naomi wolf ebook: *Vagina* Naomi Wolf, 2012-09-11 One of our bestselling and most respected cultural critics, Naomi Wolf, acclaimed author of *The Beauty Myth* and *The End of America*, brings us an astonishing work of cutting-edge science and cultural history that radically reframes how we understand the vagina—and, consequently, how we understand women. A “New Biography,” *Vagina* is at once serious, provocative, and immensely entertaining—a radical and endlessly fascinating exploration of the gateway to female consciousness from a remarkable writer and thinker at the forefront of the new feminism.

naomi wolf ebook: *The Indoctrinated Brain* Michael Nehls, 2023-12-12 Global War on the Human Brain Throughout the world, mental capacity is declining, especially among young people, while depression rates are rising dramatically. Meanwhile, one in forty men and women suffers from Alzheimer’s, and the age of onset is falling rapidly. But the causes are not being eliminated, quite the opposite. Can this just be coincidence? *The Indoctrinated Brain* introduces a largely unknown, powerful neurobiological mechanism whose externally induced dysfunction underlies these catastrophic developments. Michael Nehls, medical doctor and internationally renowned molecular geneticist, lays out a shattering chain of circumstantial evidence indicating that behind these numerous negative influences lies a targeted, masterfully executed attack on our individuality. He points out how the raging wars against viruses, about climate change, or over national borders are—more likely intended than not—fundamentally providing the platform for such an offensive against the human brain that is steadily changing our being and is aimed at depriving us of our ability to think for ourselves. But it is not too late. By exposing these brain-damaging processes and describing countermeasures that anyone can take, Nehls brings light and hope to this fateful chapter in human history. Nothing less will be decided than the question of whether our species can retain its humanity and its creative power or whether it will lose them irretrievably.

naomi wolf ebook: *Fire with Fire* Naomi Wolf, 2013-03-31 In her bestselling book *The Beauty Myth*, Naomi Wolf sought to change the way in which women see themselves in relation to their bodies. Now she focuses on how they see themselves in relation to power. She argues that the feminist movement has to change if it is to speak to a new generation of women, and that, even as women are gaining more ground than ever before, a wariness of feminist orthodoxies keeps them away from the only movement capable of putting political clout behind their personal success. The book represents a call to women to throw off centuries of conditioning about the relationship

between power and femininity.

naomi wolf ebook: The End of America Naomi Wolf, 2007-09-05 A New York Times Bestseller! "I hope we wake up quickly because history shows it's a small window in which people can fight back before it is too dangerous to fight back."—Naomi Wolf on Fox News Channel's Tucker Carlson Tonight In a stunning indictment, best-selling author Naomi Wolf lays out her case for saving American democracy. In authoritative research and documentation Wolf explains how events parallel steps taken in the early years of the 20th century's worst dictatorships such as Germany, Russia, China, and Chile. The book cuts across political parties and ideologies and speaks directly to those among us who are concerned about the ever-tightening noose being placed around our liberties. In this timely call to arms, Naomi Wolf compels us to face the way our free America is under assault. She warns us—with the straight-to-fellow-citizens urgency of one of Thomas Paine's revolutionary pamphlets—that we have little time to lose if our children are to live in real freedom. "Recent history has profound lessons for us in the U.S. today about how fascist, totalitarian, and other repressive leaders seize and maintain power, especially in what were once democracies. The secret is that these leaders all tend to take very similar, parallel steps. The Founders of this nation were so deeply familiar with tyranny and the habits and practices of tyrants that they set up our checks and balances precisely out of fear of what is unfolding today. We are seeing these same kinds of tactics now closing down freedoms in America, turning our nation into something that in the near future could be quite other than the open society in which we grew up and learned to love liberty," states Wolf. Wolf is taking her message directly to the American people in the most accessible form and as part of a large national campaign to reach out to ordinary Americans about the dangers we face today. This includes a lecture and speaking tour, and being part of the nascent American Freedom Campaign, a grassroots effort to ensure that presidential candidates pledge to uphold the constitution and protect our liberties from further erosion. *The End of America* will shock, enrage, and motivate—spurring us to act, as the Founders would have counted on us to do in a time such as this, as rebels and patriots—to save our liberty and defend our nation. Nautilus Book Awards: Silver Medal, Social Change/Activism Independent Publisher Book Awards: Silver Medal Axiom Business Book Award, Bronze "Here is Wolf's compellingly and cogently argued political argument for civil rights . . . Readers will appreciate her energy and urgency as she warns we are living through a dangerous fascist shift. . . Highly recommended for all collections."—Library Journal (starred review)

