newman seinfeld quotes: The Art of the Watchdog Daniel L. Feldman, David R. Eichenenthal, 2014-01-01 Expert advice on how any citizen can fight government fraud, waste, abuse, and corruption. Does government fraud, waste, abuse, and corruption make your blood boil? In *The Art of the Watchdog*, Daniel L. Feldman and David R. Eichenenthal show how to fight back. Based on their own work in federal, state, and local government over the last forty years, they will arm you with the tools and techniques needed to put the spotlight on those who cheat and steal from the public or who squander valuable taxpayer dollars through waste and inefficiency. At the same time, Feldman and Eichenenthal outline what they see as the good and the bad of current oversight efforts based on case studies from across the nation. Ultimately their goal is to ensure that the "art of the watchdog" does not become a lost one and to improve the quality and integrity of government and strengthen democracy. "In *The Art of the Watchdog*, Feldman and Eichenenthal offer a comprehensive overview of the world of oversight from the perspective of two authors who have been around the block a time or two. If you want to understand the different forms of watchdogs and how they both succeed and fail, there is no better resource available." — Neil M. Barofsky, author of *Bailout: How Washington Abandoned Main Street While Rescuing Wall Street* "This is simply the best book written on the government watchdog function. It smartly explains how a persistent, gutsy, and empirical watchdog can be a tugboat moving supertankers." — Mark J. Green, former New York City Public Advocate and author of *Who Runs Congress?* "Who really watches out for abuses and waste in government? Often it is committed public servants who understand that oversight is part of doing the people's business. newman seinfeld quotes: The Setup Pete Crooks, 2015-01-13 The pitch went like this: Chris Butler, a retired cop, ran a private investigator firm in Concord, California. His business had a fascinating angle—his firm was staffed entirely by soccer moms. In fact, Butler employed PI Super Moms: attractive, organized, smart, and trained in investigative techniques, self-defense, and weaponry. This *American Life* host Ira Glass described them as "MILF: Charlie's Angels. When this story came across Pete Crooks's desk when he was working at *Diablo* magazine in 2010, he was instantly hooked. He'd heard a little bit about Butler and his super moms in the news; they'd been featured in *People* magazine and on *Dr. Phil*. What Butler's publicist was offering was too tantalizing to pass up: an opportunity to ride along with Butler and a few of his sexy PIs as they prepared to start filming a reality TV show. But after the ride-along—and after he started receiving mysterious emails from one of Butler's employees—Crooks started to realize something didn't seem right. After doing a little digging, he discovered the "sting he'd seen only had one real victim...him. The PI bust had been a setup. Crooks wasn't a hardboiled crime reporter. He did lifestyle pieces for a regional magazine. The more he learned about Butler's operation, the more he realized he was in far over his head. But swallowing his fears, he decided he was going to write an expose on Butler and his entire organization. He soon found himself deep in the underbelly of fake sting operations, wannabe celebrities, police corruption, drug-dealing, reality television, double-crossing employees, and more twists and turns than a dozen crime thrillers.

newman seinfeld quotes: Rhetorical Delivery and Digital Technologies Sean Morey, 2015-11-19 This book theorizes digital logics and applications for the rhetorical canon of delivery. Digital writing technologies invite a re-evaluation about what delivery can offer to rhetorical studies and writing practices. Sean Morey argues that what delivery provides is access to the unspeakable, unconscious elements of rhetoric, not primarily through emotion or feeling as is usually offered by previous studies, but affect, a domain of sensation implicit in the (overlooked) original Greek term for delivery, *hypokrisis*. Moreover, the primary means for delivering affect is both the logic and technology of a network, construed as modern, digital networks, but also networks of associations between humans and nonhuman objects. Casting delivery in this light offers new rhetorical trajectories that promote its incorporation into digital networked-bodies. Given its provocative and broad reframing of delivery, this book provides original, robust ways to understand rhetorical delivery not only through a lens of digital writing technologies, but all historical means of enacting delivery, offering implications that will ultimately affect how scholars of rhetoric will come to view not only the other canons of rhetoric, but rhetoric as a whole.

