pulitzer prize author book: The New Yorker Book of the 50s The New Yorker Magazine, 2015-10-29 The 1950s are enshrined in the popular imagination as the decade of poodle skirts and "I Like Ike." But this was also a complex time, in which the afterglow of Total Victory firmly gave way to Cold War paranoia. A sense of trepidation grew with the Suez Crisis and the H-bomb tests. At the same time, the fifties marked the cultural emergence of extraordinary new energies, like those of Thelonious Monk, Sylvia Plath and Tennessee Williams. The New Yorker was there in real time, chronicling the tensions and innovations that lay beneath the era's placid surface. In this thrilling volume, classic works of reportage, criticism, and fiction are complemented by new contributions from the magazine's present all-star line-up of writers, including Jonathan Franzen, Malcolm Gladwell, and Jill Lepore. Here are indelible accounts of the decade's most exciting players: Truman Capote on Marlon Brando as a pampered young star; Berton Roueché on Jackson Pollock in his first flush of fame. Ernest Hemingway, Emily Post, Bobby Fischer, and Leonard Bernstein are also brought to vivid life in these pages. Among the audacious young writers who began publishing in the fifties was one who would become a stalwart for the magazine for fifty-five years: John Updike. Also featured here are great early works from Philip Roth and Nadine Gordimer, as well as startling poems by Theodore Roethke and Anne Sexton. Completing the panoply are insightful and entertaining new pieces by present day New Yorker contributors examining the 1950s through contemporary eyes.

pulitzer prize author book: Agency and Author Rachel J. Halverson, Benjamin D. Schaper,

2025-01-01 The image of the solitary author devoting days and nights to writing endless bestselling novels remains an insidious and largely unchallenged myth within German culture. In this exacting examination of the German publishing industry, *Agency and Author* addresses the financial reality sometimes eclipsed by this idea. Focusing on lesser-known German-language writers and their interactions with the Literaturbetrieb ("literary scene"), *Agency and Author* explores the ways authors assert creative agency in an increasingly 'eventized' literary marketplace. Ranging from the impacts of literary awards to media hate campaigns, this volume spotlights how profoundly the German literary landscape and our understanding of authorship is transforming.

pulitzer prize author book: Unapologetic Expression André Marmot, 2024-04-30 A CLASH MUSIC BOOK OF THE YEAR 2024 A lively, subversive history of the new UK jazz wave, encapsulating its revolutionary spirit and tracing its foundations to birth of the genre itself. 'Not solely a book about jazz, or even a nascent cultural shift; it's a record of a pivotal moment in UK history.' BIG ISSUE By the end of the last century, jazz music was considered by many to be obsolete and uncool, a genre appreciated only by out of touch white men with deeply questionable taste. And yet, by 2019, a new generation of UK jazz musicians was selling out major venues and appearing on festival line-ups around the world. How has UK jazz rehabilitated its image so totally in twenty-five years? And how did it ever become uncool in the first place? Reaching back to the roots of jazz as the 'unapologetic expression' of oppressed peoples, shaped by the forces of slavery, imperialism and globalisation, André Marmot places this new wave within the wider context of a divided, postcolonial Britain navigating its identity in a new world order. These artists have crafted a sound which reflects the nation as it is today - a sound connected to the very origins of jazz itself. Drawing on eighty-six interviews with key architects of this jazz renaissance and those who came before them - from Shabaka Hutchings, Nubya Garcia and Moses Boyd to Gilles Peterson, Courtney Pine and Cleveland Watkiss - *Unapologetic Expression* captures the radical spirit of a vital British musical movement. 'A breathless run through of an inspiring era in British music, *Unapologetic Expression* contains deft character sketches and vivid memories, pausing to nail ineffable moments from recording sessions and gigs. Andre Marmot's role as an insider . . . grants the book a degree of intimacy other writers may have lacked.' CLASH

