mother daughter stories: *Mothers and Daughters* Suzanne Degges-White, Christine Borzumato-Gainey, 2014-01-16 In addition to the simple physiological and genetic bond that connects parents to their children, there is also a deeply rooted and often conflicting emotional bond that develops between mothers and daughters. The culture of motherhood has dramatically re-shaped itself over the past few decades as economics and politics have shifted in this nation. Single parenting is no longer the cultural taboo it once was perceived to be. Daughters and mothers are frequently spending a greater number of years under one roof as both emerging adults face financial challenges in trying to launch from the nest and older adults are living longer and often being cared for by daughters. Making sense of these relationships can be challenging and upsetting, rewarding and fulfilling, all at once. Here, the authors discuss the roles of mother and daughter, and how they have changed and continue to grow, and present the stories of women from all walks of life, and from different age groups, to illustrate what being a mother, and being a daughter, really means to women in their everyday lives. They guide readers to a better understanding of their relationships, on a personal level, even as they describe the evolving nature of contemporary mother-daughter dynamics. By providing women with a book that candidly explores the myriad paths and depths to which the mother-daughter relationship might wind, the authors help readers smooth over the difficulties and power struggles they may be experiencing with their mothers or their daughters, or both.

mother daughter stories: **Mothers & Daughters** Alison Gray, 2021-04-28 The women who grew up earlier this century expected to be wives and mothers – gardeners, cooks, churchgoers, voluntary workers, housekeepers. They brought up a generation of women, now in their fifties, who became lawyers, secretaries, teachers, businesswomen, factory workers – as well as mothers. Between these generations lies extraordinary social change. The women in *Mothers and Daughters* talk of the different worlds they inhabit - the mothers on the one hand, the daughters on the other. At times, the two can never meet, and the stories of these women include great pain. Others tell of wonderful meetings across difference or reconciliation after times of difficulty. For some mothers and daughters, the relationship has always been close; others recognise that real intimacy has eluded them. Twenty-six women tell their stories – most of them as mother-daughter pairs. Anonymity allows them to speak openly of both joy and distress. These interviews, conducted by Alison Gray, have rare honesty, allowing the reader insight into a connection that is intense and central for all generations, but remarkably so for these two groups of mothers and daughters.