naomi wolf ebook: Feminist Discourse in Irish Literature Jennifer Mooney, 2022-07-21 *Feminist Discourse in Irish Literature* addresses the role of young adult (YA) Irish literature in responding and contributing to some of the most controversial and contemporary issues in today's modern society: gender, and conflicting views of power, sexism and consent. This volume provides an original, innovative and necessary examination of how "rape culture" and the intersections between feminism and power have become increasingly relevant to Irish society in the years since Irish author Louise O'Neill's novels for young adults *Only Ever Yours* and *Asking For It* were published. In consideration of the socio-political context in Ireland and broader Western culture from which O'Neill's works were written, and taking into account a selection of Irish, American, Australian and British YA texts that address similar issues in different contexts, this book highlights the contradictions in O'Neill's works and illuminates their potential to function as a form of literary/social fundamentalism which often undermines, rather than promotes, equality.

naomi wolf ebook: Doppelganger Naomi Klein, 2023-09-12 A finalist for the 2023 National Book Critics Circle Award Winner of the Women's Prize for Nonfiction NEW YORK TIMES BESTSELLER | National Indie Bestseller A New York Times notable book of 2023 | Vulture's #1 book of 2023 One of Slate's ten best books of 2023 | A Guardian best ideas book of 2023 | One of Time's ten best books of 2023 | Winner of the Pacific Northwest Book Award "I've been raving about Naomi Klein's *Doppelganger* . . . I can't think of another text that better captures the berserk period we're living through." —Michelle Goldberg, The New York Times "If I had to name a single book that

makes sense of these last few dark years, it would be this one.” —Katie Roiphe, The New York Times Book Review (Editors’ Choice) What if you woke up one morning and found you’d acquired another self—a double who was almost you and yet not you at all? What if that double shared many of your preoccupations but, in a twisted, upside-down way, furthered the very causes you’d devoted your life to fighting against? Not long ago, the celebrated activist and public intellectual Naomi Klein had just such an experience—she was confronted with a doppelganger whose views she found abhorrent but whose name and public persona were sufficiently similar to her own that many people got confused about who was who. Destabilized, she lost her bearings, until she began to understand the experience as one manifestation of a strangeness many of us have come to know but struggle to define: AI-generated text is blurring the line between genuine and spurious communication; New Age wellness entrepreneurs turned anti-vaxxers are scrambling familiar political allegiances of left and right; and liberal democracies are teetering on the edge of absurdist authoritarianism, even as the oceans rise. Under such conditions, reality itself seems to have become unmoored. Is there a cure for our moment of collective vertigo? Naomi Klein is one of our most trenchant and influential social critics, an essential analyst of what branding, austerity, and climate profiteering have done to our societies and souls. Here she turns her gaze inward to our psychic landscapes, and outward to the possibilities for building hope amid intersecting economic, medical, and political crises. With the assistance of Sigmund Freud, Jordan Peele, Alfred Hitchcock, and bell hooks, among other accomplices, Klein uses wry humor and a keen sense of the ridiculous to face the strange doubles that haunt us—and that have come to feel as intimate and proximate as a warped reflection in the mirror. Combining comic memoir with chilling reportage and cobweb-clearing analysis, Klein seeks to smash that mirror and chart a path beyond despair. Doppelganger asks: What do we neglect as we polish and perfect our digital reflections? Is it possible to dispose of our doubles and overcome the pathologies of a culture of multiplication? Can we create a politics of collective care and undertake a true reckoning with historical crimes? The result is a revelatory treatment of the way many of us think and feel now—and an intellectual adventure story for our times.