newman seinfeld quotes: Foothold in the Mountain Constance Caruso, 2013-12-31 A compelling story of a woman's determination and spirit, proof that most things are possible with courage; a faith that indeed moves mountains and opens doors for others to succeed in the generations that follow. At twenty-four Connie Caruso was a secretary in a prestigious talent agency. It was 1950s Hollywood, when the studio controlled its stars. Glamour ruled: Connie rubbed shoulders with Cary Grant, Marlon Brando, Judy Garland, Clark Gable, Grace Kelly, et al. She lived in a world of fairytales and ambition. A clandestine affair with the father of a major celebrity went south when Connie became pregnant. He offered to marry her, but not before suggesting abortion. Fueled by fury, she left him after she had a back street abortion. Within a few months, lonely and depressed, Connie invited David, an Adonis-like beach boy from Santa Monica, to move in with her. She soon realized her mistake and threw him out. Too late, she discovered she was pregnant again. Against advice from psychiatrist, friends and sister, she decided to have this baby, forging ahead into the unknown. She took on the Welfare system in Los Angeles and New York, called in markers from friends, and implored an old Brooklyn boyfriend, Johnny, to marry her. Nothing worked. Hardened by adversity, her child became her *raison d'être* and taught her the power of love. This ultimately motivated her to realize her dreams. Connie became a media personality with a 15-year run as co-host of *Frankly Female*, a groundbreaking talk show on KCAL-TV's channel 9, and has accomplished independence and good fortune in more ways than she could ever have imagined. Most important, she continues to carry the message that there are many footholds in the mountain and many options for happiness.

newman seinfeld quotes: Here Come the Colts Doug Bennett, 2012-09 Here Come the Colts! . . . That was the slogan that was written on the side of the team buses, and this is the story of a decade of championship football, the Atlanta Colts of the 1970's, who won 17 of a possible 30 championships in the three age/weight classifications of the Georgia Youth Football Conference from 1970-1979, dominating that league in that decade. This book is about the players and coaches in the decade of the 1970's for this Atlanta Colt youth football program, the ACYA, based in north Atlanta, Georgia who participated in the three age and weight classifications of the varsity program. It also includes information and recounts about some of the opposing teams and their coaches and layers that made up metropolitan Atlanta's most competitive big league youth football organization of the era of the 1970's, the Georgia Youth Football Conference. It is the author's tribute to the ACYA founder and leader, the late Bob Johnson, who is mentioned frequently throughout the book. The Atlanta Colt Youth Association program, aka ACYA was often referred to as the number one Pop Warner sanctioned youth football program in the entire US in the 1970's. The book is written in narrative from the perspective of the author, who participated as one of the Varsity Colt head coaches in the last eight years of that decade (1972-1979) and observed the 1970 and 1971 seasons from an Interleague coaching position within that same famous Pop Warner program. The chapters detail the author's recollections and opinions and most of the detail centers mainly around his own players' and teams' experiences. The author provides season by season summaries of each of the varsity Colt teams, highlighting some of the most important games in which his own team participated, with capsules of many others. He also reveals some of the strategies employed in detail and the actual on the field rationale and logic behind many of the significant plays and events in some of those games. The author is Doug Bennett, who was a head coach for the varsity Colts for nine years, and participated in the ACYA program a total of 12 years from 1969-1980. In the subject decade of this book, the 1970's, Bennett was a varsity Colt Head Coach for the years 1972-1979. His teams won six consecutive GYFC championships from 1972 to 1977, finishing second in 1978 and third in 1979. Using a combination of research from written historical material, actual game films and the author's memory, as much detail as possible is written, including the author's recollection of specific game circumstances, situations and plays, with emphasis on individual player and team performances, etc. There are chapters describing the program's and author's philosophies and strategies on Offense, Defense, Special Teams, Practice and Game Preparation providing written description and analysis of how these championship teams were built from the first day of practice through the end of a season as it was learned from the legendary Coach Bob Johnson. The ACYA program was not only a football program for the children, it was almost a society within the society of the Dunwoody area and surrounding neighborhoods in the northern suburbs of Atlanta, Georgia, particularly in the decade of the '70's. It was run totally by adult volunteers, whose dedication allowed the program to prosper and flourish from its inception in 1965. The ACYA program was the annual focal point in the lives of these families from the start of football tryouts in early August until the last bowl games in December, for all of the years they were involved. Lifelong friendships were formed there, among the children football players and the adult parents and volunteers in those families. The program still serves the community today and many of the volunteers who have been involved in recent years are former players from the era discussed in this book.