pulitzer prize author book: The War After Anne Karpf, 2013-07-04 Anne Karpf's parents survived the Nazi Holocaust. Her mother, a concert pianist when she was eighteen, was a survivor of Plaszow and Auschwitz concentrations camps. Her father survived several Russian labour camps. When they came to Britain in 1947, their pasts came with them. In this thought-provoking and moving memoir, Anne Karpf explores the profound impact of her parents' wartime experiences on her daily life. Combining a gripping account of her parents' survival, a sharp examination of the history of British attitudes to Jews and to the Holocaust, and turning an often wryly comic eye on the parent-child struggle, *The War After* is a fascinating and deeply touching story. When originally published in 1996 it was widely acclaimed: 'Painful and honest.' Observer 'Fascinating and revealing.' Literary Review 'Anne Karpf is a skilled storyteller, moving naturally between her own history and that of her parents in a way that neither intrudes nor distorts.' TLS 'A vibrantly live memoir about growing up in a Holocaust home ... At times brutally sad, *The War After* is also a rich and funny exploration of the struggle between a child and her parents.' Independent on Sunday

pulitzer prize author book: A Social History of the Fool Sandra Billington, 2015-03-19 Who is the Fool and what does he mean to us? Pre-1900 scholars thought him a Renaissance fashion, a continental import of note in the British Isles only between 1486 and the 1630s, per his appearances in Shakespeare's plays. However, as Sandra Billington shows in this pioneering study, the Fool has been with us from medieval times and has worn many guises: village idiot and sophisticated

comedian, embodiment of Satan and God's own jester. He has managed, as Billington notes, 'to inspire or infect our thinking for at least eight hundred years'.

pulitzer prize author book: Difficult Men Brett Martin, 2013-07-15 In the late 1990s and early 2000s, a wave of TV shows, first on premium cable channels like HBO and then basic cable networks like FX and AMC, dramatically stretched television's inventiveness, emotional resonance and ambition. Shows such as *The Wire*, *Breaking Bad*, *The Sopranos*, *Mad Men*, *Deadwood*, *The Shield* tackled issues of life and death, love and sexuality, addiction, race, violence and existential boredom. Television shows became the place to go to see stories of the triumph and betrayals of the American Dream at the beginning of the twenty-first century. This revolution happened at the hands of a new breed of auteur: the all-powerful writer-show runner. These were men nearly as complicated, idiosyncratic, and difficult as the conflicted protagonists that defined the genre. Given the chance to make art in a maligned medium, they fell upon the opportunity with unchecked ambition. *Difficult Men* features extensive interviews with all the major players, including David Chase and James Gandolfini (*The Sopranos*), David Simon, Dominic West and Ed Burns (*The Wire*), Vince Gilligan (*Breaking Bad*), Matthew Weiner and Jon Hamm (*Mad Men*), David Milch (*NYPD Blue*, *Deadwood*) and Alan Ball (*Six Feet Under*), in addition to dozens of other writers, directors, studio executives and actors. Martin takes us behind the scenes of our favourite shows, delivering never-before-heard story after story and revealing how TV has emerged from the shadow of film to become a truly significant and influential part of our culture. Brett Martin is the author of *The Sopranos: The Book*(2007). His work has appeared in *The New York Times*, *The New Yorker*, *Food and Wine* and *Vanity Fair*. *Difficult Men* is an insightful history of popular US TV drama which traces the emergence of shows such as *The Sopranos*, *Breaking Bad*, *Mad Men* and *The Wire*, and explores their engagement with important social issues around love, sexuality, race and violence.

pulitzer prize author book: *The News from Waterloo* Brian Cathcart, 2015-04-28 The Duke of Wellington's victory over Napoleon in 1815 at Waterloo ensured British dominance for the rest of the nineteenth century. It took three days and two hours for word to travel from Belgium in a form that people could rely upon. This is a tragi-comic midsummer's tale that begins amidst terrible carnage and weaves through a world of politics and military convention, enterprise and roguery, frustration, doubt and jealousy, to end spectacularly in the heart of Regency society at a grand soiree in St James's Square after feverish journeys by coach and horseback, a Channel crossing delayed by falling tides and a flat calm, and a final dash by coach and four from Dover to London. At least five men were involved in bringing the news or parts of it to London, and their stories are fascinating. Brian Cathcart, a brilliant storyteller and historian, has visited the battlefield, travelled the messengers' routes, and traced untapped British, French and Belgian records. This is a strikingly original perspective on a key moment in British history.

