

mark hertling political party: The War in Ukraine Egle Elena Murauskaite, 2024-07-22 Since 2014 the conflict in Ukraine has escalated from an internal crisis into an ongoing full scale conventional war. The extensive public documentation and commentary on these unfolding events present an opportunity for empirical research yet untainted by hindsight perspectives. Drawing on

an extensive regional network of local stakeholders and experts, this book combines theoretical insights with practical reflections on the efficacy of a selected range of tools employed by the West to assist Ukraine, such as the provision of military assistance, troop training, intelligence sharing, information campaigns, early crisis signaling by aircraft carrier deployments, and coalition building efforts. Bridging the gap in open-source studies between academic research and practitioner assessments, the authors discuss how these specific measures correspond with theoretical assessments of the effects they are due to produce, as well as with the expectations about their performance held by the deploying policy makers and their audience. As the war continues to unfold, and the reality on the ground, as well as emerging new data, mean a constantly shifting landscape, this volume will be a valuable resource for anyone interested in the conflict in Ukraine.

mark hertling political party: *Beyond the Soviet Threat* James B. Motley, 1991

mark hertling political party: *To Start a War* Robert Draper, 2020-07-28 One of BookPage's Best Books of 2020 "The detailed, nuanced, gripping account of that strange and complex journey offered in Robert Draper's *To Start a War: How the Bush Administration Took America Into Iraq* is essential reading—now, especially now . . . Draper's account [is] one for the ages . . . A must-read for all who care about presidential power." —The Washington Post From the author of the New York Times bestseller *Dead Certain* comes the definitive, revelatory reckoning with arguably the most consequential decision in the history of American foreign policy--the decision to invade Iraq. Even now, after more than fifteen years, it is hard to see the invasion of Iraq through the cool, considered gaze of history. For too many people, the damage is still too palpable, and still unfolding. Most of the major players in that decision are still with us, and few of them are not haunted by it, in one way or another. Perhaps it's that combination, the passage of the years and the still unresolved trauma, that explains why so many protagonists opened up so fully for the first time to Robert Draper. Draper's prodigious reporting has yielded scores of consequential new revelations, from the important to the merely absurd. As a whole, the book paints a vivid and indelible picture of a decision-making process that was fatally compromised by a combination of post-9/11 fear and paranoia, rank naïveté, craven groupthink, and a set of actors with *idées fixes* who gamed the process relentlessly. Everything was believed; nothing was true. The intelligence failure was comprehensive. Draper's fair-mindedness and deep understanding of the principal actors suffuse his account, as does a storytelling genius that is close to sorcery. There are no cheap shots here, which makes the ultimate conclusion all the more damning. In the spirit of Barbara Tuchman's *The Guns of August* and Marc Bloch's *Strange Defeat*, *To Start A War* will stand as the definitive account of a collective process that arrived at evidence that would prove to be not just dubious but entirely false, driven by imagination rather than a quest for truth--evidence that was then used to justify a verdict that led to hundreds of thousands of deaths and a flood tide of chaos in the Middle East that shows no signs of ebbing.

mark hertling political party: *Germany and Austria since 1814* Mark Allinson, 2014-10-30 *Germany and Austria since 1814* presents an accessible overview of the distinctive historical experiences undergone by both Germany and Austria during this period. Beginning in 1814 with the Congress of Vienna and ending two centuries later with the consequences and ongoing challenges of German and European unification, this book focuses on political history and traces the development of liberal parliamentary democracy in Germany and Austria through to the modern Federal Republic of Germany and Second Austrian Republic, contextualising the Nazi period in both countries. Particular emphasis has been placed on exploring major developments, their causes, and the relationships between them. Fully revised, this new edition has been expanded to include a new final chapter outlining developments in both Germany and Austria from 1990 to the current day, including recent elections, as well as modifications and updates to other earlier chapters. Features include: Nine chapters, each analysing a distinct historical period and providing a timeline of the key events for quick reference and orientation Overviews of the main developments in European and World history at the beginning of each chapter, providing international context crucial to a broader understanding of historical events Authentic extracts from contemporary German political texts in the original language Topics for discussion provided in every chapter A guide to further reading and

key internet resources for further research A combined glossary of German terms. Germany and Austria since 1814 provides the essential historical context necessary for an understanding of these pivotal European countries today. It will be invaluable for undergraduate students taking courses in German, History and Area Studies.

mark hertling political party: [Greenland](#) Niels Elers Koch, 2023-12-06 Greenland provides extensive and richly illustrated, area-specific knowledge about Greenland's nature and landscape, history, culture, society and businesses as well as its towns and settlements. A total of 87 mainly Greenlandic researchers and experts have contributed with their knowledge to this book about the most essential topics from Cape Morris Jesup to Uummannarsuaq (Cape Farewell) and from Qaanaaq to Danmarkshavn. Covering almost 2.5 million km² and with a population of around 56,000, Greenland is the world's largest island and most sparsely populated area. Gain an insight into the history of geological formations and read about the ice sheet, which, as a result of melting and global warming, is now the subject of increased international interest. Understand the background of the marvelous icebergs at Qeqertarsuup Tunua and take the dog sled or snowmobile to the small remote and self-sufficient settlements. Take a tour of the capital of Nuuk and the other towns on the southern part of the west coast. This was where Danish-Norwegian missionary Hans Egede first set foot in 1721, and from where the Danish colonization began, which had a severe impact on Inuit culture. Read about modernization endeavors, the calls for secession, the influence of the rock band Sume and the referendums in 1979 and 2008 that led to Greenlandic self-government. Learn about the traditional culture featuring elements such as the drum dance, which has seen renewed interest and has been included on UNESCO's World Heritage List of Intangible Cultural Heritage. Greenland covers all the essentials. From the most common to the most special.

mark hertling political party: [Institutions And The Fate Of Democracy](#) Michael H. Bernhard, 2010-06-15 As democracy has swept the globe, the question of why some democracies succeed while others fail has remained a pressing concern. In this theoretically innovative, richly historical study, Michael Bernhard looks at the process by which new democracies choose their political institutions, showing how these fundamental choices shape democracy's survival. Offering a new analytical framework that maps the process by which basic political institutions emerge, Bernhard investigates four paradigmatic episodes of democracy in two countries: Germany during the Weimar period and after World War II, and Poland between the world wars and after the fall of communism. Students of democracy will appreciate the broad applicability of Bernhard's findings, while area specialists will welcome the book's accessible and detailed historical accounts.