naomi wolf ebook: Sex and the Citadel Shereen El Feki, 2013-03-07 Shortlisted for the Guardian first book award and longlisted for the Orwell Prize 'Important, brave and necessary' Naomi Wolf If you really want to know a people, start by looking inside their bedrooms. As political change sweeps the streets and squares, parliaments and presidential palaces of the Arab world, Shereen El Feki has been looking at upheaval a little closer to home – in the sexual lives of men and women in Egypt and across the region. The result is an informative, insightful and engaging account of a highly sensitive, and still largely secret, aspect of Arab society. Sex is entwined in religion and tradition, politics and economics, gender and generations, so it makes the perfect lens for examining the region's complex social landscape. From pregnant virgins to desperate housewives, from fearless activists to religious firebrands, Sex and the Citadel takes a fresh look at the sexual history of the Arab region and gives us unique and timely insight into everyday lives in a part of the world that is changing in front of our very eyes.

naomi wolf ebook: *Bodies of Others* Naomi Wolf, 2024-06-18 The Bodies of Others is about how we came to the harrowing civilizational crossroads at which we find ourselves - engaged in a war against vast impersonal forces with limitless power over our lives and which threaten the freedoms we have always taken for granted. In her most provocative book yet, Dr. Naomi Wolf shows how these forces—from Big Tech and Big Pharma to the CCP and our oligarchical elites—seized upon two years of COVID-19 panic in sinister new ways, to not only undermine our Republic but to fundamentally reorient human relations. Their target is humanity itself. Their end goal is to ensure that our pre-March 2020 world is gone forever. Irretrievable. To be replaced with a world in which all human endeavor—all human joy, all human fellowship, all human advancement, all human culture, all human song, all human drama, all worship, all surprise, all flirtation, all celebration—is behind a digital paywall. A world in which we will all have to ask technology's permission to be human. But we, the people of the world, did not vote to abandon our old systems and destroy our old ways so absolutely they could never be recovered. And Wolf shows how, against overwhelming odds, we still might win.

naomi wolf ebook: *Die Heldenreise des Bürgers* Raymond Unger, 2023-04-03 Die großen Krisen der Neuzeit, Viruspandemien, Klimaerwärmung, Kriege und Energiemangel, lösen in Deutschland transgenerational bedingte Urängste aus. Angesichts immer neuer Bedrohungsszenarien und übermächtig erscheinender Probleme fühlen sich viele Menschen ohnmächtig und wie gelähmt. Im Schatten der bürgerlichen Überforderung ist die ehemalige Debattenkultur westdeutscher Nachkriegspolitik einer technokratischen Experten- und Lobbypolitik gewichen, die politische Handlungsoptionen als alternativlos ausgibt. Die Rechtfertigung dieser neuen Top-down-Politik fußt auf der Behauptung, die globalen Probleme seien zu komplex, als dass sich Lösungen im Konsens nationaler, demokratischer Meinungsbildung finden lassen. Spätestens im Rahmen der Coronakrise mutierten große Teile der Gesellschaft zu unmündigen Kindern, denen gesagt werden muss, was zu tun ist. Den Wandel vom infantilen Untertan zum mündigen Bürger beschreibt der Mythos der Heldenreise. Das Abenteuer des Helden, der sich trotz seiner Angst zu einer Odyssee aufmacht, in der er schwere Prüfungen bestehen muss, erzählt in Wirklichkeit von inneren, psychischen Wandlungs- und Wachstumsprozessen, die zu jedem Menschsein gehören. Auf dem Gipfel politischer Krisen lädt der Autor seine Leser in Die Heldenreise des mündigen Bürgers

ein, sich rechtzeitig auf das Abenteuer der persönlichen Individuation einzulassen. Nur eine erwachsene Position, die die inhärenten Zielkonflikte allen politischen Handelns mitdenken kann, bietet Schutz vor kopflosem Ausagieren, in dem nur neue und größere Probleme entstehen. Wer politisch sinnvoll wirken möchte, sollte zunächst mit seinen persönlichen Drachen unter dem eigenen Bett gekämpft und Frieden geschlossen haben.

Noire), music (Death Grips, Lana Del Rey, and the Red Hot Chili Peppers), TV (True Detective and American Horror Story), and film (Starry Eyes, Southland Tales and A Girl Walks Home Alone at Night). Providing insight into the significance of Californian icons, the contributors explore the interplay between positive stereotypes connected to the myth of the Golden State and ambivalent responses to the myth based on social and political power, the consequences of consumerism, transformations of the landscape and the dominance of hyperreality.