pulitzer prize author book: *Words Without Music* Philip Glass, 2015-03-31 Rapturous in its ability to depict the creative process, *Words Without Music* allows readers to experience that sublime moment of creative fusion when life merges with art. Biography lovers will be inspired by the story of a precocious Baltimore boy, the son of a music-shop owner, who entered college at age fifteen, before traveling to Paris to study under the legendary Nadia Boulanger; Glass devotees will be fascinated by the stories behind *Einstein on the Beach* and *Satyagraha*, among so many other works. Whether recalling his experiences working at Bethlehem Steel, traveling in India, driving a cab in 1970s New York, or his professional collaborations with the likes of Allen Ginsberg, Ravi Shankar, Robert Wilson, Doris Lessing, and Martin Scorsese, *Words Without Music* affirms the power of music to change the world.

pulitzer prize author book: *From Quantum to Cosmos* Neil Turok, 2012-12-06 In this visionary book, Neil Turok explores the great discoveries of the past three centuries - from the classical mechanics of Newton; to the nature of light; to the bizarre world of the quantum; to the evolution of the cosmos; and even the recent findings of Higgs bosons at the Large Hadron Collider. Each new discovery has, over time, yielded new technologies that have transformed society. Now, he argues, we are on the cusp of another major change: the coming quantum revolution that will supplant our

digital age. Facing this new world, Turok calls for creatively re-inventing the way advanced knowledge is developed and shared, and opening access to the vast, untapped pools of intellectual talent in the developing world. Scientific research, training, and outreach are vital to our future economy, as well as powerful forces for peaceful global progress. Elegantly written and highly inspirational, *The Universe Within* is, above all, about the future - of science, of society, and of ourselves.

pulitzer prize author book: *Kenneth Grahame* Alison Prince, 2015-07-23 *The Wind in the Willows* needs no introduction - children have enjoyed the exploits of its characters for generations. Few would guess that its author, Kenneth Grahame, was a tortured soul. Marriage to the predatory Elspeth Thomson, when both seemed destined for the single life, was a shared fantasy of invented truth. Out of that union came a catastrophically spoiled son, 'Mouse', for whom that greatest of children's stories was written. It was the child's tragedy that he was sucked into the unreality of his parents' lives and did not survive it, ending his life in suicide. Alison Prince brings her own highly acclaimed expertise as a children's writer to this remarkably perceptive biography of Kenneth Grahame. Drawing on hitherto unpublished material she uncovers layer upon layer of Grahame's personality to reveal the truth behind the myth of this intriguing man, 'the tortured soul of Mr Toad'. 'Alison Prince describes the grim story of Grahame's marriage and fatherhood squarely and sensitively.' Independent 'A meaty, well-constructed biography.' Allan Massie *Daily Telegraph*

pulitzer prize author book: *Tolstoy's Diaries Volume 2: 1895-1910* Reginald F Christian, Leo Tolstoy, 2015-02-19 An important and long-overdue contribution to our knowledge of Tolstoy.' D. M. Thomas, *Sunday Times* Volume 2 of *Tolstoy's Diaries* covers the years 1895-1910. These Diaries were meticulously edited by R.F. Christian so as to reflect Tolstoy's preoccupations as a writer (his views on his own work and that of others), his development as a person and as a thinker, and his attitudes to contemporary social problems, rural life, industrialisation, education, and later, to religious and spiritual questions. Christian introduces each period with a brief and informative summary of the main biographical details of Tolstoy's life. The result is a unique portrait of a great writer in the variegation of his everyday existence. 'As a picture of the turbulent Russian world which Tolstoy inhabited these diaries are incomparable - the raw stuff not yet processed into art.' Anthony Burgess 'A model of scholarship, one of the most important books to be published in recent years.' A. N. Wilson, *Spectator*
